**High Performance®
V2100 System
Rust Preventive
Enamel Aerosol**

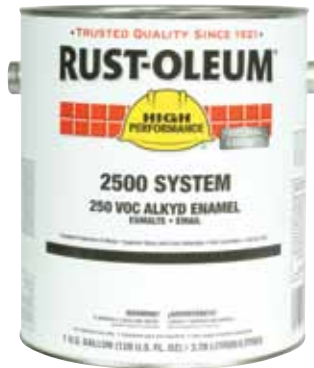

The ultimate spray paint for industrial applications. Provides maximum corrosion protection and long lasting durability.

CARB 2003 Compliant
CARB 2007 Compliant
SCAQMD Compliant

**High Performance
2500 System
DTM
Alkyd Enamel**

The lowest VOC version (<250 g/l) of Rust-Oleum's original Direct-To-Metal (DTM) rust preventative coating that provides metal surfaces with ultimate protection from the ravages of rust and corrosion.

CARB 2003 Compliant
CARB 2007 Compliant
SCAQMD Not Compliant

**High Performance
3700 System
DTM
Acrylic Enamel**

A break-through acrylic formulation that outperforms competitive industrial acrylics. Can be applied directly to metal.

CARB 2003 Compliant
CARB 2007 Compliant
SCAQMD Not Compliant

**High Performance
9100 System
DTM
Epoxy Mastic**

Versatile epoxy system is perfect for Direct-To-Metal (DTM), direct-to-tightly adhered rust, concrete floors, pools and more. A high solids, next generation polyamine converted epoxy.

This is a two-component system. Order base and activator separately.

CARB 2003 Compliant
CARB 2007 Compliant
SCAQMD Not Compliant

**High Performance
3100 System
Speedy-Dry
DTM Acrylic Enamel**

A fast-drying, water-based acrylic for applications that require minimal downtime. Can be applied directly to metal.

CARB 2003 Compliant
CARB 2007 Compliant
SCAQMD Not Compliant

**High Performance
3575 System
Rust-Reformer®
Rust Converter**

Water-based rust-converter that instantly stops existing and future corrosion in one easy step.

CARB 2003 Compliant
CARB 2007 Compliant
SCAQMD Compliant

**High Performance
5300 System
Water-Based Epoxy**

An exceptional polyamine-cured water-based epoxy coating that provides a hard finish and protection.

This is a two-component system. Order base and activator separately.

CARB 2003 Compliant
CARB 2007 Compliant
SCAQMD Not Compliant

**High Performance®
7000 System
Cold Galvanizing
Compound**

Zinc-rich epoxy ester contains 95% pure zinc in the dry film for maximum corrosion resistance through galvanic protection.

CARB 2003 Compliant
CARB 2007 Compliant
SCAQMD Compliant

**High Performance
9700 System
250 VOC Acrylic
Polyester Urethane**

This low VOC, high solids, thin film, aliphatic acrylic polyurethane provides the ultimate corrosion protection for excellent long-term appearance in severe environments.

This is a two-component system. Order base and activator separately.

CARB 2003 Compliant
CARB 2007 Compliant
SCAQMD Not Compliant

**Commercial
C740 System
400 VOC DTM Alkyd
Enamel**

Multi-purpose Direct-To-Metal coating that provides everyday and heavy-duty rust protection in mild to moderate commercial environments.

CARB 2003 Compliant
CARB 2007 Not Compliant
SCAQMD Not Compliant

**Commercial
CV740 System
100 VOC DTM Alkyd
Enamel**

Low VOC, multi-purpose Direct-To-Metal coating that provides everyday and heavy-duty rust protection in mild to moderate commercial environments.

CARB 2003 Compliant
CARB 2007 Compliant
SCAQMD Compliant

**Industrial Choice®
5200 System
DTM Acrylic**

Multi-purpose, low VOC water-based acrylic enamel that allows for convenient Direct-To-Metal (DTM) coating with minimal odor.

CARB 2003 Compliant
CARB 2007 Compliant
SCAQMD Not Compliant

**Industrial Choice
1600 System
Cold Galvanizing
Compound Aerosol**

Zinc-rich coating contains a high zinc content for excellent galvanic protection.

CARB 2003 Compliant
CARB 2007 Compliant
SCAQMD Compliant

**Industrial Choice
AS2100 System
Anti-Slip
Aerosol**

Creates a durable, slip-resistant surface in minutes that resists cracking, peeling and mild chemicals.

CARB 2003 Compliant
CARB 2007 Compliant
SCAQMD Compliant

**Sierra Performance
0 VOC Beyond™ Acrylic
Enamel**

A water-based, urethane modified acrylic provides excellent color retention and durability.

CARB 2003 Compliant
CARB 2007 Compliant
SCAQMD Compliant

**Sierra Performance
0 VOC Griptec™
Acrylic Primer**

A water-based, acrylic primer that is ideal for general purpose priming applications.

CARB 2003 Compliant
CARB 2007 Compliant
SCAQMD Compliant

**Sierra Performance
METALMAX®
0 VOC DTM
Acrylic Enamel**

Direct-To-Metal (DTM), water-based, urethane modified acrylic provides excellent corrosion and humidity resistance.

CARB 2003 Compliant
CARB 2007 Compliant
SCAQMD Compliant

**Sierra Performance
S60 System
Water-Based Epoxy
Maintenance Coating**

Versatile, high performance water-based epoxy maintenance coating kit.

CARB 2003 Compliant
CARB 2007 Compliant
SCAQMD Compliant

**Sierra Performance
S40 System
Water-Based Epoxy
Floor Coating**

The high performance water-based epoxy floor coating alternative.

This is a two-component system. Order base and activator separately.

CARB 2003 Compliant
CARB 2007 Compliant
SCAQMD Compliant

**Concrete Saver
AS6000 System
Anti-Slip
Low Profile Epoxy**

Low VOC, water-based anti-slip floor epoxy acts as a safeguard on barefoot grade floors.

CARB 2003 Compliant
CARB 2007 Compliant
SCAQMD Compliant

**Concrete Saver
AS6500 System
Anti-Slip
100% Solids Epoxy**

Extra heavy-duty, 100% solids floor epoxy maintains the anti-slip, chemical, and abrasion resistance required in food processing where regular power cleaning and high humidity is common.

CARB 2003 Compliant
CARB 2007 Compliant
SCAQMD Compliant

**Concrete Saver
AS9100 System
Anti-Slip
High Performance Epoxy**

Low VOC, extreme profile anti-slip epoxy offers maximum protection for vehicle grade floors.

CARB 2003 Compliant
CARB 2007 Compliant
SCAQMD Not Compliant

**Mathys
Noxyde®**

Heavy-duty, water-based, elastomeric acrylic coating system that provides unsurpassed long-term corrosion protection in aggressive environments.

CARB 2003 Compliant
CARB 2007 Compliant
SCAQMD Compliant

**Concrete Saver
5500 System
Acrylic Dustproof
Floor Sealer**

Roll and go concrete dustproof/sealer. Convenient ready-to-use with no measuring or mixing.

**Concrete Saver
5600 System
Acrylic Urethane
Floor Paint**

Spruce up your facility floor with low odor, roll and go floor paint. Convenient ready-to-use with no measuring or mixing.

**Concrete Saver
6000 System
Water-Based Epoxy**

Low VOC, water-based epoxy for industrial floors that features high gloss and is easy to clean.

**Concrete Saver
6200 System
Fast-Cure Epoxy
Floor Coating**

High performance, easy maintenance flooring for mild to moderate environments.

This is a two-component system. Order base and activator separately.

**Concrete Saver
6500 System
100% Solids Epoxy**

100% solids, high-build epoxy provides heavy-duty protection for industrial floors. Protects against rubber wheel traffic, occasional chemical splashes and power washes.

This is a two-component system. Order base and activator separately.

**Concrete Saver
6711 System
Clear Water-Based
Polyurethane**

Easy to use, single component clear gloss top coat.

**Concrete Saver
TurboKrete®
Concrete Patching
Compound**

High-performance, 100% solids epoxy patch kit repairs damaged concrete, fills deep holes, and protects against abrasion, impact and most chemicals.

**EASYCLEAR®
Epoxy
Maintenance
Floor Coating**

High performance, easy maintenance flooring for mild to moderate environments. Kit includes base and activator.

VOC and Paint

The US EPA defines VOC or Volatile Organic Compounds as any compound of carbon, excluding carbon monoxide, carbon dioxide, carbonic acid, metallic carbides or carbonates, and ammonium carbonate, which participates in atmospheric photochemical reactions.

Why do I need to worry about VOC?

VOCs can increase ozone and smog in the air. VOC levels are monitored by the local government in the region. Fines can be levied on those shipping products that contain VOC levels that exceed allowable limits.

About Rust-Oleum and VOC Laws.

U.S. VOC laws are constantly changing and Rust-Oleum is committed to providing you with the most up-to-date information in your area. We also provide trusted products that meet even the lowest VOC requirements. In fact, our Sierra Performance Coatings and Mathys coatings are two entire lines of industrial coatings that are zero or near zero VOC. This VOC guide outlines Rust-Oleum VOC compliant products in the state of California.

- View the map to determine the VOC regulation in your area.
- Locate the column inside this brochure that meets your VOC regulation to see what products are compliant for your area.

For more information on VOC compliance solutions, contact us at mscdirect.com or 800.645.7270
