Hand & Body Shower Soap

# Personal Touch

## Where to Use

Personal Touch hand & body shower soap is designed to be luxurious enough for health clubs and executive washrooms, yet economical enough for any business. Its perfect balance permits Personal Touch hand & body shower soap to be a 2-in-1 shampoo & conditioner, leaving hair smooth and full of body.

### Benefits

- Leaves both skin and hair feeling soft.
- Gently helps to soothe dry skin.
- Bright, shiny healthy hair that's full of body.
- Appealing to both men and women.
- Economical.

### Directions for Use

#### Hand washing

1. Apply a small amount of Personal Touch body shower soap to wet hands.
2. Rub hands together to produce ample lather. Pay particular attention between fingers, under fingernails and in cuticles.
3. Rinse hands with water and wipe dry.

#### Showers

1. Wet body with water.
2. Apply Personal Touch body shower soap and work into lather.
3. Rinse body with water and wipe dry.

#### Hair

1. Wet hair with water.
2. Apply Personal Touch body shower soap and work into lather.
3. Rinse and dry hair.

Avoid getting in eyes—if this happens, rinse with water.
