BRADY®

Your experts for safety, facility and equipment identification

Product Catalog

Expert solutions
backed by more than
100 years

It takes a lot to get it right.
To be a company that lasts more than **100 years** by continually evolving and growing to meet the needs of our markets and customers. Brady has not only survived since it was founded in 1914 — **it has thrived.** Our first-to-the-market and best-in-the-market approach led us to receive hundreds of patents over the years and truly shape an industry.

Simply put, **we do what others don't in ways they can't.** We offer innovative products backed by years of research and development. Beyond our quality products and reliable solutions, we add value for our customers through strong partnerships and a commitment to solving important problems.

Brady offers you solutions to help increase safety, security, productivity and performance throughout your facility — everything from printing systems, software and high-performance labels, to facility signs, safety devices, expert safety services and more.

Let us show you what we have to offer

Visual Workplace

Visual Workplace is a lean concept that emphasizes putting critical information at the point of use for improved efficiency and safety. Visual systems and devices play a critical role in many of the most popular lean tools, including: 5S, standard work, total productive maintenance, quick changeover and kanban (pull production).

Did you know waste accounts for 95% of all costs in non-lean manufacturing environments?
Waste is often caused by information gaps — employees simply not knowing the best way to get the job done. Instead, time is wasted searching, waiting, retrieving and redoing work.

Did you know 75% of knowledge is gained through visuals?
An effective visual workplace tells employees exactly what procedural and safety information they need to know when and where they need it.

Did you know lean manufacturing can lead to a 40% increase in productivity?
When visuals help to make processes more efficient, reduce equipment downtime, keep employees safe and facilities more organized, then operations become more productive.

What info should be posted?

Any critical information should be embedded right where your employees work — on equipment, shelves and floor surfaces. When this information is available at a glance, it is clearly visible to employees, readily understood and can be consistently adhered to.

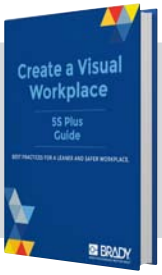

Visual Workplace Tapes

Brady visual workplace solutions

Sign and Label Printers

Brady sign and label printers are essential tools for creating a visual workplace, making it easy for you to create visuals on-site and on-demand.

Benchtop printers (page 30)
Color Inkjet printers (page 84)

Brady Workstation Safety and Facility Identification Suite (page 177)

Keep your facility safe and compliant with the Safety and Facility Identification Suite. This group of label design apps makes it easy to create custom signs, labels, pipemarkers and visual safety guidance for your facility.

ToughStripe® Max Floor Marking Tape (page 295)

For durable floor marking that helps establish a safer, more organized and more productive facility, Brady offers ToughStripe Max floor marking tape.

Brady Inspection Timer (page 318)

LED lights on the Inspection Timer visually indicate how much time you have left before the next inspection. After you've finished your inspection, reset it so you're ready for the next one. Timing options include 7 days, 30 days, 90 days, 6 months or a year.

Pipe Markers (page 342)

Color-coded pipe markers can be used to instantly tell workers everything they need to know about pipe contents, directions of flow and level of safety.

Absorbents and Spill Control (page 264)

An effective spill control program can create a safe and productive work environment. Brady SPC products provide effective clean-up of spills and leaks throughout your facilities.

Uncover visual workplace opportunities throughout your facility with our free download *50 Lean Visuals*

BRADY

Lockout tagout: A critical safety regulation

Lockout tagout is an important safety component that is critical to safeguarding workers around the machinery and equipment they operate, service and maintain. This important safety practice involves de-energizing electrical circuits, closing valves, neutralizing extreme temperatures and securing moving parts so hazardous energy isn't re-introduced while equipment is being serviced.

An effective lockout tagout program is most successful when it includes the complete safety picture — locks, tags and devices — as well as proper lockout procedures, program documentation, employee training, periodic inspections or other procedural elements.

Benefits of a lockout tagout program

- **Saving lives:** Preventing an estimated 250,000 incidents, 50,000 injuries and 120 fatalities annually
- **Cutting costs:** Significantly decreasing lost employee time and insurance costs
- **Improving productivity:** Reducing equipment downtime

Regulatory requirements

OSHA 29CFR 1910.147 — Control of Hazardous Energy
This standard addresses the practices and procedures necessary to disable machinery or equipment, thereby preventing the release of hazardous energy while employees perform servicing and maintenance activities.

OSHA 29CFR 1910.333 — Electrical Safety
Safety-related work practices shall be employed to prevent electric shock or other injuries resulting from either direct or indirect electrical contacts, when work is performed near or on equipment or circuits which are or may be energized.

ANSI Z244.1 (2016) — Lockout Tagout and Alternative Methods
A voluntary national consensus standard that represents several industry hazardous energy control best practices and also promotes greater flexibility through the use of alternative methods based on risk assessments and application of the hazard control hierarchy.

Lockout tagout is the fifth most cited OSHA violation, with 2,944 violations during fiscal year 2018

Top violations involve:

1910.147(c)(4)(i)	Requirements for general procedures
1910.147(c)(1)	Program requirements
1910.147(c)(6)(i)	Inspecting procedures
1910.147(c)(7)(i)	Training requirements
1910.147(d)	Notifying affected employees

Go beyond compliance with the *Expanded Guide to Lockout Tagout*

Download at BradyID.com/lockouttagout

Six essential elements of lockout tagout

1. Program and policy

A written lockout document establishes and explains the elements of your program. It's important to take into account not only OSHA's guidelines, but also custom requirements for your employees that ensure they can understand and apply the program to their workday.

2. Machine- or task-specific procedures

Lockout procedures should be formally documented and should easily identify the equipment covered. They should also detail the specific steps necessary for shutting down, isolating, blocking and securing equipment to control hazardous energy, and include steps for the placement, removal and transfer of lockout tagout devices.

3. Identifying and marking energy isolation points

Locate and identify all energy control points, including valves, switches, breakers and plugs, with permanently placed and standardized labels or tags.

4. Training and periodic inspections and audits

Train authorized, affected and other employees, communicate processes and conduct periodic inspections. Training should include OSHA requirements and specific program elements, such as your machine-specific procedures.

5. Proper lockout devices

Provide employees with the necessary devices to keep them safe. There are many products on the market, and selecting the most appropriate solution for your application is the key to lockout effectiveness. It's important to document and use devices that best fit each lockout point.

6. Sustainability

Annually review, revise and update your program and procedures to create a safety culture that proactively addresses lockout tagout. This allows your company to focus on maintaining a world-class program, instead of starting from scratch each year and reacting only when something goes wrong.

Brady lockout tagout solutions

SafeKey Lockout Padlocks (page 188)

Innovatively designed SafeKey Lockout Padlocks provide up to 700% more unique key codes than traditional safety padlocks. New design features a linear locking mechanism that provides ultimate key precision and advanced key security in your lockout tagout program.

Pendant Control Safety Cover (page 226)

Control access to the buttons on your hoist or crane control with the Pendant Control Safety Cover. This device features rigid sides and is expandable to fit 4 to 18 in. pendant controls.

BatteryBlock™ Battery Cable Lockout for Commercial Vehicles (page 228)

Prevent an accidental battery connection with the BatteryBlock Battery Cable Lockout. Non-conductive post and cover keep battery secured throughout your maintenance.

SlimView™ Group Lock Box (page 198)

Save space during lockout tagout projects with the SlimView Group Lock Box that features an innovative recessed door that allows padlocks to hang straight.

RipTag™ Safety Tag Roll (page 204)

Get a complete solution for your tagging needs with the RipTag Safety Tag Roll that includes zip ties for easy attachment. Rip off the tags you need now, keep the others on the roll for when you need them later.

Pipe Blind Flange (page 210)

Keep your facility safer and compliant with Brady's Pipe Blind Lockout. This device is a fast, easy and secure lockout for pipe blinds.

Brady's Professional Lockout Services (page 23)

We've partnered with clients for more than 100 years to help them solve their safety issues. Our team will help you create the lockout program you've been working toward through a wide range of solutions that help you solve both your compliance and your behavioral safety hurdles.

Arc Flash Safety

What is arc flash and what causes it?

An arc flash is a short circuit through air that flashes from one exposed live conductor to another conductor or ground. This electrical fault can create a dangerous release of energy, including thermal energy, acoustical energy, pressure wave or debris.

There are many ways an arc flash can occur, including:

- Close proximity of a high-amp source to a conductive object
- Dropping a tool or creating a spark
- Breaks or gaps in insulation
- Failing equipment due to use of substandard parts, improper installation or even normal wear and tear
- Dust, corrosion or other impurities on the surface of the conductor

Who's responsible for labeling?

Arc flash labeling is the responsibility of the employer, not the manufacturer or installer of the equipment.

What needs to be labeled?

Labeling is required for any piece of electrical equipment that is likely to require examination, adjustment, service or maintenance while energized, creating the potential for an arc flash incident to occur.

Any modifications or renovations to electrical equipment that changes data on the label requires an updated arc flash risk assessment and label.

Where should the label be placed?

Markings must be in a location that is clearly visible to workers before they may be exposed to any potentially dangerous live parts. Typically, the label is placed outside the panel or enclosure door.

Did You Know?

Anything above 50V that could be worked on while energized, resulting in exposure to electrical hazards, requires an arc flash label.

Examples include, but are not limited to:

- Switchboards
- Panel boards
- Motor control centers
- Industrial control panels
- Meter socket enclosures

Download our free e-book at BradyID.com/arcflash

NFPA 70E Standard for Electrical Safety in the Workplace

OSHA cites and fines employers for failure to protect employees from the dangers of arc flash under regulation 29 CFR 1910.333(a). The National Fire Protection Association (NFPA) details how to comply with this regulation through the NFPA 70E standard.

According to the NFPA 70E standard, there are six primary responsibilities that facilities must meet, including:

1. Training for employees
2. Written safety program in place that is actionable
3. Personal protective equipment (PPE) available for employees
4. Insulated tools
5. Arc flash hazard degree calculations
6. Properly labeled equipment

Most recent updates (2018)
The NFPA 70E gets updated every three years. Some of the most recent updates include:

- Updated training and retraining requirements
- Revision to arc flash warning label content
- Elimination of the PPE hazard category 0
- Elimination of prohibited approach boundary
- Additional boundary requirements
- Revisions to selecting appropriate PPE
- Minor terminology changes (such as work shoes now referred to as footwear)

Brady arc flash labeling solutions

Arc flash services (page 24)

Brady understands the importance of electrical safety as a whole and has licensed engineers who understand not only arc flash safety, but also the first-hand impact of arc flash risk. We work with your team to best protect your employees based on your custom facility and program requirements.

- **Arc Flash Risk Assessment**
  A Brady safety electrical engineer completes your assessment, provides you with a detailed assessment report, including your single-line diagram, and installs the correct arc flash labels.
- **Arc Flash Audit**
  Let our electrical engineers perform your arc flash audit and ensure your assessment is up to date and compliant.
- **Arc Flash Safety Training**
  This custom approach to training incorporates both the NFPA regulation and your company-specific arc flash requirements to ensure participating employees can apply their knowledge.

Print your own labels (page 44)

Create and print customized arc flash labels when and where you need them with an on-demand label printer. When you're working on a project, you can stop handwriting your labels, and print all the labels you need in batches. You also avoid the hassle of having to select, order and wait for pre-printed labels to arrive.

Pre-printed labels (page 384)

Pre-printed arc flash labels with the arc flash PPE category and a list of the required PPE relieve the employer from having to hand-write this information. As with the check box labels, a version for both arc flash and shock hazards is available.

GHS Hazard Communication

OSHA's Hazard Communication Standard directly affects all areas of chemical labeling and specifies mandatory employee training. This means you need to know exactly what the Global Harmonized System (GHS) is and how it affects your business.

What is GHS?

GHS is an international system that the United Nations created for the unified classification and labeling of chemicals. GHS has been fully or partially implemented in about 67 countries and in 2012, OSHA updated its HazCom Standard to align with GHS in order to support global efforts to standardize chemical labeling.

Benefits of GHS

The updated HazCom standard covers more than 43 million workers who produce or handle hazardous chemicals in more than five million workplaces across the country. GHS is expected to prevent more than 500 workplace injuries, illnesses and 43 fatalities annually. In addition, it could save businesses in the U.S. more than $475 million in productivity improvements.

Five steps to GHS

1. Develop a written HazCom plan that includes a summary of the hazardous chemicals and training.
2. Inventory and make a list of all hazardous chemicals used throughout your facility.
3. Establish and maintain a complete library of all Safety Data Sheets (SDS) so employees have immediate access to them at all times.
4. Label all hazardous storage containers, pipes and tanks to clearly communicate hazards to your employees.
5. Train and communicate the elements of your HazCom plan to your workforce.

Learn more with the *Streamlined Guide To GHS*

Download at BradyID.com/ghs

Regulations

In the United States, OSHA is enforcing GHS by adopting it into its Hazard Communication Standard (CFR 1910.1200). It is focused on ensuring chemical safety in the workplace by requiring chemicals to be labeled and chemical hazards to be identified in a way that is easily understood by workers. It entails:

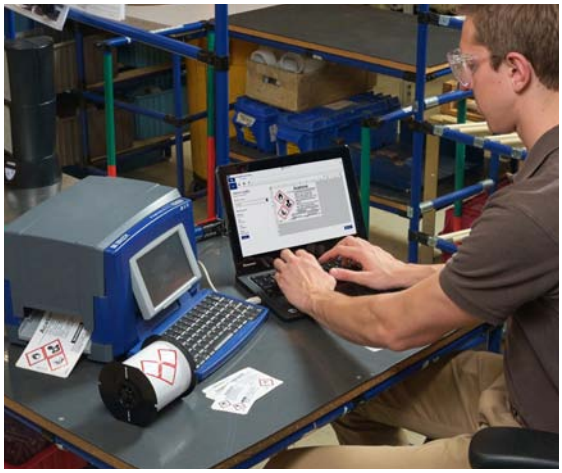

- Chemical manufacturers and importers must classify the hazards of the chemicals they produce or import, and prepare labels and safety data sheets to convey the hazard information to their downstream customers
- Employers with hazardous chemicals in their workplaces must provide labels and SDSs for their hazardous chemicals, and train exposed workers to understand the chemical hazards.

OSHA HazCom violations

HazCom was #2 on OSHA's Top 10 list of most frequently cited standards for fiscal year 2017.

Brady GHS labeling solutions

Print your own labels (page 42)

Create and print customized GHS labels when and where you need them with an on-demand label printer. Many of our featured GHS label printers have an easy-to-use touchscreen interface and built-in GHS label creation applications that make creating GHS labels simple.

Brady Workstation GHS App (page 176)

Creating GHS labels is now surprisingly simple. We've streamlined the process so you can easily enter the data once from your SDS sheets into pre-formatted GHS label layouts with approved GHS symbols, then create and print any size at any time. Need labels with multiple languages? Those are also supported, too.

Pre-printed GHS pictograms (page 371)

Printing your own GHS labels but can't get the pictograms you need? Grab a roll of Brady's pre-printed GHS pictogram labels. These are a great way to supplement mono-color label printers without investing in a brand new label printing system.

GHS training (page 368)

Looking to implement or sustain your GHS training program? Make sure you have the right materials for the job. Our training kit features videos, an instructor's guide, employee quizzes, presentation slides and employee handbooks.

Brady's partnership with MSDSonline.com

Without a comprehensive online system to save and manage SDS information, users would have to input data manually in order to print the needed chemical labels. Brady's partnership with MSDSonline allows you to quickly populate and print your labels — saving you time and ensuring information is input correctly onto the label.

MSDSonline.com

Helps improve the real time management of chemical products and safety data sheets.

+

Brady Printers

Reliable label printing with a range of durable materials for specific applications or regulation requirements.

=

MSDSonline customers use SDS from their system to create labels that are formatted with the GHS label elements and can be printed right to Brady label printers.

Slips, Trips and Falls

Slips, trips and falls occur when there is too little friction or traction on a walking surface, when a foot or lower leg hits an object while the rest of the body continues to move, or when the center of balance is lost, resulting in a descent to the floor, against an object or to a surface at a lower level than the original surface.[1] These incidents are often caused by slippery, irregular or uneven surfaces, obstacles on the floor or uncovered / unidentified hazard areas.

Hazards relating to slips, trips and falls are frequently top offenders on OSHA's top 10 violation lists. In 2015 alone, slips, trips, and falls were tied to three of the top ten violations, and two of the top three. These violations included hazards relating to fall protection (#1), scaffolding (#3), and ladders (#7).[2]

Impacts of slips, trips and falls

Slips, trips and falls can have a costly impact on the safety and productivity of your facility:

- One of the leading causes of unintentional injuries in the U.S., accounting for approximately **8.9 million emergency room visits**[3]
- Lead to over **17% of all disabling occupational injuries**[4]
- Cause **1 in 6 lost time injuries**[3]
- Result in **95 million workdays lost** per year[5]
- Cost an average of **$20,000 per incident**[6]

Regulations

OSHA 29 CFR 1910.22
Walking/Working Surfaces. This standard supports worker safety by keeping workplaces clean and safe from hazards, including keeping facilities clean, dry and orderly, providing dry standing surfaces, permanently marking aisles, passageways, and more.

ANSI A1264.2-2012
Provision for the Slip Resistance on Walking / Working Surfaces. This sets forth provisions for protecting persons where there is potential for slips and falls as a result of surface characteristics or conditions.

10 steps to avoid slips, trips and falls

1. Assess your workplace
2. Mark aisles and passageways
3. Provide traction on slippery surfaces
4. Improve stair safety
5. Mark emergency evacuation routes
6. Post safety signs and labels
7. Warn of temporary hazards
8. Inspect scaffolds and ladders
9. Control and clean oil and spills
10. Train employees

Brady slip, trip and fall solutions

Safety Signs (page 411)

Slip, trip and fall hazard signs allow you to bring awareness to potential dangers in your facility. These signs provide a permanent visual warning in areas where slips, trips and falls are more likely to happen.

Absorbent Safety Mats (page 264)

BrightSorb® Safety Absorbents provide an absorbent and brightly colored warning in one convenient product.

Additionally, our absorbent products extend out to mats and rugs, allowing you to address foot traffic that may bring snow, water or ice into your workplace.

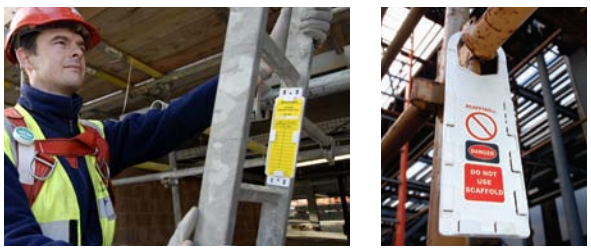

Floor Marking Tape (page 295)

Make your facility cleaner, more efficient, more visual and safer with ToughStripe® Floor Marking Tape. This tape helps you identify aisle ways, tripping hazards, storage areas and more.

Floor Stands (page 308)

Similar to safety signs, floor stands provide a strong visual that can be temporarily placed to identify potential slip, trip and fall hazards. By placing the sign on, over or in the way of the hazard, you can naturally create awareness and even divert foot traffic from entering potentially dangerous areas.

Ladder and Scaffold Tags (page 320)

Our scaffold tags comply with OSHA's regulations and help warn employees when scaffolding is not safe, being taken down or has been found defective.

Anti-Slip Tape and Cleats (page 302)

Anti-slip tape and cleats help protect your employees from accidental slips, trips and falls by providing additional traction. Printed anti-skid products are designed for most surfaces and can provide a visual warning.

Leak, Drip and Spill Control

When a spill occurs, having a proper spill control program that enables quick and effective response can not only help to protect the environment, but also support a safe and productive workplace for your employees.

Brady SPC supplies products that help you comply with EPA and OSHA regulations. Why does that matter? Because our goal is to help support high levels of productivity and to limit equipment downtime. The cost of non-compliance around this area of regulation can have devastating effects on a business's reputation and financial performance.

Still using granular? View our Cost Savings Calculator to see how you can save. *(page 254)*

What is a Spill Prevention Control and Countermeasure (SPCC) Plan?

A SPCC plan is a facility-specific, comprehensive plan outlining both the containment and countermeasures implemented to prevent a spill from occurring and a series of response procedures in the event that one does. The SPCC plan addresses the following three areas:

- Operating procedures that prevent spills
- Control measures installed to prevent a spill from reaching the environment
- Countermeasures to contain, clean up and mitigate the effects of an oil spill that reaches the environment

Having an SPCC plan in place is an essential step to help companies avoid the costly impact of non-compliance, including fines as high as $25,000 per day per violation.

Need-to-know regulations

The following OSHA and EPA regulations protect your employees and the environment:

29 CFR 1910.22(a)(2) – Walking-Working Surfaces
The floor of every workroom shall be maintained in a clean and, so far as possible, a dry condition. Where wet processes are used, drainage shall be maintained, and false floors, platforms, mats, or other dry standing places should be provided where practicable.

40 CFR 112.7(c)(1)(viii) – General requirements for Spill Prevention, Control, and Countermeasure Plans
Sorbent materials are included in the types of prevention systems that must be used for spill containment.

29 CFR 1910.120(j)(1)(vii) – Hazardous Waste Operations and Emergency
U.S. Department of Transportation specified salvage drums or containers and suitable quantities of proper absorbents shall be kept available and used in areas where spills, leaks, or ruptures may occur.

OSHA's Recent Silica Ruling
One of the most common compositions for granular absorbents is diatomaceous earth, which is 80-90% silica based. OSHA's recent final rule on limiting exposure to respirable crystalline silica was issued to curb lung cancer, silicosis, chronic obstructive pulmonary disease and kidney disease, all of which have been linked to high levels of silica. Rely on Brady SPC absorbent pads and rolls as safer, more efficient, non-silica solutions for absorbing leaks, drips and spills.

Brady SPC spill control products

best sellers

MRO Plus® and Oil Plus Pads (page 254)

Brady SPC's #1 absorbents are perfect for general everyday use and emergency spill cleanup. Both feature 3-ply meltblown polypropylene construction which increases durability and reduces linting.

Gray MRO Plus is a universal absorbent that handles most fluids (water, petroleum and chemical-based). Oil Plus is an oil-only absorbent for petroleum-based oils, solvents and other non-water-soluble liquids that floats indefinitely even when saturated with oil.

SpillFix® Granular Absorbents (page 274)

When a granular absorbent is necessary, reach for SpillFix granular. A completely natural granular — no carcinogens, no dust, landfill and incinerator safe. SpillFix granular doesn't damage equipment or floors and absorbs four times the liquid of traditional clay granulars.

Spill Berms and Drip Pads (page 278)

These collapsible secondary containment berms and pads can be used to contain spills and leaks from vehicles, machinery, tanks, drums and other industrial equipment.

new

HandySorb™ Mop Systems (page 271)

Easily get to your hard-to-reach spill with the HandySorb Mop System. This innovative absorbent provides "no-touch" pad and pillow options so you can keep your hands out of the mess.

BrightSorb® Safety Absorbents (page 264)

BrightSorb® Safety Absorbents provide an absorbent and brightly colored warning in one convenient product. They are available in a variety of styles including pads, rolls, SOCs, pillows and entire spill kits.

Specialty Spill Kits (page 285)

Specialty spill kits have an assortment of pads, neutralizers, granular, SOCs and the appropriate PPE to help you clean up hazardous spills such as battery acid, bodily fluids, mercury or formaldehyde.

Try absorbents in your facility for free

Emergency Egress

When emergency situations occur, it's essential that employees and visitors in the workplace are able to move out of a dark building quickly and safely. BradyGlo™ photoluminescent markings illuminate evacuation routes, guiding people around obstacles, along stairs, through hallways and to the nearest exit.

These quality and reliable glow-in-the-dark products feature:

- High-tack adhesive that's up to 30% stronger than other pressure-sensitive adhesives, so you reduce costs spent on replacements
- Pre-cut sizes and shapes save time and ensure correct and consistent configuration
- Low-profile construction that allows products to easily conform to handrails, stand pipes and other unique shapes for fast application
- Department of Buildings, Materials and Equipment Acceptance (MEA) division approval
- Production in the U.S. for NYC Local Law 26 compliance

Need-to-know regulations

The following codes and regulations contain provisions for the means of egress and photoluminescent markings on stairs, handrails, signage and more.

Local

New York City Local Law 26
Requires all Class E commercial properties that are 75 feet or taller to use photoluminescent markings on:

- Doors opening to exits and exit passageways
- Landings, perimeters and individual stair steps located within exit passageways
- Obstacles and hazards located within exit passageways
- Directional guidance signs to vertical, horizontal and final exits, plus "Not an Exit" door signs where applicable
- Handrails on building with plans approved after July 1, 2006

National

UL1994 Standard for Luminous Egress Path Marking Systems
Regulates specific materials and testing for photoluminescent egress products for doors, door hardware, door frames, stairs, landings, banisters, obstacles, egress symbols, information placards and more

NFPA CH. 7 Means of Egress
Sets forth requirements for means of egress in both new and existing buildings:

- 7.2.2.5.5.10 Materials. Exit stair path markings shall be made of any material, including paint, provided that an electrical charge is not required to maintain the required luminescence
- 7.2.2.5.5.11 Exit Stair Illumination. Exit enclosures where photoluminescent materials are installed shall be continuously illuminated for at least 60 minutes prior to periods when the building is occupied

International

International Building Code (IBC)
Requires that all non-residential groups A, B, E, I and R-1 for new construction over 75 feet in height must install photoluminescent exit path markings in all enclosed emergency exit stairwells (Code 403.16 and 1024)

International Fire Code (IFC)
Requires that all non-residential buildings groups A, B, E, I, M and R-1 for existing construction over 75 feet in height must install photoluminescent exit path markings in all enclosed emergency exit stairwells (IFC Section 4604)

Brady glow-in-the-dark identification products

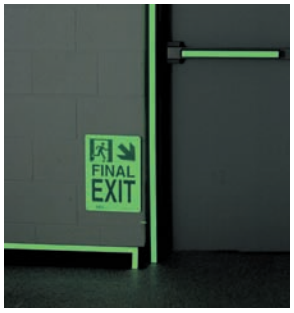

BradyGlo™ Exit Signs (page 480)

Non-electric, non-toxic, non-radioactive exit signs are energy efficient and require no power source. Certified by UL for LED lighting as an acceptable charging source. Also compliant to NFPA Life Safety Code 101 and UL 924 Listed.

Perimeter LED Exit Signs (page 477)

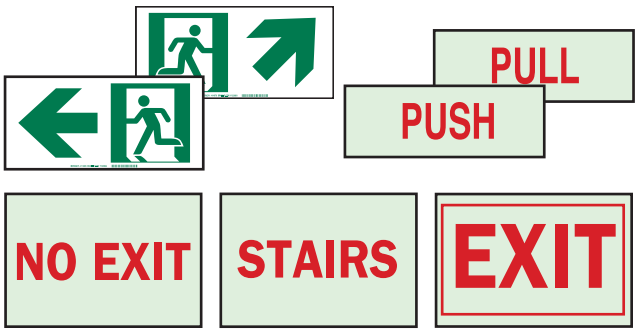

Electrical exit signs include a 90-minute nickel cadmium battery back-up assembly for power failure. These signs are listed to UL 924 and in compliance with OSHA, NEC and NFPA standards.

BradyGlo™ Marking Tape (page 303)

Clearly mark emergency evacuation routes and exits with our BradyGlo marking tape, arrows and footprints.

Various Exit and Egress Signs (page 475)

Egress signs available in BradyGlo photoluminescent materials with glow-in-the-dark capabilities.

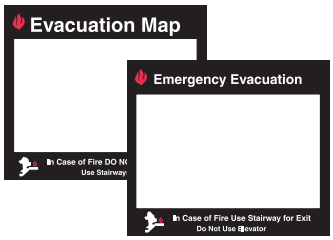

Print Your Own BradyGlo Signs (page 36)

Create custom evacuation signs and glow-in-the-dark labels with photoluminescent material and your Brady benchtop printer.

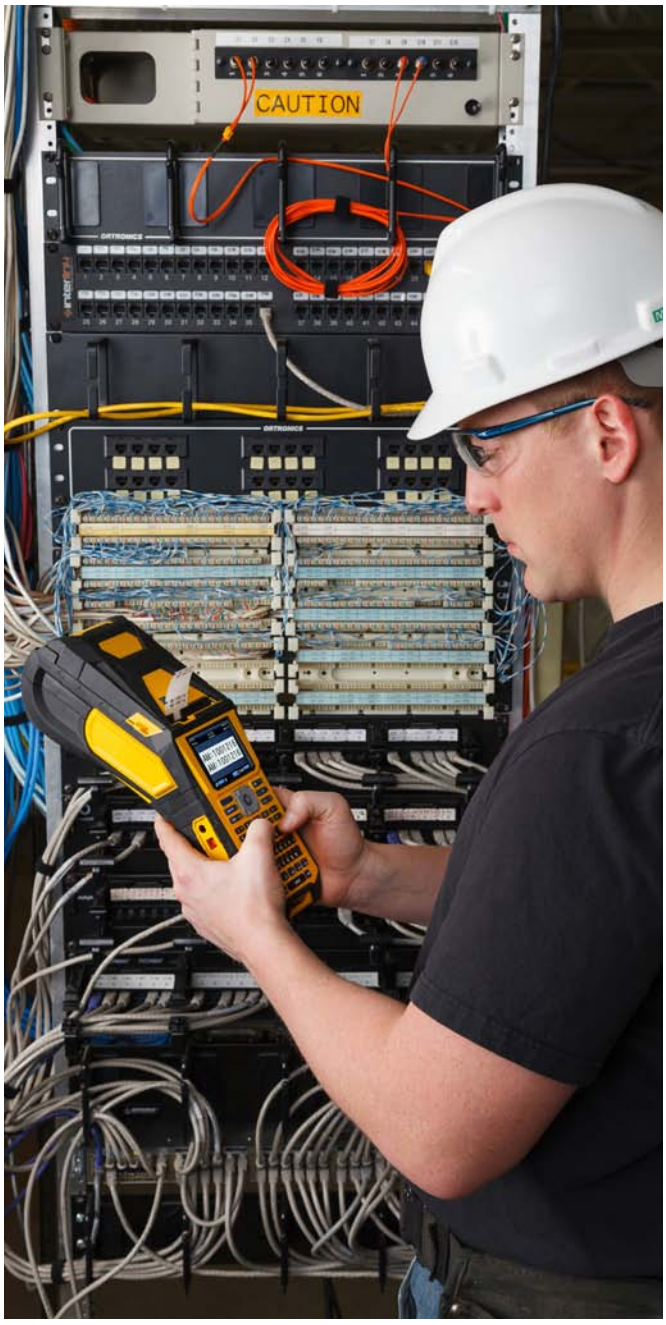

Evacuation Maps (page 483)

Clear acrylic frames hold your custom maps and allow you to easily change them when updates are needed.

Information and Communications Technology

As we move to an increasingly wireless world, the amount of cabling in facilities increases as more devices are connected and dated systems are upgraded. In fact, it's estimated that service providers and enterprises spent more than $1 trillion on telecom / datacom gear and software in the past four years.

Whether you're a designer, installer or end user, you need a trusted partner that understands the specific challenges in the Information and Communications Technology (ICT) industry. Turn to Brady. We bring more than 100 years of experience in identification, providing engineered solutions and industry expertise for a full start-to-finish solution for your ICT needs.

ANSI / TIA-606-C standard

ANSI / TIA-606-C is the latest update to the voluntary standard for administering telecommunications cabling infrastructure, released by the Telecommunications Industry Association (TIA) in July 2017. TIA-606-C builds on the guidelines already established in TIA-606-B, released in 2012, as well as includes some new additions and updates.

Key guidelines include:

- Annex D, which provides additional guidelines for administration of cabling supporting remote powering, including cable bundle identifier scheme. This important development allows automatic infrastructure management systems from different manufacturers to work together.
- Identifier scheme for telecommunications grounding and bonding system elements. These changes specify the use of terms compatible with ISO/IEC 30129. Legacy terms used in versions of the TIA-607 standard earlier than revision C also will be allowed.
- Identifier schemes for telecommunications bonding and grounding system elements, which was changed to align with TIA-607-C.

Learn about this new standard and how Brady can help you follow it.

Brady ICT labeling solutions

Find the right printer for your application with our comparison guide. (page 102)

1. Label printers (page 102)

Brady portable label printers are essential tools for technicians in the voice and datacomm industry. These printers are easy to use and have a wide range of available label materials and built-in apps for creating wire and cable labels on-site and on-demand.

BradyPrinter M611 Mobile Label Printer (page 126)

Your durable print-from-everywhere solution. Use with the Brady Workstation Express Labels Mobile App or Brady Workstation Desktop Software, and experience the convenience of easy label creation. This combination of printing and mobile technology allows you to get your data whether you're in the office or in the field, and print via Bluetooth or Wi-Fi. Integrates with Fluke Networks® LinkWare™ Live. Requires free Express Labels Mobile App or Brady Workstation Desktop Software.

Sleeves

Wrap-around

Self-laminating

Flags / tags

Equipment labels

Patch panels

2. Label materials (page 130)

Brady label materials are made to withstand industrial environments and are available in a variety of sizes, colors and material types.

In addition to standard safety and component labels, you can make specialty labels for voice and datacom applications, including wire wraps, self-laminating vinyl labels, heat shrink wire marking sleeves, cable tags, panel component labels, terminal block labels and more.

3. Software

Brady Workstation Wire ID Suite (page 178)

For creating wire and cable labels, the Brady Workstation Wire Identification Suite includes the right mix of Workstation apps. It allows you to easily create single-line labels and labels with wrapping text, and to serialize and import data without having to worry about alignment. If you are labeling or wrapping wires and cables, this is the suite for you.

NetDoc® Cable Management Software (page 179)

NetDoc Cable Management Software allows you to easily document your cable infrastructure so you know what cables you have, where they are and what they are connected to. The user-friendly input feature and the import tool speed data transfer to drastically reduce data entry time.

BRADY
SAFETY SOFTWARE & SERVICES

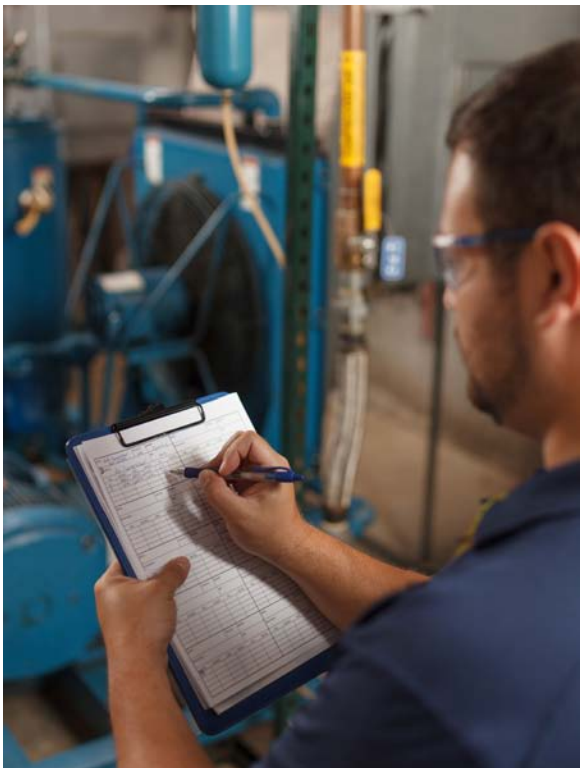

Bring Confidence to Your Safety Program

Your comprehensive safety program is an essential area of your business, helping to provide a safe and productive work environment for your employees, while also avoiding the costly impact of a violation or incident. Take a proactive approach and implement compliant, sustainable solutions to create a safety program that you and your employees can depend on.

Your safety solutions partner

Starting and maintaining a safety program can be daunting, but with the right partner, the process can be efficient, effective and completed with confidence. We provide a start-to-finish solution, which means we can jump in and help at any stage of your lockout tagout, arc flash and confined space program development. Rely on our in-house team of industry experts to work with you to create a world-class safety program that is sustainable and compliant, supported by:

- **Our insights:** Field engineers from different backgrounds to provide a variety of perspectives and find potential safety gaps others won't
- **Our services:** Industry-trusted expertise in lockout tagout, arc flash and confined space to keep you and your team protected
- **Our products:** Safety products and software designed by experts and engineered to perform

Don't miss our extensive collection of resources online:

- Leading Indicators for a Sustainable Lockout Program
- Lockout Tagout Program Checklist
- 7 Things to Avoid When Creating Lockout Procedures
- 5 Reasons to Choose an Engineered Analysis Over the Categories Method to Perform your Arc Flash Assessment
- Arc Flash Safety Check Up
- Examples of our Assessment and Audit Deliverables

Visit BradyID.com/Services

Lockout Tagout Services

With a continually changing workforce, and frequent enhancements to processes and technology, there is a need in the industry to efficiently develop and train new workers to keep operations running smoothly. Having a sustainable lockout tagout program in place allows you to bridge the knowledge gap and improve safety throughout your facility.

Rely on our team of experts to deliver:

- **Machine inventories** with a full list of equipment that requires a procedure and number of isolation points
- **Complete visual lockout tagout procedures**, including authoring and installing procedures, and tagging all energy isolation points
- **Procedure audits** to comply with OSHA's periodic inspection requirement
- **Training** that includes options for general/affected, authorized employee and train the trainer
- **Program development** support to assess your current state and provide a program implementation guide
- Additional lockout services, including alternative method procedures/minor servicing, job safety analysis, gap analysis, and time- and material-based services

Brady products complete your lockout tagout program.

LINK360® software

Brady offers software and products to create and maintain an effective safety program. With LINK360 software, you can easily create and maintain visual lockout procedures, as well as reports and audits.

BradyID.com/s36

Arc Flash Services

Creating a world-class arc flash program in-house requires time, engineered resources and power system analysis software to accurately calculate arc flash risk beyond general scenarios. Our electrical engineers work with you to create an arc flash solution that meets your needs, and keeps you compliant.

Brady Safety Services can help:

- **Review your current program** and any past assessments, and then identify any safety issues or needed compliance improvements
- **Perform risk assessments** to compile data for arc flash calculations, create a single-line diagram and report, and then install the needed labels
- **Offer training options** including refresher, qualified persons and train-the-trainer sessions

new

Infrared Thermography Service

Brady can conduct infrared inspections, or include them with an Arc Flash Risk Assessment. Our certified infrared thermographers use a specialized infrared camera to detect any hot spots that may need attention in your equipment. They provide:

- A comprehensive report, either Standard (only hot spots provided) or Expanded (all pictures included in report)
- Recommendations for improvements and/or repairs for each identified hot spot
- Imaging of your electrical distribution system components

Measurements

Sp1	85.6 °F
Sp2	93.8 °F
Hot	90.2 °F
Dt1 (Sp1 - Sp2)	2.8 °F

Information

File Name	FLIR0188.jpg
Date & Time	11/26/2018 3:47:27 PM
Atmospheric Temperature	78.0 °F

Urgency:

Low: Monitor problem for signs of worsening

Description:

The breaker is exhibiting abnormal heating patterns on both the A and B phases. Loose connections or dirty/worn internal contacts are likely.

Recommendation:

Exercise the breaker by flipping the breaker handle from on to off repeatedly. Torque the cable connections to ensure proper tightness.

Page 2 of 48

Brady products complete your arc flash program.

Pre-printed arc flash labels
Order pre-printed arc flash labels for your equipment.

Label printers
Customize and create arc flash labels on demand with a Brady sign and label printer, such as the BradyPrinter S3100.

Brady Workstation label creation software
With the Arc Flash Labels app, creating the right arc flash labels for your workplace is quick and simple.

Confined Space Services

To align with OSHA requirements, employers must evaluate and identify permit-required confined spaces, as well as develop procedures for entry and training. Common confined spaces include elevators and storage tanks. Find out how Brady can support your confined space program.

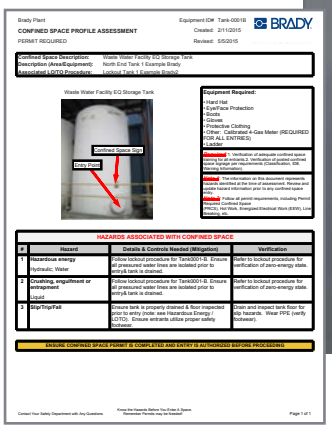

Our experts will come on-site to:

- **Take inventory**, collect data and classify each space as permit or non-permit required
- **Perform hazard assessments** to evaluate specific hazards, methods of protection and verification, label needs, worker classification, PPE requirements and more
- **Conduct training** focused on best practices, client-specific program elements, an overview of the 1910.146 OSHA regulation and more

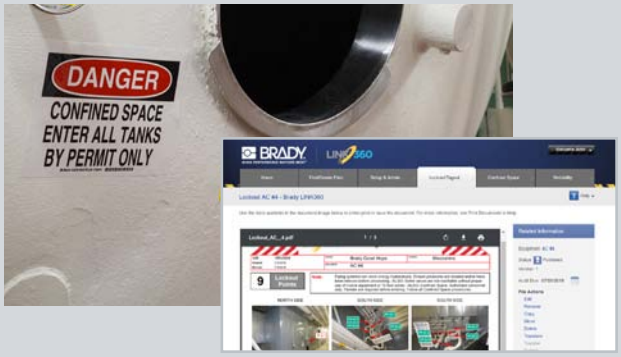

What's our process?

A Brady safety professional will come on-site and collaborate with your subject matter expert to identify spaces and their hazards. We then continue to build your inventory, including classifying your confined spaces as permit or non-permit required. All permit-required confined spaces will be further defined by their hazards, such as engulfment or atmospheric hazards, in a permit-required confined space hazard analysis.

Brady products complete your confined space program.

Confined space signage
Order pre-printed signage, or create your own with an on-demand sign printer, such as the BBP®37 printer.

LINK360® software
Easily create and maintain confined space procedures, as well as reports and audits.

Benchtop Printer Comparison

BradyPrinter S3000

SIGN & LABEL PRINTER

High-Performance, Entry-Level Industrial Printing

Turn busy work into smarter work. Get state-of-the-art printing capabilities in a compact package with the BradyPrinter S3000 Sign and Label Printer.

- Get lightning-fast setup times with print smart technology that auto-calibrates print settings when you load materials so you can print on the first label
- Easily make any adjustments you need to on the large color touchscreen
- Changing materials is made easy with drop-in fool-proof loading so changeovers take as few as 20 seconds
- Versatility with more than 330 parts and 26 materials options, including ToughStripe® Floor Marking Tape
- Move through your print jobs fast with print queue capabilities that automatically prints the next batch after the first one is finished
- Create labels with ease when you add Brady Workstation Label Creation Software apps and suites

Supply status is conveniently displayed on screen

BradyPrinter S3000 Sign and Label Printer

Printer specifications	
Overview	4 in. PC-connect printer for SFID. Does not offer user standalone use and accessibility or networking capability, but does have smaller footprint than BradyPrinter S3100.
Applications	Arc flash labels, cold-temperature labels, equipment marking, facility ID, GHS and chemical labels, glow in the dark labels, lean / 5S, magnetic labels, panel labels, pipe and valve marking, push button labels, reflective labels
Label materials	Extremely aggressive 8-10 year outdoor vinyl with high tack and chemical resistance, plus wash-down material, 10-hr glow in the dark, reflective, magnetic, tags, engraved plate substitute and more.
Label formats	Continuous tapes, pre-printed and blank die-cut labels
Print technology	Thermal transfer
Print resolution	300 dpi
Print speed	4 in./sec.
Media widths	0.5 to 4 in.
Min. label dimension	0.5 in.
Color printing capabilities	Monocolor printing (some pre-printed multi-color supplies also available)
Auto cut-off	Yes
X-Y plotter cutting (cut-out shapes / text)	No
PC-connect or standalone operation	PC-connect only
Connectivity options	USB
Compatible software	Brady Workstation Apps
Compatible materials	B30 series (all)
Compatible ribbons	B30 series (excluding multi-color panel ribbons)
Calibration required	No (no waste)
Label creation and set-up	Automatic (printer or PC software reads data on chip and automatically sets up label size, color, fonts, etc.)
Ribbon and label roll installation	**Labels:** Supplied in cartridge, drops into place, 15-second changeover **Ribbon:** Supplied in cartridge, snaps in place, 5-second changeover
Warranty	5 years

US. Patent No. #6364552, #5823689, #6570602, #8539868

Brady Workstation Safety and Facility ID Suite

Brady Workstation has revolutionized how you design and print labels from your PC. When paired with the high-performance printing capabilities of a Brady printer, you get intuitive label set up for simple, efficient and flexible label creation.

This suite features:

- A collection of applications for creating the custom signs, labels and pipe markers you need to add visual safety guidance to your facility
- The ability to serialize and import your data onto the labels
- Real-time information about the label material installed, enabling easy label set up
- Built-in regulations, standards, pictograms, common phrases, data importation guidance, help functions and more

BradyID.com/s36

BradyPrinter S3100
SIGN & LABEL PRINTER

Walk-up-and-print for ultimate ease of use

Just walk up and print. Literally. The best choice for facility, safety and Lean / 5S labeling

- Intuitive, simple to learn, very approachable. Ideal for multi-user situations, events and centrally located print stations — simple training
- 20-second supply changeover with no waste, calibration or trial and error setup
- Standalone use or PC-Connect use all in one printer
- Automatic label setup with no calibration — the printer "reads" information from your cartridges and automatically sets up the label correctly in the printer or your Brady software

BradyPrinter i3300
INDUSTRIAL LABEL PRINTER

No waste. More labels. Less effort.

Picture your ideal label printing scenario – the labels and ribbons snap into place, there's no calibration process, you don't have to throw away blank labels before you actually print one. Ideal is now real with the BradyPrinter i3300 Industrial Label Printer. This mid-volume industrial label printer makes your identification projects easy, fast and affordable. Enjoy a variety of time- and money-saving advantages, including:

- **No waste printing**: With print smart technology, you get auto setup and calibration without throwing out blank labels
- **Fast material changeovers:** Foolproof drop-in label rolls and ribbons snap into place for 20-second material changeovers
- **Full-facility identification:** Complete all of your identification tasks, from wires, panels and products to safety and facility labels, with one convenient and efficient tool

Warranty	5 years

*** Performance at minimum label dimension is dependent on label text and size of print run; Users should test suitability for their application.*

U.S. Patent No. 5,823,689; 6,570,602. Additional patents pending.

Brady Workstation Product and Wire ID Suite

Brady Workstation has revolutionized how you design and print labels from your PC. When paired with the high-performance printing capabilities of a Brady printer, you get intuitive label set up for simple, efficient and flexible label creation.

This suite features:

- A collection of applications for creating product labels, wire and cable markers, panel labels and more
- The ability to serialize and import your data onto the labels
- Specialty label design apps for asset tags, terminal block and patch panel labels
- Real-time information about the label material installed, enabling easy label set up
- Apps feature built-in regulations, standards, pictograms, common phrases, data importation guidance, help functions and more

BBP®35 MULTICOLOR LABEL PRINTER

BBP®37 MULTICOLOR & CUT LABEL PRINTER

Color your way to an improved workplace

The BBP35 and BBP37 label printers give you the power to make signs and labels in the colors and shapes you need to make an impact – right when you need them.

- **Multiple print colors** – Color is more memorable, more effective and is the differentiator you need to effectively improve workplace safety and productivity
- **Shape cutting with the built-in XY plotter cutter (BBP37 only)** Cut out shapes and text, or cut around your message to create labels that look and fit how you want them to
- **Label making made easy** – Incredibly easy and intuitive interface makes it ideal for multiple users, centralized locations and lean / 5S events
- **Automatic label setup** – Printer reads critical information from the supplies and then automatically sets up the label attributes in the printer so you can start printing immediately
- **Time saving** – 20-second changeovers with drop in ribbon and label supplies

Printer at-a-glance

- Single and multi-color printing
- Cuts out shapes and text (BBP37 only)
- PC-connect or standalone printing
- Touchscreen label creation
- 300+ parts, 14 materials (for SFID)
  14 parts, 14 materials (for product ID)

Multi-color printing in a single print pass

Cut-out shapes and text with the BBP37 printer
(Requires 4 in. wide material. Cut-out text must be 0.75 in. or larger.)

Catalog #	Description
BBP35	BBP35 Multicolor Label Printer*
BBP37	BBP37 Multicolor and Cut Label Printer*
120994	Rolling case with handle, 2 pockets for supplies
BBP35-37-WIPER	BBP35/37 Media Wiper (1 each)
B31-CCT	Cutting Tool
PCK-6	Cleaning swabs that are pre-soaked in IPA (50 per pack)
B37-BLADE	Replacement XY cutting blade for BBP37 (1 each)
76737	Transfer tape for cut-out objects (300 ft. roll)

** Printer ships with cleaning kit, cutter cleaning tool, power cord, Quick Start Guide and USB cable.*

Unprecedented capabilities set the standard in safety and facility ID

Safety and industrial signage

GHS hazcomm labels

Safety and compliance labels

Product ID labels

Pipe markers

BRADY

Printer specifications	
Overview	4 in. standalone and PC-connect printer for SFID with multi-color printing and fast print speed. Standalone use is ideal for multi-user situations and lean 5S kaizen labeling events. The ultimate in easy and accessible with multiple colors.
Applications	Arc flash labels (w/ red variables), equipment labels, GHS labels, pipe markers, safety signs (multi-color), warning labels (multi-color), lean / 5S labels, panel and enclosure ID, tags, multi-color labels
Label materials	Extremely aggressive 8-10 year outdoor vinyl with high tack and chemical resistance, plus Toughstripe® floor tape, wash-down material, 10-hr glow in the dark, reflective, magnetic, tags, engraved plate substitute and 20 other materials.
Label formats	Continuous tapes, pre-printed and blank die-cut labels
Print technology	Thermal transfer
Print resolution	300 dpi
Print speed	5 in./sec.
Media widths	0.5 to 4 in.
Min. label dimension	0.5 in.
Color printing capabilities	Monocolor and multi-color printing
Auto cut-off	Yes
X-Y plotter cutting (cutout shapes / text)	Yes, BBP37 model only
PC-connect or standalone operation	Standalone and PC-connect printing
Connectivity options	Standalone use, Ethernet, USB
Compatible software	Brady Workstation Apps
Compatible materials	B30 series (all)
Compatible ribbons	B30 series (all)
Calibration required	No (no waste)
Label creation and set-up	Automatic (printer or PC software reads data on chip and automatically sets up label size, color, fonts, etc.)
Ribbon and label roll installation	**Labels:** Supplied in cartridge, drops into place, 15-second changeover **Ribbon:** Supplied in cartridge, snaps into place, 5-second changeover
Warranty	5 years

U.S. Patent No. 6364552 B1; 6788324; 6768502 B2; BBP37 printer: 6664995 B2; Ribbon cartridges: 6860658 B2; D480749

Brady Workstation Safety and Facility ID Suite

Brady Workstation has revolutionized how you design and print labels from your PC. When paired with the high-performance printing capabilities of a Brady printer, get intuitive label set up for simple, efficient and flexible label creation.

This suite features:

- A collection of applications for creating the custom signs, labels and pipe markers you need to add visual safety guidance to your facility
- The ability to serialize and import your data onto the labels
- Real-time information about the label material installed, enabling easy label set up
- Built-in regulations, standards, pictograms, common phrases, data importation guidance, help functions and more

B30- and B33-Series Material Supplies

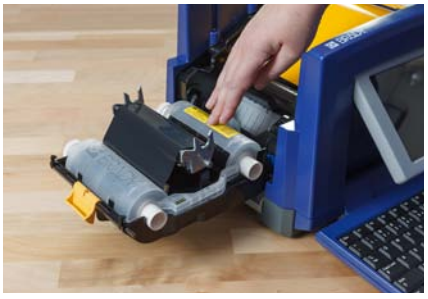

Specifically designed for use with the BradyPrinter S3000, S3100, i3300, BBP®30, BBP®31, BBP®33, BBP®35 and BBP®37 printers.*

No-hassle, 20-second material changeovers

Forget fumbling around with supplies that roll away or require complicated threading. These easy-to-load materials and ribbons snap into place for easy 20-second material changeovers. Switch materials frequently throughout the day? You'll save time to work on your more important tasks.

Efficient label setup with print smart technology

Your printing team – printer, labels, ribbons and software – all work together from the moment you close the printer cover. It's all in the smart chip embedded in our materials.

When the material is installed, the chip sends vital information such as size, type, color and remaining quantity right to the printer. You'll be ready to print in no time.

Smart chip auto populates:

- Label size and color
- Pre-printed headers
- Remaining material quantity

No wasting labels with auto calibration

The auto calibration that takes place as soon as material is installed, means that you'll be printing on the very first label, saving you valuable time and labels.

*Supplies listed on the following pages are compatible unless otherwise noted in the part number tables.

The right label from the right company

Nothing leaves Brady's doors without meeting the highest quality standards. Backed by more than 100 years of identification experience and rigorous R&D testing, Brady manufactures materials you can trust.

That strong background of material development allows us to create materials for all of your applications throughout your facility. Add the printing versatility of a Brady printer, and you get a convenient tool for facility-wide identification that offers more than 825 parts and 70 material options, and additional custom label options for a variety of applications, including:

** Pack of 30 tags includes at least one of each size and color. Perfect for evaluating which sizes and colors you need.*

**All supplies listed are compatible with the following printers unless otherwise noted: BradyPrinter S3000, S3100, i3300, BBP®30, BBP®31, BBP®33, BBP®35 and BBP®37 printers.*

BBP®37 printer "cutter" labeling techniques

4 inch continuous tape | *Paneled ribbon* | *Gauge App on BBP37 printer* | *Transfer tape for proper alignment during application*

Circle Gauge Labels with the BBP®37 Printer

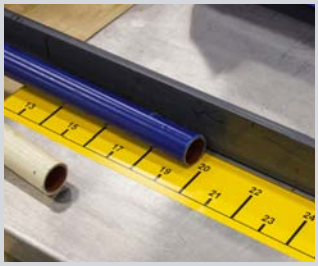

The XY cutter and built-in Circle Gauge App on the BBP37 printer make it easy to create gauge labels. The app allows you to:

- Create in-zone, out-of-zone, caution zone or all three
- Specify center hole size

How to: Use multi-color ribbons, 4 in. white continuous tape and the XY cutter on the BBP37 printer to print and cut out a circular label for your gauge. Transparent transfer tape then makes it easy to cleanly apply the label in the proper position on your gauge.

Printing supplies – requires BBP37 printer

Catalog #	Color	
B30C-4000-595-WT	White vinyl	4.0 in. x 100 ft.
B30-R10000-GR-8	Green, red ribbon	
B30-R10000-KRYG-8	Black, red, yellow and green ribbon	
B30-R10000-KRGB-8	Black, red, blue and green ribbon	
76737	transfer tape	4.25 in. x 300 ft

2.25 inch continuous tape | *Gradient App on printer*

Gradient "Ruler" Labels with BBP35 or BBP37 Printers

Create accurate scale or "ruler" labels using the built-in Gradient Label App on the printer with continuous tapes.

The app allows you to:

- Specify units in inches or millimeters
- Choose from several interval tick mark options
- Designate "zones" through multiple color printing
- Set specific starting point

How to: Use any continuous tape along with the built-in Gradient Label App on the BBP35 and BBP37 printers.

Printing supplies – requires BBP35 or BBP37

B30- and B33-Series Materials

BradyID.com/s36

Indoor and Outdoor Vinyl (B-595)

Continuous vinyl material is ideal for lean / 5S labels, pipe markers, equipment and production area identification. These labels offer excellent resistance to oils, detergents, dirt, grime and many solvents. Permanent adhesive, very pliable, good for rough surfaces and outdoor use.

Service temp: -40° F to 180° F
Application temp: 0° F to 180° F
Average outdoor durability: 8-10 years
Agency approvals: RoHS

U.S. Patent No. 5,823,689; 6,570,602. Additional patents pending.

✂ *Compatible with BBP37 XY cutter.*

**All supplies listed are compatible with the following printers unless otherwise noted: BradyPrinter S3000, S3100, i3300, BBP®30, BBP®31, BBP®33, BBP®35 and BBP®37 printers.*

Low-Halide Polyester (B-569)

Low-halide content for labeling stainless steel pipes and surfaces.
Applies best to very smooth surfaces and ideal for mounting to rigid panels.

Service temp: -40° F to 212° F
Application temp: 0° F to 212° F
Average outdoor durability: 3-5 years

B30- and B33-Series Materials

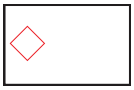

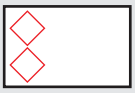

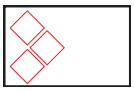

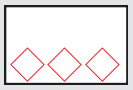

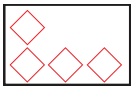

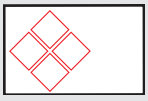

BradyID.com/s36

Pre-Printed GHS / CLP Chemical Labels (B-569 and B-7569)

- Blank labels with pre-printed red diamonds allow the printer to produce two-color GHS / CLP labels in one print pass
- Three sizes of labels, each with diamond layouts that match templates in the printer app (if applicable) or in the Brady Workstation GHS App
- Indoor / outdoor vinyl material and durable inks withstand exposure to moisture, chemicals and handling

Service temp: -4° F to 180° F
Application temp: 50° F to 180° F
Average outdoor durability: 3-5 years

Easily design GHS labels with the Brady Workstation GHS App

- Select from built-in pre-formatted label layouts with GHS symbols
- Search the built-in chemical database by CAS number to auto-populate your label, then edit to meet your specific SDS
- Print any of the six template sizes

Learn more at Workstation.BradyID.com

**All supplies listed are compatible with the following printers unless otherwise noted: BradyPrinter S3000, S3100, i3300, BBP®30, BBP®31, BBP®33, BBP®35 and BBP®37 printers.*

Pre-Printed Right-To-Know Chemical Labels (B-595)

- Pre-printed labels result in 5-color chemical labels in a single print pass
- Indoor / outdoor grade vinyl withstands exposure to moisture, chemicals and handling

Service temp: -40° F to 180° F
Application temp: 0° F to 180° F
Average outdoor durability: 8 to 10 years
Agency approvals: RoHS

B30- and B33-Series Materials

BradyID.com/s36

Pre-Printed Pre-Cut Blank Sign Headers (B-595)

- Allows printer to create multicolor signs fast in a single print pass
- Headers meet NFPA 70E, OSHA 1910.145 and ASME/ANSI Z535 standards
- Indoor / outdoor grade vinyl conforms to rough, highly textured and difficult-to-adhere-to surfaces

Service temp: -40° F to 180° F
Application temp: 0° F to 180° F
Average outdoor durability: 8-10 years
Agency approvals: RoHS

*** Sized to fit blank rigid valve tags, see page 38.*

Non-Adhesive Tags (B-551)

- Non-adhesive semi-rigid card stock in pre-cut or continuous styles
- Pre-cut style tags micro-perforated between tags to separate cleanly and feature chamfered corners
- Snap-in plastic grommets available for extra strength around mounting hole (Catalog #20596, 100/bag)

Service temp: -40° F to 193° F
Average outdoor durability: Up to 2 years

ToughWash® Washdown Resistant Labels (B-854 and B-855)

- Withstands high pressure, heat, harsh chemicals and numerous washdown cycles
- Legible and long-lasting for even the toughest washdown cycles
- Ideal for use in the food and beverage industry
- B-854 offers metal detectable layer to allow detection in food stream

Service temp: -40° F to 230° F
Agency approvals: RoHS

Retro Reflective Tape (B-584)

- Highly reflective material shines back brightly when struck by light
- Ideal for labeling outdoor utility pedestals, hard hats, jobsite equipment and roof-top equipment
- Recommended for low light or inclement weather conditions

Service temp: -40° F to 158° F
Application temp: 0° F to 158° F (yellow and orange), 50° F to 158° F (silver)
Average outdoor durability: 4 to 6 years

BradyGlo™ High-Intensity Photoluminescent Tape (B-526)

- Designed for directional, evacuation and equipment marking. Ideal for marking emergency utility shut-offs, fire extinguishers, alarm pulls and vital equipment controls
- For glow-in-the-dark identification up to 10 hours
- Complies with indoor use requirements specified in RS 6-1 and 6-1A of New York Local Law 26

Service temp: -40° F to 140° F
Application temp: 40° F to 140° F

Printable Magnetic Supply (B-509)

- Easiest and quickest material for removing and repositioning
- Non-adhesive magnetic material that can be printed on directly
- Ideal for reusable, repositionable and Lean / 5S identification applications

Service temp: 0° F to 158° F
Average outdoor durability: 3 to 5 years

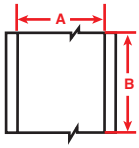

Figure 3

Fits Printers	Figure	Catalog #	B#	Color	Label Width A Inch (mm)	Roll Length B Feet (m)	Labels Per Roll	Rec. Ribbon

Repositionable Vinyl (B-581)

- Aggressive adhesive stays in place but removes cleanly without leaving adhesive residue
- Ideal for temporary, removable and repositionable labels, such as Lean / 5S inventory labels

Service temp: -40° F to 180° F
Application temp: 50° F to 180° F
Average outdoor durability: 5 years

Dissolvable Paper Labels (B-403)

- Designed for temporary applications where easy removal, re-identification or waste reduction are valued
- Ideal for labeling glassware, temporary asset tracking, animal housing identification and general use
- Completely dissolves in warm water within 30 seconds, leaving no adhesive residue

Service temp: -40° F to 172° F

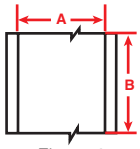

Figure 3

Dissolves within 30 seconds leaving no residue.

Cold Temperature Application Material (B-549)

- Special adhesive permanently adheres to extremely cold surfaces
- Can be applied in -10° F and lasts in -40° F
- Ideal for cold storage warehouses, coolers, freezers and short-term winter outdoor use

Service temp: -40° F to 212° F
Average outdoor durability: Up to 1 year

U.S. Patent No. US8475914B2; US9005729B2.

**All supplies listed are compatible with the following printers unless otherwise noted: BradyPrinter S3000, S3100, i3300, BBP®30, BBP®31, BBP®33, BBP®35 and BBP®37 printers.*

Raised Profile – Engraved Plate Substitute Labels (B-593)
Rectangular Style

- High gloss, polyester label with thick raised profile and ultra-aggressive adhesive (0.70 mm thick)
- High-performance, low-cost substitute to engraved plates – costs up to 80% less
- 10-year outdoor durability rating
- On-demand labeling: prints out in fewer than 4 seconds
- Ideal for inside-panel backer board labels and front-of-enclosure labeling

Service temp: -4° F to 212° F
Application temp: 50° F to 212° F
Agency approvals:

Static Dissipative Polyimide Labels (B-717, B-718 and B-719)

- Circuit board and electronic component identification with static dissipative adhesive and release liner with surface resistivity values recommended for dissipative ESD packaging
- Complies with EIA-541 packaging material standards for ESD sensitive items
- For top- or bottom-side component or board identification

Service temp: -94° F to 212° F (short burst max temp: 80 sec at 572° F, 5 min at 500° F, 2 hrs at 338° F)
Agency approvals: UL RoHS

B30- and B33-Series Materials

BradyID.com/s36

Panel ID Labels (B-483, B-484A, B-499, B-593 and B-595)

- Various sizes in several durable material types
- Also ideal for marking backer board, DIN rail, relays, PLCs, switches, solenoids, drive motors and other components inside panels
- All recommended materials are flexible and have high-tack adhesives for adhesion to wide variety of surfaces and components

B-483: Service temp: -40° F to 248° F *Agency approvals:* UL RoHS CSA
B-484A: Service temp: -40° F to 240° F *Agency approvals:* UL RoHS

Self-Laminating Wire and Cable Labels (B-427)

- Brady's most popular wire marker
- Features white printable area with clear tail that wraps around marker to protect text
- Superior resistance to abrasion, handling, solvents, water, oil and dirt
- Vinyl with permanent acrylic adhesive designed specifically for tightly curved surfaces

Service temp: -40° F to 158° F
Agency approvals: UL RoHS

** Label is all white and does not have a clear over-laminate.*

Zero-Halogen Cable Markers (B-7643)

Thermoplastic polyether polyurethane is a zero-halogen high-density, thermoplastic cable marker designed for dot matrix or thermal-transfer printing.

- Meets the requirements of a halogen-free material per IEC 61249-2-21 (2003-11)
- Excellent chemical, oil and water resistance

Service temp: -40° F to 193° F (-40° C to 90° C)
Agency approvals: RoHS

**All supplies listed are compatible with the following printers unless otherwise noted:*
BradyPrinter S3000, S3100, i3300, BBP®30, BBP®31, BBP®33, BBP®35 and BBP®37 printers.

High-Temp Adhesive Topcoated Polyvinyfluoride Wire and Cable Labels (B-437)

- Topcoated polyvinyfluoride label for wire and cable marking where high temperature and self-extinguishing features are required
- Heavy-duty performance with excellent resistance to water, oil and fluids
- Meets MIL-M-87958 Standard

Service temp: -94° F to 275° F
Agency spprovals: RoHS

Also available in self-laminating format. Contact Brady to order custom B-642 material and B30-R4300 ribbon.

Vinyl Cloth Adhesive Wire and Cable Labels (B-498)

- A vinyl cloth label for marking wires, cables and inside-panel components
- Repositionable — a highly unique adhesive and cloth construction gives excellent holding power and still allows for clean removal and reapplication
- Ideal choice for marking both ends of a wire that you may need to cut shorter before final termination

Service temp: -40° F to 175° F
Agency approvals: UL RoHS CSA

PermaSleeve® PS Polyolefin Wire Markers (B-342)

Military / industrial grade sleeves offer the ultimate in marker durability, permanence and aesthetic appearance. 3:1 heat-shrinkable markers fit snugly around wires, are fade-resistant and flame-retardant.

Meets specifications:

- SSAE-AS-23053/5
- SAE-AS-81531

Tested per:

- ASTM E162
- ASTM E662
- MIL-STD-202

Service temp: -40° F to 275° F
(short burst max temp: 5 min at 500° F, 24 hrs at 350° F)
Agency approvals: UL RoHS

QuickSleeve Handheld Sleeve Applicator

The QuickSleeve Handheld Sleeve Applicator is an intuitive multi-tool designed to help you quickly apply sleeves on to wires in three simple steps – just pick, slip and apply. This tool includes:

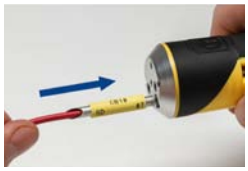

- Four specially designed slanted tubes sized for sleeve sizes 0.094, 0.125, 0.187 and 0.250 inches
- Built-in LED flashlight for use in low-lit conditions
- Terminal block sized screwdriver

Catalog #	Description	Qty.
QS	Quicksleeve Multi-Tool	1 Set

Pick

Slip

Apply

BradyID.com/s36

PermaSleeve® HT High-Temperature PVDF Wire Markers (B-345)

Military / industrial grade 2:1 heat shrinkable sleeves specifically designed for high-temperature and low-vacuum outgassing applications. Irradiated high-temp polyvinylidene fluoride (PVDF) is fade-resistant and flame-retardant.

Meets specifications:

- NASA SP-R-0022A Outgassing Performance
- SAE-AS-81531

Tested per:

- ASTM E162
- ASTM E662
- MIL-STD-202

Service temp: -67° F to 437° F
Agency approvals: RoHS

Print double-sided wire sleeves with the BradyPrinter i3300 Industrial Label Printer

You can quickly create double-sided sleeve by using "B33D-" parts and Brady Workstation's two-sided print feature.

Once the first side of your print job is complete, the software prompts you to cut the media and re-insert it for a second print pass.

**All supplies listed are compatible with the following printers unless otherwise noted: BradyPrinter S3000, S3100, i3300, BBP®30, BBP®31, BBP®33, BBP®35 and BBP®37 printers.*

PermaSleeve® HX Polyolefin Wire Markers (B-7642)

Military / industrial 2:1 heat-shrinkable sleeves are flame-retardant and high-temperature rated but not as high-temperature as B-345 HT sleeves.

Meets specifications:

- SAE-AS23053/5
- SAE-AS-81531

Tested per:

- ASTM E162 and ASTM E662
- MIL-STD-202

Service temp: -40° F to 248° F (short burst max temp: 5 min at 464° F, 24 hrs at 320° F)
Agency approval: RoHS

PermaSleeve® LSZH Low-Smoke Zero-Halogen Polyolefin Wire Markers (B-7641)

Low-halogen, 2:1 heat-shrinkable sleeves offer outstanding fire safety properties and minimal smoke emission.

Meets specifications:

- SAE-AS-81531
- EN45545-2

Tested per:

- ASTM E162 and ASTM E662
- MIL-STD-202

Service temp: -22° F to 221° F
Agency approval: RoHS

PermaSleeve® FR Fluid-Resistant Wire Markers (B-344)

Military / industrial grade 3:1 heat-shrinkable sleeves are specifically designed for applications with exposure to fuels, lubricants and harsh chemicals such as in the installation of hydrogen fuel cells for aerospace. These sleeves are resistant to harsh chemicals including, JP8 Jet Fuel, Skydrol and DOT 3 brake fluid.

Meets specification:

- SAE-AS23053/5

Tested per:

- ASTM E162
- ASTM E662
- MIL-STD-202G

Service temp: -94° F to 275° F
Agency approvals: RoHS

Color Polyester Labels (B-494)

- Adding color to labels reduces errors, increase efficiency and differentiates your lab samples
- Color printed below the label surface withstands the harshest lab environments, including liquid nitrogen, hot water baths and more
- Labels are resistant to common lab chemicals, like ethanol and xylene, when printed with the R6400 series ribbon

Service temp: -320° F to 70° F
Agency approvals: RoHS

Sterilization Indicating Labels (B-7425-AC)

- Pre-printed STERILIZED header indicates steam sterilization when autoclaved at 250.7° F (121.5° C) for 10 minutes
- Labels withstand temperature ranges from -320° F to 248° F (-196° C to 121° C)
- For use in LN2, freezers, autoclave and hot water baths
- Chemical resistance to ethanol, DMSO, IPS, short-term xylene, 10% formalin, 50% acetic acid and toluene

Service temp: -112° F to 158° F
Agency approvals: RoHS

B30- and B33-Series Materials

BradyID.com/s36

Cryogenic Tube and Vial Labels (B-461, B-490, B-492 and B-7425)

FreezerBondz™ labels can be applied to room temperature or already frozen samples, with a small overlap. The label remains legible and will stick to the tube during processing, even when immersed in liquid or vapor-phase nitrogen and ultra-low temperature freezer storage.

- B-461 Self-Laminating Polyester: Ultra-thin label with clear overlaminate tail that protects print and allows liquid levels to be visible
- B-490 Polyester: Adhere to already frozen tubes and vials when wrapped around itself by at least 0.125 inch
- B-492 Polyester: Ultra-thin label for frosted, frozen or room temperature vials, tubes and canes. Superior chemical and abrasion resistance
- B-7425 Polypropylene: Ideal for labeling dry, room temperature specimen containers. Material withstands temperature ranges from -320° F to 248° F (-196° C to 121° C). Chemical resistance to ethanol, DMSO, IPS, short-term xylene, 10% formalin, 50% acetic acid and toluene

B-461: Service temp: -321° F to 230° F *Agency approvals:* RoHS
B-490: Service temp: -320° F to 366° F *Agency approvals:* RoHS
B-492: Service temp: -320° F to 230° F *Agency approvals:* RoHS
B-7425: Service temp: -112° F to 158° F *Agency approvals:* RoHS

**All supplies listed are compatible with the following printers unless otherwise noted: BradyPrinter S3000, S3100, i3300, BBP®30, BBP®31, BBP®33, BBP®35 and BBP®37 printers.*

Centrifuge and PCR Tube Labels (B-499 and B-7425)

Designed with ultra-thin material that prevents vials from jamming in centrifuges or racks, these labels withstand harsh temperatures and chemicals without falling off, fading or smearing.

- B-499 Nylon Cloth: White nylon cloth for easy handling and conformability
- B-7425 Polypropylene: Moderate chemical resistance, ideal for labeling dry, room temperature specimen containers that withstand temperature ranges from -320° F to 248° F (-196° C to 121° C). Chemical resistance to ethanol, DMSO, IPS, short-term xylene, 10% formalin, 50% acetic acid and toluene

B-499: Service temp: -40° F to 194° F *Agency approvals:* UL RoHS SP
B-7425: Service temp: -112° F to 158° F *Agency approvals:* RoHS

Microscope Slide Labels (B-481)

- StainerBondz™ polyester material is designed to identify slides and to resist exposure to harsh chemicals during the slide-staining process
- Performs well in stains such as hematoxylin and eosin
- Extreme chemical resistance withstands the rigors of typical deparaffinization, including ethanol, xylene and H&E staining processes

Service temp: -112° F to 266° F
Agency approvals: RoHS

Dissolvable Paper Labels (B-403)

- Designed for temporary applications where easy removal, re-identification or waste reduction are valued
- Ideal for labeling vials, tubes or general glassware, temporary asset tracking, animal housing identification and general use
- Completely dissolves in warm water within 30 seconds, leaving no adhesive residue

Service temp: -40° F to 172° F

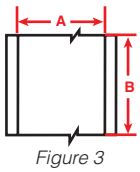

Figure 3

Dissolves within 30 seconds leaving no residue.

Well and Microplate Labels (B-490, B-499)

- Designed with a short height and long width to fit the necessary information on the plate
- B-490 Polyester: White FreezerBondz label ideal for flat frozen surfaces
- B-499 Nylon Cloth: Thick white nylon cloth with permanent adhesive provides easy handling and conformability
- B-7425 Polypropylene: Moderate chemical resistance, ideal for labeling dry, room temperature specimen containers

B-490: Service temp: -320° F to 366° F *Agency approvals:* RoHS
B-499: Service temp: -40° F to 194° F *Agency approvals:* UL RoHS CSA
B-7425: Service temp: -112° F to 158° F *Agency approvals:* RoHS

General Identification for Laboratory Storage, Equipment and Safety Labels (B-499, B-595, B-7569)

- Super-strong adhesives and colors ideal for marking laboratory equipment, containers, hoses and lab storage cabinets, shelves and drawers
- GHS labels available for marking chemicals in the lab and shipment boxes when collaborating with other labs
- Pre-printed sign header labels make your safety and housekeeping reminders stand out and stay put

B-499: Service temp: -40° F to 193° F *Agency approvals:* UL RoHS CSA
B-595: Service temp: -40° F to 180° F *Agency approvals:* RoHS
B-7569: Service temp: -4° F to 167° F

B30-Series Supply Kits

for BradyPrinter S3000, S3100, i3300, BBP®30, BBP®31, BBP®33, BBP®35 and BBP®37 printers

Get started right and save a little, too, with a Brady supply starter kit. These kits contain the most commonly used labels and ribbons to ensure you have what you need to get going on your projects.

Basic Supply Starter Kit

Kit includes:

(1) B30C-4000-595-YL - 4 in. yellow vinyl
(1) B30C-4000-595-WT - 4 in. white vinyl
(1) B30C-2250-595-RD - 2.25 in. red vinyl
(1) B30-R10000 - Black print ribbon
(1) B30-R10000-WT - White print ribbon

Catalog #	Description
146069	Basic Supply Starter Kit - Small

Printer sold separately.

Gauge Label Supply Kit for BBP37 Printer*

Kit includes:

(2) B30C-4000-595-WT - 4 in. white vinyl
(2) B30-R10000-GR-8 - Green / red paneled print ribbon; 8 in. panel length

Catalog #	Description
146070	Gauge Label Supply Kit - Small

** BBP37 printer required to cut gauge label. Printer sold separately.*

Arc Flash Supply Kit

Large kit includes:

(2) B30-25-595-ANSIWA - 4 in. x 6 in. B-595 ANSI warning header
(1) B30-241-595-ANSIWA - 2.25 in. x 3 in. B-595 ANSI warning header
(1) B30EP-174-593-WT - 1 in. x 4 in. B-593 white raised panel label
(1) B30C-2250-595-OR - 2.25 in. B-595 orange vinyl
(3) B30-R10000 - Black print ribbon

Small kit includes:

(2) B30-25-595-ANSIWA - 4 in. x 6 in. ANSI warning header
(1) B30-R10000 - Black print ribbon

Catalog #	Description
142061	Arc Flash Supply Kit - Large
146071	Arc Flash Supply Kit - Small
S3100W-ARC-KIT	BradyPrinter S3100 w/ Large Arc Flash Supply Kit

Printer sold separately unless otherwise noted.

GHS Supply Kit

Large kit includes:

(1) B30-262-7569-CLP4B - 4 in. x 6 in. four-diamond GHS label
(2) B30-261-7569-CLP4B - 3 in. x 4 in. four-diamond GHS label
(1) B30-260-7569-CLP4B - 2 in. x 3 in. four-diamond GHS label
(3) B30-R10000 - Black print ribbon

Small kit includes:

(2) B30-262-7569-CLP4B - 4 in. x 6 in. four-diamond GHS label
(1) B30-R10000 - Black print ribbon

Catalog #	Description
146072	GHS Supply Kit - Large
146073	GHS Supply Kit - Small
S3100W-GHS-KIT	BradyPrinter S3100 w/ Large GHS Supply Kit

Printer sold separately unless otherwise noted.

Safety and Compliance Supply Kit

Kit includes:

- (1) B30-25-595-ANSIDA - 4 in. x 6 in. B-595 ANSI danger header
- (1) B30-25-595-ANSIWA - 4 in. x 6 in. B-595 ANSI warning header
- (1) B30-25-595-ANSICA - 4 in. x 6 in. B-595 ANSI caution header
- (1) B30-25-595-ANSINO - 4 in. x 6 in. B-595 ANSI notice header
- (1) B30C-4000-526 - 4 in. B-526 photoluminescent
- (1) B30-263-595-NFPA - 4 in. x 6 in. B-595 NFPA right to know diamond
- (2) B30-R10000 - Black print ribbon
- (1) B30-R10000-RD - Red print ribbon

Catalog #	Description
142062	Safety Supply Kit - Large
S3100W-SAFE-KIT	BradyPrinter S3100 w/ Safety Supply Kit

Printer sold separately unless otherwise noted.

Lean / 5S Visual Workplace Supply Kit

Kit includes:

- (1) B30C-4000-595-WT - 4 in. B-595 white vinyl
- (1) B30C-2250-595-WT - 2.25 in. B-595 white vinyl
- (1) B30C-4000-595-YL - 4 in. B-595 yellow vinyl
- (1) B30C-2250-595-YL - 2.25 in. B-595 yellow vinyl
- (1) B30C-2250-581-WT - 2.25 in. B-581 repositionable vinyl
- (1) B30C-1125-581-WT - 1.125 in. B-581 repositionable vinyl
- (1) B30C-2500-509-WT - 2.25 in. magnetic vinyl
- (1) 142133 - Blank valve tag variety pack
- (1) B30-219-595-BLNKWT - Die-cut labels for valve tags
- (1) B30-25-595-ANSIWA - 4 in. x 6 in. B-595 caution header
- (2) B30-R10000 - Black print ribbon

B30-Series Print Ribbons

for BradyPrinter S3000, S3100, i3300, BBP®30, BBP®31, BBP®33, BBP®35 and BBP®37 printers

- Tough, smear-proof ribbons that produce long-lasting printed text and can withstand years in industrial areas and outdoor conditions
- Self-contained cartridges drop straight into printer with a click – no calibrating, threading, wasted feeding and the ink will always be facing the right direction
- Printer notifies user if installed ribbon is not recommended for installed labels

Drop and click print ribbons for 5-second ribbon supply changes

Single-Color Print Ribbons

- Solid color ribbons for printing a single color onto a label
- Can be used for printing multi-color labels on BBP35 or BBP37 printers if a paneled multi-color ribbon is not on hand
- All ribbons 4.330 in. x 200 ft. (101.9 mm x 60.9 m)

Fits Printers	Catalog #	Color

BBP®85 Sign and Label Printer

BradyID.com/s36

BRADY360° 5 YEAR WARRANTY

BBP®85
SIGN & LABEL PRINTER

There's big and bold. Then there's big and bold from Brady.

The BBP85 Sign and Label Printer allows you to create extra-large 10 inch labels in multiple colors, and it has an easier-than-ever interface that anyone on your team can use. No more complex, tedious design steps. Now you can just walk up and print – anyone can do it.

Big Output. Little Fuss.

Create custom signs and labels right now. This printer has our fastest, easiest operating system, so anyone on your team can design visuals with little to no training. The ideal printer for multi-user lean / 5S and kaizen labeling events.

- Unmistakably large visuals up to 10 in. wide
- Just walk up and print – it really is that easy
- Simple touchscreen interface for standalone use, including label design apps to quickly create safety signs, pipe markers, GHS, arc flash, right-to-know labels and more
- Connect to your PC to print labels created through Brady Workstation apps
- USB port for importing files, fonts and graphics

BBP®85 Sign and Label Printer

Printer specifications	
Overview	10 in. standalone and PC-connect printer for SFID with multi-color printing. Particularly popular for any large labeling needs. The ultimate in easy and accessible with multiple colors for larger output
Applications	Larger output of equipment labels, GHS labels, safety signs and multi-color labels
Label materials	Extremely agressive 8-10 year outdoor vinyl with high tack and chemical resistance, plus reflective, 10-hour glow-in-the-dark and polyester.
Label formats	Continuous tapes, pre-printed and blank die-cut labels
Print technology	Thermal transfer
Print resolution	300 dpi
Print speed	1 in./sec.
Media widths	4 to 10 in.
Min. label dimension	4 in.
Color printing capabilities	Monocolor and multi-color printing
Auto cut-off	Yes
X-Y plotter cutting (cutout shapes / text)	No
PC-connect or standalone operation	Standalone and PC-connect printing
Connectivity options	Standard: USB, Ethernet Optional: Wi-Fi, Wi-Fi Direct
Compatible software	Brady Workstation Apps
Compatible materials	B85-series and PowerMark materials
Compatible ribbons	B85-series and Powermark ribbons
Calibration required	No (no waste)
Label creation and set-up	Automatic (printer or PC software reads data on chip and automatically sets up label size, color, fonts, etc.)
Ribbon and label roll installation	**Labels:** Supplied in cartridge, drops into place, 15-second changeover **Ribbon:** Supplied in cartridge, snaps into place, 5-second changeover
Warranty	5 years

** Patent No. 8,542,155; 8,783,983. Additional patents pending.*

Brady Workstation Safety and Facility ID Suite

Brady Workstation has revolutionized how you design and print labels from your PC. When paired with the high-performance printing capabilities of a Brady printer, you get intuitive label set up for simple, efficient and flexible label creation.

This suite features:

- A collection of applications for creating the custom signs, labels and pipe markers you need to add visual safety guidance to your facility
- The ability to serialize and import your data onto the labels
- Real-time information about the label material installed, enabling easy label set up
- Built-in regulations, standards, pictograms, common phrases, data importation guidance, help functions and more

Learn more on page 176 or download a free trial at Workstation.BradyID.com

Brady360® 5-year Warranty

We stand behind our products and have strengthened our commitment to you with a **5-year printer warranty standard and free of charge** on our benchtop printer models.* With our team of certified tech support and repair technicians, you can rest easy knowing you have the support you need, every step of the way.

**Excludes repairs due to negligence. Excludes Wraptor™, BradyJet and portable models. For full coverage details and restrictions, visit BradyID.com/brady360*

BBP®85 Label Materials

BradyID.com/s36

Indoor / Outdoor Grade Vinyl Tape (B-595)

- Durable, low-shrink vinyl with our most aggressive adhesive and 8-10 year outdoor durability
- Conforms to irregular, curved, rough and highly textured surfaces (painted cinder blocks and wood, textured plastics, cast-iron and paper-jacketed pipes, powder-coated surfaces)

Service temp: -40° F to 180° F; Application temp: 0° F to 180° F
Average outdoor durability: 8-10 year outdoor vinyl label durability

U.S. Patent No. 5,318,370; 5,823,689; 6,570,602. Additional patents pending.

Low-Halide Polyester (B-569)

- For labeling stainless steel and smooth surfaces
- Low-halide content for labeling stainless steel surfaces
- Applies best to very smooth surfaces and is ideal for mounting to rigid panels

Service temp: -40° F to 212° F; Application temp: 0° F to 212° F
Average outdoor durability: 3-5 years

PowerMark™ Label Maker Materials

The BBP85 printer accepts many of the same materials that the PowerMark. Simply look for “BBP85” or “A” on the supply roll’s label to verify compatibility with both models.

BBP®85 Label Materials

BradyID.com/s36

Pre-Printed GHS / CLP Chemical Labels (B-7569)

- For GHS and hazard communication labeling
- Blank labels with pre-printed red diamonds save time during label printing
- 6 diamond layouts that match templates in Brady Workstation App and standalone printer app
- Indoor / outdoor vinyl withstands exposure to moisture, chemicals and handling

Service temp: -4° F to 180° F; Application temp: 50° F to 180° F
Average outdoor durability: 3-5 years

Pre-Printed Pre-Cut Blank Sign Headers (B-595, B-7569)

- For creating arc flash and safety warning labels in seconds
- Create custom, colorful safety labels using only a black ribbon
- Meet NFPA 70E, OSHA 1910.145 and ASME / ANSI Z535 standards
- Indoor / outdoor grade material conforms to rough, highly textured, and difficult to adhere to surfaces

B-595 vinyl: *Service temp: -40° F to 180° F; Application temp: 0° F to 180° F*
Average outdoor durability: 8-10 years outdoor vinyl durability

B-7569 vinyl: *Service temp: -4° F to 167° F; Application temp: 50° F to 167° F*
Average outdoor durability: Up to 3 years vinyl durability

Creating On-Demand Rigid Signs

Rigid Sign Blanks

Create your own rigid signs using printed output from your Brady printer and rigid sign panels.

Three mounding techniques to choose from:

- Mount label to a rigid sign panel using the label's pressure sensitive adhesive
- Use the BLS1255 Laminating System to laminate output to a rigid sign panel
- Mount label behind a clear acrylic sign panel using the panel's included pressure sensitive adhesive

Aluminum panels

BLS1255 Laminating System

BLS1255 laminator enables you to quickly and easily make custom rigid signs for your facility

- Mount signs to rigid panels to create signs for your facility
- Fast and easy to use
- No heat or electricity needed
- Laminate documents up to 12 in. wide

Catalog #	Description
105038	BLS1255 Laminating System
105041	12 in. x 50 ft. Double-Sided Polyester Overlaminate

Laminates documents up to 12 in. wide

BBP®85 Label Materials

BradyID.com/s36

Pre-Printed Right-To-Know Chemical Labels (B-595)

- For quickly creating NFPA and color bar labels
- Blank die-cut labels pre-printed with chemical diamonds and color bars
- Indoor / outdoor grade material withstands exposure to moisture, chemicals and handling
- Allows printer to produce 5-color chemical labels in a single print pass

Service temp: -40° F to 180° F; Application temp: 0° F to 180° F
Average outdoor durability: 8 to 10 years outdoor vinyl label durability

Fits Printers	Catalog #	B#	Legend	Label Height Inch (mm)	Label Width Inch (mm)	Labels Per Row	Labels Per Roll	Rec. Ribbon

Retro Reflective Tape (B-584)

- For highly reflective identification that shines back brightly when struck by light
- Ideal for labeling outdoor metal utility poles, pedestals, jobsite equipment and roof-top equipment especially in low light

Service temp: -40° F to 158° F; Average outdoor durability: 4 to 6 years
Application temp: 0° F to 158° F (yellow and orange), 50° F to 158° F (silver)

BradyJet J2000

COLOR LABEL PRINTER

Improve productivity and safety with color

Get the impactful color labels you need to create a safer, more efficient workplace. The BradyJet J2000 Color Label Printer is a compact on-demand, mid-volume inkjet solution for creating photo-quality color labels in a single pass, while improving efficiency and saving you money. With the BradyJet J2000 you'll benefit from:

Colorful identification – get more impactful identification with more than 16 million color options for your labels

Quick identification when you need it – efficient printing means you keep your workplace running smoothly

Savings on costs and space – get custom identification in a small footprint without the high cost of outsourced printing

Printer specifications	
Description	Full-color, high-resolution ink jet printer for creating photo-quality labels in a single pass, while reducing inventory of labeling supplies. Significantly smaller footprint than BradyJet J5000
Applications	GHS labels, pipe markers, warehouse marking, visual workplace labeling, lean / 5S labels, lockout tags, general ID Industrial ID, laboratory ID
Label material types	Inkjet receptive topcoated vinyl, polyester and tagstock
Types of labels	Continuous and die-cut labels
Print technology	Thermal inkjet
Print resolution	Up to 4800 dpi
Max print width	4 in.
Media widths	1.125 to 4.25 in.
Minimum label size	1.125 in.
Color printing capabilities	Full-color process; up to 16.7 million colors
Auto cut-off	Yes
X-Y plotter cutting	No
PC-connect or standalone operation	PC-connect only
Connectivity options	USB only
Compatible software	Brady Workstation Apps
Compatible materials	J20 series (all)
Calibration required	Required only on initial setup
Ink and label roll installation	**Labels:** Supplied as rolls, 20-second changeover **Ink:** Supplied as cartridge, 10-second changeover
Warranty	1 year*

**See BradyID.com/brady360 for coverage details.*

Brady Workstation Safety and Facility ID Suite

Brady Workstation has revolutionized how you design and print labels from your PC. When paired with the high-performance printing capabilities of a Brady printer, you get intuitive label set up for simple, efficient and flexible label creation.

This suite features:

- A collection of applications for creating the custom signs, labels and pipe markers you need to add visual safety guidance to your facility
- The ability to serialize and import your data onto the labels
- Real-time information about the label material installed, enabling easy label set up
- Built-in regulations, standards, pictograms, common phrases, data importation guidance, help functions and more

BradyJet J5000
COLOR LABEL PRINTER

High-resolution, high-speed full-color label creation

Get the impactful color labels you need to create a safer, more efficient workplace. The BradyJet J5000 Color Label Printer is an on-demand, inkjet solution for creating photo-quality color labels for indoor use in a single pass, while reducing your inventory of labeling supplies and material waste.

- 4,800 dpi print resolution for high-resolution clarity and fine detail
- Full-color photo reproduction and wide tonal range allows for labels with photos, graphics, illustrations, text, linear and 2D bar codes
- More than 16 million color possibilities with only 4 ink cartridges
- Large ink cartridges that reduce the amount of changeovers or replacements
- Fast print speeds up to 6 inches per second
- Print up to 5,000 high resolution labels per day, using only the ink and label materials needed to keep waste and inventory down
- Variety of label options with 2 to 8 inch wide continuous and die-cut materials

BradyJet J5000 Ink Cartridges

Catalog #	Description
J50-CY	Cyan
J50-MA	Magenta
J50-YL	Yellow
J50-BK	Black — cartridge contains double the volume as colors
J50-CMYK	Multi-pack — 1 each of cyan, magenta, yellow, black cartridges

Creating On-Demand Rigid Signs

Rigid Sign Blanks

Create your own rigid signs using printed output from your Brady printer and rigid sign panels.

Three mounding techniques to choose from:

- Mount label to a rigid sign panel using the label's pressure sensitive adhesive
- Use the BLS1255 Laminating System to laminate output to a rigid sign panel
- Mount label behind a clear acrylic sign panel using the panel's included pressure sensitive adhesive

BLS1255 Laminating System

BLS1255 laminator enables you to quickly and easily make custom rigid signs for your facility

- Mount signs to rigid panels to create signs for your facility
- Fast and easy to use
- No heat or electricity needed
- Laminate documents up to 12 in. wide

Catalog #	Description
105038	BLS1255 Laminating System
105041	12 in. x 50 ft. Double-Sided Polyester Overlaminate

Laminates documents up to 12 in. wide

MiniMark™ Label Materials

BradyID.com/s36

MINIMARK™
INDUSTRIAL LABEL PRINTER

The MiniMark printer has been discontinued, but Brady continues to manufacture and stock labels and ribbons for the printer.

Indoor / Outdoor Grade Vinyl (B-595)

- Conforms well to irregular, curved, rough and highly textured surfaces
- 8-10 year average outdoor durability in temperatures from -40° F to 180° F. Labels can be applied in temperatures from 0° F to 180° F
- Patent Number D481.414

GlobalMark® Label Materials

BradyID.com/s36

GLOBALMARK®2
INDUSTRIAL LABEL MAKER

The GlobalMark printer has been discontinued, but Brady continues to manufacture and stock labels and accessories for the printer.

GlobalMark2 Printer Accessories

Catalog #	Description
120994	Rolling case w/ handle and supplies pockets for benchtop printers
STYLUS-3PK	Stylus Pens (3/pk)
64MB-CF	256MB Memory Card
76811	Replacement Cutting Blade
76737	Transfer Tape (4.25 in. x 300 ft.)
20596	Grommets for Tags (100/pk)
20591	Hole Punch for Tags
81762	7 in. Nylon Cable Ties (100/pk)

Pre-Printed Blank Sign Headers (B-595)

- Allows printer to create multicolor signs fast - in a single print pass
- Headers meet NFPA 70E, OSHA 1910.145 and ASME / ANSI Z535 standards
- Indoor / outdoor grade material conforms to rough, highly textured, and "difficult to adhere to" surfaces

Service temp: -40°F to 180°F; Application temp: 0°F to 180°F
Average Outdoor Durability: 8-10 years

Indoor / Outdoor Grade Vinyl Tape (B-595)

- Conforms well to irregular, curved, rough and highly textured surfaces
- Low-shrink vinyl minimizes the amount of unsightly dust and grime buildup often found around the edges of other vinyl labeling supplies
- 8-10 year average outdoor durability in temperatures from -40° F to 180° F (-40° C to 82° C). Labels can be applied in temperatures from 0° F to 180° F

Polyester Tape (B-569)

- Continuous outdoor grade polyester
- Best choice for marking stainless steel pipes and surfaces (low halide content)
- Ultra-smooth finish excellent for mounting to rigid panels and very smooth surfaces
- Applies best to very smooth surfaces

GlobalMark® Label Materials

BradyID.com/s36

ToughStripe® Print-On-Demand Floor Labels (B-483)

- Revolutionary B-483 material has ultra aggressive adhesive
- Withstands forklift and pallet jack traffic without tearing or lifting
- Easy 3-step process: print label, position on floor, apply overlaminate
- Each roll ships with a roll of clear overlaminate which must be applied over printed label and onto appropriate surface for best performance
- Plotter-cutting shapes and text not allowed with this material

Phosphorescent Tape (B-526)

- Permanent adhesive and glows in darkness for 10 hours
- Glows brighter and longer than B-582
- Complies with indoor use requirments specified in RS 6-1 and 6-1A of New York Local Law 26
- Plotter-cutting shapes and text not allowed with this material

ToughWash® Tape (B-854, B-855)

- Withstands pressures of high heat, harsh chemicals and numerous washdown cycles
- B-854 offers metal detectable layer to detect foreign debris in food stream
- Ideal for use in the Food and Beverage industry
- Plotter-cutting shapes and text not allowed with this material

Metallized Polyester Tape (B-565)

- Permanent adhesive
- Non-cuttable supply suitable for continuous-style labels
- Cuttable supply ideal for multi-up, cut labels in basic rectangular and round shapes only. Not suitable for cut-out text or intricate shapes.

Figure 33

BRADY

Example of a Single Color Ribbon

Examples of Multi-Color Paneled Ribbons

GlobalMark2 Industrial Print Ribbons

- Super-tough smear-proof ribbons assure your printed text lasts for years outdoors and in an industrial environment
- Ribbons ship self-contained in cartridges that drop straight in the printer with a click
- No calibrating, threading, wasted feeding, hassles and the ink will always be facing the right direction
- 2- and 4-color paneled ribbons are used to print labels and signs containing more than 1 print color
- Patent D481,755

Single Color Print Ribbons

Labelizer® Plus and VersaPrinter™ Supplies

BradyID.com/s36

The Labelizer PLUS and VersaPrinter have been discontinued, but for a limited time Brady will continue to stock labels for these printers.

Labelizer® Plus Industrial Labeling System

VersaPrinter™ Label and Sign Maker

Indoor / Outdoor Vinyl Tape with Ribbon (B-595)

- Conforms well to irregular, curved or rough surfaces
- Ideal for general purpose industrial uses – stands up to grease, oil and most industrial chemicals

8-10 year average outdoor durability in temperatures from 180° F to -40° F (82° C to -40° C).
Can be applied as low as 0° F (-18° C)

BMP®21-PLUS Printer

BradyID.com/s36

BMP®21-PLUS LABEL PRINTER

Tough on the outside Smart on the inside

- Automatic label formatting for wire wraps, patch panels, terminal blocks, cable flags, circuit breaker arrays and general banner labels
- Drop-lock-and-print materials
- Passed shock and vibration testing per MIL-STD-810G Method 5.16.6 S4.6.5
- Optional rechargeable Li-Ion battery
- Continuous-only supplies in 0.25 in. to 0.75 in. widths
- 70+ label parts 10 materials types
- Label grabber holds label after cutting
- 193 symbols for electric, smart home, safety and datacomm
- 2-year warranty

Label / ribbon supply	Cartridge w/ included ribbon
Material formats supported	Continuous labels only
Media width	0.25 in. to 0.75 in.
Types of materials	Outdoor vinyl, nylon cloth wire ID, heat-shrink wire ID, self-laminating wire ID, standard polyester, chemical resistant polyester
Quantity of label parts available	70+ label parts
Cartridge series	M21-series

An affordable label and wire marker printer designed for the toolbox

Residential panel labeling

Voice and data communications

Self-laminating wire labels

PermaSleeve® wire markers

General ID labeling

Lean / 5S labels and operations ID

Indoor and Outdoor Vinyl for Safety, Facility and Lean 5S (B-595)

Continuous vinyl material is ideal for lean 5S labels, pipe markers, equipment and production area identification. These labels offer excellent resistance to oils, detergents, dirt, grime and many solvents. Permanent adhesive, very pliable, good for rough surfaces and outdoor use. 8-10 years average outdoor durability.* Temp. range: -40° F to 180° F (-40° C to 82° C). UL recognized.

Polyester Labels for Inside Panel Markings and General ID (B-423, B-430 and B-488)

High performance white or clear polyester material that is best for use on smooth, flat surfaces

- B-488 polyester is a solvent-resistant material
- B-499 nylon cloth or B-595 vinyl label materials are recommended if surface is highly textured

BMP®41 Label Printer

BradyID.com/s36

BRADY360 2 YEAR WARRANTY

BMP®41 LABEL PRINTER

One and done
BMP41 label printer does it all

A rugged, handheld labeling solution that gives you the versatility of die-cut labels and continuous labels in one printer!

- Quick-load, drop-in cartridges for quick supply change and automatic label formatting
- Fast print speed of 1.3 in. per second
- Over 100 label parts with 11 materials
- 0.75 in. sleeves and 1 in. wide continuous output
- Drop-tested, rugged industrial bumpers with a grab-and-go grip to be on the move with you
- Large graphical LCD display with backlight to see exactly what you're printing
- Rechargeable NiMH battery or AC adapter for long-lasting power supply
- Built-in wizard-style apps for wire ID, cable flags, terminal blocks, patch panels, breaker boxes and general ID

Watch the demo video at BradyID.com/bmp41

**Printer includes BMP41 printer, NiMH battery, AC adapter / charger, hard case, MC1-1000-595-WT-BK cartridge, USB cable, product and drivers CD, quick start guide and 2-year warranty.*

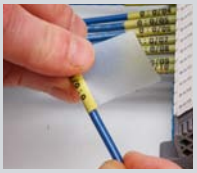

Printer specifications	
Print speed	1.30 in. / sec.
Print and color capabilities	Thermal Transfer / Monochrome
Print resolution	300 dpi
PC compatibility or standalone	Standalone and PC connect
Connectivity options	USB
Software compatibility	Brady Workstation Apps, LabelMark™ Software,
Power supply options	NiMH rechargeable battery, AC adapter
Warranty	2 years
Dimensions	6.0 in. W x 11.5 in. H x 3.6 in. D
Weight	2.1 lbs. (w/o tape, batteries)
Print features	
Screen size	13 lines x 36 characters
Backlit screen	Yes
Keyboard style	QWERTY
Max print width	1.0 in.
Font types available	(2) Brady Alpine and Brady Fixed Width
Font sizes (pts)	Custom, auto, 4, 6, 7, 9, 10, 13, 14, 16, 20, 26, 28, 32, 38, 40, 42, 45, 51, 55, 60, 65
Multi-line label capabilities	25
Label print rotation	Yes
Data serialization	Yes, multiple and linked
Barcode capabilities and types	Code 39, Code 128 and more using Brady Workstation
Memory capacity	25,000 characters up to 48 MB
Data transfer from PC	Yes
Print preview	Yes
Symbols available	450
Label supplies	
Label / ribbon supply	Cartridge w/ included ribbon
Material formats	Continuous and die-cut labels
Media width	0.25 in. to 1.0 in.
Types of materials	Outdoor vinyl, nylon cloth wire ID, heat-shrink wire ID, self-laminating wire ID, removable cloth wire ID, standard polyester, aggressive adhesive polyester, metallized polyester, non-adhesive tag, outdoor reflective
Quantity of label parts available	100+ label parts
Cartridge series	M-series up to 1 in. wide

Exceptional material variety and durability

Electrical labeling

Self-laminating wire labels

Voice and data communications

PermaSleeve® wire markers

Equipment labeling

Indoor and outdoor vinyl labels

Indoor and Outdoor Vinyl for Safety, Facility and Lean 5S (B-595)

Continuous vinyl material is ideal for lean 5S labels, pipe markers, equipment and production area identification. These labels offer excellent resistance to oils, detergents, dirt, grime and many solvents. Permanent adhesive, very pliable, good for rough surfaces and outdoor use. 8-10 years average outdoor durability.* Temp. range: -40° F to 180° F (-40° C to 82° C). UL recognized.

** Average expected outdoor life of product will depend on user definition of failure, climatic conditions, mounting techniques and material color. The 8 to 10 year outdoor durability applies to the vinyl label stock only; ribbon durability will vary.*

BMP®41 Materials

BradyID.com/s36

Bin, Storage, Reflective and General Industrial Labels (B-422, B-483, B-499, B-584 and B-595)

Several materials with an aggressive adhesive for use in commercial and industrial applications. Reflective materials can be used for low light or inclement weather conditions on outdoor utility poles and pedestals, jobsite equipment and rooftop equipment.

- **B-422 Polyester Material:** Permanent adhesive, good for powder-coated. Best on flat surfaces. Temp. range: -40° F to 212° F (-40° C to 100° C). UL recognized.
- **B-483 Polyester Material:** Permanent adhesive, good for powder-coated. Best on flat surfaces. Temp. range: -40° F to 248° F (-40° C to 120° C). UL recognized.
- **B-499 Nylon Cloth Material:** Permanent adhesive. Pliable for rough or smooth surfaces. Temp. range: -94° F to 194° F (-70° C to 90° C). UL recognized.
- **B-584 Reflective Tape:** Reflective material shines back brightly when struck by light. Meets Federal Spec L-S-300 for reflectivity. Average outdoor durability is 4-6 years. Temp. range: -40° F to 158° F (-40° C to 70° C).
- **B-595 Indoor and Outdoor Vinyl Material:** Permanent adhesive, very pliable, good for rough surfaces and outdoor use, wide range of colors. Temp. range: -40° F to 180° F (-40° C to 82° C). UL recognized.

** For additional general purpose tapes in other colors, refer to the indoor and outdoor grade facility and safety labels on page 109.*

BMP41 cartridges

The necessary print ribbons for the BMP41 Label Printer are self-contained within the label roll cartridge.

No need to order or load separate print ribbons.

Inside-Panel Component Labels for Electrical and Automation Applications (B-422, B-428, B-483, B-499 and B-595)

Variety of durable materials ideal for marking backer boards, DIN rail, relays, PLCs, switches and solenoids. Create serial or rating plates with barcodes, graphics and more with a flexible high-tack adhesive for easy and long-lasting adhesion.

- **B-422 Polyester Material:** Permanent adhesive, good for powder-coated / textured surfaces. Best on flat surfaces. Temp. range: -40° F to 212° F (-40° C to 100° C). UL recognized.
- **B-428 Metallized Polyester Material:** Permanent adhesive, silver finish. Temp. range: -40° F to 176° F (-40° C to 80° C). UL recognized.
- **B-483 Polyester Material:** Permanent adhesive, good for powder-coated / textured surfaces. Best on flat surfaces Temp. range: -40° F to 248° F (-40° C to 120° C). UL recognized.
- **B-499 Nylon Cloth Material:** Permanent adhesive. Pliable for rough or smooth surfaces. Temp. range: -94° F to 194° F (-70° C to 90° C). UL recognized.
- **B-595 Indoor and Outdoor Vinyl Material:** Permanent adhesive, very pliable, good for rough surfaces and outdoor use, wide range of colors. Temp. range: -40° F to 180° F (-40° C to 82° C). UL recognized.

BMP41 magnet accessory

The optional heavy-duty magnet accessory for BMP41 allows you to go hands free. Apply the magnet to the back of your printer and then stick it to a magnetized surface or wall.

BradyID.com/s36

Self-Laminating Vinyl Wire and Cable Labels (B-427)

Labels feature a clear, non-printable area that wraps around print-on area to protect text. Vinyl material offers superior resistance to handling, solvents, oil, grease, dirt and water. Temp. range -40° F to 158° F (-40° C to 70° C), UL recognized.

PermaSleeve® PS Polyolefin Wire Markers (B-342)

Military / industrial grade sleeves offer the ultimate in marker durability, permanence and aesthetic appearance. 3:1 heat-shrinkable markers fit snugly around wires, are fade-resistant and flame-retardant. Temp range: -67° F to 275° F (-55° C to 130° C).
RoHS compliant and UL recognized.

Meets specifications:
- SSAE-AS-23053/5
- SAE-AS-81531

Tested per:
- ASTM E162

Nylon Cloth Cable Flags (B-499)

Pre-formatted with two printable areas, allowing flag to be easily folded around wire to create a two-sided, printed flag. Nylon Cloth with permanent adhesive is pliable for rough or smooth surfaces. Temp. range: -94° F to 194° F (-70° C to 90° C). UL recognized.

Patch Panel, Punch Block, Desi Strip and Faceplate Labels (B-412 and B-422)

Create a fully formatted serialized punch block label to fit your equipment or label your ports, jacks and outlets with adhesive labels or slide-in strips.

- **B-412 Polypropylene Tags:** Non-adhesive slide-in strips
- **B-422 Polyester Material:** Permanent adhesive, good for powder-coated/textured surfaces. Temp. range: -40° F to 212° F (-40° C to 100° C). UL recognized.

BMP®51 LABEL PRINTER

Made to get the job done

Print continuous and die-cut labels up to 1.5 in. wide and with more material options.

- Ribbon and label materials in one easy-to-load cartridge
- Prints 1.18 in. per second
- 200+ label parts in 14 materials
- 1.5 in. continuous output and 1 in. sleeves available
- Material recognition and automatic label formatting
- Large, graphical display with backlight
- Durable built-in cutter with label retention
- Robust software for advanced label design
- Optional Wi-Fi card for wireless printing via a network
- Tough, durable label materials that won't fade, smear or fall off

BMP51 label printer and accessories

Catalog #	Description
BMP51	BMP51 Printer*, Rechargeable Li-Ion Battery Pack and AC Adaptor/Battery Charger
BMP51-KIT-AC	BMP51 Printer* with AC Adaptor/Battery Charger
Accessories	
M50-MAGNET	BMP50 Series Magnet Accessory
BMP-UBP	Lithium Ion Rechargeable Battery Pack
BMP-UBP-AC	Lithium Ion Rechargeable Battery Pack with AC Adaptor/Battery Charger
NET-LAN	Brady Network Card - Ethernet only
NET-Wi-Fi	Brady Network Card - Wi-Fi only
M50-HC	BMP50 Series Hard Carrying Case
BMP-SC-1	BMP50 Series Soft Carrying Case
M-AC-143110	BMP50 Series AC Adaptor/Battery Charger
M-USB-103788	BMP50 Series USB Cable
M50-BATT-TRAY	BMP50 Series Spare Battery Tray

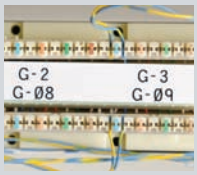

** Printer ships with hard carrying case, battery tray for AA batteries, USB cable, drivers CD, product CD, quick start guide and one MC-1500-595-WT-BK label cartridge. Network card sold separately.*

Patents applied for: 6,732,619 and 7,070,347 on printer. 6,929,415 on the PermaSleeve® wire marking cartridges. 8,542,155 on wireless and ethernet cards.

Printer specifications	
Print speed	1.18 in. / sec. (w/ AC adapter)
Print and color capabilities	Thermal Transfer / Monochrome
Print resolution	300 dpi
PC compatibility or standalone	Standalone and PC connect
Connectivity options	USB / Wi-Fi (field-installable), LAN
Software compatibility	Brady Workstation Apps, Brady Mobile Apps w/ Wi-Fi card, LabelMark™ Software
Power supply options	Li-Ion rechargeable battery, 8 AA batteries, AC adapter
Standard warranty	2 years
Dimensions	6 in. W x 10.3 in. H x 3.6 in. D
Weight	2.6 lbs. (w/o tape, batteries)
Print features	
Screen size	13 lines x 36 characters
Backlit screen	Yes
Keyboard style	QWERTY
Max print width	1.5 in.
Font types available	(2) Brady Alpine and Brady Fixed Width
Font sizes (pts)	Custom, auto, 4, 6, 7, 9, 10, 13, 14, 16, 20, 26, 28, 32, 38, 40, 42, 45, 51, 55, 60, 65, 70, 76, 102
Multi-line label capabilities	32
Label print rotation	Yes
Data serialization	Yes, multiple and linked
Barcode capabilities and types	Code 39, Code 128 and more using Brady Workstation
Memory capacity	25,000 characters up to 48 MB
Data transfer from PC	Yes
Print preview	Yes
Symbols available	450
Label supplies	
Label / ribbon supply	Cartridge w/ included ribbon
Material formats supported	Continuous and die-cut labels
Media width	0.25 in. to 1.5 in.
Types of materials	Outdoor vinyl, nylon cloth wire ID, heat-shrink wire ID, self-laminating wire ID, removable cloth wire ID, datacomm cable tags, standard polyester, aggressive adhesive polyester, metallized polyester, non-adhesive tag, outdoor reflective
Quantity of label parts available	200+ label parts
Cartridge series	M-series

Brady Workstation Software

Desktop software for your Brady Printer

Brady Workstation has revolutionized how you design and print labels from your PC. When paired with the high-performance printing capabilities of a Brady printer, you get intuitive label set up for simple, efficient and flexible label creation.

- Suites designed with you in mind, contain apps for common safety and facility label designs, product and wire label creation, printing workflows and more
- Displays real-time information about the material installed for easy label set up
- Apps feature built-in regulations, standards, pictograms, common phrases, data importation guidance, help functions and more

Learn more on page 176 or download a free trial at Workstation.BradyID.com

Brady Mobile Apps for On-The-Go Printing

We understand that you don't always have your PC with you to design labels. That's why we also offer two Brady Workstation Mobile Apps to enable you to quickly design labels on any iOS device, Android smartphone or Windows tablet, and print those labels with your BMP51 printer.*

- **Brady Workstation Mobile Text Labels** enables you to design professional text-only labels on the spot with your mobile device
- **Brady Workstation Mobile Print Partner** enables you to complete pre-defined fields with your mobile device using protected company label templates. Use Brady Workstation on a computer to create your own template and then open the template on your mobile device within the Brady Workstation Mobile Print Partner app from either a local disk (SD-card) or a cloud location, like Google Drive

Available on the iPhone App Store

ANDROID APP ON Google play

**Brady Wi-Fi network card required to connect printer to mobile device.*

Networking options

The BMP51 printer connects to your PC via the included USB cable. To avoid use of a physical cable, optional field-installable network cards are also available:

USB cable
(Included)

Ethernet only card
(Catalog#: NET-LAN)

Wi-Fi only card required if printing from mobile apps
(Catalog#: NET-WiFi)

BMP®53 label printer owners:

The BMP53 printer has been discontinued, but Brady continues to manufacture and stock label cartridges for use with your BMP53 printer.

View the following pages for available label cartridges.

BMP®51 Materials

BradyID.com/s36

Indoor and Outdoor Vinyl for Safety, Facility and Lean 5S (B-595)

Continuous vinyl material is ideal for lean 5S labels, pipe markers, equipment and production area identification. These labels offer excellent resistance to oils, detergents, dirt, grime and many solvents. Permanent adhesive, very pliable, good for rough surfaces and outdoor use. 8-10 years average outdoor durability.* Temp. range: -40° F to 180° F (-40° C to 82° C). UL recognized.

** Average expected outdoor life of product will depend on user definition of failure, climatic conditions, mounting techniques and material color. The 8-10 year outdoor durability applies to the vinyl label stock only; ribbon durability will vary.*

Inside-Panel Component Labels for Electrical, Automation and Data Centers (B-422, B-428, B-483, B-499 and B-595)

Variety of durable materials ideal for marking backer boards, DIN rail, relays, PLCs, switches and solenoids. Create serial or rating plates with barcodes, graphics and more with a flexible high-tack adhesive for easy and long-lasting adhesion.

- **B-422 Polyester Material**: Permanent adhesive, good for powder-coated and textured surfaces. Best on flat surfaces. Temp. range: -40° F to 212° F (-40° C to 100° C). UL recognized.
- **B-428 Metalized Polyester Material**: Permanent adhesive, silver finish. Temp. range: -40° F to 176° F (-40° C to 80° C). UL recognized.
- **B-483 Polyester Material**: Permanent adhesive for powder-coated and textured surfaces. Best on flat surfaces Temp. range: -40° F to 248° F (-40° C to 120° C). UL recognized.
- **B-499 Nylon Cloth Material**: Permanent adhesive. Pliable for rough or smooth surfaces. Temp. range: -94° F to 194° F (-70° C to 90° C). UL recognized.
- **B-595 Indoor / Outdoor Vinyl Material**: Permanent adhesive, very pliable, good for rough surfaces and outdoor use, wide range of colors. Temp. range: -40° F to 180° F (-40° C to 82° C). UL recognized.

Self-Laminating Vinyl Wire and Cable Labels (B-427)

Labels feature a clear, non-printable area that wraps around print-on area to protect text. Vinyl material offers superior resistance to handling, solvents, oil, grease, dirt and water. Temp. range -40° F to 158° F (-40° C to 70° C), UL recognized.

Repositionable Adhesive Vinyl Cloth Wire and Cable Labels (B-498)

Printer automatically repeats your text to fill the label for maximum readability. The adhesive and cloth backing offer excellent holding power, yet allow for clean removal and repositioning if necessary. Temp. range -40° F to 175° F (-40° C to 70° C). UL recognized.

PermaSleeve® PS Polyolefin Wire Markers (B-342)

Military / industrial grade sleeves offer the ultimate in marker durability, permanence and aesthetic appearance. 3:1 heat-shrinkable markers fit snugly around wires, are fade-resistant and flame-retardant. Temp range: -67° F to 275° F (-55° C to 130° C). RoHS compliant and UL recognized.

Meets specifications:
- SSAE-AS-23053/5
- SAE-AS-81531

Tested per:
- ASTM E162
- ASTM E662
- MIL-STD-202

Wire and Cable Flags and Tags (B-109, B-145, B-425 and B-499)

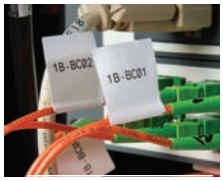

Allow more legible information on data cables and smaller diameter wires. Permits you to handle and view labels without touching the wires.

- **B-109 Non-Adhesive Polyethylene Tags:** Multi-purpose tags for identifying multi-conductor cables. Good weatherability and legibility after solvent exposure.
- **B-145 Polyethylene Tag Material:** Multi-purpose matte material for tag applications. Ideal for identifying multi-conductor cable, inventory, equipment, lockout, safety warning repair and work-in progress.
- **B-425 Polypropylene Solvent Resistant Material:** Matte white polypropylene with excellent solvent resistance and print performance; not recommended for long-term outdoor use.
- **B-499 Nylon Cloth Material:** Permanent adhesive. Pliable for rough or smooth surfaces. Temp. range: -94° F to 194° F (-70° C to 90° C). UL recognized.

Terminal Block Repositionable Adhesive Strips (B-498)

When using terminal block mode, printer can serialize and pre-space to your special thin widths to fit terminal blocks. The adhesive and cloth backing offers excellent holding power, yet allow for clean removal and repositioning if necessary. Temp. range -40° F to 175° F (-40° C to 70° C). UL recognized.

Patch Panel, Punch Block, Desi Strip and Faceplate Labels (B-412, B-422 and B-483)

Create a fully formatted serialized punch block label to fit your equipment or label your ports, jacks and outlets with adhesive labels or slide-in strips.

- **B-412 Polypropylene Tags:** Non-adhesive slide-in strips.
- **B-422 Polyester Material**: Permanent adhesive, good for powder-coated and textured surfaces. Temp. range: -40° F to 212° F (-40° C to 100° C). UL recognized.
- **B-483 Polyester Material**: Permanent adhesive for powder-coated and textured surfaces. Best on flat surfaces. Temp. range: -40° F to 248° F (-40° C to 120° C). UL recognized.

BMP51 cartridges

The necessary print ribbons for the BMP51 Label Printer are self-contained within the label roll cartridge.

No need to order or load separate print ribbons.

Polyester Labels for Rating Plates and General ID (B-422, B-428, B-432 and B-483)

Standard and metallized labels ideal for labeling rating plates, products and general industrial applications.

- **B-422 Polyester Material:** Permanent adhesive, good for powder-coated and textured surfaces. Best on flat surfaces. Temp. range: -40° F to 212° F (-40° C to 100° C). UL recognized.
- **B-428 Metalized Polyester Material:** Permanent adhesive, silver finish. Temp. range: -40° F to 176° F (-40° C to 80° C). UL recognized.
- **B-432 Polyester Material:** Durable glossy white polyester with permanent acrylic adhesive. Labels are chemical, oil and water resistant. Temp. range: -40° F to 212° F (-40° C to 100° C). UL recognized.
- **B-483 Polyester Material:** Permanent adhesive for powder-coated and textured surfaces. Best on flat surfaces Temp. range: -40° F to 248° F (-40° C to 120° C). UL recognized.

Reflective Labels (B-584)

Reflective material shines back brightly when struck by light, making it ideal for labeling outdoor utility poles, hard hats, jobsite equipment and roof-top equipment. Meets Federal Spec L-S-300 for reflectivity. Average outdoor durability is 4-6 years. Temp. range: -40° F to 158° F (-40° C to 70° C).

BMP®51 Materials

BradyID.com/s36

Bin, Storage and General Industrial Labels (B-483, B-499 and B-595)

Several materials with an aggressive adhesive for use in commercial and industrial applications.

- **B-483 Polyester Material:** Permanent adhesive for powder-coated and textured surfaces. Best on flat surfaces Temp. range: -40° F to 248° F (-40° C to 120° C). UL recognized.
- **B-499 Nylon Cloth Material:** Permanent adhesive. Pliable for rough or smooth surfaces. Temp. range: -94° F to 194° F (-70° C to 90° C). UL recognized.
- **B-595 Indoor / Outdoor Vinyl Material:** Permanent adhesive, very pliable, good for rough surfaces and outdoor use. Temp. range: -40° F to 180° F (-40° C to 82° C). UL recognized.

Cryogenic Tube, Vial and Cane Labels (B-461, B-490 and B-492)

FreezerBondz™ labels can be applied to room temperature or already frozen samples, with a small overlap. The label remains legible and will stick to the tube during processing, even when immersed in liquid- or vapor-phase nitrogen or placed in ultra-low temperature freezer storage.

- **B-461 Self-Laminating Polyester Material:** Ultra-thin polyester label with clear overlaminate tail that protects print and allows liquid levels to be visible.
- **B-490 Polyester Material:** White FreezerBondz label ideal for flat, frozen surfaces. Adheres to frozen tubes and vials when wrapped around itself by at least 0.125 inch.
- **B-492 Polyester Material:** FreezerBondz ultra-thin white polyester label for labeling of frosted/frozen or room temperature vials, tubes and canes. Superior chemical and abrasion resistance.

BMP®51 Materials

BradyID.com/s36

Microscope Slide Labels (B-481 and B-488)

StainerBondz™ Labels are designed specifically to identify slides and to resist exposure to harsh chemicals during the slide staining process. They perform well in stains such as hematoxylin and eosin.

- **B-481 StainerBondz Polyester:** White polyester with extreme chemical resistance and withstands the rigors of typical deparaffinization, including ethanol, xylene and H and E staining process.
- **B-488 StainerBondz Polyester:** White polyester with moderate chemical resistance for short-term exposure to xylene, DMSO and ethanol.

Microcentrifuge and PCR Tube Labels (B-499 and B-7425)

Designed with ultra-thin material that prevents vials from jamming in centrifuges or racks. These labels withstand harsh temperatures and chemicals without falling off, fading or smearing.

- **B-499 Nylon Cloth:** Thick white nylon cloth for easy handling and conformability.
- **B-7425 Polypropylene:** Ideal for labeling dry, room temperature specimen containers. Temp. range: -196° C to 121° C (-320° F to 248° F). Chemical resistance to ethanol, DMSO, IPS, short term xylene, 10% formalin, 50% acetic acid and toluene.

Tissue Cassette Labels (B-482 and B-498)

- **B-482 Polyester Material:** White polyester label with superior resistance to tissue processing chemicals and embedding procedures. Use with the BSP™31 Label Attachment System for pre-process tissue cassette ID.
- **B-498 Repositionable Vinyl Cloth Material:** Removable white vinyl cloth for re-identification of post-process tissue cassettes or general lab applications. Can be applied directly onto the cassettes or on top of previous label.

Color Polyester Labels (B-494)

Gloss white polyester with a color border printed on the label allows for differentiation of test specimens within user processes. Vial top labels are solid color. Resistant to common lab chemicals like ethanol and xylene.

Get the job done for less with a Printer Starter Kit

Voice and DataComm Starter Kit

Kit includes:

- Hard case, USB cable and AC power supply
- Self-laminating cable markers (M-21-427)
- Port, faceplate and general ID labels (M-30-422)
- Non-adhesive slide-in strips for punch blocks (MC-475-412)
- Rack and panel labels (MC-1000-595-YL-BK)
- 1.5 in. white label roll for general ID (MC-1500-595-WT-BK)

Catalog #	Description
BMP51-KIT-VD	Starter Kit with BMP51 Label Printer and Li-Ion Battery

Electrical ID Starter Kit

Kit includes:

- Hard case, USB cable and AC power supply
- Self-laminating wire markers (M-103-427)
- Wrap around wire markers (M-18-498)
- PermaSleeve® PS Heat-Shrink Wire Markers (M-187-1-342)
- Panel identification labels (MC-1500-595-OR-BK)
- 1.5 in. white label roll for general ID (MC-1500-595-WT-BK)

Catalog #	Description
BMP51-KIT-EL	Starter Kit with BMP51 Label Printer and Li-Ion Battery

Facility ID Starter Kit

Kit includes:

- Hard case, USB cable and AC power supply
- 1.5 in. yellow label roll with black ribbon (MC-1500-595-YL-BK)
- 1.5 in. white label roll with red ribbon (MC-1500-595-WT-RD)
- 1.5 in. green label roll with white ribbon (MC-1500-595-GN-WT)
- 1.5 in. white label roll with black ribbon (MC-1500-595-WT-BK)
- 2 in. x 1 in. labels for low surface energy labeling (M-20-483)

Catalog #	Description
BMP51-KIT-GI	Starter Kit with BMP51 Label Printer and Li-Ion Battery

Lab ID Starter Kit

Kit includes:

- Hard case, USB cable and AC power supply
- Vial and tube labels (M-156-492)
- Microplate labels (M-81-488)
- Top and side label set for vials and tubes (M-120-492)
- Removable die-cut labels for bottles, beakers, etc. (M-103-498)
- 1.5 in. white label roll for general ID (MC-1500-595-WT-BK)

BradyPrinter M611

MOBILE LABEL PRINTER

Your durable print-from-everywhere solution

The BradyPrinter M611 Mobile Printer, powered by Brady Workstation Software, combines the convenience of your mobile device with the dependable printing capabilities of a Brady printer. This complete solution provides you with a variety of time- and labor-saving advantages, including:

- **Print-from-everywhere capabilities:** Whether you're in the office or in the field, you can easily get your data and keep on printing
- **Fast-to-label software:** Create and edit labels in the field with Brady Workstation Express Labels Mobile App so you can complete the job right the first time
- **On-the-job durability:** Keep printing all day with the long-lasting battery and rugged design
- **Industry-tested materials:** Complete your identification jobs with materials that last

BradyPrinter M611 printer and accessories

Catalog #	Description
M611-AM-BT-W	BradyPrinter M611 Bluetooth / Wi-Fi AC*
M611-BC-KIT1**	BradyPrinter M611* with (1) R6010 ribbon and (2) rolls of 1 in. x 2 in. B-432 labels
BMP-MAGNET-2	Magnet for BradyPrinter M611
BMP-HC-2	Hard case for BradyPrinter M611
BMP-PACK-2	Sling pack for BradyPrinter M611
BMP-STRAP-1	Carrying strap
BMP-SC-2	Soft case
M-AC-143110	AC adapter and battery charger
PCK-5	Cleaning kit 5-pack

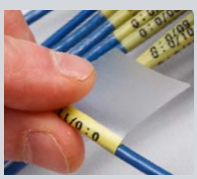

** Printer ships with AC adapter / battery charger, USB 2.0 cable, utility strap, PTL-97-488 label material, M61-R4310 ribbon and USB flash drive with product information.*

Printer requires the Brady Workstation Express Labels Mobile App or Brady Workstation Desktop Software (free downloads)

Printer specifications	
Print speed	1.33 in. / sec.
Print and color capabilities	Thermal Transfer / Monochrome
Print resolution	300 dpi
PC compatibility or standalone	Peripheral only, no keyboard
Connectivity options	Bluetooth, Wi-Fi, USB 2.0
Software compatibility	Required. Brady Workstation Express Labels Mobile App (IOS / Android) or Brady Workstation Desktop
Power supply options	Rechargeable Li-Ion, AC power / battery charger / car charger
Standard warranty	2 years
Dimensions	10.974 in. L x 4.459 in. W x 4.553 in. H
Weight	3.52 lbs. (with supplied media and ribbon)
Print features	
Screen size	Custom LCD, color, 3.5 in. QVGA
Backlit screen	Yes
Keyboard style	None
Max print width	1.92 in.
Font types available	Driven by software
Font sizes (pts)	Driven by software
Multi-line label capabilities	Driven by software
Label print rotation	Driven by software
Data serialization	Driven by software
Barcode capabilities and types	Driven by software
Memory capacity	512 MB RAM / 256 MB Flash
Data transfer from PC	Driven by software
Print preview	No
Symbols available	Driven by software
Label supplies	
Label / ribbon supply	Separate label roll and ribbon cartridges
Material formats supported	Continuous, die-cut labels and custom
Media width	0.235 to 2.00 in.
Types of materials	General purpose industrial vinyl, heat-shrink wire ID, self-laminating wire ID, removable cloth wire ID, datacomm cable tags, standard polyester, aggressive adhesive polyester, metallized polyester non-adhesive tag, polyimide / electronics materials, tamper resistant materials, raised panel labels (engraved plate alternative)
Quantity of label parts available	600+ label parts and customs
Cartridge series	BPTL, BPTDS, BPSPT, BPTLTB, PTL, PSHT, PTLEP, PTS, PTLFP, PSPT, PTPSL, PSFR, PTPS, PTLSL, BM71, BM61, M61, M61C, custom available

Keep printing everywhere

Forget the days of wasting time driving back and forth between the office and the jobsite to get new labels for every identification project. The complete BradyPrinter M611 Mobile Label Printer and Brady Workstation Software solution bridges the printing gap between the office and the field. With this combination of mobile software and mobile print connectivity, you get the freedom to push data from the office to the field so your field engineers have everything they need to complete the task at hand. After the job is complete, rely on the high performance of Brady materials to provide long-lasting identification.

Your one-stop shop for mobile printing

The Brady Workstation Express Labels Mobile App makes mobile printing convenient and simple. This intuitively designed software integrates touchscreen technology for fast and easy label creation, including label resizing using touch and a native keyboard for more natural typing. To make label creation even more convenient, the app features auto-save capabilities, tools to help you easily enter data onto your label and easy-to-use editing tools to keep labeling projects moving smoothly.

BradyPrinter M611 Sling Pack

(Catalog Number: BMP-PACK-2)

This convenient carryall can be used as a full on-the-go print station – with compartments sized to fit your phone, materials and cords so you can keep everything you need together.

BMP®61 Label Printer

BradyID.com/s36

BRADY360 2 YEAR WARRANTY

BMP®61 LABEL PRINTER

Performance that matches your own

The BMP61 Label Printer is designed for quick and efficient identification of wires, cables and components.

- Simple user interface with easy menu, cursor and label navigation
- Large, color touchscreen display to see exactly what the label is going to look like before it's printed
- Die-cut, continuous and custom label supplies up to 2 in. wide (51 mm)
- Data connectivity with a USB 2.0 port (Type A and B) and a USB flash drive so users can save, import and export label files, lists and graphics
- Rugged design with rubber bumpers and tested to survive a 4-foot drop
- Power options include rechargeable NiMH battery or AC power to keep you printing wherever you go

Brady Workstation Software

Desktop software for your Brady Printer

Brady Workstation has revolutionized how you design and print labels from your PC. When paired with the high-performance printing capabilities of a Brady printer, you get intuitive label set up for simple, efficient and flexible label creation.

- Suites designed with you in mind, contain apps for common safety and facility label designs, product and wire label creation, printing workflows and more
- Displays real-time information about the material installed for easy label set up
- Apps feature built-in regulations, standards, pictograms, common phrases, data importation guidance, help functions and more

Available on the iPhone App Store

ANDROID APP ON Google play

Brady mobile apps for on-the-go printing

We understand that you don't always have your PC with you to design labels. That's why we also offer two Brady Workstation Mobile Apps to enable you to quickly design labels on any iOS device, Android smartphone or Windows tablet and print those labels with your BMP®61 printer (Wi-Fi model required).

- **Brady Workstation Mobile Text Labels**
  Enables you to design professional text-only labels on the spot with your mobile device.

- **Brady Workstation Mobile Print Partner**
  Enables you to complete pre-defined fields with your mobile device using protected company label templates. Simply create your template on your computer and then open the template on your mobile device within the Brady Workstation Mobile Print Partner app from either a local disk (SD-card) or a cloud location, like Google Drive.

Your TLS2200 Printing Solution:

TLS2200 label rolls ..... page 130
TLS2200 ribbons ..... page 150

TLS2200® and TLS-PC Link™ Owners:

The TLS2200 and TLS-PC Link printers have been discontinued but Brady continues to manufacture and stock label materials, ribbons and accessories for the TLS2200 printer.

1 label roll design = 3 printers*

Most TLS2200 label rolls are also compatible in the BMP61 and BMP71* label printers.

View all label rolls and compatibility on the following pages.

** Compatibility with BMP71 requires use of the black M71-media adapter and firmware1.13 or higher. View page 154 for more information.*
*** Each printer requires its own printer-specific ribbon.*

BradyID.com/s36

Wire and Cable Materials

Self-Laminating Vinyl Wire and Cable Labels (B-427)

Labels feature a clear, non-printable area that wraps around print-on area to protect text. Vinyl material offers superior resistance to abrasion, solvents, oil, grease, dirt and water. Temp. range -40° F to 158° F (-40° C to 70° C), UL recognized.

Self-Laminating Labels continue on next page.

Self-Laminating Label Heights

If you know your wire diameter or wire circumference, you can easily determine the correct label height by using the formula below:

Step 1:
wire dia.
x 3.147 (pi)
wire circumference

Step 2:
wire circumference
x 1.5
total label height needed

(Multipying by 1.5 allows the label to wrap around the wire 1.5 times)

Self-Extinguishing Polyvinylfluoride Labels (B-642)

Clear Polyvinylfluoride film with a white printable zone and a translucent overlaminating area offers excellent flexibility for wrapping around small diameter wires. Material features self-extinguishing properties and is solvent resistant.

Wire and Cable Materials

Vinyl and Nylon Cloth Wire and Cable Labels (B-498 and B-499)

- **B-498 Repositionable Vinyl Cloth:** Adhesive and cloth backing offers excellent holding power, yet allow for clean removal and repositioning if necessary. Temp. range: -40° F to 175° F (-40° C to 70° C). UL recognized
- **B-499 Nylon Cloth Material:** Permanent adhesive. Pliable for rough or smooth surfaces. Temp. range: -94° F to 194° F (-70° C to 90° C). UL recognized

High-Temperature Wire and Cable Labels (B-437)

Polyvinylfluoride material for applications where high temperature and self-extinguishing features are required. Heavy-duty performance with excellent resistance to water, oil and other fluids. Meets MIL–M-87958 Standard. Temp. range: -94° F to 275° F (-70° C to 135° C). ROHS compliant.

Non-Adhesive Polypropylene Tags (B-109 and B-412)

- **B-109 Non-Adhesive Polyethylene Tags:** Multi-purpose tags for identifying multi-conductor cables. Good weatherability and legibility after solvent exposure
- **B-412 Non-Adhesive Polypropylene Tags**: Thick polypropylene material for hardware identification. High print legibility and high tensile strength

PermaSleeve® FR Fluid-Resistant Wire Markers (B-344)

3:1 heat-shrinkable wire marking sleeves fit snugly around wires for identification and protection and offer greater resistance to harsh chemicals such as fuels, lubricants and cleaning solvents. Temp. range: -67° F to 275° F (-55° C to 135° C).

Meets specifications:
- SAE-AMS-DTL23053/6 (Class 1)
- SAE-AS-81531
- MIL-STD-202G, method 215K

Tested per:
- ASTM E162
- ASTM E662
- MIL-STD-202G

Wire and Cable Materials

PermaSleeve® PS Polyolefin Wire Markers (B-342)

Military / industrial grade sleeves offer the ultimate in marker durability, permanence and aesthetic appearance. 3:1 heat-shrinkable markers fit snugly around wires, are fade-resistant and flame-retardant. Temp range: -67° F to 275° F (-55° C to 130° C). RoHS compliant and UL recognized.

Meets specifications:
- SSAE-AS-23053/5
- SAE-AS-81531

Tested per:
- ASTM E162
- ASTM E662
- MIL-STD-202

Wire and Cable Materials

PermaSleeve® PSHT High-Heat Wire Markers (B-345)

2:1 heat-shrinkable wire marking sleeves specifically designed for high-temperature and low-vacuum outgassing applications. Made from irradiated high-temperature PVDF. Temp. range: -67° F to 437° F (-55° C to 225° C). RoHS compliant and UL recognized.

Meets specifications:
- NASA SP-R-0022A Outgassing Performance
- SAE-AS-81531
- MIL-STD-202

Tested per:
- SAE-AMS-DTL-23053/18, Class 2
- ASTM E162
- ASTM E662

Wire and Cable Materials

Terminal Block and Patch Panel Adhesive Strips (B-422, B-428, B-430, B-483 and B-498)

When using terminal block mode, printer can serialize and pre-space to your special thin widths to fit terminal blocks.

- **B-422 Glossy Polyester Material:** Permanent adhesive, good for powder-coated and textured surfaces. Best on flat surfaces. Temp. range: -40° F to 212° F (-40° C to 100° C). UL recognized
- **B-428 Metallized Polyester Material:** Permanent adhesive, silver finish. Temp. range: -40° F to 176° F (-40° C to 80° C). UL recognized
- **B-430 Clear Glossy Polyester Material:** Translucent, high performance polyester material with a glossy finish. Non-colored label with permanent adhesive. Good for general purpose thermal transfer printing
- **B-483 Polyester Material:** Permanent adhesive for powder-coated and textured surfaces. Best on flat surfaces. Temp. range: -40° F to 248° F (-40° C to 120° C). UL recognized
- **B-498 Repositionable Vinyl Cloth:** Aadhesive and cloth backing offers excellent holding power, yet allow for clean removal and repositioning if necessary. Temp. range -40° F to 175° F (-40° C to 70° C). UL recognized

Raised Panel Materials

Raised Panel and Push-Button Labels (B-593)

Glossy, foam-backed polyester with permanent adhesive and solvent resistance makes them a great replacement for engraved tags. Ideal for external push buttons, switches and internal connection points. Total label thickness: 0.0256 in. (0.650 mm). RoHS compliant and UL approved.

Due to the rigid nature of B-593 material, labels feed into the printer through the bulk media slot at the top.

Asset Tracking Materials

Metallized Asset Tracking Labels (B-428, B-435 and B-486)

- **B-428 Metallized Polyester Material:** Permanent adhesive, silver finish. Temp. range: -40° F to 176° F (-40° C to 80° C). UL recognized
- **B-435 Glossy Metallized Polyester Material:** Withstands numerous solvents and variable temps. Ideal for serial and rating plate applications with name-plate quality and a metal looking finish
- **B-486 Ultra-Aggressive Metallized Polyester Material:** High adhesion to textured metals, powder-coated surfaces and low-surface energy plastics. Withstands numerous solvents and variable temps
- **B-8591 Outdoor Polyester Material:** Permanent adhesive, 12-year outdoor durability, resists UV, abrasion and fluids

Asset Tracking Materials

Non-Metallized Asset Tracking Labels (B-422, B-423, B-430 and B-483)

- **B-422 Polyester Material:** Permanent adhesive, good for powder-coated and textured surfaces. Temp. range: -40° F to 212° F (-40° C to 100° C). UL recognized
- **B-423 Glossy White Polyester Material:** UL recognized for outdoor use on glass, thermoset polyester plastic and polyvinyl fluoride plastic
- **B-430 Clear Polyester Material:** High-performance glossy polyester material with permanent adhesive. Good for general purpose thermal transfer printing
- **B-483 Ultra-Aggressive Polyester Material:** Permanent adhesive for powder-coated and textured surfaces. Temp. range: -40° F to 248° F (-40° C to 120° C). UL recognized
- **B-8459 Polyester Material:** Permanent adhesive, excellent resistance to most chemicals, oils and water. Temp. range: -40° F to 212° F (-40° C to 100° C). UL recognized
- **B-8591 Outdoor Polyester Material:** Permanent adhesive, 12-year outdoor durability, resists UV, abrasion and fluids

Circuit Board Materials

Static Dissipative Labels (B-473, B-717, B-718 and B-719)

Low-profile polyimide and polyester materials that have static dissipative properties. Primarily used for circuit board and electronic components labeling.

- **B-473 Electrostatic Dissipative Polyester Material:** White glossy polyester with a permanent static dissipative adhesive and liner
- **B-717 Electrostatic Dissipative Polyimide Material:** High-temperature white glossy polyimide material (2 mil) with a permanent static dissipative adhesive and liner for PCB identification
- **B-718 Glossy Low Profile Electrostatic Dissipative Polyimide Material:** High-temperature, low-profile white glossy polyimide material (1 mil) with a permanent static dissipative adhesive and liner for PCB identification
- **B-719 Matte Low-Profile Electrostatic Dissipative Polyimide Material:** High-temperature, low-profile white matte polyimide material (1 mil) with a permanent static dissipative adhesive and liner

Circuit Board Materials

High-Temperature Polyimide Labels (B-724 and B-727)

Low-profile polyimide and polyester materials that have static dissipative properties. Primarily used for circuit board and electronic component labeling.

- **B-724 Amber Polyimide Material:** Matte polyimide with permanent adhesive; can survive on the top or bottom side of PCBs through the solder process
- **B-727 White Polyimide Material:** Glossy polyimide with permanent adhesive; withstands wave solder environments for printed circuit board and electronic component preprocess labeling

Bulk parts for high volume printing

Bulk label parts offer a cost-effective solution for high volume printing with the BMP®61 printer. Look for material catalog numbers that begin with “BM71-” or “BPTL”.

**Bulk label printing requires the media feeder and smart cell spool which are included in the bulk material packaging.*

BradyID.com/s36

General ID Materials

General ID Polyester Labels (B-432, B-459, B-488 and B-489)

- **B-432 Clear Polyester Material:** High-performance glossy polyester, good adherence for rough surface applications.
- **B-459 Permanent Polyester Material**: White matte polyester with permanent adhesive
- **B-488 Ultra-Aggressive Polyester Material**: White matte polyester with an aggressive adhesive
- **B-489 Ultra-Aggressive Polyester Material:** White matte polyester with an aggressive adhesive

Paper Labels (B-424)

White paper material with matte finish. Good contrast and smear resistance for thermal barcode printing. Used for general purpose labeling applications.

General ID Materials

General ID Vinyl Labels (B-439 and B-595)

Ideal for applications needing various colors such as lean / 5S, pipe markers, equipment and production area identification.

- **B-439 Vinyl:** Designed for use in ambient conditions with limited solvent exposure
- **B-595 Indoor / Outdoor Vinyl**: High-performance vinyl with permanent adhesive is very pliable and good for rough surfaces and outdoor use. 8-10 years average outdoor durability* Temp. range: -40° F to 180° F (-40° C to 82° C). UL recognized.

** Average expected outdoor life of product will depend on user definition of failure, climatic conditions, mounting techniques and material color. The 8-10 year outdoor durability applies to the label stock only; ribbon durability will vary. Refer to the Technical Data Sheet at BradyID.com for performance characteristics.*

BradyPrinter M611 / BMP®61 Materials

BradyID.com/s36

General ID Materials

Reflective Material (B-584)

Reflective material shines back brightly when struck by light, making it ideal for labeling outdoor utility poles, hard hats, jobsite equipment and roof-top equipment. Meets Federal Spec L-S-300 for reflectivity. Average outdoor durability is 4-6 years.* Temp. range: -40° F to 158° F (-40° C to 70° C).

Tamper-Indicating Labels (B-351, B-7546 and B-7576)

- **B-351 Destructible Vinyl Material:** Destructible vinyl material prohibits one piece removal of label to indicate if the label has been tampered with
- **B-7546 VOID Footprint Polyester Material:** Glossy white polyester leaves a "VOID" footprint when the label is removed to prevent it from being reused
- **B-7576 Metallized VOID Polyester Material:** Matte white polyester leaves a "VOID" pattern will appear on the top surface of the label to prevent reuse

Water-Dissolvable Paper Labels (B-403)

Labels completely dissolve in warm water within 30 seconds, leaving no adhesive residue, eliminating labor required for label removal and allows for easy re-identification.

Laboratory Materials

Color Polyester Labels (B-494)

Glossy white polyester with a color border printed on the label allows for differentiation of test specimens within user processes. Vial top labels are solid color. Material is resistant to common lab chemicals such as ethanol and xylene.

Nylon Cloth Lab Labels (B-499)

White nylon cloth designed for easy handling and conformability to tubes and vials. These labels withstand harsh temperatures and chemicals without falling off, fading or smearing.

Polypropylene Lab Labels (B-7425)

Material features moderate chemical resistance and is ideal for labeling dry, room temperature specimen containers. Chemical resistance to ethanol, DMSO, IPS, short term xylene, 10% formalin, 50% acetic acid and toluene. Temp. range: -196° C to 121° C (-320° F to 248° F).

BradyPrinter M611 and BMP61 Print Ribbons

Print ribbons are supplied in cartridge form and easily fit into the side of the printer and do not unravel or roll away when outside the printer.

Using the correct material and ribbon pair is critical in creating durable, long-lasting and smear-proof print. Use the ribbon compatibility guide on the next page to help determine which ribbon is best suited for your label material.

Fits Printers	Catalog #	Color	Description	Ribbon Size

How many labels can be printed per ribbon?

Have you ever wondered approximately how many labels you can print from one BMP61 ribbon? Try this formula:

Note: Our standard ribbons are 900 in. (75 ft.) long.

Step 1: label height + 0.10 = X
Step 2: 900 inches ÷ X = total labels per ribbon

Example: PLT-19-422 is a 1.0 inch tall label
1.0 inch label height + 0.10 = 1.10
900 inches ÷ 1.10 = 818 labels per ribbon

TLS®2200 Print Ribbons

Although the TLS2200 and the BMP61 share label rolls, each printer requires its own printer-specific ribbon.

Fits Printers	Catalog #	Color	Description	Ribbon Size
TLS2200 Only	R4310	Black	R4300 Series	2 in. x 75 ft. (50.8 mm x 22.85 m)

BMP®71 Label Printer

BradyID.com/s36

BRADY360 2 YEAR WARRANTY

BMP®71 LABEL PRINTER

Thousands of applications
Hundreds of labels
One label printer

The most versatile portable printer in our offering. Painless setup, robust label offering and intuitive interface come together in our top-of-the-line portable printer.

Watch the demo video at BradyID.com/bmp71

Your complete printing solution:

BMP71 label rolls ..... page 154
BMP71 print ribbons ..... page 170

Text and print options:

- 100's of symbols
- Reverse print
- Subscripts
- Auto font size
- Barcodes
- Serialization
- Time and date stamps
- Underline
- Italics and bold
- Vertical printing
- And more

BMP71 label printer and accessories

Catalog #	Description
BMP71	BMP71 Printer*
BMP71-QC	BMP71 Printer* w/ Quick Charger
BMP71-SC	BMP71 Printer* w/ Soft Case
BMP71-SC-QC	BMP71 Printer* w/ Soft Case and Quick Charger
M-AC-143110	BMP71 AC / Battery Adapter
M71-ADAPT-BK	Media Adapter
M71-BATT	BMP71 Battery Pack

M71-CLEAN	BMP71 Cleaning Kit
M71-HC	BMP71 Hardcase
M71-QC	BMP71 Quick Charger
BMP-SC-3	BMP71 Soft Case

**Printer ships with hardcase, charger / AC adapter, (1) roll of 1.0 x 1.5 in. white die-cut labels, (1) black ribbon cartridge, media adapter, rechargeable battery, USB cable, quickstart guide, drivers CD, users guide, tutorial and 2-year limited warranty.*

U.S. Patent No. 7,999,836; 8,328,442; 8,333,524.

Printer specifications	
Print speed	1.5 in. / sec
Print and color capabilities	Thermal Transfer / Monochrome
Print resolution	300 dpi
PC compatibility or standalone	Standalone and PC connect
Connectivity options	USB Port B
Software compatibility	Brady Workstation Apps, LabelMark™ Software
Power supply options	NiMH battery, AC adapter
Standard warranty	2 years
Dimensions	9.5 in. W x 13.0 in. H x 4.6 in. D
Weight	4.9 lbs. (w/o tape, batteries)
Print features	
Screen size	LCD, Color, 3.5 in. QVGA
Backlit screen	Yes
Keyboard style	QWERTY, Number Keypad
Max print width	1.92 in.
Font types available	(2) Brady Alpine and Brady Fixed Width
Font sizes (pts)	4 through 174, autosizing
Multi-line label capabilities	25
Label print rotation	Yes
Data serialization	Yes, multiple and linked
Barcode capabilities and types	Code 39, Code 128 and more using Brady Workstation
Memory capacity	200 MB
Data transfer from PC	Yes
Print preview	Yes
Symbols available	500+
Label supplies	
Label / ribbon supply	Separate label roll and ribbon cartridges
Material formats supported	Continuous, die-cut labels and custom
Media width	0.235 to 2.00 in.
Types of materials	Outdoor vinyl, nylon cloth wire ID, heat-shrink wire ID, self-laminating wire ID, removable cloth wire ID, Tedlar wire ID, datacomm cable tags, standard polyester, aggressive adhesive polyester, metallized polyester, non-adhesive tag, polyimide / electronics materials, tamper resistant materials, outdoor reflective, glow-in-the-dark, ToughStripe floor tape, ToughWash, repositionable vinyl, raised panel labels (engraved plate alternative)
Quantity of label parts available	300+ label parts and customs
Cartridge series	M71 series, BM71, PTL series with adapter and some BMP61 labels with adapter (TLS and BMP61 ribbons not compatible)

The one way to faster, easier label printing

Electrical labeling

Voice and data communications

Rating plates and general ID

PermaSleeve® wire markers

Self-laminating labels

Safety labels and more

Brady Workstation Software

Desktop software for your Brady Printer

Brady Workstation has revolutionized how you design and print labels from your PC. When paired with the high-performance printing capabilities of a Brady printer, you get intuitive label set up for simple, efficient and flexible label creation.

- Suites designed with you in mind, contain apps for common safety and facility label designs, product and wire label creation, printing workflows and more
- Displays real-time information about the material installed for easy label set up
- Apps feature built-in regulations, standards, pictograms, common phrases, data importation guidance, help functions and more

Learn more on page 176 or download a free trial at Workstation.BradyID.com

Expand your label options with the BMP71 media adapter

Your BMP71 printer includes a black media adapter that allows you to convert many BMP®61 label rolls to fit your BMP71 printer.
(Requires BMP71 printer firmware upgrade 1.13 or higher.)

View BMP61 label rolls on page 130–148.

Indoor and Outdoor Vinyl Labels for Safety, Facility and Lean 5S (B-595)

Continuous vinyl material is ideal for lean 5S labels, pipe markers, equipment and production area identification. These labels offer excellent resistance to oils, detergents, dirt, grime and many solvents. Permanent adhesive, very pliable, good for rough surfaces and outdoor use.
8-10 years average outdoor durability.*
Temp. range: -40° F to 180° F (-40° C to 82° C).
UL recognized.

** Average expected outdoor life of product will depend on user definition of failure, climatic conditions, mounting techniques and material color. The 8 to 10 year outdoor durability applies to the vinyl label stock only; ribbon durability will vary.*

ToughWash® Harsh Washdown Labels (B-854 and B-855)

Specially formulated material for the Food and Beverage Processing industry with the ability to withstand washdowns up to 175° F (80° C) and pressure up to 1500 PSI.

- **B-854 ToughWash Metal Detectable Polyester:** Polyester material with aggresive adhesive. Capable of being detected by commercially available metal detectors
- **B-855 ToughWash Polyester:** Polyester material with aggressive acrylic adhesive

ToughStripe® Floor Marking Labels (B-483)

Print on demand ToughStripe polyester floor marking material features the same durability and performance as ToughStripe tape with its high-adhesion to flat, non-coated concrete. Includes a roll of B-634 clear overlaminate to protect printing. Temp. range: -40° F to 248° F (-40° C to 120° C).

General Identification and Rating Plate Labels (B-424, B-430, B-459, B-483, B-486, B-488, B-489 and B-8591)

Choose from several materials with aggressive adhesives for use in commercial and industrial applications.

- **B-424 Paper Material:** White matte paper material
- **B-430 Polyester Material:** Clear glossy polyester
- **B-459 Polyester Material:** White matte polyester
- **B-483 Polyester Material:** White glossy polyester with an aggressive rubber-based adhesive
- **B-486 Polyester Material:** Metallized matte polyester with an aggressive adhesive
- **B-488 Polyester Material:** White matte polyester with an aggressive adhesive
- **B-489 Polyester Material:** White matte polyester with an aggressive adhesive
- **B-8591 Outdoor Polyester Material:** Permanent adhesive, 12-year outdoor durability, resists UV, abrasion and fluids

Repositionable Vinyl Material (B-581)

Indoor / outdoor vinyl is a high-gloss, durable, flexible material designed with special adhesive to easily remove and re-apply.

BradyGlo™ Phosphorescent Polyester Material (B-582)

Glow-in-the-dark pressure sensitive polyester is ideal for identification of fire alarms, extinguishers and emergency evacuations routes. Photoluminescent material charges in 5 minutes at 1000 Lux for 10+ hours of glow time. Temp range: -40° F to 176° F (-40° C to 80° C).

Reflective Material (B-584)

Reflective material shines back brightly when struck by light, making it ideal for labeling outdoor utility poles, hard hats, jobsite equipment and roof-top equipment. Meets Federal Spec L-S-300 for reflectivity. Average outdoor durability is 4-6 years. Temp. range: -40° F to 158° F (-40° C to 70° C).

Water-Dissolvable Paper Material (B-403)

Completely dissolves in warm water within 30 seconds, leaving no adhesive residue, eliminating labor required for label removal and allows for easy re-identification.

Pre-Printed Calibration and Testing Labels (B-423, B-428 and B-483)

- **B-423 Polyester Material:** UL recognized for outdoor use on glass, thermoset polyester plastic and polyvinyl fluoride plastic.
- **B-428 Metallized Polyester Material:** For barcodes, alphanumerics and graphics that require nameplate-like quality
- **B-483 Gloss Polyester Material:** Permanent rubber-based adhesive for powder-coated and textured surfaces

Push-Button Style Raised Panel Labels (B-593)

Glossy, foam-backed polyester with permanent adhesive and solvent resistance makes them a great replacement for engraved tags. Ideal for external push buttons, switches and internal connection points. Total label thickness: 0.0256 in. (0.650 mm). RoHS compliant and UL approved.

Rectangular Raised Panel Labels (B-593)

Glossy, foam-backed polyester with permanent adhesive and solvent resistance makes them a great replacement for engraved tags. Ideal for external push buttons, switches and internal connection points. Total label thickness is 0.0256 in. (0.650 mm). RoHS compliant and UL approved.

Patch Panel Strips (B-412 and B-422)

- **B-412 Non-Adhesive Polypropylene Strips:** Designed for high legibility and tensile strength
- **B-422 Polyester Material:** Permanent aggressive adhesive, good for powder-coated and textured surfaces. Best on flat surfaces. Temp. range: -40ºF to 212ºF (-40ºC to 100ºC). UL recognized.

Non-Adhesive Tags (B-109 and B-145)

- **B-109 Polyethylene Tags:** Multipurpose tag that can be used for a variety of applications including identification of multi-conductor cables, inventory, equipment, lockout and work-in-progress. Extremely tear resistant and superior cold-weather tag
- **B-145 Polyethylene and B-145FR Fire Retardant Polyethylene Tags:** Hang tags are made of 9.5 mil cross laminated polyethylene film with a thermal transfer printable topcoat. Used for a variety of tag applications including on multiconductor cables and equipment

Fiber Optic Cable Flags (B-425)

Flags allows more legible information on smaller diameter wires and permits you to handle and view labels without touching the wires. Matte white olypropylene with excellent solvent resistance and print performance; not recommended for long-term outdoor use.

Terminal Block Repositionable Adhesive Strips (B-498)

The adhesive and cloth backing offers excellent holding power, yet allows for clean removal and repositioning if necessary. Temp. range -40° F to 175° F (-40° C to 70° C). UL recognized.

Adhesive Cloth Wire and Cable Labels (B-498 and B-499)

- **B-498 Repositionable Vinyl Cloth:** Adhesive and cloth backing offers excellent holding power, yet allow for removal and repositioning. Temp. range -40° F to 175° F (-40° C to 70° C). UL recognized.
- **B-499 Permanent Nylon Cloth:** Durable industrial strength and designed to conform to curved surfaces

High Temp Wire and Cable Labels (B-437, B-472)

- **B-437 Polyvinylfluoride Material:** Permanent acrylic adhesive and has excellent resistance to water, oil and other common fluids. Meets the requirements of MIL-M-87958. UL approved.
- **B-472 Polyimide Material:** Specifically designed to self-extinguish and prevent flames from propagating

Self-Extinguishing Polyvinylfluoride Labels (B-642)

Clear polyvinylfluoride film with a white printable zone and a translucent overlaminating area offers excellent flexibility for wrapping around small diameter wires. Material features self-extinguishing properties and is solvent resistant.

Self-Laminating Vinyl Wire and Cable Labels (B-427)

Labels feature a clear, non-printable area that wraps around print-on area to protect text. Vinyl material offers superior resistance to solvents, oil, grease, dirt and water. Temp. range -40° F to 158° F (-40° C to 70° C), UL recognized.

PermaSleeve® PS Polyolefin Wire Markers (B-342)

Military / industrial grade sleeves offer the ultimate in marker durability, permanence and aesthetic appearance. 3:1 heat-shrinkable markers fit snugly around wires, are fade-resistant and flame-retardant.
Temp range: -67° F to 275° F (-55° C to 130° C).
RoHS compliant and UL recognized.

Meets specifications:
- SSAE-AS-23053/5
- SAE-AS-81531

Tested per:
- ASTM E162
- ASTM E662
- MIL-STD-202

PermaSleeve® FR Fluid-Resistant Wire Markers (B-344)

3:1 heat-shrinkable wire marking sleeves fit snugly around wires for identification and protection and offer greater resistance to harsh chemicals such as fuels, lubricants and cleaning solvents.
Temp Range: -67° F to 275° F (-55° C to 135° C).

Meets specifications:
- SAE-AMS-DTL23053/6 (Class 1)
- SAE-AS-81531
- MIL-STD-202G, method 215K

Tested per:
- ASTM E162
- ASTM E662
- MIL-STD-202G

PermaSleeve® LSZH Low-Smoke Zero-Halogen Polyolefin Wire Markers (B-7641)

2:1 heat-shrinkable, low halogen wire marking sleeves offer outstanding fire safety properties and minimal smoke emission. These low-smoke zero-halogen materials have an operating temperature of -22° F to 221° F (-30° C to 105° C).

Meets specifications:

- SAE-AS-81531
- EN45545-2
- RoHS compliant

Tested per:

- ASTM E162
- ASTM E662
- MIL-STD-202

Polyimide Circuit Board Labels (B-724 and B-727)

Various materials for PCBs, electronic components and more.

- **B-724 Polyimide Material:** Amber matte polyimide with permanent adhesive; can survive on the top or bottom side of PCBs through the solder process
- **B-727 Polyimide Material:** White glossy polyimide with permanent adhesive; can survive through the solder process

Electrostatic Dissipative Labels (B-473, B-717 and B-718)

Low-profile polyimide and polyester materials that have static dissipative properties. Primarily used for circuit board and electronic component labeling.

- **B-473 Electrostatic Dissipative Polyester Material:** White glossy polyester with a permanent static dissipative adhesive and liner
- **B-717 Electrostatic Dissipative Polyimide Material:** High-temperature white glossy polyimide material (2 mil) with a permanent static dissipative adhesive and liner for PCB identification
- **B-718 Electrostatic Dissipative Polyimide Material:** High-temperature low-profile white glossy polyimide material (1 mil) with a permanent static dissipative adhesive and liner for PCB identification

BradyID.com/s36

Tamper-Indicating Labels (B-351, B-362 and B-530)

Labels fracture to show signs of product tampering and prevent one-piece label removal. Use caution when removing from liner as material is fragile.

- **B-351 Destructible Vinyl Material:** Matte white material with permanent adhesive
- **B-362 Destructible Vinyl Material:** Metallized vinyl material with permanent adhesive has great fuel and oil resistance
- **B-530 Tamper-Resistant Vinyl Material:** White material with permanent adhesive

BMP71 Print Ribbon

Self-contained ribbon cartridges snap right into the BMP71 printer with ease and do not unravel or roll away when outside the printer.

Using the correct material and ribbon pair is critical in creating durable, long-lasting and smear-proof print. Use the ribbon compatibility guide on the next page to help determine which ribbon is best suited for your label material.

Catalog #	Color	Ribbon Size
M71-R4300	Black	2.0 in. x 150 ft. (50.8mm x 45.7 m)
M71-R6000	Black	2.0 in. x 150 ft. (50.8mm x 45.7 m)
M71-R6200	Black	2.0 in. x 150 ft. (50.8mm x 45.7 m)
M71-R6400	Black	2.0 in. x 150 ft. (50.8mm x 45.7 m)
M71-R6600	Black	2.0 in. x 150 ft. (50.8mm x 45.7 m)
M71-R4400-WT	White	2.0 in. x 150 ft. (50.8mm x 45.7 m)
M71-R6800-WT	White	2.0 in. x 120 ft. (50.8mm x 36.6 m)
M71-R6900-RD	Red	2.0 in. x 150 ft. (50.8mm x 45.7 m)
M71-R6900-GN	Green	2.0 in. x 150 ft. (50.8mm x 45.7 m)
M71-R6900-BL	Blue	2.0 in. x 150 ft. (50.8mm x 45.7 m)
M71-R6900-MA	Magenta	2.0 in. x 150 ft. (50.8mm x 45.7 m)
M71-R6900-YL	Yellow	2.0 in. x 150 ft. (50.8mm x 45.7 m)

How many labels can be printed per ribbon?

Have you ever wondered approximately how many labels you can print from one ribbon? Try this formula:

Note: Our standard BMP71 ribbons are 1,800 in. (150 ft.) long.

Step 1: label height + 0.10 = X
Step 2: 1,800 inches ÷ X = total labels per ribbon

Example: M71-31-362 is a 1.0 inch tall label
1.0 inch label height + 0.10 = 1.10
1,800 inches ÷ 1.10 = 1,636 labels per ribbon

IDXPERT™ HANDHELD LABELER

The IDXPERT printer has been discontinued, but for a limited time Brady will continue to stock the following labels for the printer.

General ID, 5S Lean, Facility and Safety ID (B-422, B-428, B-483, B-499 and B-595)

- **B-422 Polyester Material:** Permanent adhesive, good for powder-coated and textured surfaces. Best on flat surfaces. Temp. range: -40° F to 212° F (-40° C to 100° C). UL recognized.
- **B-428 Metallized Polyester Material:** Permanent adhesive, silver finish. Temp. range: -40° F to 176° F (-40° C to 80° C). UL recognized
- **B-483 Polyester Material:** Permanent adhesive for powder-coated and textured surfaces. Best on flat surfaces. Temp. range: -40° F to 248° F (-40° C to 120° C). UL recognized
- **B-499 Nylon Cloth Material:** Permanent adhesive. Pliable for rough or smooth surfaces. Temp. range: -94° F to 194° F (-70° C to 90° C). UL recognized
- **B-595 Indoor / Outdoor Vinyl Material:** Permanent adhesive, very pliable, good for rough surfaces and outdoor use. Temp. range: -40° F to 180° F (-40° C to 82° C). UL recognized

PermaSleeve® PS Polyolefin Wire Markers (B-342)

3:1 heat-shrinkable sleeves fit snugly around wire for identification and protection. Fade resistant and flame retardant.

- **Meets specifications:**
  SAE-AMS-DTL-23053/5 (Class 1)
  SAE-AS-81531
  MIL-STD-202
  RoHS compliant
  UL recognized
- **Tested per:**
  ASTM E162 and
  ASTM E662

Brady Workstation

BradyID.com/s36

Download your free 30-day trial

1. Download Brady Workstation at **Workstation.BradyID.com.**
2. Fill your workstation with the suites that best fit your needs.
3. Begin designing labels and printing them on your Brady printer!

Brady Workstation

Simple. Efficient. Flexible.

Brady Workstation has revolutionized how you design and print signs and labels. When paired with the high-performance printing capabilities of a Brady printer, you get intuitive label set up for simple, efficient and flexible sign and label creation.

Simple

Brady Workstation offers an intuitive user interface and workflow so you're ready to get started, without in-depth training. With your Brady printer, you get real-time information about the material installed in the printer to make label set up easy.

Efficient

Each suite of apps is designed with you in mind, featuring built-in regulations, standards, pictograms, common phrases, data importation guidance, help functions and more.

Flexible

With all your design apps in one spot, switching between identification tasks becomes a breeze. And, Brady Workstation works with our complete benchtop printer offering and select portable printers. Visit **Workstation.BradyID.com** for the full printer compatibility list.

Brady Workstation: Safety and Facility Identification Suite

Keep your facility safe and compliant. This suite features applications so you can easily create the custom signs, labels and pipe markers you need to add visual safety guidance to your facility.

Included apps:

- **Custom Designer** Complete, customized label creation and editing.
- **Arc Flash** Create NFPA compliant arc flash labels.
- **Express Signs** Create safety and facility signs in minutes with pre-defined templates and layouts.
- **Lean** Create common lean labels including gauge* and inventory labels.
- **Pipe Markers** Easily create ANSI / ASME compliant pipe markers using pre-defined templates.
- **Arrow Tape** Create arrow tape labels with pre-defined templates to show pipe flow direction.
- **Excel Import** Easily import Excel data right onto your labels.
- **Sequence** Create labels based on numeric and alphanumeric sequences.
- **Template Editor** Set elements on labels to be editable or locked.
- **Batch Print** Group files to print together.
- **Label Settings** Set default horizontal and vertical printing adjustments when using specific supplies with specific printers.
- **Print Partner** Quickly create labels by filling in a template and printing.
- **Manage Files** Manage saved files from one screen, with options to preview, categorize and delete file.
- **Network Printers** Connect to your printers via IP address or DNS address.

Arc flash labels

Safety labels

Facility signs

Equipment labels

Pipe markers

Lean / 5S labels and more

Additional safety and facility identification software

For more specialized identification projects, you can add on these suites and apps:

Lockout Writer App

This intuitive tool allows you to create, store and print simple lockout procedures, associated tags and energy source labels quickly and easily.

Catalog #	Description
BWRK-LOW-DWN	Email activation code
BWRK-LOW-CD	CD

GHS Chemical Identification App

We've streamlined the label creation process so you can easily enter the data once from your SDS sheets, then create and print GHS label on demand. You can also auto-populate your GHS label using the built-in chemical database.

Catalog #	Description
BWRK-GHS-DWN	Email activation code

Basic Label Design Suite

Use this free software option to get started designing your labels. You get basic formatting capabilities, graphics and simple barcode libraries. Included apps:

- Custom Designer LITE
- Excel Import
- Sequence
- Batch Print
- Label Settings
- Manage Files
- Network Printers

Free download at Workstation.BradyID.com/FREE

** BBP®37 Printer required to cut out circular-shaped gauge labels.*

Brady Workstation

Brady Workstation: Product and Wire Identification Suite

When you need to create product labels, wire and cable markers and panel labels, this suite is your go-to solution. It allows you to create basic text labels or complex labels with graphics and custom formatting, as well as serialize and import data.

Included apps:

- **Custom Designer** Complete, customized label creation and editing.
- **Text Labels** Simple designing for text-only wire and cable labels.
- **Asset Tags** Create the asset tags or asset location labels you need.
- **Patch Panel** Quickly identify patch panel ports and associated cables.
- **Terminal Block** Identify terminal blocks and create associated wire markers.
- **Excel Import** Easily import Excel data right onto your labels.
- **Advanced Import** Import data from sources beyond Excel onto your labels.
- **Sequence** Labels based on numeric and alphanumeric sequences.
- **Advanced Sequence** Create dependent and complex sequences for label creation.
- **Flip Flop** Automatically swap text items horizontally or vertically.
- **Template Editor** Set elements on labels to be editable or locked.
- **Batch Print** Group files to print together.
- **Label Settings** Set default horizontal and vertical printing adjustments when using specific supplies and printers.
- **Print Partner** Quickly create labels by filling in a template and printing.
- **Manage Files** Manage saved files from one screen, with options to preview, categorize and delete.
- **Network Printers** Connect to your printers via IP address or DNS address.

Software for your product and wire identification workflow

The following suites are designed to improve and automate your printing and labeling process:

Print Partner Suite

This suite includes everything you need to fill-in your templates and print, including importing data from a variety of supported data sources or automatically generating sequential data for your labels.

- Excel Import
- Advanced Import
- Sequence
- Advanced Sequence
- Print Partner
- Network Printers

Catalog #	Description
BWS-PPS-EM	Email activation code
BWS-PPS-CD	CD
BWS-PPS-EM-VOL	Email with volume license activation code
BWS-PPS-CD-VOL	Volume license CD

Scan and Print Suite

This suite can solve your workflow needs by consuming data from a barcode scanner, keyboard or custom script to populate your label templates as part of a labeling workflow.

- Custom Designer
- Text Labels
- Template Editor
- Scan and Print
- Label Settings
- Manage Files
- Network Printers

Catalog #	Description
BWS-SPS-EM	Email activation code
BWS-SPS-CD	CD

Automation Suite

Get the power to fully automate your label printing with this suite. Easily set up templates and import data to make label creation an automated, error-free process.

- Custom Designer
- Data Automation
- Template Editor
- Label Settings
- Manage Files
- Network Printers

BWS-DAS-EM	Email activation code
BWS-DAS-CD	CD

Manage your facility and assets

Keeping your facility running smoothly can be a time consuming and exhaustive task. Add software to the mix to make sure you know what you have, where you have it and how to keep it compliant.

LINK360® Software

Manage the full lifecycle of visual procedures for lockout tagout, confined space entry and maintenance. This cloud-based software centralizes your data, allowing multiple users and multiple sites access to procedures at any time. Mobile apps allow you to access, modify and verify procedures on the go using a range of mobile devices. Dashboards and reports summarize your program at a glance and keep you informed of audits coming due.

With LINK360 software, you can:

- Cloud-based software allows for program scalability and access from mobile and tablet devices (iOS and Android)
- User-defined permission for viewing, editing and approving helps ensure the correct people are doing the correct activities
- Pre-defined templates and standardized procedures allow for multi-site standardization
- Workflow and responsibility assignments for sites, areas and equipment improves employee accountability around machine safety and productivity
- Audit alerts, notifications and detailed reporting help companies keep information up to date

Request a demo at BradyID.com/Services

NetDoc® Network Cable Management Software

Make your job easier and more efficient with NetDoc Cable Management Software. As cable networks grow and become more complex, proper documentation is key to knowing what you have, where it is and what it's connected to. With NetDoc software, you can document and identify every aspect of your network, including cables, patch panels, racks, assets and much more.

Lockout tagout: A critical safety regulation

Lockout tagout is an important safety component that is critical to safeguarding workers around the machinery and equipment they operate, service and maintain. This important safety practice involves de-energizing electrical circuits, closing valves, neutralizing extreme temperatures and securing moving parts so hazardous energy isn't re-introduced while equipment is being serviced.

An effective lockout tagout program is most successful when it includes the complete safety picture – locks, tags and devices — as well as proper lockout procedures, program documentation, employee training, periodic inspections or other procedural elements.

Benefits of a lockout tagout program

- **Saving lives:** Preventing an estimated 250,000 incidents, 50,000 injuries and 120 fatalities annually
- **Cutting costs:** Significantly decreasing lost employee time and insurance costs
- **Improving productivity:** Reducing equipment downtime

Regulatory requirements

OSHA 29CFR 1910.147 – Control of Hazardous Energy
General industry workers performing servicing and/or maintenance on machines or equipment and who are exposed to the unexpected energization, startup or release of hazardous energy.

OSHA 29CFR 1910.333 – Electrical Safety
Safety-related work practices shall be employed to prevent electric shock or other injuries resulting from either direct or indirect electrical contacts, when work is performed near or on equipment or circuits which are or may be energized.

ANSI Z244.1 (2016) – Lockout Tagout and Alternative Methods
A voluntary national consensus standard that represents several industry hazardous energy control best practices and also promotes greater flexibility through the use of alternative methods based on risk assessments and application of the hazard control hierarchy.

Lockout tagout is the fifth most cited OSHA violation, with 2,944 violations during fiscal year 2018

Top violations involve:

1910.147(c)(4)(i)	Requirements for General Procedures
1910.147(c)(1)	Program Requirements
1910.147(c)(6)(i)	Inspecting Procedures
1910.147(c)(7)(i)	Training Requirements
1910.147(d)	Notifying affected employees

Go beyond compliance with the *Expanded Guide to Lockout Tagout*

Download the guidebook to learn more about the six essential elements of lockout tagout.

Download at BradyID.com/lockouttagout

Six Essential Elements of Lockout Tagout

1. Program and policy

A written lockout document establishes and explains the elements of your program. It's important to take into account not only OSHA's guidelines, but also custom requirements for your employees that ensure they can understand and apply the program to their workday.

2. Machine- or task-specific procedures

Lockout procedures should be formally documented and should easily identify the equipment covered. They should also detail the specific steps necessary for shutting down, isolating, blocking and securing equipment to control hazardous energy, and include steps for the placement, removal and transfer of lockout tagout devices.

3. Identifying and marking energy isolation points

Locate and identify all energy control points, including valves, switches, breakers and plugs, with permanently placed and standardized labels or tags.

4. Training and periodic inspections and audits

Train authorized, affected and other employees, communicate processes and conduct periodic inspections. Training should include OSHA requirements and specific program elements, such as your machine-specific procedures.

5. Provide proper lockout devices

Provide employees with the necessary devices to keep them safe. There are many products on the market, and selecting the most appropriate solution for your application is the key to lockout effectiveness. It's important to document and use devices that best fit each lockout point.

6. Sustainability

Annually review, revise and update your program and procedures to create a safety culture that proactively addresses lockout tagout. This allows your company to focus on maintaining a world-class program, instead of starting from scratch each year and reacting only when something goes wrong.

Lockout Tagout Procedures

BradyID.com/s36

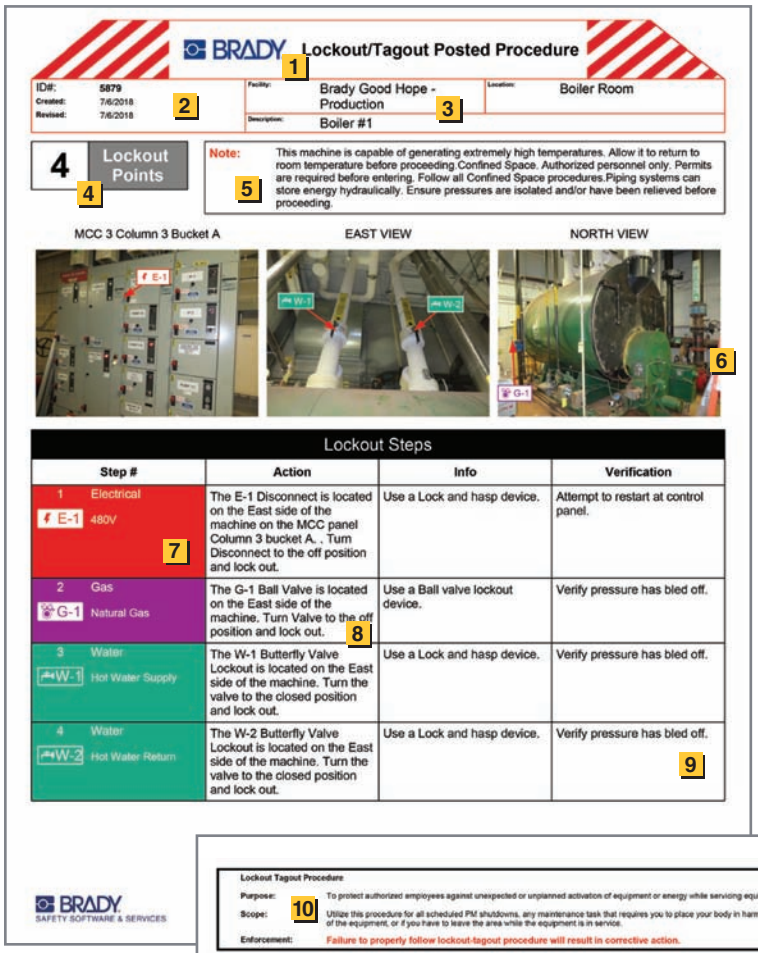

Lockout Tagout Procedures

There are a variety of components in a visual lockout tagout procedure that will help ensure your employees will get home safe. Use this helpful guide to determine what elements are required for compliance, and best practices to complete an even safer lockout procedure.

OSHA Regulation

29 CFR 1910.147 (c)(4)

Machine-specific lockout tagout procedures are required for equipment having more than one energy source, as well as for much equipment having a single energy source.

BRADY Lockout/Tagout Posted Procedure

Facility: Brady Good Hope - Production

Location: Boiler Room

Description: Boiler #1

4 Lockout Points

Note: This machine is capable of generating extremely high temperatures. Allow it to return to room temperature before proceeding.Confined Space. Authorized personnel only. Permits are required before entering. Follow all Confined Space procedures.Piping systems can store energy hydraulically. Ensure pressures are isolated and/or have been relieved before proceeding.

MCC 3 Column 3 Bucket A | EAST VIEW | NORTH VIEW

Lockout Steps

Step #	Action	Info	Verification
1 Electrical E-1 480V	The E-1 Disconnect is located on the East side of the machine on the MCC panel Column 3 bucket A. . Turn Disconnect to the off position and lock out.	Use a Lock and hasp device.	Attempt to restart at control panel.
2 Gas G-1 Natural Gas	The G-1 Ball Valve is located on the East side of the machine. Turn Valve to the off position and lock out.	Use a Ball valve lockout device.	Verify pressure has bled off.
3 Water W-1 Hot Water Supply	The W-1 Butterfly Valve Lockout is located on the East side of the machine. Turn the valve to the closed position and lock out.	Use a Lock and hasp device.	Verify pressure has bled off.
4 Water W-2 Hot Water Return	The W-2 Butterfly Valve Lockout is located on the East side of the machine. Turn the valve to the closed position and lock out.	Use a Lock and hasp device.	Verify pressure has bled off.

BRADY SAFETY SOFTWARE & SERVICES

Lockout Tagout Procedure

Purpose: To protect authorized employees against unexpected or unplanned activation of equipment or energy while servicing equipment.

Scope: Utilize this procedure for all scheduled PM shutdowns, any maintenance task that requires you to place your body in harms way of the equipment, or if you have to leave the area while the equipment is in service.

Enforcement: Failure to properly follow lockout-tagout procedure will result in corrective action.

SHUTDOWN, LOCK, TAG & TEST SEQUENCE

#	STEP	DESCRIPTION
1	Notify Employees	Notify all affected employees that servicing or maintenance is required on a machine or equipment, and that the machine or equipment must be shut down and locked out to perform the servicing or maintenance.
2	Review Lockout Procedure	The authorized employee shall refer to the company procedure to identify the type and magnitude of the energy that the machine or equipment utilizes, shall understand the hazards of the energy, and shall know the methods to control the energy.
3	Perform Machine Stop	If the machine or equipment is operating, shut it down by the normal stopping procedure (depress the stop button, open switch, close valve, etc.). Reference machine operating procedure for normal shutdown.
4	Isolate Energy	Follow graphical lockout-tagout procedure from top to bottom to de-activate the energy isolating device(s) so that the machine or equipment is isolated from the energy source(s). NOTE: It may be necessary to disregulate the non-lockable energy sources before isolating the lockable energy sources. (i.e. lower the machine to lowest position before locking out.)
5	Lockout Energy	Lockout and tagout the energy isolating device(s) with assigned lock(s) and tag(s).
6	Dissipate Energy	Stored or residual energy (such as that in capacitors, springs, elevated machine members, rotating flywheels, hydraulic systems,as well as air, gas, steam, or water pressure, etc.) must be dissipated or restrained by methods such as grounding, repositioning, blocking, bleeding down, etc.
7	Attempt Restart	Ensure that the equipment is disconnected from the energy sources by first checking that no personnel are exposed, then verify the isolation of the equipment by operating the push button or other normal operating controls or by testing to make certain the equipment will not operate. Caution: Return operating controls to neutral or "off" position after verifying the isolation of the equipment.

RESTORE TO SERVICE SEQUENCE

#	STEP	DESCRIPTION
1	Check Machine	Check the machine or equipment and the immediate area around the machine to ensure that nonessential items have been removed and that the machine or equipment components are operationally intact.
2	Check Area	Check the work area to ensure that all employees have been safely positioned or removed from the area.
3	Verify Machine	Verify that the controls are in neutral.
4	Remove Lockout	Remove the locks, tags and lockout devices and re-energize the machine or equipment. In reverse order, follow all of the steps from the visual lockout-tagout procedure found on the previous page. Note: The removal of some forms of blocking may require re-energization of the machine before safe removal.
5	Notify Employees	Notify affected employees that the servicing or maintenance is completed and the machine or equipment is ready for use.

1 **Best practice:** Company logo

2 **Best practice:** Machine-specific equipment ID number

3 **Required:** Facility name, location, equipment name

4 **Best practice:** Number of lockout points

5 **Best practice:** The caution statement is where additional hazards and noteworthy information can be communicated

6 **Best practice:** Pictures of equipment displaying location of each energy source.

7 **Required:** While having corresponding energy source tags mounted on equipment and indicated on the lockout procedure is considered "best practice," lockout procedures are required to identify energy sources and magnitude. (OSHA1910.147(d)(1))

8 **Required:** Action steps to isolate energy and location of isolation points. These must include procedural steps for shutting down, isolating, blocking and securing equipment to control hazardous energy. They also must include steps for the use of lockout devices and their responsibility. 1910.147(c)(4)(ii)(B-C)

9 **Required:** Verification is required on every step of your lockout procedure. This is how your employees will know whether or not the energy source is truly isolated and at a zero energy state. 1910.147(c)(4)(ii)(D)

10 **Required:** Purpose, scope and enforcement of lockout tagout procedure must be included on Physical procedure. 1910.147(c)(4)(ii)

11 **Required:** A sequential procedure for shutdown, locking/tagging and testing must be included on the lockout procedure. 1910.147 App A

12 **Required:** A sequential procedure to restore equipment to service must be included on the lockout procedure. 1910.147 App A

BRADY

Lockout Tagout Services through Brady Safety Services

For more information visit BradyID.com/Services

With a continually changing workforce, and frequent enhancements to processes and technology, there is a need in the industry to efficiently develop and train new workers to keep operations running smoothly. Having a sustainable lockout tagout program in place allows you to bridge the knowledge gap and improve safety throughout your facility.

Lockout Services include:

- Lockout tagout machine inventory
- Visual lockout procedure writing
- Lockout tagout procedure audit
- Lockout tagout training, including general / affected, authorized and train-the-trainer programs
- Alternative method procedures/minor servicing
- Job safety analysis
- Lockout tagout program development
- Lockout tagout gap analysis
- Time- and material-based services

Create Your Own Procedures

LINK360® Software

Brady's LINK360® cloud based software offers procedure creation, procedure maintenance, audit reminders and more in order to manage, store and sustain machine safety and procedural information. It includes three centers that address common areas of focus when operating your equipment safely: Lockout Tagout, Confined Space and Reliability / Maintenance.

With Link360 software, you can:

- Create and update procedures and permits
- Facilitate reviews, comments and approvals
- Setup regularly scheduled audit processes and reminders
- Time-stamping and record keeping
- Print lockout tags containing equipment-specific information

The LINK360 advantage:

- Cloud-based software allows for program scalability and access from mobile and tablet devices
- User-defined permission for viewing, editing and approving helps ensure the correct people are doing the correct activities
- Pre-defined templates and standardized procedures for multi-site standardization
- Workflow and responsibility assignments for sites, areas and equipment improves employee accountability around machine safety and productivity
- Audit alerts, notification and detailed reporting help companies keep information up to date

Lockout Tagout Procedure Accessories

Fluorescent Protective Envelopes

- Clear envelopes with fluorescent edging, great for color-coding lockout procedures and other shop information
- Durable 8 gauge vinyl construction withstands harsh environments
- Ideal for indoor or outdoor use

Catalog #	Color	Size	Qty.
56941	Fluorescent Green	9 in. x 9 in.	25
56945	Fluorescent Green	9 in. x 12 in.	25
56942	Fluorescent Orange	9 in. x 9 in.	25
56946	Fluorescent Orange	9 in. x 12 in.	25
56944	Fluorescent Yellow	9 in. x 9 in.	25
56948	Fluorescent Yellow	9 in. x 12 in.	25

Magnetic Backed Open-End *Adhesive Backed Open-End*

Adhesive and Magnetic Backed Envelopes

- Made of non-glare clear vinyl material
- Protects tags and cards on machinery, valves, switches, controls, and more
- Size: 8.5 in. x 11 in.

Catalog #	Color	Qty.
50961	Adhesive Backed Envelopes	10
50962	Magnetic Backed Envelopes	10

Lockout Procedure Station

- Silk-screened backboard made from durable polystyrene
- Includes pre-drilled holes and hardware for wall mounting
- 1.5 in. 3-ring binder
- Size: 20 in. x 14 in. x 4.5 in.

Catalog #	Description
LOSP22	Lockout Procedure Station With Binder and 25 Forms
99289	Lockout Procedure Station With Binder Only
LOSB1	Lockout Procedure Binder Only
LOSF5	Lockout Procedure Forms (25/pk)

Lockout Clip Board

- Heavy-duty, clipboard conveniently carries procedures and hardware directly to the lockout location
- Clipboard can also be hung in place using attached strap
- Lockout safety tips on the back
- Procedures, locks and hasps sold separately

Catalog #	Color	Qty.
LOCB	Lockout Clip Board	1

Lockout Tagout Safety Training Video: Global Best Practice Training

- Comprehensive training video features targeted regulatory and compliance content
- 5 languages included: English, Spanish, French, Portuguese and Simplified Chinese
- Includes instructor's guide, employee quiz and 25 min video that:
  - Clearly defines and explains lockout tagout
  - Overviews compliance standards and regulations from countries around the world
  - Outlines an effective four-step lockout tagout program for employers
  - Covers important subtopics in-depth such as handling group lockout and shift changeovers
  - Bonus feature: 19 short installation videos on how to use some of the most common lockout devices

Catalog #	Description
132427	LOTO Global Training Video USB
833918	LOTO Global Training Video USB - European *Supplies information in English, French, Dutch, German, Portuguese, Italian, Spanish, Turkish, Polish and Russian*

Lockout Tagout Handbook

- 16-page training booklet with quiz instructs workers how to protect themselves from hazardous energy

Wallet Safety Cards

- Wallet size card contains important reminders for lockout safety

Catalog #	Description	Qty.
LOSC13	English Wallet Card	10
LOSC13 BI	English/Spanish Wallet Card	10

OSHA Training Requirements:

Authorized Employees
Those who perform servicing or maintenance must be trained to:

- Recognize hazardous energy sources and understand the energy type and magnitude
- Identify and properly operate the applicable energy-isolating devices
- Safely apply and remove lockout tagout devices
- Authorized employees must undergo an annual review to ensure they fully understand their responsibilities under the program

Affected Employees
Those who operate the machinery or work in the area where LOTO is performed must be trained to:

- Recognize when lockout tagout activities are in progress
- Understand the purpose of the energy control program and the importance of not tampering with lockout tagout devices when encountered in the workplace

Addtional Requirments

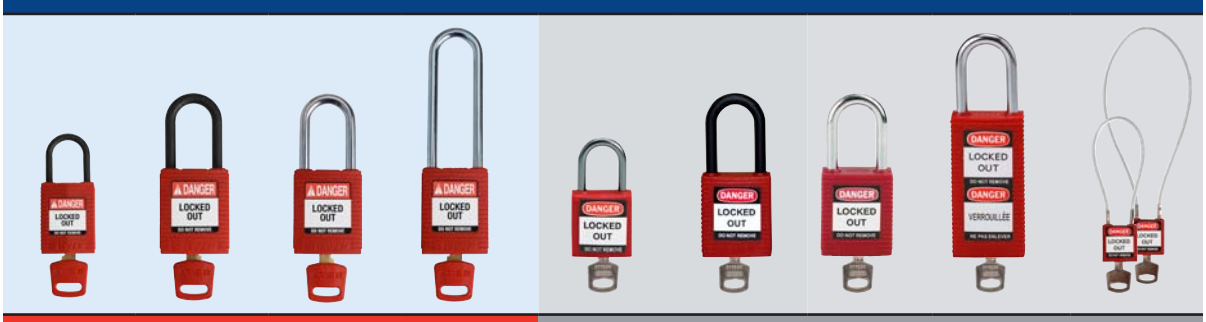

- Employers must document when training took place, who attended, and the topics covered
- Employees must be retrained under the following situations:
  - Employee assigned to new job
  - Change made to energy control policies or procedures
  - Machinery installed or modified, presenting a new hazard
  - Whenever the employer has reason to believe that there are problems with the employee's understanding or use of the procedures
- Additional training is required when using tagout instead of lockout. See Section (C)(7)(ii) in the 1910.147 standard.

Lockout Padlocks

Although padlocks may seem like a commonplace device, the durability and reliability of your padlocks is critical to the safety of your employee. Brady provides a full line of padlocks that withstand harsh environmental conditions, rough handling and provide maximum safety.

Regulations

1910.147(c)(5) OSHA Lockout Device Requirements state that lockout devices must:

- Be provided by the employer and be standardized by size, shape or color
- Be distinguishable from locks used for other purposes. Lockout locks should only be used for lockout
- Identify the individual who applied the lock (both tags and lock labels are acceptable for this purpose)
- Be capable of withstanding the usage environment and be strong enough to prevent removal except by using excessive force with special tools, such as bolt cutters
- Most importantly, whenever lockout devices are applied, they must remain under the exclusive control of the individual who attached them. No employee should be able to open a lock attached by someone else

new Brady SafeKey Lockout Padlocks

With this innovatively designed padlock, you get up to 700% more unique key possibilities than a standard safety padlock, without sacrificing a secure lockout. It's all in the forward-thinking design of the locking mechanism and unique key blade that gives you more precision and control in your lockout program. With that level of precision, you're covered from your simple to highly complex lockout needs. You also get:

- Fast identification with the color-matched key
- Easy operation with extra smooth key insertion and removal — even when wearing gloves!
- Years of use with the low-friction locking mechanism that helps maintain key integrity
- Excellent durability in industrial environments

Added safety with non-conductive ball bearings and driver

Enhanced security with two side-locking bars

More than 100,000 key codes made possible with linear, low-friction lock mechanism

Extra durability in industrial environments with one-piece body design

Easy operation with smooth key design and precision steel tumbler blades

Fast identification with color-matched lock and key

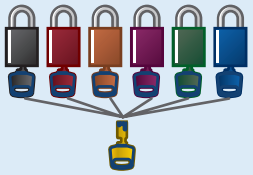

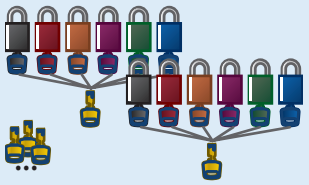

Traditional safety padlocks

- Pin tumbler lock mechanism
- Jagged key design
- Up to 15,000 key codes

More really means more with SafeKey

In your lockout scenario, here's what you get with up to 700% more unique key codes:

	Other Nylon Padlocks	SafeKey Lockout Padlocks	
Keyed Different	15,000 Key Codes	100,000+ Key Codes	
1 Master Key	3,250 Key Codes	15,000+ Key Codes	
25 Master Keys	150 Key Codes	600+ Key Codes	

Keying options for SafeKey and traditional lockout padlocks

Standard options

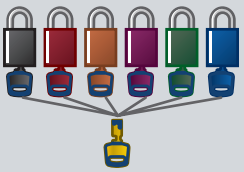

Keyed Different (KD)

Each lock is opened by its own unique key. Perfect for simple lockout applications and a manageable number of energy isolation points.

Keyed Alike (KA)

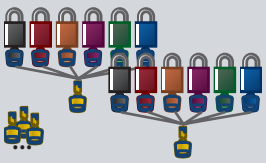

Each lock in the group can be opened with the same key, reducing the number of keys needed. Ideal for employees who work on multiple machines or isolation points.

Custom options

Master Keyed (MK)

Each grouping of locks (whether keyed alike or different) can be opened with a master key. Useful for larger, complex systems when supervisory access may be required.

Grand Master Keyed (GMK)

The grand master key can open all locks grouped into two or more master keyed systems. Useful when supervisory or managerial access to all locks is needed.

Key Charting

Brady will keep a record of and "chart" all key numbers to ensure there's no unwanted key duplication on current or future orders, depending on your unique requirements.

BradyID.com/s36

new Brady SafeKey Lockout Padlocks

SafeKey Nylon Lockout Padlocks

- Key retaining feature within a lightweight nylon body is ideal for electrical and general lockout applications
- Two shackle options available; durable, steel shackle or polymer plastic shackle that is non-conductive and non-sparking
- Each padlock includes one key and lock labels in English, Spanish and French; additional keys can be ordered if needed
- Body: 1.8 in. H x 1.5 in. W x 0.75 in. D; shackle diameter: 0.25 in.

Lockout Padlocks

BradyID.com/s36

Actual size of Brady's Compact Nylon Lockout Padlock

Nylon Lockout Padlocks

- Complies with all OSHA requirements and are a safer alternative to metal locks
- Non-conductive body with unique key cylinder prevents electricity from traveling from the shackle to the key, protecting workers when key is inserted
- Superior temperature, chemical and corrosion resistance
- Labels provided in English, Spanish, French
- Key-retaining feature prevents key from being removed until shackle is securely closed
- Reserved paracentric keyway provides optimal security (prevents a copy from being made at a local key shop)
- Locks come keyed differently or keyed alike. Custom keying and charting available
- Lock bodies can be custom laser engraved upon request
- One key is supplied with each padlock for safer key management

Compact Nylon Lockout Padlocks

- Extremely compact and lightweight
- Easily fits in small spaces making it ideal for electrical contractors, maintenance and electricians
- 5-pin cylinder can support same keying system as our current Nylon Lockout Padlock
- Fiberglass reinforced nylon body for extra impact resistance
- Service temperature: 0° to 250° F (-20° to 120° C)
- Lock body dimensions: 1.4 in. x 1.2 in. x 0.625 in. Shackle clearance: 1 in.; shackle diameter 0.2 in.
- Each padlock includes 1 key and 1 each English, Spanish and French labels

Nylon Lockout Padlocks

- Lightweight, non-conductive and non-sparking body
- Special 6-pin cylinder resists tampering
- Fiberglass reinforced nylon body and triple-coated hardened steel shackle
- Service temperature: 0° to 250° F (-20° to 120° C)
- Lock body dimensions: 1.75 in. x 1.25 in. x 0.8 in.
- Shackle clearance: 1.25 in.; shackle diameter: 0.25 in.
- Each padlock includes 1 key and 1 each English, Spanish and French labels

Group Lock Boxes

For group lockout situations involving a large number of workers and equipment, lock boxes can offer a number of advantages including fewer padlocks and hasps needed.

How group lockout boxes work:

- Supervisor uses a single job lock on each energy control point to lock out equipment. Keys for that lock are placed in the lock box
- Each worker applies his own lock to the lock box. As long as any one worker's lock remains on the lockout box, the keys to the job locks cannot be accessed, and the energy isolating devices cannot be operated. Each employee retains exclusive control, as required by OSHA.

new

SlimView™ Group Lock Box

- Innovative narrow design and recessed door allow padlocks to hang straight, reducing the overall footprint by 60% compared to traditional lock boxes
- Steel body and clear polycarbonate door to see contents
- Built-in padlock and key hangers
- Storage for up to 12 padlocks
- Wall mountable
- Size: 10.125 in. x 4.0 in.

Catalog #	Description
150505	SlimView Lock Box

Padlocks sold separately.

Ultra-Compact Lock Box

- Compact size for portability in your lockout kit or toolbox
- Simple storage with wall-mount bracket when not in use
- Hinged transparent cover for easy viewing of contents
- Can accommodate up to 12 locks
- Size: 5.25 in. x 3.25 in. x 2.25 in.

OSHA Lockout Tagout Regulations

The following requirements apply only to tags used as tagout devices (i.e., tags used alone without locks). Tags used in combination with locks are not required to meet the same restrictions as tagout devices.

Tagout devices must:

- Be provided by the employer
- Be standardized by size, shape or color
- Be distinguishable from tags used for other purposes
- Be understandable to all employees
- Identify the individual who applied the tag
- Withstand the usage environment to which they are exposed for the maximum period of time that exposure is intended. Tag should not deteriorate or the message become illegible when exposed to weather, wet or damp conditions, chemical or corrosive environments
- Employ a means of attachment that is substantial enough to prevent accidental removal. The means of attachment must be of a non-reusable type, attachable by hand, self-locking and non-releasable with a minimum unlocking strength of no less than 50 pounds
- Warn against hazardous conditions if the machine or equipment is energized
- Tag shall also include a legend such as the following: Do Not Operate, Do Not Start, Do Not Open, Do Not Close, etc.

Standard Lockout Tags

Communicate safety and lockout information at the point of need with the wide selection of OSHA-compliant lockout tagout tags from Brady. Tags come in a variety of materials and legends to suit your application needs.

How to order tags

1. Select from the materials below based on your application
2. Choose the tag legend for your tag
3. Order by part number for desired reverse side legend

Materials Options:

Heavy-Duty Polyester (B-837)

- Durable polyester laminate completely encapsulates and protects graphics
- Designed to withstand moisture, grease, chemicals and extreme temperatures
- Accepts pencil, pen and marker. Pen and marker can be completely erased using isopropyl alcohol
- Exceeds OSHA pull requirement withstanding up to 80 lbs. of pull force
- Tag size 5.75 in. x 3 in.
- 0.375 in. dia. heavy-duty brass grommet
- Includes OSHA-compliant nylon fasteners
- 2-year outdoor fade resistance

Economy Polyester (B-851)

- Rigid polyester surface is easy to write on and stays legible longer than cardstock
- Exceeds OSHA 50 lb. pull requirement for tagout devices
- Tag size 5.75 in. x 3 in.
- 0.375 in. dia. rolled brass eyelet accepts most padlock shackles
- Includes OSHA-compliant nylon fasteners
- Provides good outdoor UV resistance
- 3- to 5-year outdoor fade resistance

Cardstock (B-853)

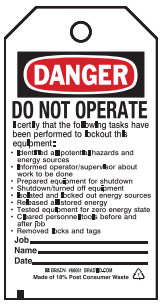

- Cost-effective tags designed for one-time use
- Does NOT meet OSHA 50 lb. pull test for tagout devices, but can be used in conjunction with locks (see OSHA tag requirements above)
- Tag size 5.75 in. x 3 in.
- 0.375 in. dia. rolled brass eyelet accepts most padlock shackles
- Includes attachment strings

Energy Source Tags

BradyID.com/s36

Energy Source Tags

Energy source tags can be used to mark your facility's points of control for energy sources. These tags help make the lockout process quicker, safer and easier.

These energy source tags are made of plastic and available with color coded and alpha numeric options. A variety of pre-printed energy source tags are available or they can be customized to meet your specific application.

- 1.5 in. x 3 in. tags are constructed with B-401 rigid plastic
- Rounded corners and one hole included
- Choice of number legends supports machines with multiple energy points

1-Pocket Tag Holder

- Clear plastic holder is designed to hold 50 tags, ties and a marking pen (Tags and pen not included)
- Comes with adhesive strips, magnetic strips and screws for mounting
- Dimensions: 7.5 in. x 4.5 in. x 1.5 in.

Catalog #	Description
TH2	1-Pocket Economy Tag Holder

Pocket Premium Tag Center

- Acrylic center features 8 pockets for displaying and dispensing tags
- Each pocket holds up to 30 tags
- Four pre-drilled holes for wall mounting
- Board: 15.75 in. x 23.5 in. x 2 in. Pockets: 4.5 in. x 3.5 in.

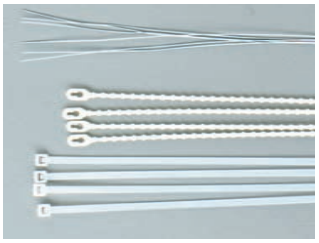

Catalog #	Description
TC8	8-Pocket Premium Tag Center

10-Pocket Tag Safety Station

- Made of rugged polycarbonate
- Four pre-drilled holes for wall mounting
- Dimensions: 22 in. x 16.5 in. x 2.25 in.
- Tags not included

Catalog #	Description
81773	10-Pocket Tag Safety Station

Tag Fasteners

- Three fastener styles available to meet every application
- Nylon fasteners meet OSHA requirements for attaching to devices

Catalog #	Description	Qty.
81760	12 in. 26 Gauge Wire	100
81761	8 in. Reusable Beaded Ties	100
81762	7 in. Nylon Fasteners	100

Magnetic-Backed Protective Envelopes

- Transparent, durable vinyl construction makes it ideal for indoor or outdoor use
- Protects tags and data cards on machinery, valves, switches and more

Catalog #	Size	Qty.
81769	4.5 in. x 6.5 in.	10
81770	5.5 in. x 8.5 in.	10

Zip-Lock Protective Envelopes

- Transparent, durable vinyl construction makes it ideal for indoor or outdoor use
- Protects tags and data cards on machinery, valves, switches and more

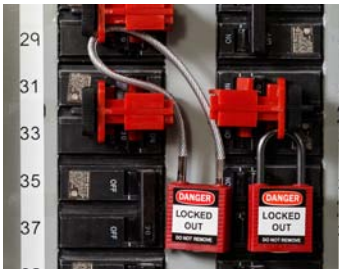

Catalog #	Size	Qty.
81765	4.5 in. x 6.5 in. (w/o grommet)	10

Cable Lockouts

Cable lockouts provide a number of advantages. Because of their construction, cable lockouts can be used in a variety of applications locking out multiple disconnects and valves. They are also a great option for lockout of unusual energy isolating devices that cannot be effectively locked out by a traditional device. This versatility, combined with ultimate portability, makes cable lockout devices a great addition to any lockout tagout program.

Compact Cable Padlocks

- Compact 1.31 in. x 1.25 in. nylon body with either 7.87 in. or 15.75 in. elongated, flexible cable as the shackle
- Allows you to secure breaker and still close the panel door
- Flexible cable means you can angle and twist padlock or lockout multiple energy isolation points with one lock

Color	Cable Length	1 Pack Keyed Different	6 Pack Keyed Alike
Red	7.87 in. cable	146120	146128
Red	15.75 in. cable	146124	146132
Yellow	7.87 in. cable	146121	146129
Yellow	15.75 in. cable	146125	146133
Blue	7.87 in. cable	146122	146130
Blue	15.75 in. cable	146126	146134
Green	7.87 in. cable	146123	146131
Green	15.75 in. cable	146127	146135

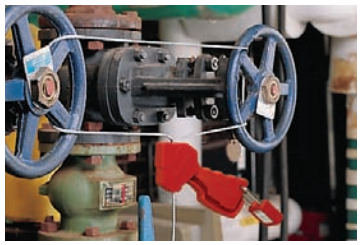

SAFELEX™ Universal Cable Lockout

- Integrated hasp and cable provides simple way to lockout multiple energy isolation points
- Ability to tighten the cable after the body is locked
- Available with steel or non-conductive nylon cable

Catalog #	Description	Qty
145554	Lockout w/ 3 ft. steel cable	1

65320	10 ft. steel cable only	-	1

**Other cable lengths available upon request. Padlocks sold separately.*

Mini Cable Lockout

- Compact and portable with internally stored cable
- Push-button self-winding mechanism automatically cinches cable tight
- Superior chemical, corrosion and temperature resistance
- 6 lock holes fit most padlock shackles and hasps
- Body dimensions: 4 in. dia. x 1.75 in. deep
  Cable dimensions: 0.06 in. outside dia. x 8 ft. length

Catalog #	Description	Qty
50940	Mini Cable Lockout w/ 8 ft. steel cable	1
51442	Mini Cable Lockout w/ 8 ft. nylon cable	1

Padlocks sold separately.

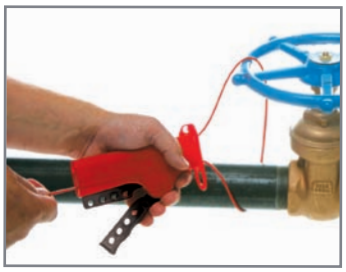

ProLock Cable Lockout

- Economical, highly visible cable lockout device
- Features flexible 0.125 in. diameter cables
- Double Hex ProLock offers versatile security as it can be operated by a standard wrench or ProLock Operating Tool
- Extra Secure ProLock device provides enhanced security as it requires the use of the ProLock Operating Tool

All-Purpose Cable Lockout

- Superior chemical, corrosion and temperature resistance
- Available with interchangeable cables
- Service temps of cables:
  Non-conductive nylon: -40° to 200° F
  Sheathed metal: -30° to 180° F

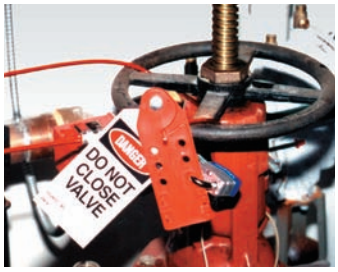

Catalog #	Description
50943	Lockout w/ 8 ft. sheathed metal cable
50941	Lockout w/ 8 ft. non-conductive nylon cable
50944	Lockout without cable
50947	8 ft. Sheathed metal cable only
50950	12 ft. Sheathed metal cable only
50953	16 ft. Sheathed metal cable only
50956	20 ft. Sheathed metal cable only
50945	8 ft. Non-conductive nylon cable only
50948	12 ft. Non-conductive nylon cable only
50951	16 ft. Non-conductive nylon cable only
50954	20 ft. Non-conductive nylon cable only

Double-Looped Cables

- Light weight and easier to spot; perfect for situations requiring a flexible lockout device and a visual deterrent
- 0.187 in. diameter cables

Catalog #	Length	Color
131063	2 ft. Double Looped Cable	Red

Valve Lockouts

From universal valve lockouts to pipe blind flange lockouts, Brady offers a full line of devices to lock out a wide variety of valve types and sizes. Our small lockout devices will lock pipes with diameters measuring from 0.5 in. to 3 in., while our large ball valve lockout devices can lock out pipes up to 8 in. diameter.

Butterfly Valve Lockout

- Innovative design to lock out butterfly valves with a lever handle in the OFF position
- Accommodates handle thicknesses of:
  Small - 0.125 in. to 2.25 in.
  Large - 2 in. to 4 in.

Catalog #	Description
121504	Butterfly Valve Lockout - Small
121505	Butterfly Valve Lockout – Large

Small

Large

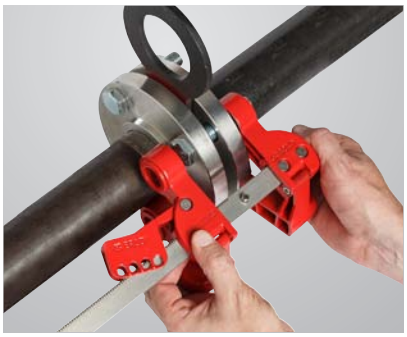

Pipe Blind Flange Lockout Device

- Adjustable locking arm accommodates both standard and recessed bolt positions
- Secures 1 or 2 bolts for extra security
- Versatile to accept up to 4 padlocks
- Heavy-duty construction withstands harsh environments
- UL approved for use in explosive atmospheres

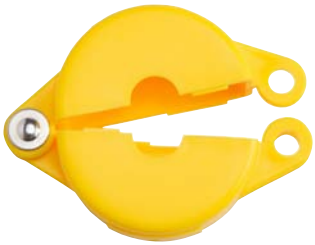

Catalog #	Description	Fits	Qty
149228	Small Blind Flange Lockout	0.5 in. to 3 in. diameter pipes	1
149229	Medium Blind Flange Lockout	3 in. to 14 in. diameter pipes	1
149230	Large Blind Flange Lockout	14 in. to 48 in. diameter pipes	1

Gate Valve Lockouts

- Unique knockout center fits OS&Y or rising stem valves
- Made of rugged injection-molded polypropylene
- Service temps from –25° F to 200° F
- Accepts shackles up to 0.375 in. diameter
- Supplied with English, Spanish and French danger labels

Fits Valve Handles Dia.	Red	Yellow	Green	Blue
1 in. to 2.5 in.	65560	65590	65595	65585
2.5 in. to 5 in.	65561	65591	65596	65586
5 in. to 6.5 in.	65562	65592	65597	65587
6.5 in. to 10 in.	65563	65593	65598	65588
10 in. to 13 in.	65564	65594	65599	65589

Transparent Gate Valve Lockout

- Visually confirms the appropriate position, identifies valve leaks and helps ensure safety
- Constructed of a rugged injection-molded polypropylene
- Service temps from -40° F to 302° F
- Accept shackles up to 0.375 in. diameter

Catalog #	Description	Fits Valve Handles	Qty
145581	Transparent Valve Gate Lockout	1 in. to 2.5 in. dia.	1
145582	Transparent Valve Gate Lockout	2.5 in. to 5 in. dia.	1
145583	Transparent Valve Gate Lockout	5 in. to 6.5 in. dia.	1
145584	Transparent Valve Gate Lockout	6.5 in. to 10 in. dia.	1
145585	Transparent Valve Gate Lockout	10 in. to 13 in. dia.	1

Adjustable Gate Valve Lockout

- Versatile lockout adjusts to fit 1 in. to 6.5 in. valve handles, replacing 3 conventional gate valve lockouts
- Constructed of rugged injection-molded polypropylene
- Service temps from -13° F to 194° F
- Supplied with English, Spanish and French danger labels

Catalog #	Description	Qty
64057	Adjustable Gate Valve Lockout	1

Collapsible Gate Valve

- Folds into smaller sizes for easy storage
- Cover rotates into fully engaged position
- Rugged injection-molded styrene construction
- 3 device sizes to secure valves up to 18 in. handle diameter

Catalog #	Description	Fits Handles	Qty
148648	Collapsible Gate Valve Lockout	3 in. to 7 in. dia.	1
148647	Collapsible Gate Valve Lockout	7 in. to 13 in. dia.	1
148646	Collapsible Gate Valve Lockout	13 in. to 18 in. dia.	1

Valve Lockouts

BradyID.com/s36

Perma-Mount™ Ball Valve Lockout

- Retrofit devices are meant to stay permanently in place at the point of need
- One-time installation is easy to complete in just a few minutes
- Available in 2 sizes to fit a full range of 0.5 in. to 4 in. diameter ball valves

Catalog #	Size	Ball Valve Dia.	Qty
121540	Small Perma-Mount Ball Valve Lockout	0.5 in. to 2 in.	1
121541	Large Perma-Mount Ball Valve Lockout	2 in. to 4 in.	1

Plug Valve Lockout

- Ideal for difficult-to-secure plug valves in compliance with OSHA standards
- Various sizes to fit most 1 in. to 8 in. diameter manually-actuated plug valves
- Durable and tamper-resistant with service temperatures from -25° F to 200° F
- Compact in size and easy to use

Catalog #	Description	Valve Stem Dia.	Qty
113231	Plug Valve Lockout	Up to 0.875 in. stem dia.	1
113232	Plug Valve Lockout	0.94 in. to 1.375 in. stem dia.	1
113233	Plug Valve Lockout	1.75 in. to 2.125 in. stem dia.	1
113234	Plug Valve Lockout	2.188 in. to 2.5 in. stem dia.	1

4-Legged Ball Valve Lockout

- Made from ultra-tough polypropylene
- Small size locks out pipes 0.5 in. to 2.5 in. diameter and can also lock valves OPEN on pipes from 0.5 in. to 1.25 in.
- Large size locks out pipes 2 in. to 8 in. diameter

Small	Size	Valve Size	Color	Qty.
BS07A-RD	Small	0.5 in. to 2.5 in. dia.	Red	1
BS07A-YW	Small	0.5 in. to 2.5 in. dia.	Yellow	1
BS07A-BU	Small	0.5 in. to 2.5 in. dia.	Blue	1

BS08A-BU	Large	2 in. to 8 in. dia.	Blue	1
BS08A-GN	Large	2 in. to 8 in. dia.	Green	1

Standard Ball Valve Lockout

- Easy to use, single-piece design locks quarter-turn ball valves in OFF position
- Two sizes fit most valves up to 3 in.
- Made of either super-tough nylon (service temp -40° to 248° F) or powder-coated steel

Catalog #	Material	Max Shackle Dia.	Valve Size / Pipe Dia.	Max Handle Width	Max Handle Thickness
65666	Nylon	0.28 in.	0.25 in. to 1 in.	1.5 in.	0.75 in.
65692	Steel	0.375 in.	0.25 in. to 1 in.	1.5 in.	0.75 in.
65669	Steel	0.28 in.	1.25 in. to 3 in.	2.1 in.	1.25 in.
65693	Steel	0.375 in.	1.25 in. to 3 in.	1.9 in.	1.25 in.

Universal Valve Lockout (UVLO)

Lock out all types of valves with a single device

- Made of rugged industrial-grade steel and nylon for extra impact and chemical resistance
- Versatile open-ended clamp fits over most closed rings, wide handles
- Can also lock out large levers, T-handles and other hard-to-secure mechanical devices
- Cable attachment offers choice of 0.125 in. non-conductive nylon or rustproof sheathed metal cable
- Small lockout for handle widths up to 1 in. (max handle thickness 0.6 in.)
- Large lockout for handle widths up to 1.6 in. (max handle thickness 1.1 in.)

Full Solution

Catalog #	Description	For Handle Width
51394	Small Device, 8 ft. Sheathed Cable, Blocking Arm	Up to 1 in. (max thickness 0.6 in.)
51390	Small Device, 8 ft. Nylon Cable, Blocking Arm	Up to 1 in. (max thickness 0.6 in.)
51392	Large Device, 8 ft. Sheathed Cable, Blocking Arm	Up to 1.6 in. (max thickness 1.1 in.)
51388	Large Device, 8 ft. Nylon Cable, Blocking Arm	Up to 1.6 in. (max thickness 1.1 in.)

Individual Components

Catalog #	Description	For Handle Width
50924	Small UVLO Base Clamping Unit	Up to 1 in. (max thickness 0.6 in.)
50899	Large UVLO Base Clamping Unit	Up to 1.6 in. (max thickness 1.1 in.)
65402	Small Blocking Arm	
65403	Large Blocking Arm	
51395	Cable Attachment with 8 ft. Sheathed Cable	
50932	Cable Attachment with 8 ft. Nylon Cable	
50947	8 ft. Sheathed Metal Cable	
50950	12 ft. Sheathed Metal Cable	
50953	16 ft. Sheathed Metal Cable	
50956	20 ft. Sheathed Metal Cable	
50945	8 ft. Nonconductive Nylon Cable	
50948	12 ft. Nonconductive Nylon Cable	
50951	16 ft. Nonconductive Nylon Cable	
50954	20 ft. Nonconductive Nylon Cable	

Use blocking arm to lock out quarter-turn ball valves

Attach to butterfly handles to prevent trigger handle from being squeezed.

Use cable attachment to lock out gate valves

Use two blocking arms to lock out 3-, 4- or 5-way valves, or to lock in the ON, OFF, or throttled position

Circuit Breaker Lockouts

BradyID.com/s36

Circuit Breaker Lockout Compatibility Guide

Brady offers a wide variety of lockouts to isolate and secure most circuit breaker switches. From standard snap-on and clamp-on models to oversized, multi-pole and miniature options, Brady is sure to have what you need.

Use the guide below to find the correct lockout device for your circuit breakers.

Standard Circuit Breaker Lockouts

65387 148689 — *120V Snap-on lockout*

65396 148690 — *120/277V Clamp-on lockout*

65397 148701 — *480/600V Clamp-on lockout*

65329 148692 — *480/600V Oversized lockout*

66321 148702 — *Universal multi-pole lockout*

EZ Paneloc™ Lockouts

51252 148696 — *Snap-on (SQD QO) lockout*

51254 — *Clamp-on (universal) lockout*

Miniature Circuit Breaker Lockouts

90844 — *Pin-out standard lockout*

90847 — *Pin-in standard lockout*

90850 — *Pin-out wide lockout*

90853 — *Tie-bar lockout*

149433 — *Rotary lockout*

149514 — *Universal lockout*

*Requires use of a cleat.

TAGLOCK™ Circuit Breaker Securing Devices

Tagout plus physical restraint protection for multiple workers

With TAGLOCK™ circuit breaker securing devices from Brady, your maintenance team members can individually tag and secure each circuit breaker for improved safety and compliance. These devices are secured to circuit breakers with standard non-releasable 50-pound minimum strength nylon cable ties and meet OSHA requirement 1910.269(d)(3)(ii)(D) for power generation, transmission and distribution facilities.

TAGLOCK securing devices feature:

- **Easy installation** onto the breaker with nylon cable tie and the worker's ID tag
- **Multiple worker tagging capabilities** for up to 4 workers to apply a nylon cable tie and their ID tag
- **Secure restraints** that will remain securely fastened to the breaker switch until each person has removed their nylon cable tie and tag
- **Pre-loadable tags** enable users to prepare ID tags in advance and then quickly secure them to the designated energy control lockout points
- **More convenient** lockout tagout option eliminates the need to use locks
- **Cost savings** from less tag preparation and reduced equipment downtime

Securable by BOTH cable tie and safety lock at the same time

Save time by "pre-loading" your tag and cable tie before walking to the energy point

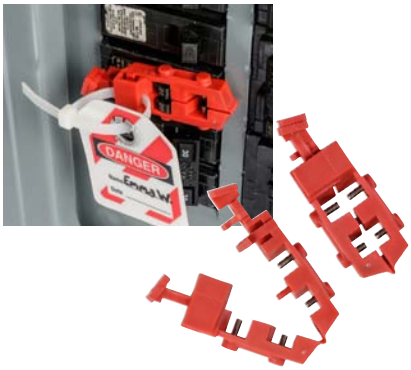

120V breaker lockout devices fit on breakers next to each other, enabling multiple tagouts at one time

Pair your TAGLOCK devices with Mini Lockout Tags

Catalog #	Description	Size	Qty.
148824	Mini Lockout Tags (Fasteners sold separately)	2.5 in. x 2 in.	25

TAGLOCK™ 120V Snap-On Breaker Lockout

- Designed for 120V breakers with holes in the switch tongue
- Quick and easy – just snap in place and apply lock
- Dual cavities accommodate different size switch tongues
- Single and 6 packs include cable ties

Catalog #	Description	Qty
148689	120V Snap-On Breaker Lockout	1
148693	120V Snap-On Breaker Lockout	6
148694	120V Snap-On Breaker Lockout (Cable ties sold separately)	50

TAGLOCK™ 120V Holed-Tongue Breaker Lockout

- Align pins with holes in breaker and snap closed
- Pins prevent switch from being thrown
- Lockout is small enough to lockout multiple breakers in a row
- Single and 6 packs include cable ties

Catalog #	Description	Qty
148696	Breaker Switches with Holes	1
148688	Breaker Switches with Holes	6
148700	Breaker Switches with Holes (Cable ties sold separately)	50

TAGLOCK™ Universal Multi-Pole Breaker Lockout

- Single device works with most major multi-pole breakers that employ a tie-bar
- Use thumbscrew to clamp lockout securely over tie bar, then insert lock to prevent clamp from being loosened
- Single and 6 packs include cable ties

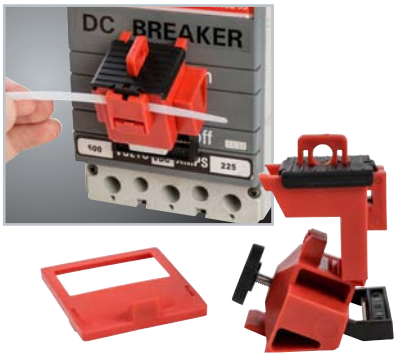

Catalog #	Description	Qty
148702	Multi-pole Breaker Lockout	1
148697	Multi-pole Breaker Lockout	6
148695	Multi-pole Breaker Lockout (Cable ties sold separately)	50

TAGLOCK™ 120/277V Clamp-On Breaker Lockout

- Works on a wide range of single-pole and internal-trip multi-pole breakers
- Use thumbscrew to clamp lockout onto switch tongue, then pull cover over thumbscrew and lock in place
- Includes cleat to expand the range of applicable breakers
- Single and 6 packs include cable ties

Catalog #	Description	Qty
148690	120/277V Breaker Lockout	1
148698	120/277V Breaker Lockout	6
148699	120/277V Breaker Lockout (Cleats and cable ties sold separately)	50
65404	Extra Cleats for 120/277V Lockout	6

TAGLOCK™ 480/600V Clamp-On Breaker Lockout

- Works on a wide range of single-pole and internal-trip multi-pole breakers
- Use thumbscrew to clamp lockout onto switch tongue, then pull cover over thumbscrew and lock in place
- Includes cleat to expand the range of applicable breakers
- Single and 6 packs include cable ties

Catalog #	Description	Qty
148701	480/600V Breaker Lockout	1
148687	480/600V Breaker Lockout	6
148686	480/600V Breaker Lockout (Cleats and cable ties sold separately)	25
65406	Extra Cleats for 480/600V Lockout	6

TAGLOCK™ Oversized Clamp-On Breaker Lockout

- Oversized 480/600V frame lockout fits breaker switches up to 2.25 in. wide and 0.875 in. thick
- Made of durable polypropylene and glass filled-impact-modified nylon
- Single and 6 packs include cable ties

Catalog #	Description	Qty
148692	Oversized Breaker Lockout	1
148691	Oversized Breaker Lockout	6
148685	Oversized Breaker Lockout (Cable ties sold separately)	25

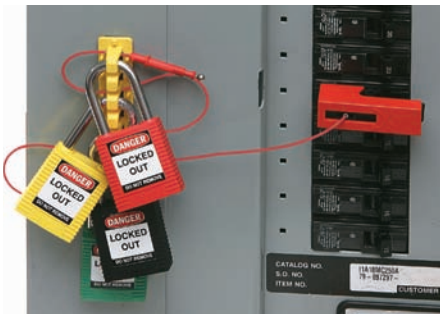

Circuit Breaker Lockouts

BradyID.com/s36

EZ Paneloc™ System

- Works on wide range of breakers, including single- and multi-pole configurations
- Can be used with most padlocks by making use of unique lock rail system
- Allows panel door to be closed even when lockouts are in place
- Accommodates multiple locks, facilitating group lockout activity without hasps
- Keeps weight off the breakers, protecting delicate electrical components
- Positions locks and tags outside the panel, making sure lockout activity is clearly visible to anyone in the area

(Not recommended for use with multi-lock hasps)

Snap-On Lockout

- For use on Square D NQO and other breakers with a hole in the switch tongue
- Align pins with holes in breaker and snap closed
- Pins prevent switch from being thrown
- Size: 0.90 in. x 1.88 in. x 0.74 in.
- Rails sold separately

Catalog #	Description	Qty.
51252	Snap-On Lockout w/ 2 in. Cable	1
65815	Snap-On Lockout w/ 2 in. Cable	6

Clamp-On Lockout

- For use on breakers that do not have a hole in the switch tongue
- Turn thumbscrew to clamp lockout securely onto switch, then snap the cover closed to prevent thumbwheel from being loosened
- Size: 0.95 in. x 2.56 in. x 0.74 in.
- Rails sold separately

Catalog #	Description	Qty.
51254	Clamp-On Lockout w/ 2 in. Cable	1
65810	Clamp-On Lockout w/ 2 in. Cable	6

Spacing Gasket and Lock Rails

- For low profile panels
- Self-adhesive gasket pushes out low profile panel frame adding an additional 0.375 in. of clearance between the panel and the door
- Lock rails made of durable isoplast polymers with acrylic adhesive backing

Catalog #	Description	Qty.
51256	4 in. Lock Rail (7 loops)	1
65814	4 in. Lock Rail (7 loops)	6
51258	8 in. Lock Rail (15 loops)	1
51260	8 in. Lock Rail (15 loops)	6
89256	Spacing Gasket 0.375 in. x 1 in. x 15 ft.	1

EZ Paneloc System In Action

1. Expose the super-bond adhesive on back of rail. Permanently affix to any location on the panel.

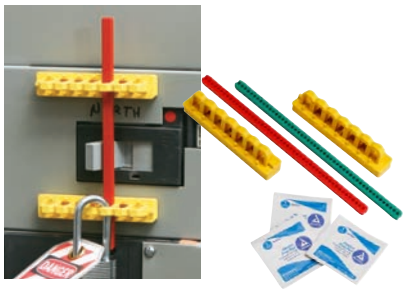

2. Attach the lockout device to the breaker and snap into locked position.

3. Pass plastic key through lock rail and attach lock, preventing key from sliding down cable to device.

4. After procedure is finished, unlock device by inserting and turning the black plastic key.

480–600V Breaker Blocker

- For oversized and irregularly shaped switches
- Self-adhesive backed rails are permanently installed onto panel
- Blocking bars are 7.6 in. long
- Red blocking bar indicates locked off, green bar indicates locked on

Catalog #	Description	Qty.
90891	Breaker Block Kit*	1
90892	7.6 in. Red Blocking Bar	5
90893	7.6 in. Green Blocking Bar	5
51264	4 in. Yellow Mounting Rails	2
51265	Blocking Bar Holder	5

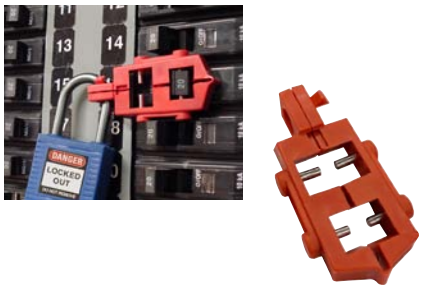

**Kit includes 2 yellow mounting rails, 1 red blocking bar, 1 green blocking bar and 3 alcohol wipes.*

Universal Multi-Pole Breaker Lockout

- Single device works with most major multi-pole breakers that employ a tie-bar
- Made of durable impact-modified nylon
- Use thumbscrew to clamp lockout securely over tie bar, then insert lock to prevent clamp from being loosened

Catalog #	Description	Qty.
66321	Universal Multi-Pole Breaker Lockout	1
66320	Universal Multi-Pole Breaker Lockouts	6

120V Snap-On Breaker Lockout

- Designed for 120V breakers with holes in the switch tongue
- Quick and easy – just snap in place and apply lock
- Dual cavities accommodate different size switch tongues
- Accepts lock shackles up to 0.28 in. dia.
- Dimensions: 0.83 in. x 0.35 in. x 2.15 in.

Catalog #	Description	Qty.
65387	120V Snap-On Breaker Lockout	1
65688	120V Snap-On Breaker Lockouts	6

120/277V and 480/600V Clamp-On Breaker Lockout

- Works on a wide range of single-pole and internal-trip multi-pole breakers
- Use thumbscrew to clamp lockout onto switch tongue, then pull cover over thumbscrew and lock in place
- Accepts lock shackles up to 0.28 in.
- Detachable cleats expand the range of applicable breakers

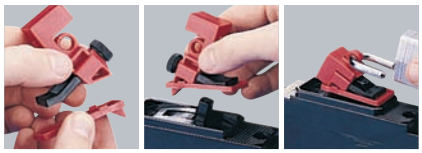

Catalog #	Description	Qty.
65396	120/277V Clamp-On w/ Cleat	1
65965	120/277V Clamp-On w/ Cleat	6
65397	480/600V Clamp-On w/ Cleat	1
65966	480/600V Clamp-On w/ Cleat	6

Oversized 480/600V Clamp-On Breaker Lockout

- Oversized 480/600V frame lockout fits breaker switches up to 2.25 in. wide and 0.875 in. thick
- Made of durable polypropylene and glass-filled, impact-modified nylon

Catalog #	Description	Qty.
65329	Oversized Breaker Lockout	1
65321	Oversized Breaker Lockout	6

Step 1 *Step 2* *Step 3*

Extra Cleats for Clamp-On Breaker Lockout

- Use in conjunction with clamp-on breaker lockouts (sold separately) to expand the range of applicable breakers that can be locked out
- Easily clips onto the bottom of the lockout body
- Assures positive restraint for breakers with long, sliding switch throws

Catalog #	Description	Qty.
65404	Extra Cleats For 120/277V Lockout	6
65406	Extra Cleats For 480/600V Lockout	6

Circuit Breaker Lockouts

Miniature circuit breaker lockouts for single- and multi-pole breakers

The Miniature Circuit Breaker Lockout Devices from Brady are designed with specific circuit breakers in mind so that lockout can be completed safely and effectively without any tools. These lockouts feature quick and easy installation. Color tips to easily differentiate between devices.

Universal Fit

- One lockout device fits numerous ABB, Hager, Siemens and Schneider mini-circuit breakers
- Low-profile design allows for panel door closure
- Accept locks with shackle diameter up to 0.28 in.
- Quick and easy installation with no tools required
- Works on both single- and multi-pole breakers
- Made from durable, fiberglass reinforced nylon

Catalog #	Type	Qty.
149514	Miniature circuit breaker lockout - Universal Fit (UF)	1
149515	Miniature circuit breaker lockout - Universal Fit (UF)	6

ABB MS325

- Specifically designed to lockout ABB MS325 series breakers
- Easy one-handed push button installation
- Complete lockout with full size padlock
- Extra-wide tip for added lockout security
- Made from durable, fiberglass reinforced nylon

Catalog #	Type	Qty.
149433	Miniature circuit breaker lockout - ABB MS325 (MS)	1
149434	Miniature circuit breaker lockout - ABB MS325 (MS)	6

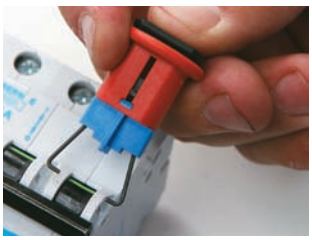

Pin-Out Standard (POS)

- Easily installed with a push button; no tools required
- Accept locks with shackle diameter up to 0.28 in.
- Works on both single- and multi-pole breakers
- Made from durable, fiberglass reinforced nylon

Catalog #	Type	Qty.
90844	Miniature circuit breaker lockout - Pin-Out Standard (POS)	1
90845	Miniature circuit breaker lockout - Pin-Out Standard (POS)	6

Pin-In Standard (PIS)

- Easily installed with a push button; no tools required
- Accept locks with shackle diameter up to 0.28 in.
- Works on both single- and multi-pole breakers
- Made from durable, fiberglass reinforced nylon

Catalog #	Type	Qty.
90847	Miniature circuit breaker lockout - Pin-In Standard (POS)	1
90848	Miniature circuit breaker lockout - Pin-In Standard (POS)	6

Universal Fuse Lockout

- Designed to prevent the unintended re-energization of an energy source through a fuse
- Easy to use device fits most fuse holders between 20 and 400 amps
- Dimensions: 1.38 in. x 0.59 in. x 2.36 in.

Catalog #	Description	Qty.
873367	Universal Fuse Lockout - Red	1

Fuse Lockout Device

- Unique locking mechanism prevents device from being accidentally removed from fuse block
- Available in two sizes for most commonly used fuses

Catalog #	Description	Qty.
65750	Fuse Lockout size 13⁄32 in.	6
65751	Fuse Lockout size 9⁄16 in.	6

Fuse Blockout Device

- Small blockout device fits fuses 0.25, 0.28, 0.41 and 0.56 in. sizes
- Large blockout to fits 0.68 in., 0.81 in. and blade type fuses

Catalog #	Description	Qty.
65690	Small Fuse Blockout	6
65691	Large Fuse Blockout	6

Safe-T-Grip® Fuse Pullers

- Provides maximum convenience when removing or replacing cartridge fuses
- Notched handles for non-slip grip
- Clearly marked amperage ranges
- Exceeds MIL specifications

Catalog #	Description	Application
65279	5 in. Fuse Puller	For 9⁄32 in. to 1⁄2 in. dia. fuses
65280	7.5 in. Fuse Puller	For 0–100A, 250V and 600V

BRADY

Pneumatic Quick-Disconnect Lockout

- Isolates pneumatic energy without the expense and inconvenience of installing in-line lockout valves
- Device is applied to the male fitting, isolating equipment from all compressed air sources
- Accommodates the majority of 0.25 in., 0.375 in., 0.5 in. male fittings
- Hole in center of device allows for permanent storage on an air hose and a loop on the side can be used to hang the hose and lockout device
- Accepts up to 0.25 in. shackle

Personal Lockout Kits

Personal lockout kits come equipped with keyed-alike padlocks, allowing all the locks in a kit to be opened with a single key. This simplifies key management and ensures that employees can quickly and easily find the right key. For kits containing padlocks that are keyed different (each padlock has its own unique key), see the standard lockout kits on previous pages. Or select a personal lockout kit without padlocks, and purchase the padlocks separately.

Personal Padlock Pouch

- Components:
  - 2 - 1 in. Group Lockout Hasps (133161)
  - 2 - Heavy-duty Lockout Tags w/ Cable Ties (65520)

Lockout Stations

BradyID.com/s36

Lockout Tagout Stations

Lockout Tagout Stations ensure that lockout devices are properly stored and always accessible when needed. They are a great place to centralize lockout activity needs by organizing the tools, padlocks and padlock keys in one location. Available in portable and wall-mounted styles, these stations are designed with the durability required for an industrial workplace, and can be locked to prevent theft and unauthorized usage.

Combined Lockout / Group Lockout Box Station

- Lockable all metal, yellow powder-coated cabinet comes with one adjustable shelf (extra shelves available)

SafeKey Padlocks

36-Lock Board

- Dimensions: 21.5 in. x 23.5 in.
- Components:
  - 36 - Keyed-different Padlocks
  - 3 - 1 in. Hasps (133161)
  - 3 - 1.5 in. Hasps (133162)
  - 36 - Heavy-duty Tags (65520)

Catalog #	Description
150965	Board and 36 SafeKey Nylon Padlocks
150966	Board and 36 SafeKey Aluminum Padlocks
51195	Board and 36 Nylon Padlocks
51196	Board and 36 Steel Padlocks
50992	Board Only (empty)

Did you know?

Lock boards contribute to a successful lockout program by providing storage at the point of need for all of your devices

- Boards are made of thick, bright yellow acrylic with acrylic lock rails
- Tag pockets are made of clear polycarbonate and will hold tags up to 3 in. wide

Looking for a portable solution?

Ready Access Padlock Station

- Polypropylene cabinet with lockable door can be carried or wall mounted
- Holds up to 10 padlocks, 6 hasps and 10 tags

See page 243 for more information.

Why is spill control important?

When a spill occurs, having a proper spill control program that enables a quick and effective response can not only help to protect the environment, but also supports a safe and productive workplace for your employees.

Brady SPC supplies products that help you comply with EPA and OSHA regulations. Why does that matter? Because the cost of non-compliance can have devastating effects on a business's reputation and financial performance.=

The EPA issued its final rule amending SPCC requirements under the authority of the Federal Water Pollution Control Act. This regulation became effective as of August 16, 2002.

The Poly-Edge Truck Mountable Spill Kit is designed to help you meet D.O.T. spill containment regulations.

Need-to-know regulations

The following OSHA and EPA regulations protect your employees and the environment:

29 CFR 1910.22(a)(2) — Walking-Working Surfaces
The floor of every workroom shall be maintained in a clean and, so far as possible, a dry condition. Where wet processes are used, drainage shall be maintained, and false floors, platforms, mats, or other dry standing places should be provided where practicable.

40 CFR 112.7(c)(1)(viii) — General requirements for Spill Prevention, Control, and Countermeasure Plans
Sorbent materials are included in the types of prevention systems that must be used for spill containment.

29 CFR 1910.120(j)(1)(vii) — Hazardous Waste Operations and Emergency
U.S. Department of Transportation specified salvage drums or containers and suitable quantities of proper absorbents shall be kept available and used in areas where spills, leaks, or ruptures may occur.

OSHA's recent silica ruling
One of the most common compositions for granular absorbents is diatomaceous earth, which is 80-90% silica based. OSHA's recent final rule on limiting exposure to respirable crystalline silica was issued to curb lung cancer, silicosis, chronic obstructive pulmonary disease and kidney disease, all of which have been linked to high levels of silica. Rely on Brady SPC absorbent pads and rolls as safer, more efficient, non-silica solutions for absorbing leaks, drips and spills.

What is a SPCC Plan and do I need one?

A Spill Prevention Control and Countermeasure (SPCC) plan is a facility-specific, comprehensive plan outlining both the containment and countermeasures implemented to prevent a spill from occurring, and a series of response procedures in the event that one does occur. The SPCC plan addresses the following three areas:

- Operating procedures that prevent spills
- Control measures installed to prevent a spill from reaching the environment
- Countermeasures to contain, clean up and mitigate the effects of an oil spill that reaches the environment

Having an SPCC plan in place is an essential step to help companies avoid the costly impact of non-compliance, including fines as high as $25,000 per day per violation.

Not sure where to start? Let SPC experts help

We understand that surveying a facility for potential trouble spots, proper absorbent usage and product selection can be time consuming and confusing. But, it is extremely beneficial.

- **Free Absorbent Survey**
  Brady's absorbent survey is a free service designed to help you keep your employees and equipment safe. This detailed survey asks the right questions and identifies how Brady SPC and its distributors can provide solutions for the proper use of absorbents in the plant. Many organizations use these surveys as an "environmental audit" and keep them on file.

- **Cost Savings Worksheet**
  Seeing is believing. This simple worksheet helps you compare the absorbents you are currently purchasing to our recommendations — quickly showing you the price difference and your cost savings.

Contact your Brady SPC Representative for more information, or for assistance selecting the right absorbents for your facility.

Making the switch to absorbents

No facility is free from leaks, drips and spills. And, when it comes to keeping your employees and the working environment safe, you need a reliable and cost-effective absorbent solution.

Take a look at the comparisons below between clay granular, rags and SPC absorbent pads to determine what solution best fits your needs.

Clay granular

- **Pros:** Low cost per bag and product familiarity
- **Cons:** Messy, very low absorbency ratio (generally 1:1), labor intensive clean up and high disposal costs

Laundered rags

- **Pros:** Recycled and full system (products and disposal supported by the supplier)
- **Cons:** After each laundering, the rags lose some of their absorbency. Hard metals can never be completely removed, leading to significant health risks through exposure

SPC absorbent pads

- **Pros:** Absorb an average of 20x their weight in liquid, offer multiple configurations and constructions and lower disposal costs
- **Cons:** Higher up-front cost

Material details	Clay granular (40 lb bag)	Rags (200 pads/drum)	SPC pads (100 pads/case)	
Gallons absorbed per week	20	20	20	gallons
Total material used	4 bags	170 rags	77 pads	per week
Total material costs	$24	$128	$77	per week
Labor details				
Labor hours for clean-up	1	0.3	0.3	hours/week
Total labor costs	$20	$7	$7	per week
Disposal details				
Drums disposed per week	1	(included)	0.15	per week
Total disposal costs	$200	(included)	$30	per week
Savings summary				
Weekly cost	$244	$135	$114	per week
Annual cost	$12,688	$7,020	$5,947	per year
Total cost after 5 year	$63,440	$35,100	$29,733	over 5 years

$33,667 or 47% savings
When using SPC pads over clay granular

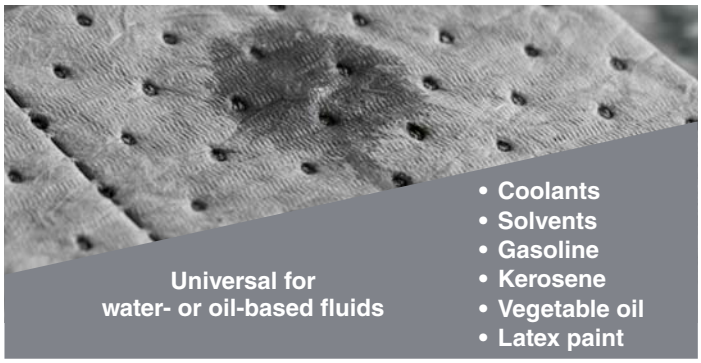

**Values shown are for example purposes only and are based on average costs in US dollars as published in 2016. Costs and savings may vary.*

1 Step one: Know what you're absorbing

Water- or oil-based fluids

SPC recommends: Universal Absorbents

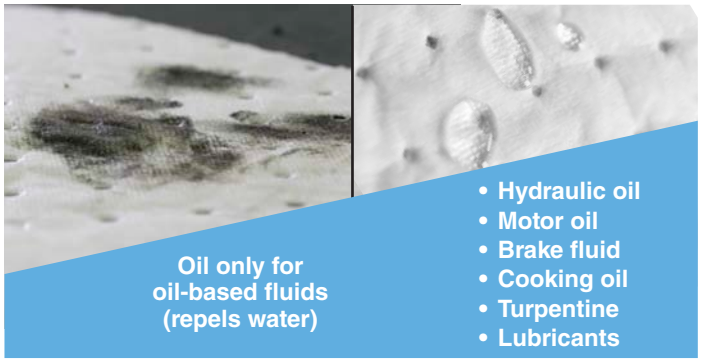

Use around machinery, under leaky pipes, in messy traffic areas or for general maintenance projects. Re-Form™ universal absorbents are made of recycled materials and offer an environmentally friendly solution.

Oil-based fluids outdoors/water repelling

SPC recommends: Oil-Only Absorbents

Specialized for oil and other petroleum-based spills including paints and non-water soluble chemicals, these absorbents do not absorb water and float indefinitely. Re-Form™ oil-only absorbents are made of recycled materials and offer an environmentally friendly solution.

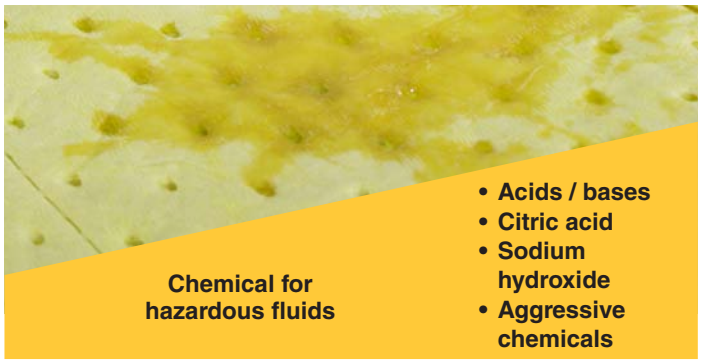

Hazardous chemical fluids

SPC recommends: Chemical Absorbents

Surfactant-treated polypropylene absorbents can be used on a wide range of chemicals, including hydrofluoric acid. They are chemically inert, so they will not react with aggressive fluids.

Keep in mind that absorbents take on the properties of whatever they absorb, so the bright color provides a visual indication to separate waste streams.

Looking to save time, effort and money?

Use a mid- to high-level universal product, like MRO100, as the standard in your facility. These absorbents can be used in a wide variety of applications and with a standardized absorbent, you do not have to manage the inventory of multiple items.

BradyID.com/s36

2 Step two: Identify your application

General purpose wiping, drips and leaks

SPC recommends: Pads, Rolls, Socs and Pillows

Pre-cut pads and perforated rolls provide easy access to absorbents for general purpose use around your facility. Use specialized SOCs and pillows around or underneath dripping equipment.

Heavy foot and forklift traffic

SPC recommends: Mats and Rugs

Mats and rugs offer greater durability to withstand harsh conditions. Barrier-backed options prevent liquid from penetrating the absorbent and reaching the floor underneath while printed mats warn of possible slip, trip and fall hazards.

Emergency spill response

SPC recommends: Spill Kits, Pallets, Drain Plugs

Spill kits bundle all of the necessary products to clean up an unexpected spill. Other spill containment options include spill pallets, drain plugs and storage centers.

Specialty absorbents

SPC recommends: Marine or Granular Products

Marine environments require boom, sweep and drag nets to remove fluids in, or near, bodies of water.

Granular absorbents are available when loose absorbents are preferred or when acid/base neutralization is required prior to spill clean up.

3 Step three: Select absorbent features

Coverstock

Durability of an absorbent increases with the addition of a coverstock layer.

- For simple drips or leaks, a 1-ply absorbent is all you need
- For wiping scenarios or foot traffic areas, a 3-ply absorbent will offer the necessary durability
- For abrasive applications, a pad with spunbond coverstock helps to reduce linting or tearing

3-ply construction
(2-sides coverstock)

Two layers of coverstock offer maximum durability and reduce linting or tearing.

2-ply construction
(1-side coverstock)

A single layer of coverstock offers medium durability and linting.

1-ply construction
(No coverstock)

Economical single-ply has lower durability resulting in high linting and tearing.

Absorbency weight

The absorbency weight can make a significant difference in how much product is required.

- For small spills, choose a light- or medium-weight product to avoid waste
- For large spills or continuous leaks, choose a heavy-weight product to reduce material use

Under-saturated

Absorbents aren't being used to their full potential. You're throwing money away!

Over-saturated

Absorbents aren't cleaning the whole spill. Increase the weight to get the job done with less product.

Dimpled surface

Dimpling increases product strength for areas requiring greater durability.

Smooth absorbents have greater surface area and are more absorbent per square inch compared to similarly constructed, dimpled products.

Non-dimpled

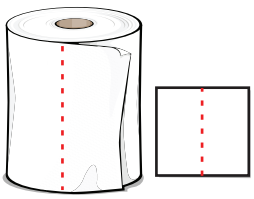

Offers more absorbent surface area.

Dimpled

Provides increased durability.

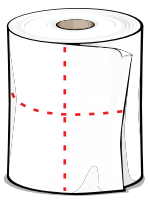

Perforations

Perforations provide a variety of size options by allowing you to quickly tear off exactly what is needed to contain the spill.

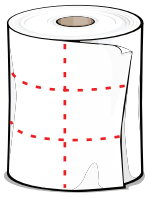

Single perforation

Featured on many pads and rolls

Double perforation

Featured on many rolls and mats

Triple perforation

Unique to the High Traffic Universal rolls

BradyID.com/s36

Universal Absorbency

for Water- or Oil-Based Fluids

All-purpose absorbents clean-up oils, coolants, solvents and water-based fluids anywhere in your facility.

Around machinery, under leaky pipes or fittings, in messy traffic areas, for general maintenance projects — they are your first choice for indoor spill control. Plus, their gray color masks spills and stains, helping you resist the urge to pick up the absorbent before it is fully saturated.

Liquids absorbed

- Coolants
- Solvents
- Oils
- Latex paint
- Gasoline
- Vegetable oil
- Kerosene
- Water-based fluids

Popular applications

- Wiping tools
- Small spills
- Under leaky pipes
- Around liquid storage containers
- Around machinery
- In messy traffic areas
- Under dripping valves
- General purpose maintenance

MRO Plus® Absorbents

- Brady SPC's number one universal absorbent and the standard in all-purpose, gray maintenance absorbents
- Universal absorbency handles most fluids (water, petroleum and chemical-based)
- 3-ply (MMM) meltblown polypropylene construction increases durability and reduces lint

Features

- For oils, coolants, solvents and water-based fluids
- Top and bottom coverstock (3-ply)
- High durability
- Medium linting
- Perforated and dimpled
- Gray color masks spills
- Heavy, medium and light weights
- Cost: $ $ $

Recommended applications

- Anywhere there is a leak, drip or spill
- Production/machine areas
- Under assembly lines or equipment
- Maintenance areas and liquid storage areas

Catalog #	Type	Size	Perforated	Absorbency Factor (gl/gs)	Absorbency Capacity (gal)	Shipping Wt. (lbs)	Pallet Qty.	Quantity

BRADY

GP "General Purpose" Absorbents

- Economical general purpose absorbents offer the look, feel and performance of a premium product
- Universal absorbency to handle most fluids (water, petroleum and chemical-based)
- Efficient single-ply construction with MAXX® Technology — absorption and strength without the extra weight

Features

- For oils, coolants, solvents and water-based fluids
- No coverstock (1-ply)
- Medium durability
- Medium linting
- Perforated and dimpled
- Gray color masks spills
- Heavy, medium and light weights
- Cost: $ $

Recommended applications

- Anywhere there is a leak, spill or drip
- Ideal for industrial settings such as machine shops, maintenance or manufacturing
- Under leaky pipes and machinery

BASIC Universal Absorbents

- Value-priced universal all-purpose absorbent
- Universal absorbency to handle most fluids (water, petroleum and chemical-based)
- Economical single-ply pads and rolls made of universal meltblown polypropylene

Features

- For oils, coolants, solvents and water-based fluids
- No coverstock (1-ply)
- Light durability
- High linting
- Perforated and dimpled
- Gray color masks spills
- Heavy and light weights
- Cost: $

Recommended applications

- Anywhere there is a leak, spill or drip
- General industrial applications
- Manufacturing, printing and transportation

Universal Absorbency

BradyID.com/s36

BattleMat® Absorbents

- Tough camouflage-patterned roll hides leaks and drips and is ideal for areas with moderate foot traffic
- Universal absorbency to handle most fluids (water, petroleum and chemical based)
- Durable 2-ply construction is ideal for use in high traffic areas — foot or forklift traffic
- Abrasion-resistant upper layer helps reduce linting while meltblown fibers grip the floor below

Features

- For oils, coolants, solvents and water-based fluids
- Camouflaged-printed top coverstock (2-ply)
- High durability and low linting
- Perforated
- Camouflaged pattern masks spills
- Cost: $ $ $

Recommended applications

- Extra tough for foot and forklift traffic
- Walkways and high traffic areas
- Where there's a need to mask spills
- Under assembly lines, equipment or vehicles

HT "High Traffic" Absorbents

- Multi-use absorbent built for durability and high absorbency in "high traffic" areas
- Universal absorbency to handle most fluids (water, petroleum and chemical based)
- 2-ply construction coverstock reduces linting and increases durability while meltblown fibers grip the floor below
- Printed safety message warns of slip, trip and fall hazards due to liquid spills

Features

- For oils, coolants, solvents and water-based fluids
- Top coverstock (2-ply) with safety message
- Medium durability and low linting
- Perforated and dimpled
- Heavy, medium and light weights
- Cost: $ $

Recommended applications

- Extra tough for foot traffic and walkways
- Printed safety message for areas where slips, trips and falls may occur

UXT "Xtra Tough" Absorbents

- Extra tough absorbents for applications that require high durability, non-linting and abrasion-resistance such as when wiping tools or machinery
- Universal absorbency to handle most fluids (water, petroleum and chemical based)
- 3-ply construction with 2 sides of coverstock for maximum durability and minimal linting
- Extra strength allows for wringing and re-use

Features

- For oils, coolants, solvents and water-based fluids
- Top and bottom coverstock (3-ply)
- High durability and low linting
- Perforated and dimpled
- Heavy, medium and light weights
- Cost: $ $ $

Recommended applications

- Wiping highly abrasive surfaces such as tools and machinery
- Machining, maintenance or food processing

Re-Form™ Eco-Friendly Absorbents

Re-Form™ Eco-Friendly Universal Absorbents for water- or oil-based fluids

Re-Form absorbent pads and rolls are eco-friendly, green products made of recycled materials. They feature the same universal absorbency as their polypropylene counterparts, making them ideal for coolants, solvents, oils and other water-based or petroleum-based fluids.

Re-Form absorbent materials have been tested to absorb 25-50% more than polypropylene materials, which means you'll use less product to absorb the same size spill.

Coverstock on 2-sides

Re-Form™ Pro Plus Absorbents

- The look, feel and performance of a traditional absorbent, but made from 90% recycled fibers. Supports corporate sustainability and LEED initiatives
- Universal absorbency to handle most fluids including water, petroleum and non-aggressive chemicals
- Durable 3-ply construction is made of 90% recycled materials
- Extremely absorbent: absorbs 20 times its weight

Features

- For oils, water-based fluid and non-aggressive chemicals
- Top and bottom coverstock (3-ply)
- Medium durability and medium linting
- Perforated and dimpled
- Heavy weight
- Cost: $ $ $

Recommended applications

- Anywhere there is a leak, drip or spill
- Production/machine areas
- Maintenance areas

Catalog #	Type	Size	Perforated	Absorbency Factor (gl/gs)	Absorbency Capacity (gal)	Shipping Wt. (lbs)	Pallet Qty.	Quantity

Re-Form absorbents are not intended for use with aggressive chemicals.

No coverstock

Re-Form™ Absorbents

- Economical general purpose absorbent offering superior absorbency compared to meltblown polypropylene; up to 50% more absorbent
- Universal absorbency to handle most fluids including water, petroleum and non-aggressive chemicals
- Single-ply nylon mesh construction made from 80% recycled cellulose and highly absorbent rags
- Up to 50% more absorbent than comparable polypropylene absorbents
- Class A fire retardant

Features

- For oils, water-based fluid and non-aggressive chemicals
- No coverstock (1-ply)
- Light durability and high linting
- Heavy, medium and light weight
- Cost: $

Recommended applications

- Anywhere there is a leak, drip or spill
- Production/machine areas
- Maintenance areas with limited foot traffic

Oil-Only Absorbency

Absorb oil- and petroleum-based fluids while repelling water

Oil-only absorbents are specially designed to clean-up oils and petroleum-based liquids while also repelling water and floating indefinitely.

Unaffected by temperature and impervious to rot and mildew, oil-only absorbents are an ideal choice for outdoor use, in bodies of water or anywhere that water may be inadvertently absorbed.

Liquids absorbed

- Drilling and cutting fluids
- Hydraulic and brake fluids
- Engine oils
- Transmission fluids
- Lubricants
- Gasoline, diesel and aircraft fuels
- Cooking oils
- Oil-based paints and solvents
- Other oils and petroleum-based fluids

Popular applications

- Outdoors
- Around bodies of water
- Wiping tools
- Small spills
- Under leaky pipes
- Around machinery
- Outdoor storage containers
- Under dripping valves
- Other general purpose maintenance

Oil Plus Absorbents

- Perfect for general everyday use and emergency spill clean-up
- Absorbs petroleum-based oils, solvents and other non-water soluble liquids
- Floats indefinitely even when saturated with oil
- 3-ply meltblown polypropylene construction increases durability and reduces lint

Features

- For oils, coolants, solvents and oil-based fluids
- Top and bottom coverstock (3-ply)
- Medium durability
- Medium linting
- Perforated and dimpled
- Floats indefinitely
- Heavy and medium weights
- Cost: $ $ $

Recommended applications

- Anywhere there is a leak, drip or spill
- Fuel stations and automotive industries
- Precision engineering
- Printing industries

SPC105 features blue coverstock on one side.

SPC® Oil Absorbents

- Brady SPC's best-selling oil-only pads for industrial or marine use
- Absorbs petroleum-based oils, solvents and other non-water soluble liquids
- Floats indefinitely even when saturated with oil
- Efficient single-ply construction of MAXX® absorbent technology — absorption and strength without the extra weight
- Packaged in a blue bag to streamline absorbent identification in your facility

Features

- For oils, coolants, solvents and oil-based fluids
- No coverstock (1-ply)
- Medium durability
- Medium linting
- Perforated and dimpled
- Floats indefinitely
- Heavy, medium and light weights
- Cost: $ $

Recommended applications

- Anywhere there is a leak, spill or drip
- Marine and environmental spills
- Oil refineries / fuel chemical
- General manufacturing

Re-Form Absorbents are not intended for use with highly aggressive chemicals.

Suitable for outdoor storage

Oil-only absorbents are specifically designed to repel water, which means they can be stored outdoors and will not be affected by the weather, fluctuating outdoor temperatures or moisture.

Chemical Absorbency

Color coded for when chemical-based fluids are present

Alert your employees to the presence of hazardous fluids with green and yellow chemical absorbents from Brady SPC. These surfactant-treated polypropylene pads and rolls can be used on a wide range of chemicals and are chemically inert, so they will not react with aggressive fluids.

Liquids absorbed

- Acids and bases
- Aggressive chemicals
- Sodium hydroxide
- Solvents
- Citric acid
- Water-based fluids
- Oil-based fluids
- Other unknown chemicals

Popular applications

- Anywhere hazardous chemicals may be present
- Bulk chemical storage containers
- Nuclear power plants
- Laboratories
- Hospitals
- Pharmaceuticals and any industry utilizing chemicals
- Chemical manufacturing
- To recognize chemical waste stream

BRIGHTSORB® High-Visibility Safety Absorbents

- Safety color and print make it ideal for areas where the risk of slips, trips and falls is greatest
- Chemical absorbency for areas where chemicals may be present
- Product will not react with aggressive fluids
- 2-ply construction increases durability and reduces lint
- Printed safety message warns of slip, trip and fall hazards
- Bright color warns of presence of leaks, drips or spills even in low light

Features

- Absorbs acids, bases, oils, chemicals, solvents, water-based fluids, unknown chemicals
- Safety printed top coverstock (2-ply)
- Medium durability
- Low linting
- Perforated and dimpled
- Heavy, medium and light weights
- Cost: $ $ $

Recommended applications

- Areas with slip, trip and fall hazards
- Foot traffic areas
- Drips and spills involving hazardous chemicals
- Any industrial application utilizing aggressive fluids

Mats and Rugs

For foot and forklift traffic

Brady SPC absorbent mats and rugs keep aisles and walkways slip-free by absorbing and containing oils, liquids or other spills. They are designed to hold up under the toughest conditions and are ideal for high-traffic areas and workstations. Compared to an entrance mat, absorbent mats and rugs offer better traction and reduce the tracking of liquids from one area to another.

Liquids absorbed

- Bases and oils
- Chemicals
- Solvents
- Water-based fluids

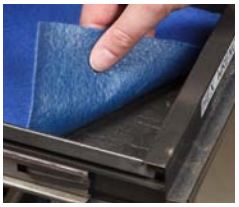

Popular applications

- Heavy foot traffic
- Aisles and walkways
- Around workstations
- To reduce tracking liquids throughout facility

Permanent adhesive mat is protected by a clear liner that must be removed prior to use.

Semi-permanent adhesive mat can be applied and removed as needed making it ideal for work surfaces.

TOUGHSORB™ Permanent and Semi-Permanent Adhesive Mats

- Easy adherence for high-traffic aisles and walkways
- Universal absorbency to handle most fluids (water, petroleum and chemical-based)
- Strong needle-punched polypropylene with an adhesive backing
- Permanent or semi-permanent adhesive backing adheres to surfaces to keep the absorbent in place and reduce slips, trips and falls

Features

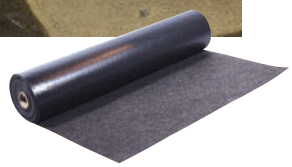

- For oils, coolants, solvents and water-based fluids
- Adhesive backing (2-ply)
- High durability
- Low linting
- Heavy and medium weight
- Cost: $ $ $

Recommended applications

- Aisles and walkways
- Areas with high foot and forklift traffic
- Lining entrances and exits
- Lining tool cribs and work surfaces

Barrier Spill Mat (BSM)

- Industrial rug with non-slip and leak-proof barrier backing for use in high-traffic areas and around workstations
- Universal absorbency to handle most fluids (water, petroleum and chemical-based)
- Strong needle-punched polypropylene with a non-skid backing
- Durable for high traffic areas and helps eliminate slippery areas and unsightly tracking
- Tear-resistant and will not curl or buckle
- Non-skid barrier backing prevents liquid from reaching the floor underneath while tacky underside reduces slips, trips and falls
- Gray color masks spills reducing the urge to replace absorbents before fully saturated

Features

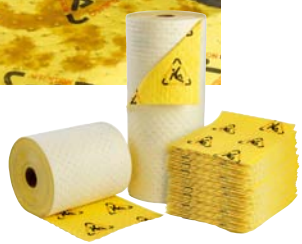

- For oils, coolants, solvents and water-based fluids
- Non-skid backing (2-ply)
- High durability
- Low linting
- Medium weight
- Cost: $ $ $

Recommended applications

- Ideal for high-traffic industrial applications and in workstations
- Premium surface protection during renovation work

BRIGHTSORB® High-Visibility Barrier-Backed Mat

- Absorbency, signage and durability all in one
- Universal absorbency to handle most fluids (water, petroleum and chemical based).
- Product will not react with aggressive fluids
- Non-skid, barrier-backed 3-ply construction with spunbond coverstock for durability
- Barrier backing prevents liquid from reaching the floor underneath
- Printed safety message warns of slips, trips and falls
- Brightly color-coded for safety and easy separation of hazardous waste

Features

- For oils, coolants, solvents and water-based fluids
- Safety-printed coverstock and barrier backing (3-ply)
- High durability
- Low linting
- Heavy weight
- Cost: $ $ $

Recommended applications

- Areas with low visibility
- Lining aisles and walkways
- High-traffic areas prone to leaks, drips and spills

Need to know OSHA regulation

29 CFR 1910.22(a)(2) – Walking-Working Surfaces
The floor of every workroom shall be maintained in a clean and, so far as possible, dry condition. Where wet processes are used, drainage shall be maintained, and false floors, platforms, mats, or other dry standing places should be provided where practicable.

High-Traffic (HT) Barrier-Backed Mat

- Universal absorbent with added durability to stand up to the toughest conditions
- Universal absorbency to handle most fluids (water, petroleum and chemical-based)
- Non-skid, barrier-backed 3-ply construction with spunbond coverstock for durability
- Printed safety message reminds workers to use caution near high-risk slip, trip and fall areas
- Barrier backing prevents liquid from reaching the floor underneath
- Gray color masks spills, reducing the urge to replace them before they are fully saturated

Features

- For oils, coolants, solvents and water-based fluids
- Safety-printed coverstock and barrier backing (3-ply)
- High durability
- Low linting
- Heavy weight
- Cost: $ $ $

Recommended applications

- Aisles and walkways
- High-traffic areas prone to leaks, drips and spills
- Areas where a subtle safety messaging is desired

TrackMat Matting

- The ultimate barrier absorbent for high-volume petroleum spills
- Universal absorbency to handle most fluids (water, petroleum and chemical based)
- Extremely durable absorbent with UV-resistant top layer makes it ideal for outdoor use
- Non-slip barrier backing prevents liquids from penetrating into the ground
- Dimples add durability and reduce linting

Features

- For oils, coolants, solvents and water-based fluids
- Non-slip barrier backing (2-ply)
- High durability
- Low linting
- Heavy weight
- Cost: $ $ $

Recommended applications

- Where strength, absorbency and impermeability are needed
- Transportation companies
- Refineries and steel mills
- Railway or military

Sorbent Industrial Rug (SIR)

- Designed for moderate traffic areas and workstations where there's a need for clean and safe work floors and walkways
- Universal absorbency to handle most fluids (water, petroleum and chemical-based)
- Durable, needle-punched polypropylene fibers for moderate traffic areas (1-ply)
- Eliminates slippery areas and unsightly tracking between the plant and office areas
- Gray color masks spills reducing the urge to replace absorbents before fully saturated

Features

- For oils, coolants, solvents and water-based fluids
- Needle-punched polypropylene (1-ply)
- High durability
- Low linting
- Heavy weight
- Cost: $ $

Recommended applications

- Vehicles repair and service
- Warehouse and container terminal
- Surface protection during renovation
- Marine spills/wildlife preservation

Rag Rug Matting

- Eco-friendly absorbent matting made from recycled cotton and polyester fibers
- Universal absorbency to handle most fluids (water-based and petroleum-based)
- Economy rug provides good footing, masks dirt and absorbs spills
- Ideal for maintenance, repair and industrial environments
- Eco-friendly construction supports corporate sustainability and Leadership in Energy and Environmental Design (LEED) initiatives

Features

- For oils, coolants, solvents and water-based fluids
- Recycled fibers (1-ply)
- Medium durability
- High linting
- Heavy weight
- Cost: $

Recommended applications

- Ideal for high-traffic industrial applications and in workstations
- Premium surface protection during renovation work

Pillows

Absorbent pillows are ideal for use under spill pallets or machines and valves that are known to drip or leak. They are easy to retrieve, and can soak up fluids in hard-to-reach areas including sumps, catch basins and outdoor ponds.

- All-purpose universal pillows are suitable for water-based fluids
- Oil-only pillows absorb petroleum-based liquids while repelling water
- Chemical pillows absorb chemicals, acids and bases and are ideal for extra protection during packaging and transport

Marine Absorbents

High absorbency on the water

Brady SPC marine absorbents are specially designed to float on water and contain or absorb a wide variety of marine fuels and oils. From containment to booming and skimming operations, these absorbents soak up unwanted fluids on lakes, rivers, streams and coastal shorelines. Marine absorbent products are made for high absorbency and rapid deployment in demanding emergency situations.

Absorbent Booms

Brady SPC absorbent booms are designed to clean up oil spills on water by absorbing surface liquids.

Booms are constructed of highly absorbent polypropylene fibers encased in a durable skin that is lined with a heavy-duty tow rope. The booms are fastened with three stainless steel connectors to allow for linkage and fast deployment in emergency situations, as well as for strength during retrieval or when towing heavy booms saturated with oil.

Premium SPC Oil-Only Booms

- Oil-only booms absorb oil- and petroleum-based liquids while repelling water and floating indefinitely
- Strong, lint-free and gapless
- SPC5510 features two 5 in. x 10 ft. booms attached side by side for a double layer of absorption

Economical ENV® Oil-Only Booms

- Oil-only booms absorb oil- and petroleum-based liquids while repelling water and floating indefinitely
- Features interconnectivity and a lint-free blue sleeve

Universal Plus Chemical Booms

- Universal Plus booms absorb water-, oil- and chemical-based liquids
- Can be deployed indoors or outdoors

Containment Booms

- Designed to work as a containment barrier in order to keep oil spills on water from spreading
- Ideal for use in holding ponds to retain waste and debris on the surface of the water

Catalog #	Type	Size	Shipping Wt. (lbs)	Pallet Qty.	Quantity
CB612	Boom	6 in. float, 12 in. skirt, 100 ft. sections	200	3	1/case
CB305	Boom	3 in. float, 4.5 in. skirt, 25 ft. sections	22.5	11	1/case

Designed as a containment barrier to prevent spills from spreading

Sweeps and Pillows

- Sweeps feature a 2-ply construction with durable blue coverstock for extra strength (for use with oil- and petroleum-based fluids)
- Help skimming operations by effectively removing surface oil from the water
- 100 ft. sections are ideal for dragging behind or connecting between two ships

Catalog #	Type	Size	Absorbency Factor (gl/gs)	Absorbency Capacity (gal)	Shipping Wt. (lbs)	Pallet Qty.	Quantity

Granular and Neutralizers

Loose, multi-purpose absorbents

Granular absorbents are loose, multi-purpose absorbents used for liquid spill clean-up, lab packing and stabilization of free liquids. This option is ideal for facilities that prefer or require the use of traditional granular absorbents.

The small, loose particles of a granular absorbent make it ideal for applications where a pad or roll would not offer a proper fit. In instances where a liquid spills on a rough surface, a granular absorbent can absorb liquids from the cracks and crevices.

Need to know OSHA silica ruling:

One of the most common compositions for granular absorbents is diatomaceous earth, which is 80-90% silica based.

OSHA's final rule on limiting exposure to respirable crystalline silica was issued in 2016 to curb lung cancer, silicosis, chronic obstructive pulmonary disease and kidney disease. All of which have been linked to high levels of silica.

SpillFix granular absorbs 4 times the liquid of traditional clay granulars

SpillFix® Granular Absorbent

The new standard in loose absorbents

- Completely natural — no carcinogens, no dust indoors; landfill and incinerator safe outdoors
- Highly effective — absorbs hydrocarbons, chemicals and water-based solutions
- Workplace friendly — natural construction prevents damage to equipment or floors; a regular occurrence with clay-based granulars
- Deploy indoors or outdoors to clean up spills in hard to reach areas

SpillFix Granular Absorbent

- Premium absorbent solution constructed of 100% recycled material
- Lightweight and easy to deploy

Catalog #	Type	Size	Absorbency Factor (gl/gs)	Absorbency Capacity (gal)	Shipping Wt. (lbs)	Pallet Qty.	Quantity

Drain Protection

EPA regulations require that facilities prevent fluids from entering the environment. To effectively prevent run-off from reaching storm drains, make sure to have the appropriate drain protection on hand.

Drain Plugs

- Conical-shaped drain plugs made from chemical-resistant PVC keep spills from entering the drainage system and feature a “metal eye” for easy insertion or removal. Then rinse and re-use when finished.

Catalog #	Type	Size	Shipping Wt. (lbs)	Pallet Qty.	Quantity
PLUG6	Drain plug	6 in.	6	50	1/case
PLUG4	Drain plug	4 in.	4	50	1/case
PLUG3	Drain plug	3 in.	3	50	1/case
PLUG2	Drain plug	2 in.	2	50	1/case

Drain Seals

- Resists water, oil and most aggressive fluids
- Easy application; soap and water clean up for re-use
- SLIKSTOPPER drain seals are made from flexible, chemical resistant PVC and help prevent spills from flowing into drainage systems
- Spill Magnet Seals are backed with a strong magnet to tightly seal drains

Catalog #	Type	Size	Shipping Wt. (lbs)	Pallet Qty.	Quantity
PVC42	Slikstopper	42 in. x 42 in.	46	20	1/case
PVC36	Slikstopper	36 in. x 36 in.	34	35	1/case
PVC24	Slikstopper	24 in. x 24 in.	14	40	1/case
PVC18	Slikstopper	18 in. x 18 in.	9	80	1/case
96229	Spill Magnet	12 in. dia.	1	100	1/each

SLIKSTOPPER PVC Drain Seal

Spill Magnet™ Drain Seal

Storm Drain Guards

- Non-woven polypropylene drain guards keep oil, sediment and contaminants from entering the water system
- Holds up to 40 lbs of sediment; flow rate is 500 gpm new and 700 gpm bypass
- Select drain guards feature X-TEX filter strips which increase absorbency

Catalog #	Type	Size	Absorbency Capacity (gal)	Shipping Wt. (lbs)	Pallet Qty.	Quantity
DGUARD14	Drain guard w/ X-TEX filter strips	36 in. x 48 in. x 18 in.	1.4	2	36	1/case

DGUARD9	Drain guard	36 in. x 48 in. x 18 in.	0.9	1	36	1/case
DGUARD910	Drain guard	36 in. x 48 in. x 18 in.	9	10	20	10/case

Drip Pans and Mats

SPC spill containment products are designed with efficiency in mind — keeping your employees and work environment safe from unexpected drum spills or leaks.

Drip Pans

- Durable, low profile, polyethylene drip pans easily fit under leaky drum spigots and other problem areas
- Pan and universal fill captures up to 3/4 of a gallon of liquid

Catalog #	Type	Size	Shipping Wt. (lbs)	Pallet Qty.	Quantity
DPA24	Drip Pan	10 in. x 10 in.	6	20	24/case

Drip Pad

- Provide additional durability to your pads for tougher environments
- 22 oz pad is made of flexible PVC
- 30 oz pad is made of XR5 for additional strength under the toughest conditions
- Grommet included to allow pad to be tied down

Catalog #	Type	Size	Shipping Wt. (lbs)	Pallet Qty.	Quantity
DRIP1720-Y	22 oz pad	17 in. x 20 in.	2	n/a	1/each
DRIP1720-B	30 oz pad	17 in. x 20 in.	2	n/a	1/each

Spill Decks

- Low profile, 21.2-gallon capacity, 2-drum spill decks
- Contain hazardous leaks in your drum storage and dispensing areas
- Built-in clips easily connect multiple decks — creating a 4, 6, 8 or more storage platform

Catalog #	Type	Size	Absorbency Capacity (gal)	Load Cap. (lbs)	Shipping Wt. (lbs)	Pallet Qty.	Quantity
SC-SD2	2-drum spill deck	26 in. x 52 in. x 6 in.	21.2	2,500	31	15	1/each

Spill Pallets

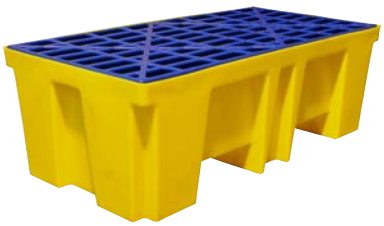

- Comply with governmental secondary containment regulations
- Capacity up to 128 gallons
- 2-drum or 4-drum configuration

Catalog #	Type	Size	Absorbency Capacity (gal)	Load Cap. (lbs)	Shipping Wt. (lbs)	Pallet Qty.	Quantity
SC-DP4	4-drum pallet	52 in. x 52 in. x 17 in.	128	2,200	89	10	1/each
SC-DP2	2-drum pallet	26 in. x 52 in. x 17 in.	68	1,100	46.5	10	1/each
SC-DPR	Pallet ramp	32.5 in. x 70 in.	n/a	650	47.5	3	1/each

Easy loading ramp (sold separately) works with both the 2-drum and 4-drum spill pallets.

BradyID.com/s36

Spill Berms

These collapsible secondary containment berms can be used to contain spills and leaks from vehicles, machinery, tanks, drums and other industrial equipment.

Foam Side Wall Berm

- Portable, lightweight, flexible — folds up for storage and transport
- Re-useable berm is easy to clean and maintain
- Requires no assembly, tools or inflation — unfold and use immediately

Catalog #	Type	Size	Absorbency Capacity (gal)	Shipping Wt. (lbs)	Quantity
FW181804-Y	Foam berm	18 in. x 18 in. x 4 in.	5	2	1/each

Emergency response spill kits to handle any type of spill

Accidents happen, so it's better to be prepared. Brady SPC offers a complete selection of spill kits in a variety of types and sizes to equip you with everything you need to clean-up spills when they occur. Quickly and easily clean-up oils, solvents, coolants and other fluids. They are ideal for fast response to critical accidents.

Liquids absorbed

Universal	For oil, water-based and chemical liquids
Oil Only	For oil and petroleum-based liquids
Mixed (Universal and Oil Only)	For indoor / outdoor use. Kits contain both all-purpose universal absorbents and water-repellent oil-only absorbents for petroleum and oil-based liquids
Chemical	For aggressive and hazardous liquids
BRIGHTSORB® High-Visbility Safety Absorbents	For all liquids. Bright safety messaging signals to those in and around the spill containment area to exercise caution
Re-Form	Universal absorbents that are eco-friendly
TAA Compliant	Complies with the Trade Agreements Act

Trade Agreement (TAA) Compliant Kits

GSA Schedule Contracts are subject to the Trade Agreements Act (TAA), meaning all products listed on the GSA Schedule Contract must be manufactured or "substantially transformed" in a "designated country." The designated countries are comprised of:

- World Trade Organization government procurement agreement countries
- Free trade agreement countries
- Least developed countries and Caribbean basin countries

Where should Spill Kits be located?

Worker productivity and efficiencies can be improved dramatically by strategically placing spill kits or absorbent storage centers around the facility, closer to areas of need. For both emergency response and routine maintenance and safety, employees should not be wandering away from their workstation to the other side of the plant or tool room to find the absorbent materials they need.

Shipping docks

Freight vehicles

Plant floors

Maintenance areas

Small Spill Response Kits

These kits are portable and have a small foot print — perfect for placement throughout your facility. Include them in each work cell, maintenance area, laboratory and on storage carts to ensure you're prepared when a spill occurs.

Refills make restocking quick and easy

A critical step after a spill is cleaned up is to restock your spill kit in preparation for future spills. Many of the spill kits from Brady SPC have refills available, making it easy for you to restock with the appropriate products and quantities.

Create a visual workplace with facility and floor marking products

Visual Workplace is a lean concept that emphasizes putting critical information at the point of use. Companies that incorporate lean visuals throughout their facility are proven to have higher productivity, reduced waste, and improved safety.

Visuals can be something as simple as a line, shape or color band — whatever employees can understand at a glance. Or visuals can include signs, labels, displays and more.

OSHA regulations now include aisle marking

OSHA has recently began requiring, or implying, the need for marking and color coding.

OSHA - Use of Mechanical Equipment
1910.176(a) Where mechanical handling equipment is used, sufficient safe clearances shall be allowed for aisles, at loading docks, through doorways and wherever turns or passage must be made. Permanent aisles and passageways shall be appropriately marked.

OSHA - Letter of Interpretation
1910.22(b) The lines used to delineate aisles may be any color so long as they clearly define the area considered as aisle space. The lines may be composed of dots, square, strip or continuous. The recommended width of aisle markings varies from 2 in. to 6 in., therefore any width 2 in. or more is considered acceptable.

OSHA - Means of Egress
1910.35 OSHA will deem an employer demonstrating compliance with the exit route provisions of NFPA 101, Life Safety Code, or the exit route provisions of the IFC 2009, to be in compliance with 190.34, 1910.36 and 1910.37.

IFC - International Fire Code 2009
1024.1 Approved luminous egress path markings delineating the exit path shall be provided...having occupied floors located more than 75 ft. above the lowest level of fire department vehicle access.

1024.2.1 A solid and continuous stripe shall be applied to the horizontal leading edge of each step and shall extend the full length of each step.

1024.2.4 Perimeter and floor mounted demarcation lines shall be placed within 4 in. of the wall and extend to within 2 in. of the markings on the leading edge of landings. Demarcation lines shall be 1 in. to 2 in. wide with interruptions not exceeding 4 in.

ToughStripe Max Floor Marking Tape (B-543)

- Resistance to cuts and scrapes in high-traffic forklift and industrial-vehicle traffic areas due to its increased thickness (1.25 mm)
- Aggressive adhesive performance to floor, but easily removes in one piece
- Tapered edges minimize "pick points" and traffic bumps
- Service temperature range of 0° F to 140° F (-18° C to 60° C)

PaintStripe™ Floor Marking Stencil

- Faster application, exact measurement and precise control
- Two adhesive types to securely mask edges and provide easy removal on concrete and other floor surfaces
- Printed cut-lines and a repeating 12-inch ruler facilitate accurate length measurement and rapid alignment of 90° corners
- Ideal for areas where paint is preferred for line-marking, such as areas with aggressive or abrasive traffic conditions, or facilities that are unable to use aisle marking tapes due to wet floors, washdown conditions, floor-cleaning protocols or chemical exposures

B-518 with lower adhesion for clean, polished floors

Catalog #	Surface Type	Style	Size	Qty

148818	Rough Flooring	Dashed	2 in. x 8 in.	500 ft. roll

Paint vs. ToughStripe Tape

	Preparation and Execution	Environment	Removal	Brady Solutions	
 Tape	Requires less planning and preparation. Tape immediately bonds to floor.	Indoor, dry environments	Easier to remove if markings need to be rearranged	Good: B-726 Vinyl Tape	Cost-effective solution for short application periods
				Better: ToughStripe Tape	Longer application period and available in die-cuts and signs
				Best: ToughStripe Max Tape	Highest durability for forklift traffic
 Paint	Extensive surface preparation, ventilation and control of ignition or contamination sources. Downtime for drying.	Indoor and outdoor use, including wash down environments	Difficult to remove if markings need to be rearranged	PaintStripe™ Floor Marking Stencil	Paint stencil for longer, more permanent marking on rough or pitted floors

Egress Marking

The 2015 versions of the International Building Code (IBC), International Fire Code (IFC) and the National Fire Protection Agency's (NFPA) 101 Life Safety Code contain new provisions for the means of egress in most new and pre-existing buildings with five or more stories.

Luminous (glow-in-the-dark) egress path markings are now required for the full width of every stair and handrail, among other markings. Brady offers a complete line of egress marking products that meet the current requirements for the 2015 means of egress regulations.

BradyGlo™ Floor Tapes

- B-324 phosphorescent surface printed polyester
- Designed to safely mark egress pathways during power outages and emergencies
- 10+ hours of glow life

Brady Inspection Timer

There's a lot going on in your facility. Relying on pen and paper alone to keep it all moving leaves room for gaps in safety and efficiency. Add this innovative Inspection Timer and keep track of your inspection needs at a glance.

It's all in the blinking LED lights that change color to visually indicate how much time you have left before the next inspection. After you've finished your inspection, reset it so you're ready for the next one. With a variety of mounting options and a rugged design you've got an inspection reminder for your tough industrial environments. With this timer, you also get:

- **Impactful and colorful reminders** that break through the grime of your facility
- **Varied timing options** for 7 days, 30 days, 90 days, 6 months and a year
- **Performance in harsh conditions** —IP65 rated so it withstands water, dust, extreme temperatures and more
- **Keeps your inspection timing top of mind** so your facility stays safe, efficient and compliant

Ideal for any location that needs an inspection, including AEDs, fire extinguishers, eyewash stations, forklifts and more

Catalog #	Description	Qty.
150740	7 day inspection timer	10/pack
150741	30 day inspection timer	10/pack
150742	90 day inspection timer	10/pack

Communicate safety and lockout information at the point of need with Brady's wide selection of OSHA-compliant Lockout Tagout tags.

Energy Source Tags

Energy source tags can be used to mark your facility's points of control for energy sources. These tags help make the lockout process quicker, safer and easier.

These energy source tags are made of plastic and are available with color coded and alpha numeric options. A variety of pre-printed energy source tags are available or they can be customized to meet your specific application.

- 1.5 in. x 3 in. tags are constructed with B-401 Rigid Plastic
- Rounded corners and one hole included
- Choice of number legends supports machines with multiple energy points.

BradyID.com/s36

Valve Identification

Valve tags help relay important pipe content information, valve identification or operation information at the point of need. Some stock valve tag options, like our brass valve tags and energy source tags, are available with preset legends. All of our tags are available for customization or as blanks so you may stamp or print your own tag text or legends.

ASME A13.1

Recommends the use of a permanently legible tag for identification of materials in pipes less than 3⁄4 in. (19 mm) in diameter.

Custom Valve Tags

Brady offers a wide variety of customizable valve tags to meet your needs and the harsh environments throughout your facility. View the available tag types, then contact Brady Customer Service to order your custom tags today.

Contact Customer Service to order your custom tags

HEET Tags (B-748)

- Features overlaminated polyester which permanently bonds graphics to a stainless steel baseplate
- Optional protective tag covers are available to maintain readability even when covered with paint
- Custom text on one or both sides
- Sizes: 2 in. x 2 in. or 2.5 in. x 5 in.
- Available colors: yellow, red, green, blue or white

Coated Aluminum Tags (B-541)

- Anodized aluminum printed with black text and coated with flourinated polyethylene; resists corrosion, paint, chemicals and sunlight
- Legends, barcodes and human readable text available with variable print
- Fixed custom message, warning or logo may be added to all tags
- Sizes: 1.5 in. x 1.5 in. or 1 in. x 3 in.

Fiberglass Tags (B-120)

- Graphics are embedded within a fiberglass / resin package in order to withstand moisture, grease and dirt
- Standard colors are yellow and white
- Ability to add multiple lines of text
- Sizes: 2 in. x 2 in. or 4 in. x 4 in. Custom sizes and colors available

Durable Rigid Plastic Tags (B-418)

- Colorful plastic tag has recessed area on both sides to apply printed label
- Non-corrosive, lightweight, non-conductive and impact resistant
- Available with either 1.5 in. x 3 in. or 2.5 in. x 4 in. label area
- Overlaminate choices include standard or UV resistant for durability
- Tags can be purchased individually
- Available colors: black, yellow, red, blue, green, orange, white, gray, brown and tan

Stamped and Engraved Brass Tags (B-907)

- 19 gauge cartridge brass (40-mil thick) for general purpose valve identification
- Available in 1.5 in. and 2 in. round, square, triangle or octagon / hexagon shapes
- Available in natural color or black-filled. All tags are produced natural unless requested. Black-filled legend is recommended for maximum legibility
- Stamping or engraving options available

Stamped and Engraved Aluminum Tags (B-906)

- Durable 19 gauge aluminum tags
- Type 3003-H14 material has been anodized, dyed and sealed
- Available in round or square shapes in either 1.5 in. or 2 in. sizes.
- Available in natural color or black-filled. All tags are produced natural unless requested. Black-filled legend is recommended for maximum legibility
- Stamping, engraving or etching options available

Custom Valve Tags

BradyID.com/s36

Custom Valve Tags (continued)

Stainless Steel (B-919)

- Durable .025 in. stainless steel tags
- Pre-stamped tags may be black filled for easier readability
- Equipment tags are surface coated with ink and then engraved
- Available in round or square shapes in either 1.5 in. or 2 in. sizes
- Withstands temperatures of 2,700° F
- Stamping, engraving or etching options available

3-Ply Engraved (B-1)

- Rigid laminate plastic is heat resistant, non-conductive and non-corroding
- Tag text engraved through a colored cap sheet to a contrasting colored base sheet
- Multiple background colors available
- Round size: 1.5 in. or 2 in.
- Square size options:
  0.75 in. x 2.5 in. 1 in. x 2.5 in.
  1 in. x 3 in. 2 in. x 3 in.
  1.5 in. x 4 in. 2 in. x 4 in.
- Hole size: 3⁄16 in.

Polyester (B-851)

- Grommeted heavy duty polyester tags withstand moisture, grease and dirt
- Rigid polyester surface exceeds OSHA 50-lb. pull out requirement
- Polyester tags withstand moisture, grease and dirt
- Provides good outdoor UV resistance
- Ability to add barcodes and multiple lines of text
- Standard colors include: red, yellow, blue, green and white

Grade 316 Stainless Steel Tags and Ties (B-7316)

Designed to withstand extreme temperatures, harsh chemicals and to offer excellent outdoor durability

- Service temperature of -112°F to 1,000°F (-80°C to 815°C)
- Blank stock tags can be embossed or laser-engraved, and offer excellent clarity and print permanence. Tags can also be ordered with custom legends
- Easy installation with the cable tie tool, capable of both cinching and cutting ties (sold separately)

Cable tie tool with teeth

S-Hooks

- Standard package: 100 s-hooks, sold in full packages only

Catalog #	Description	For Valve Stems Up To	Qty.
23305	1.75 in. O.D. Brass	0.5 in.	100
23304	1.5 in. O.D. Brass	0.375 in.	100
23303	1.25 in. O.D. Brass	0.25 in.	100

#16 Jack Chain

- Approximately 25 links per foot
- Standard package: 50 feet of chain, sold in full packages only

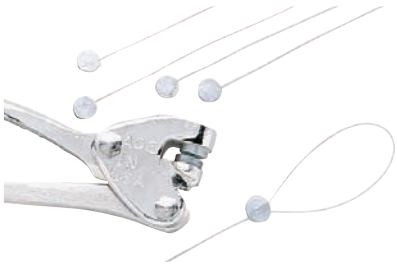

Catalog #	Description	Qty.
23308	#16 brass	50 ft.
98859	Stainless steel	50 ft.

4.5 Inch Beaded Chain

- Extremely flexible 4.5 inch bead chain with locking link
- Standard package contains 100 chains. Sold in full packages only

Catalog #	Description	Qty.
23306	4.5 in. #6 brass chain	100
23307	4.5 in. #6 nickel plate chain	100
98857	4.5 in. #6 stainless steel chain	100

Lead Seals

- 12 in. wires with pre-fitted lead seals fit easily around pipes or valves
- Seals and Hand Sealing Press sold separately

Catalog #	Description	Qty.
23301	Copper Lead Seals	250
23302	Monel Seals	250
23300	Hand Sealing Press	1

Wire, Clamps and Tools

- Stranded stainless steel wire offers secure attachment when used with zinc clamps
- Clamps feature double ferrule design

Catalog #	Description	Qty.
38090	Zinc Wire Clamps	50
38091	48-mil Stainless Steel Wire	30 ft.
38088	Stainless Steel Wire Cutter	1

Fastening Devices

- 32-mil stainless steel safety wire to be used with wire twister pliers

Catalog #	Outside Dia.	Length
15424	Stainless Steel Safety Wire	1,800 ft

Zinc Plated Temporary Fastener

Nickel Key / Tag Ring

Tag and Key Rings

- Squeeze fastener to open and close; Inside diameter of fastener is 1.375 in.

Catalog #	Description	Qty.
58973	Nickel Key Ring	10
98858	Zinc Plated Temp. Fastener	100

Quik-Apply™ Nylon Straps

- Use with a variety of valve and lockout tagout tags

Catalog #	Outside Dia.	Strap Length
91165	1 in.	6 in.
91166	2 in.	7 in.

Colored Nylon Ties

- Use with a variety of valve and lockout tagout tags

Pipe Marking

ASME (ANSI) Standard A13.1-2007

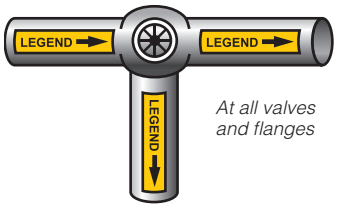

The ASME (ANSI) Standard for pipe identification is a widely used guideline in determining pipe identification requirements. The purpose of the standard is to:

- Assist in identification of hazardous materials conveyed in piping systems and their hazards when released into the environment
- Pipes are defined as conduits for the transport of gases, liquids, semi-liquids or fine particulate dust

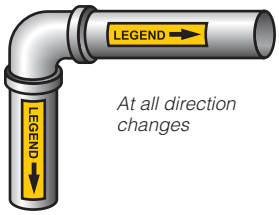

Marker placement

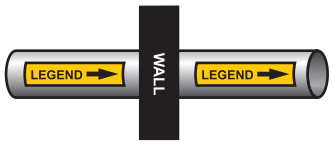

ASME (ANSI) A13.1-2007 visibility standard states that markers shall be located so that they are readily visible to plant personnel from the point of normal approach.

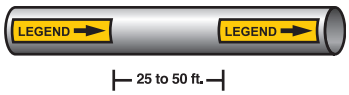

At all valves and flanges

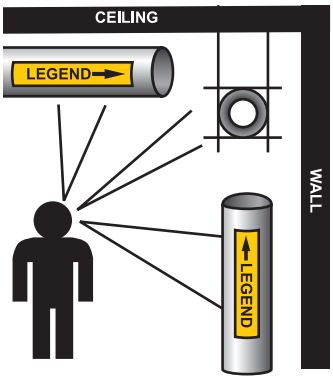

At all direction changes

At both sides of floor or wall penetrations

Every 25 to 50 ft. intervals on straight runs

Placement of the marker may be above or below the centerline of the pipe, depending on the normal approach of personnel

Text size

The text and directional flow arrow is the primary means of identifying pipe content. A13.1-2007 standard makes recommendations as to the size of letter height and length of color field for various pipe diameters.

Outside Diameter	Length of Color Field	Size of Letters
Over 10 in.	32 in.	3.5 in.
8 in. to 10 in.	24 in.	2.5 in.
2.5 in. to 6 in.	12 in.	1.25 in.
1.5 in. to 2 in.	8 in.	0.75 in.
0.75 in. to 1.25 in.	5 in.	0.5 in.
less than 0.75 in.	Permanently legible tag recommended	

Color standards

Pipe marker colors communicate the type of contents, and are particularly important when outside agencies are called in under emergency conditions.

Pipe Classification	Color Scheme
Fire quenching fluids	White on Red
Toxic and corrosive fluids	Black on Orange
Flammable fluids	Black on Yellow
Combustible fluids	White on Brown
Potable, cooling, boiler feed and other water	White on Green
Compressed air	White on Blue

Custom colors available including gray, black, purple and clear.

Overview						
Marker Type	Premium self-adhesive marker for indoor or outdoor use in either individual markers or roll-form.	Economical self-adhesive roll-form markers for smooth, clean, dry pipe surfaces.	Non-adhesive coiled pipe marker "snaps" around pipe giving 360 visibility while remaining easily removeable	Non-adhesive vinyl marker applied with nylon stapping (included).	Wrap-around marker with an adhesive edge to secure marker. Repeating legends offers 360 visibility.	Polyester marker applied to a fiberglass carrier. Markers fasten to pipe with with included mounting clips and strapping (sold separately).

IIAR Ammonia Refrigeration Pipe Markers

The International Institute of Ammonia Refrigeration (IIAR) standardizes pipe labeling for Ammonia Refrigeration Piping and System Components.

Ammonia piping abbreviation
*See chart below

Physical state of the refrigerant:
Liquid (LIQ) black or white on yellow
Vapor (VAP) black or white on sky blue
Both (LIQ and VAP) both in colors listed above

Marker body AMMONIA in black letters on orange background

Pressure level of the refrigerant:
HIGH black or white on red
LOW black or white on green
HIGH and LOW both in colors listed above

Ammonia piping abbreviations

Abbr.	System
BD	Booster Discharge
CD	Condenser
DC	Defrost Condensate
EQ*	Equalizer
ES	Economizer Suction
HGD	Hot Gas Defrost
HPL	High Pressure Liquid
HSD	High Stage Discharge
HSS	High Stage Suction
HTS*	High Temp. Suction
HTRL	High Temp. Recirculated Liquid
HTRS	High Temp. Recirculated Suction

Abbr.	System
LTRL	Low Temp. Recirculated Liquid
LTS*	Low Temp. Suction
LTRS	Low Temp. Recirculated Suction
LIC	Liquid Injection Cooling
LSS	Low Stage Suction
PO*	Pump Out
PU*	Purge
RV	Relief Vent
TSR	Thermosyphon Return
TSS	Thermosyphon Supply

Not currently covered in the IIAR standard

Orange vs. Yellow

Orange was adopted by the International Institute of Ammonia Refrigeration (IIAR) for ammonia markers, instead of yellow, because it meets the ANSI A13.1 (2007) revised standard for toxic and corrosive fluids. Yellow will continue to be available for established facilities needing replacements.

IIAR Marker Styles

Brady offers a variety of ammonia pipe markers that comply with the IIAR's established guidelines, including self-adhesive markers, snap-around marker styles and high performance pipe markers recommended for harsh environments.

IIAR B-689 High Performance Wrap-Around Marker Styles and Sizes

Style Code		Outside Diameter	Letter Height	Marker Size
Style: I	VALVE	1.5 in. to 2.378 in.	0.75 in.	9 in. x 8 in. (uncoiled)
Style: II	VALVE	2.5 in. to 7.875 in.	1.25 in.	26 in. x 12 in. (uncoiled)

IIAR B-681 / B-883 HPHV Marker Styles and Sizes

Style Code		Outside Diameter	Letter Height	Marker Size
Style: HPHV	HOT WATER	8 in. or larger	3.5 in.	4 in. x 24 in. (includes 2 mounting clips)

B-946 Self-Sticking Marker Styles and Sizes

Style Code	Style Example	Outside Diameter	Letter Height	Marker Size
Style: 1HV	HEATING RETURN	8 in. or greater	3.5 in.	One 4 in. x 24 in. marker per card
Style: 1	HEATING RETURN	2.5 in. to 7.875 in.	2 in.	One 2.25 in. x 14 in. marker per card
Style: 4	FIRE AUTO SPRINKLERS FIRE AUTO SPRINKLERS FIRE AUTO SPRINKLERS FIRE AUTO SPRINKLERS	0.75 in. to 2.378 in.	0.75 in.	Four 1.125 in. x 7 in. markers per card*

** Use in conjunction with 1 in. arrow tape to meet the 8 in. marking required by ANSI standards.*

Self-Sticking Pipe Markers

BradyID.com/s36

Self-Sticking Vinyl Pipe Markers (B-946)

- Markers meet the requirements of the ASME (ANSI) A13.1 Standard for the identification of piping system contents when used with directional flow arrow tape
- Durable B-946 material ideal for indoor and outdoor environments
- Supplied on a coated backing material that makes handling and installation easy

Marker Styles and Sizes

Style Code	Style Example	Outside Diameter	Letter Height	Marker Size
Style: 1HV	HEATING RETURN	8 in. or greater	3.5 in.	One 4 in. x 24 in. marker per card
Style: 1	HEATING RETURN	2.5 in. to 7.875 in.	2 in.	One 2.25 in. x 14 in. marker per card
Style: 3C	GAS	less than 0.75 in	0.3 in	Three 2.25 in. x 2.75 in markers per card plus 8 strips of arrow tape
Style: 4	FIRE AUTO SPRINKLERS	0.75 in. to 2.378 in.	0.75 in.	Four 1.125 in. x 7 in. markers per card*

** Use in conjunction with 1 in. arrow tape to meet the ANSI marking requirement of 8 in.*

Self-Sticking Pipe Markers

BradyID.com/s36

Style Code	Style Example	Outside Diameter	Letter Height	Marker Size
Style: 1HV	HEATING RETURN	8 in. or greater	3.5 in.	One 4 in. x 24 in. marker per card
Style: 1	HEATING RETURN	2.5 in. to 7.875 in.	2 in.	One 2.25 in. x 14 in. marker per card
Style: 3C		less than 0.75 in	0.3 in	Three 2.25 in. x 2.75 in markers per card plus 8 strips of arrow tape
Style: 4	FIRE AUTO SPRINKLERS FIRE AUTO SPRINKLERS FIRE AUTO SPRINKLERS FIRE AUTO SPRINKLERS	0.75 in. to 2.378 in.	0.75 in.	Four 1.125 in. x 7 in. markers per card*

** Use in conjunction with 1 in. arrow tape to meet the ANSI marking requirement of 8 in.*

Self-Sticking Pipe Markers

BradyID.com/s36

Food and Beverage Self-Sticking Pipe Markers (B-681)

- Laminated B-681 polyester seals and protects graphics
- Industrial grade self-adhesive protects against bacteria or moisture trapping behind the pipe marker
- All stock markers meet ASME (ANSI) when used with arrow tape
- For clean room applications, the material liner should be removed prior to entering the clean room

Marker Styles and Sizes

Style Code	Style Example	Outside Diameter	Letter Height	Marker Size
Style: 1HV	HEATING RETURN	8 in. or greater	3.5 in.	One 4 in. x 24 in. marker per card
Style: 1	HEATING RETURN	2.5 in. to 7.875 in.	2 in.	One 2.25 in. x 14 in. marker per card
Style: 3C	GAS GAS GAS	less than 0.75 in	0.3 in	Three 2.25 in. x 2.75 in markers per card plus 8 strips of arrow tape
Style: 4	FIRE AUTO SPRINKLERS FIRE AUTO SPRINKLERS FIRE AUTO SPRINKLERS FIRE AUTO SPRINKLERS	0.75 in. to 2.378 in.	0.75 in.	Four 1.125 in. x 7 in. markers per card*

** Use in conjunction with 1 in. arrow tape to meet the ANSI marking requirement of 8 in.*

Roll-Form Pipe Markers

- Eliminates need for precise measurement of pipe diameter Simply cut to the size you need from the 30 foot long roll
- B-946 material adheres to itself for easy wrap-around marker installation
- 8 in. wide roll repeats legend 65 times per roll 12 in. wide roll repeats legend 29 times per roll

Self-Sticking Pipe Markers

BradyID.com/s36

Pipe Markers-To-Go

- Made of economical B-736 surface printed plastic for use on smooth, clean, dry pipe surfaces
- Markers withstand temperatures from -40° F to 212° F
- Supplied in as roll of 25 identical markers and arrows
- Arrows are perforated and may be applied to indicate flow in either direction
- Ideal for on-the-spot repair or replacement of damaged or missing markers

Semiconductor and Chemical Pipe Markers

- B-946 self-sticking vinyl with permanent adhesive
- For use on small diameter piping or tubing 0.75 in. or less
- Meets ASME A13.1 color specifications

Medical Gas Pipe Markers-on-a-Roll

- 3 in. x 3 in. markers wrap completely around 0.75 in. pipe
- Includes direction flow arrows with 0.25 in. high characters
- Complies with CGA and NFPA Standards

Catalog #	Legend	Color	Roll Length	Qty.
98499	Cyclopropane	Black on Orange	15 ft.	60/roll

BradySnap-On™ / Strap-On Pipe Markers

BradyID.com/s36

BradySnap-On Pipe Markers

- Designed for pipes that have an outside diameter between 0.75 in. and 6 in. (including insulation)
- Coiled plastic marker snaps around pipe and can be removed and re-applied
- May be applied to dirty, oily, greasy or rough surfaces
- Meet ASME (ANSI) Standard

BradySnap-On Marker Styles and Sizes

Style Code		Outside Diameter	Letter Height	Marker Length
Style: A	VALVE	0.75 in. to 1.375 in.	0.5 in.	8 in.
Style: B	VALVE	1.5 in. to 2.375 in.	0.75 in.	9 in.
Style: C	VALVE	2.5 in. to 3.875 in.	1.25 in.	13 in.
Style: D	VALVE	4 in. to 6 in.	1.25 in.	21 in.

Strap-On Pipe Markers

- Designed for pipes that have a 6 in. or larger diameter (including insulation)
- May be applied to dirty, oily, greasy or rough surfaces
- Can be removed and reapplied in other areas
- Styles F, G and H include nylon straps

Strap-On Marker Styles and Sizes

Style Code		Outside Diameter	Letter Height	Marker Size
Style: F	AIR	6 in. to 7.875 in.	1.25 in.	8 in. x 16 in.
Style: G	AIR	8 in. to 9.875 in.	2.5 in.	10 in. x 24 in.
Style: H	AIR	10 in. to 15 in.	3.5 in.	10 in. x 32 in.

How to order:

1. Choose the desired pipe marker legend below.
2. Replace the asterisk (*) with the style code (A, B, C, D, F, G or H) from the size charts above to indicate your desired pipe marker size and style. (Example: Air = 4001-H)

High-Performance Pipe Markers

BradyID.com/s36

Adhesive lip seals marker to itself during installation

B-689 Wrap-Around High Performance Pipe Markers

- PVF overlaminated polyester construction seals in and protects graphics
- Markers resist abrasion, chemicals, high humidity and outdoor weathering
- Pre-coiled for easy wrap-around installation on pipe up to 7.875 in. diameter

Wrap-Around Marker Styles and Sizes

Style Code		Outside Dia.	Letter Height	Marker Size
Style: 0	VALVE	0.5 in. to 1.375 in.	0.5 in.	8 in. x 5 in. (uncoiled)
Style: I	VALVE	1.5 in. to 2.378 in.	0.75 in.	9 in. x 8 in. (uncoiled)
Style: II	VALVE	2.5 in. to 7.875 in.	1.25 in.	26 in. x 12 in. (uncoiled)

B-681 / B-883 HPHV High Performance, High Visibility Markers

- Ideal for pipes 8 in. and larger in diameter
- Overlaminated graphics are factory applied to a fiberglass plastic carrier
- Easy strap-on installation of fiberglass plastic carrier
- Includes two heavy-duty mounting clips that apply to pipe using continuous stainless steel strapping (sold separately)

HPHV Marker Style and Size Chart

Style Code		Outside Dia.	Letter Height	Marker Size
Style: HPHV	HOT WATER	8 in. or larger	3.5 in.	4 in. x 24 in.

Spare carriers, mounting clips and steel strapping available on page 359.

How many rolls do I need?

Use this guide to help estimate approximately how many pipes you can mark with a 30-yard roll of tape.

1 in. pipe = 260 wraps
2 in. pipe = 150 wraps
3 in. pipe = 100 wraps
4 in. pipe = 80 wraps
5 in. pipe = 60 wraps
6 in. pipe = 50 wraps
7 in. pipe = 40 wraps
8 in. pipe = 35 wraps
9 in. pipe = 30 wraps
10 in. pipe = 30 wraps

BRADY

Tape Strip Rolls

- Use to re-secure wrap-around pipe markers should they become damaged need to be moved

Catalog #	Description
59946	2 in. x 30 yards Tape Strip Roll

Quik-Apply™ Nylon Straps

- Can be used with a variety of tags including valve and lockout tags
- For larger outer diameters, use BradyLock Fasteners

Catalog #	Outside Dia.	Strap Length
91165	1 in.	6 in.
91166	2 in.	7 in.

Bradylock™ Fastener

- Self-locking heavy-duty plastic fastener for Strap-On Markers
- Excellent chemical resistance

Catalog #	Description
41772	0.5 in. x 150 ft. Bradylock Fastener

Stainless Steel Wire

- 32 mil stainless steel safety wire to be used with wire twister pliers

Catalog #	Description	Length
15424	Stainless Steel Safety Wire	1,800 ft.

Stainless Steel Strapping

- Type 316 Stainless Steel Strapping is highly corrosion and heat resistant
- Ideal for HPHV pipe markers
- Continuous form requires separate stainless steel heads for uses other than HPHV pipe marker installation

Catalog #	Description
42331	0.25 in. x 100 ft. Steel Strapping
42332	0.25 in. x 250 ft. Steel Strapping

Banding Heads

- Use with continuous stainless steel strapping to create secure closures
- Stainless steel heads fit 0.25 in. strapping

Catalog #	Description	Qty.
90910	Stainless Steel Banding Heads	100

Custom Legend pipe markers available in a variety of sizes, colors and styles.

Blank HPHV Carrier

- Fiberglass carrier is blank (no label) and comes with two mounting clips
- Sized to accommodate labels up to 4.25 in. x 32 in.

Catalog #	Description	Qty.
59918	Blank HPHV Carrier	1

HPHV Mounting Clips

- For use with HPHV pipe markers

Catalog #	Description	Qty.
42335	Heavy Duty Clip	1

Custom Pipe Markers

Use the information below to help create your own custom pipe markers then use the following form to order.

B-946 Self-Sticking Marker Styles and Sizes

Style Code	Style Example	Outside Diameter	Letter Height	Marker Size
Style: 1HV	HEATING RETURN	8 in. or greater	3.5 in.	One 4 in. x 24 in. marker per card
Style: 1	HEATING RETURN	2.5 in. to 7.875 in.	2 in.	One 2.25 in. x 14 in. marker per card
Style: 3C	GAS	less than 0.75 in	0.3 in	Three 2.25 in. x 2.75 in markers per card plus 8 strips of arrow tape
Style: 4	FIRE AUTO SPRINKLERS	0.75 in. to 2.378 in.	0.75 in.	Four 1.125 in. x 7 in. markers per card*

** Use in conjunction with 1 in. arrow tape to meet the ANSI marking requirement of 8 in.*

Wrap-Around Marker Styles and Sizes

Style Code		Outside Diameter	Letter Height	Marker Size
Style: 0	VALVE	0.5 in. to 1.375 in.	0.5 in.	8 in. x 5 in. (uncoiled)
Style: I	VALVE	1.5 in. to 2.378 in.	0.75 in.	9 in. x 8 in. (uncoiled)
Style: II	VALVE	2.5 in. to 7.875 in.	1.25 in.	26 in. x 12 in. (uncoiled)

HPHV Marker Style and Size Chart

Style Code		Outside Diameter	Letter Height	Marker Size
Style: HPHV	HOT WATER	8 in. or larger	3.5 in.	4 in. x 24 in. (includes 2 mounting clips and 2 arrows)

BradySnap-On™ Marker Styles and Sizes

Style Code		Outside Diameter	Letter Height	Marker Length
Style: A	VALVE	0.75 in. to 1.375 in.	0.5 in.	8 in.
Style: B	VALVE	1.5 in. to 2.375 in.	0.75 in.	9 in.
Style: C	VALVE	2.5 in. to 3.875 in.	1.25 in.	13 in.
Style: D	VALVE	4 in. to 6 in.	1.25 in.	21 in.

Strap-On Marker Styles and Sizes

Style Code		Outside Diameter	Letter Height	Marker Size
Style: F	AIR	6 in. to 7.875 in.	1.25 in.	8 in. x 16 in.
Style: G	AIR	8 in. to 9.875 in.	2.5 in.	10 in. x 24 in.
Style: H	AIR	10 in. to 15 in.	3.5 in.	10 in. x 32 in.

Self-Sticking Semiconductor Marker Style and Size Chart

Style Code		Outside Diameter	Marker Size
Style: 28		less than 0.75 in.	0.5 in. x 2.25 in. (28 markers per card)

Snap-On Fiber Optic and Coaxial Cable Marker Styles and Sizes

Style Code	Outside Diameter	Marker Size
Cable Style: 12	0.375 in. to 0.625 in.	12 in. color field
Cable Style: 8	0.375 in. to 0.625 in.	8 in. color field
Cable Style: 5	0.375 in. to 0.625 in.	5 in. color field

Pipe Classification	Background Color
Fire quenching fluids	White on Red
Toxic and corrosive fluids	Black on Orange
Flammable fluids	Black on Yellow
Combustible fluids	White on Brown
Potable, cooling, boiler feed and other water	White on Green
Compressed air	White on Blue

Custom colors available including gray, black, purple and clear.

HazCom OSHA Standards and GHS Compliance

OSHA's Hazard Communication Standard directly affects all areas of chemical labeling and specify mandatory employee training. This means you need to know exactly what the Global Harmonized System (GHS) is and how it affects your business.

What is GHS?

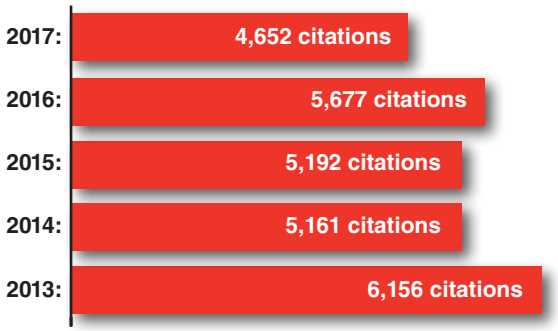

GHS is an international system that the United Nations created for the unified classification and labeling of chemicals. It was officially adopted in the U.S. on March 26, 2012, by the Occupational Safety and Health Administration (OSHA).

Why does GHS matter?

GHS compliance is important because it gives employees the right to understand hazard information, rather than the right to know about potential hazards.

OSHA HazCom violations

HazCom was #2 on OSHA's Top 10 list of most frequently cited standards for fiscal year 2017.

Regulations

In the United States, OSHA is enforcing GHS by adopting it into its Hazard Communication Standard (CFR 1910.1200). It is focused on ensuring chemical safety in the workplace by requiring chemicals to be labeled and chemical hazards to be identified in a way that is easily understood by workers. It entails:

1910.1200(h)(1)
Employee information and training

1910.1200(e)(1)
Developing, implementing and maintaining a written HazCom program

1910.1200(g)(1)
Developing and maintaining written Safety Data Sheets

1910.1200(f)(1)
Labels on shipped containers

1910.1200(i)(1)
Employee training on new label elements and Safety Data Sheets

HazCom Program

Training

Labeling

Full compliance was required as of June 1, 2016

OSHA published an updated Hazard Communication standard in 2012 that incorporated the major elements of the GHS standards. A 3-year transitional period allowed companies time to fully implement the new GHS standards within their facility prior to the 2016 full compliance deadline. Below is an overview of each of the deadlines and some of the items that were required is listed below.

December 1, 2013	June 1, 2015	December 1, 2015	June 1, 2016
Employers must train employees on the new label elements and Safety Data Sheet (SDS) format	**Chemical manufacturers, importers and distributors reclassify chemicals, send SDS and GHS labels**	**Distributors send only updated SDS and labels**	**Employer full compliance deadline**
☑ Schedule and document periodic re-training on pictograms, labels and SDS ☑ Post GHS signs, posters, and hand out wallet cards ☑ Be able to demonstrate that workers clearly understand the hazards associated with each chemical they're exposed to, along with practice measures they must take ☑ Separate SDS and Material Safety Data Sheet (MSDS) binders and sheets as part of the management system. This helps you create secondary container labels with SDS information and determine which chemicals haven't been updated	☑ Identify secondary container labeling needs and procedures ☑ Purchase GHS labeling equipment and supplies ☑ Implement labeling procedures (create your own or order pre-printed) based on new SDS sheets ☑ Archive old MSDS for determined amount of time (We recommend 30 years) ☑ Re-train on GHS as well as your existing HazCom system (NFPA/HMIS) until full conversion to GHS is complete	☑ Update your chemical database as new SDSs are received ☑ Review and ensure that all MSDS for any chemicals received after December 1, 2015, have been converted to SDS format ☑ Notify and document your communications with suppliers who have not provided new SDS information ☑ Audit all containers for compliance with updated regulations. Establish policies to control improperly labeled containers	☑ Ensure your training policy is in place, including new and existing chemical and internal product changes. Annual training is always recommended ☑ Update and complete a written HazCom program that includes a system of labeling, pictograms, training schedule and how/where to obtain more information ☑ Perform audits as conditions change or once a year to ensure program effectiveness

Continually enhance your HazCom program

Throughout your journey to HazCom/GHS compliance, you should always keep the following tasks in mind:

- Note any hazard or PPE changes on SDS sheets with each chemical that comes into your facility. As new chemicals are brought into your facility, new hazard and PPE needs may be required
- Ensure your written HazCom program is updated and reflects all internal and external changes
- Provide training to all new employees working with or around hazardous chemicals

BradyID.com/s36

Safety Data Sheets (SDS)

Formerly called Material Safety Data Sheets (MSDS), the new Safety Data Sheets (SDS) follow a consistent, user-friendly format to communicate chemical hazards. They provide the information that's needed to understand what the chemical is, what hazards it presents and how to respond to these hazards. SDSs must accompany any hazardous chemicals that are distributed. Most of the SDSs you need may be available online or through third party providers, such as MSDSonline.com.

When you need to create your compliant GHS labels, the SDS has the content you need. With the SDS information in hand, you're then ready to order pre-printed labels or quickly create labels onsite with the right printing system.

How do you obtain an SDS?

Chemical manufacturers, distributors or importers are required to create SDSs for any chemical they offer. These SDSs are then provided to the companies that purchase and use the chemicals, in order to effectively communicate any relevant chemical information and hazards.

The 16 elements of Safety Data Sheets (SDS)

The updated standards require that the chemical manufacturer, distributor or importer provide Safety Data Sheets (SDS) for each hazardous chemical to communicate information on these hazards. Each SDS is required to be presented in a consistent format, including the following sections:

Section 1: Identification
Chemical and recommended uses, and supplier contact information.

Section 2: Hazard(s) Identification
Hazards of chemical and the appropriate warning information.

Section 3: Composition/Information of Ingredients
Ingredients contained in the products.

Section 4: First-Aid Measures
Initial care that should be given by an untrained responder to an individual exposed to a chemical.

Section 5: Fire-Fighting Measures
Recommendations for fighting a fire caused by the chemical.

Section 6: Accidental Release Measures
Appropriate response to spills, leaks or releases, including containment and cleanup practices.

Section 7: Handling and Storage
Safe handling practices and conditions for safe storage.

Section 8: Exposure Controls/Personal Protection
Exposure limits, engineering controls and personal protective measures to minimize worker exposure.

Section 9: Physical and Chemical Properties
Physical and chemical properties associated with the substance.

Section 10: Stability and Reactivity
Reactivity hazards and stability information.

Section 11: Toxicology Information
Toxicological and health effects information or indicates data is unavailable.

Section 12: Ecological Information (non-mandatory)
Environmental impact of the chemical(s) if it were released to the environment.

Section 13: Disposal Considerations (non-mandatory)
Proper disposal practices, recycling or reclamation and safe handling practices.

Section 14: Transport Information (non-mandatory)
Classification information for shipping and transporting.

Section 15: Regulatory Information (non-mandatory)
Safety, health and environmental regulations specific for the product that is not indicated anywhere else on the SDS.

Section 16: Other Information
When the SDS was prepared or when the last known revision took place.

Brady's partnership with MSDSonline.com

Without a comprehensive online system to save and manage SDS information, users would have to input data manually in order to print the needed chemical labels. By utilizing Brady's partnership with MSDSonline, labels can be quickly populated and printed — saving you time and ensuring information is input correctly onto the label.

MSDSonline.com
Helps improve the real time management of chemical products and SDS

+

Brady Printers
Reliable label printing with a range of durable materials for specific applications or regulation requirements.

=

MSDSonline customers use SDS from their system to create labels that are formatted with the GHS label elements and can be printed to a variety of Brady label printers.

Symbols Guide

The new symbols, also known as hazard pictograms, each serve a special purpose and are used to identify hazardous products. While the environmental pictogram was not mandated by OSHA, it is listed because it may be required by other agencies for labeling.

Chemical and physical risk symbols

Exploding Bomb
Explosives, self-reactives, organic peroxides

Flame
Flammable gases, liquids, and solids; self-reactives; pyrophorics; self-heating

Flame Over Circle
Oxidizing gases, liquids and solids

Gas Cylinder
Compressed gases; liquefied gases; dissolved gases

Corrosion
Corrosives to metals

Health risk symbols

Corrosion
Skin corrosion; eye damage

Skull and Crossbones
Acute toxicity (severe, fatal)

Exclamation Mark
Irritant, dermal sensitizer, acute toxicity (harmful)

Health Hazard
Carcinogens, respiratory sensitizers, reproductive toxicity, target organ toxicity, germ cell mutagens

Environmental risk symbols

Environment
Aquatic toxicity (Not regulated by OSHA)

The Environmental Protection Agency (EPA) has not yet incorporated GHS into its Federal Insecticide, Fungicide and Rodenticide Act (FIFRA) labeling requirements. Currently, a combination product that contains a pesticide and a fertilizer is regulated as a pesticide product under the FIFRA and must continue to be labeled in accordance with 40 CFR Part 156. However, some pesticide products may still be required to have an SDS.

The Six Elements of GHS Labels

GHS labels for primary containers must have six key elements in order to be compliant to the HazCom 2012 standard. All chemicals shipped from chemical manufacturers after June 1, 2015, must contain these six elements.

#6 Manufacturer information

Company name, address and phone number. (SDS Section 1)

#3 Product name or identifiers*

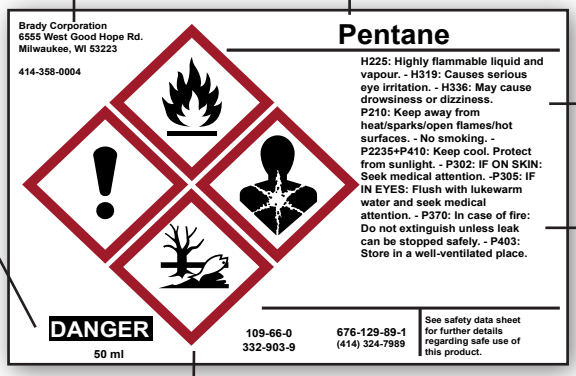

(SDS Section 1)

#4 Hazard statements

Phrases that describe the nature of hazardous products and associated risks if precautionary action is not taken. (SDS Section 2)

#1 Signal word

Indicates relative severity of hazard. DANGER is used for most severe instances, while WARNiNG is less severe. (SDS Section 2)

#2 Symbols (pictograms)

Convey health, physical and environmental hazard information with red diamond pictograms. May use a combination of one to five symbols. (SDS Section 2)

** Additional Product Identifiers*

#5 Precautionary statements

Phrases associated with each hazard statement, that describe general preventative, response, storage or disposal precautions. (SDS Section 2)

HazCom Labels

Primary vs. Secondary Container

Primary container labeling

Primary chemical containers are bags, barrels, bottles, boxes, cans, cylinders, and drums that you receive from the manufacturer. These containers should be labeled following the GHS mandates and include all six labeling elements.

When a label is on a container directly from a supplier, this label cannot be removed, altered or defaced. If it needs to replaced, the new label must contain the same information as the original.

Secondary container labeling

Secondary containers are usually smaller than primary container, such as spray bottles, jugs or jars. They usually hold chemicals that are transferred from a primary container.

Secondary containers must comply with GHS workplace labeling requirements except when the following criteria are met:

- The material is used within the work shift of the individual who makes the transfer
- The worker who made the transfer is in the work area the entire time during use
- The container stays in within the work area and in the possession of the worker who filled the container

Regulation information

OSHA has not changed the general requirements for secondary container labeling specifically. Employers have the option to create their own workplace labels by using all of the information provided by the manufacturer or using a combination of the elements in the GHS label example on page 366.

Employers may continue to use rating systems such as the National Fire Protection Association (NFPA) diamonds or Hazardous Materials Identification System (HMIS) requirements for workplace labels, as long as they are consistent with the HazCom 2012 / GHS standard.

BradyID.com/s36

Hazard Communication Training

OSHA requires all employees who are covered under the 29 CFR 1910.1200 regulation must complete initial training on the new Hazard Communication Standard updates and the GHS elements. To help you achieve and sustain complete compliance, Brady offers a full suite of training options.

GHS HazCom Training Program (DVD)

Used for: Inital GHS Training

- Two-video program focused specifically on the GHS elements
- Fulfills an initial training requirement
- Program is intended to ensure employees:
  - Understand the new GHS label elements
  - Are able to identify the new GHS pictograms
  - Are able to read and interpret GHS Safety Data Sheets (SDS)
- Includes: DVD with two videos (14 minute GHS Labeling Video and 10 minute GHS SDS Video), instructor's guide, employee quiz, presentation slides and five Employee Handbooks

Catalog #	Description	Qty.
132428	GHS HazCom Training Program Kit (English)	1
132429	Additional GHS HazCom Training Employee Handbooks (English)	5

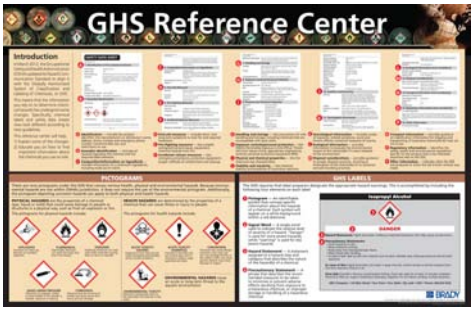

HazCom Comprehensive Training Program (DVD)

Used for: Annual Refresher Training

- Fully comprehensive training program on OSHA's Hazard Communication Regulation (1910.1200) including GHS
- Fullfills annual refresher requirement
- Program is intended to ensure employees:
  - Understand types of hazardous materials in the workplace
  - Are able to read and understand labels and Safety Data Sheets (SDS)
  - Are able to understand how to safely use hazardous materials
- Includes: DVD, instructor's guide, employee quiz, presentation slides and five Employee Handbooks

Catalog #	Description	Qty.
132457	HazCom Comprehensive Training Program Kit	1
132458	Additional HazCom Comprehensive Training Employee Handbooks	5

GHS Reference Center Poster

- This all-inclusive, large-format poster gets worker's attention and combines many of the most important changes into one easy-to-read format
- Includes detailed information on:
  - Safety Data Sheet (SDS) format
  - GHS-formatted label elements
  - GHS Hazard Pictograms

Catalog #	Description	Size	Qty.
133209	GHS Reference Center Poster	25.5 in. x 39.5 in.	1 each

GHS Pictograms Wallet Cards

- Wallet Cards outline all nine GHS hazard pictograms
- A great training aid to help employees become familiar with the new hazard pictograms, and as a handy reference for when the new GHS labels are entering your facility
- Made of laminated cardstock

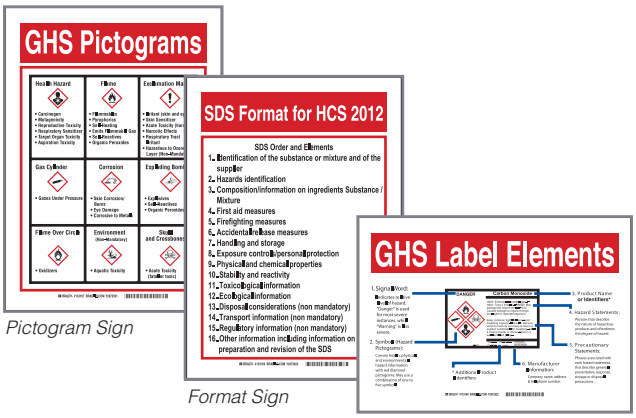

Catalog #	Description	Size	Qty.
133208	GHS Pictograms Wallet Card	2.1 in. x 3.4 in.	10/pk

GHS Intro Poster Pack

- Set of 3 informational posters puts critical GHS information in your facility and to promote employee understanding
- Posters outline:
  - An overview of the Globally Harmonized System of Classification and Labeling of Chemicals
  - Information regarding the new Safety Data Sheets format and outline
  - Information regarding the new GHS-formatted label elements

Catalog #	Description	Size	Qty.
133207	GHS Intro Posters	17 in. x 22 in.	1 set of 3

Pictogram Sign

Format Sign

Label Elements Sign

GHS Reference Signs

- Post signs to remind and reinforce label, pictogram and SDS training
- Choice of B-140 fiberglass or B-302 self-sticking polyester

Catalog #	Description	Material	Size	Qty.
133167	GHS Pictogram Overview Sign	Fiberglass	14 in. x 10 in.	1
133170	GHS Pictogram Overview Sign	Self-Sticking	14 in. x 10 in.	1
133168	GHS Label Elements Sign	Fiberglass	10 in. x 14 in.	1
133171	GHS Label Elements Sign	Self-Sticking	10 in. x 14 in.	1
133169	SDS Format Overview Sign	Fiberglass	14 in. x 10 in.	1
133172	SDS Format Overview Sign	Self-Sticking	14 in. x 10 in.	1

GHS Labeling

BradyID.com/s36

Print-Your-Own GHS Labels

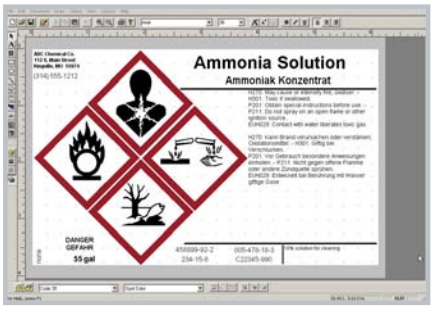

Achieve full GHS compliance throughout your facility by utilizing easy-to-use label printers, label design software and a wide range of label materials from Brady.

How can I create a GHS label?

Printer built-in touchscreen app
Many of Brady's printers feature an easy-to-use touchscreen interface with built-in GHS label creation applications that make creating GHS labels simple.

Brady Workstation GHS Labels App
The Brady Workstation GHS App features built-in, pre-formatted layouts, pictograms, as well as drag and drop hazard statements so there's no need to type them all in. Once your label is created, print to any compatible Brady printer.

Brady's partnership with MSDSonline.com
By utilizing Brady's partnership with MSDSonline, labels can be quickly populated using the SDS data managed within your MSDSonline account – saving you time and ensuring information is correctly input onto the label. Once the label is created, print directly to a compatible Brady printer.

How can I print a GHS label?

Your printing solution can consist of a mono-color printer and label materials with pre-printed diamonds, or use a multi-color printer to print your own red diamonds on any blank label material.

Mono-color printing

Pre-printed diamond labels available for the following Brady printers:

- BradyPrinter S3000, BradyPrinter S3100, BradyPrinter i3300, BBP®35, BBP®37 and BBP®85 printers

Multi-color printing

Color printers capable of printing red diamonds on any blank label material:

- BBP®35, BBP®37 color printers
- BradyJet J2000 and J5000 color printers

Pre-Printed and Custom Labels

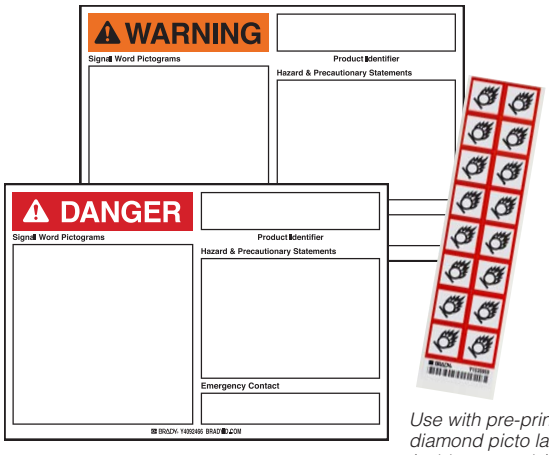

If a full printing system isn't an option for you, Brady still has solutions to help you get the GHS labels you need. From custom label options to individual pictogram labels, Brady has you covered.

Die-cut GHS pictogram labels

Printing your own GHS labels but can't get the pictograms you need? Use Brady's pre-printed GHS pictogram labels to add the necessary icons to your label. These are a great way to supplement mono-color label printers without investing in a brand new label printing system.

Custom GHS labels

Have Brady create your GHS labels for you! It's simple. Just fill in the forms on the following pages with your label content and specifications. Then send it back to Brady's custom quote team for pricing. From there, use your quote to place the order. That's it!

Use with pre-printed diamond picto labels (sold separately)

Write-On GHS Labels

- Ample room to include product identifier, hazard and precautionary statements, and emergency contact information
- Durable vinyl material for indoor or outdoor use
- Accommodate Brady's 5/8 in. or 1 in. pre-printed red diamond pictogram labels (sold separately)

Catalog #	Header	Size	Material	Qty.
145957	Warning	4 in. x 6 in.	Vinyl	50/pk
145956	Danger	4 in. x 6 in.	Vinyl	50/pk

Die-cut picto labels included on every label

Write-On GHS and NFPA Labels with Die-Cut GHS Pictos

- Convenient, write-on GHS labels
- Durable vinyl material for indoor or outdoor use
- Contains both GHS and NFPA label elements
- Included die-cut pictograms can be applied onto the label

Catalog #	Header	Size	Material	Qty.
148804	Warning	4 in. x 6 in.	Vinyl	25/roll
148805	Danger	4 in. x 6 in.	Vinyl	25/roll

BradyID.com/s36

Die-Cut GHS Pictogram Labels

- To be applied to primary and secondary container labels that do not already contain GHS pictogram symbols
- Ideal when printing black and white labels or when pictograms are not available in the label design process
- Picto labels must accompany all other required GHS label elements in order order to meet OSHA standards

Custom GHS Label Form

When ordering a Custom GHS Label from Brady, please have a Safety Data Sheet (SDS) in hand to fill in the form. The SDS, supplied from your chemical manufacturer must be up-to-date with GHS elements. All required label elements that are needed to fill this form out are found in sections 1-3 in your chemical SDS. (Once label has been created a proof will be provided.) Once complete, return this form to BradyUSAQuotes@BradyCorp.com or fax to 1-800-292-2289.

121067 4 in. x 4 in. 500/roll

Class 4:

121069 4 in. x 4 in. 500/roll

121068 4 in. x 4 in. 500/roll

Placard Labels and GHS

While GHS requires proper chemical labeling, the Department of Transportation (DOT) requires proper labeling when you're shipping chemicals.

This means when the product is shipped, the outer package must bear all of the required DOT marks and labels as well as the GHS label information if it is a primary container.

Essentially, DOT labeling does not change with GHS, but when the primary container is also the shipping container, you'll need both.

Class 5:

121071 4 in. x 4 in. 500/roll

121471 4 in. x 4 in. 500/roll

Class 6:

121466 4 in. x 4 in. 500/roll

63473 4 in. x 4 in. 500/roll

121467 4 in. x 4 in. 500/roll

Class 7:

121473 4 in. x 4 in. 500/roll

121441 4 in. x 4 in. 500/roll

Class 8:

121070 4 in. x 4 in. 500/roll

Class 9:

121141 4 in. x 4 in. 500/roll

Die-Cut Placard Numbers

Catalog #	Description	Qty.
5010-*	1 in. Quik-Align Numbers	10pk

**Replace (*) with the desired number (0-9).*
Example: To order die-cut 8, order # 5010-8.

Vehicle Placard Signs

Brady also offers a wide range of Vehicle Placard Signs for shipping hazardous materials.

View signs on page 463.

BRADY

Regulations

OSHA standards require you to have SDS on hand for all chemicals at your facility.

1910.1200(g)(1)
Developing and maintaining written Safety Data Sheets

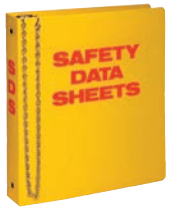

1910.1200(i)(1)
Employee training on new label elements and Safety Data Sheets

Bilingual Training Insert

- This detailed binder insert package contains:
  - OSHA Haz-Com Standard highlights and overview of program requirements
  - Compliance checklist
  - Two 15-page RTK training booklets,
  - 2-Sided RTK poster (Spanish/English)
  - 50 clear sheet protectors
  - A-Z index tabs

Catalog #	Description
BR801B	Bilingual Binder Insert

Standard MSDS Binders

- 1.5 in. dia. rings hold 275-300 sheets
  2.5 in. dia. ring holds 400-500 sheets
  3 in. dia. ring holds 600 sheets
- Durable polyethylene cover, 36 in. chain and pair of sheet lifters

Catalog #	Description
2023	1.5 in. MSDS Binder
2024	2.5 in. MSDS Binder
2025	3.0 in. MSDS Binder
2026	1.5 in. Bilingual MSDS Binder
2027	2.5 in. Bilingual MSDS Binder
2028	3.0 in. Bilingual MSDS Binder
BR801B	Binder Insert

GHS SDS Binders

- Complies with OSHA regulations
- 1.5 in. dia. ring holds 275-300 sheets
  3 in. dia. ring holds 600 sheets
- Features a durable polyethylene cover, 36 in. chain and a pair of sheet lifters

Catalog #	Description
121183	1.5 in. SDS Binder, English
121184	3 in. SDS Binder, English
121185	1.5 in. SDS Binder, English/Spanish
121186	3 in. SDS Binder, English/Spanish
121187	3 in. SDS Binder, English/French

Double RTK Center

- This center includes red polystyrene board, 2 binder racks and two MSDS binders
- Center size: 20 in. x 29 in. x 4.5 in.

Catalog #	Description
2010DB	Double RTK Compliance Center

Economy RTK Center

- Includes MSDS v-style sign,
  8 in. x 14.5 in. x 6 in.
- 1.5 in. MSDS binder with 300 sheet capacity

Catalog #	Description
2007	Economy RTK Center
RK085A	Rack and Binder w/inserts
2005	Rack and Binder Only

GHS SDS Centers

- 20 in. x 14 in. x 4.5 in. center offered in English and Spanish
- Includes 1.5 in. SDS binder, Right To Know Compliance Center backboard and yellow wire rack

Catalog #	Description
121370	SDS Center English
121371	SDS Center Spanish

RTK Compliance Center

- 20 in. x 14 in. x 4.5 in. compliance center includes red polystyrene board, binder rack and MSDS binder
- 1.5 in. binder w/ 300 sheet capacity

Catalog #	Description
2010	Compliance Center
RK018A	Compliance Center w/inserts
2010NB	Compliance Center w/o binder
2010SP	Spanish Compliance Center*

**Board is Spanish with 1.5 in. Bilingual Binder*

High Visibilty SDS Signs

- High visibility signs easily mount and project from the wall for easy viewing
- Made from heavy-duty B-493 plastic

Catalog #	Style	Size	Qty
139786	V-Shape	6 in. x 9 in. x 4 in.	1
139787	L-Shape	8 in. x 8 in.	1

Safety Information Centers

BradyID.com/s36

Information Centers

- Rugged poly backboard comes with white PVC coated wire basket, allowing for high visibility and convenience
- Tear resistant 3-ring binder holds approx. 300 sheets and includes chain and mounting hardware
- Center Size: 20 in. x 14 in.

Catalog #	Description
IC326E	Emergency Information Center

Standard Operating Procedures Center

- Poly backboard w/ white PVC coated wire basket
- Rugged binder holds approximately 300 sheets and comes with an attached chain
- Additional binders sold separately

Catalog #	Description
SM681A	Procedures Center
SM682A	Double Standard Operation Procedures Center

MSDS / Job Site Safety Document Center

- Table top or wall mount center holds one 3-ring binder in a weather resistant and lockable polystyrene case
- Size: 13.5 in. x 13.5 in. x 4.75 in.

Catalog #	Description
JS1	MSDS/Job Site Center

Bloodborne Pathogen Compliance Center

- Wall-mount display includes a 1.5 in. binder that holds up to 300 pages of your exposure control plans (not included)
- Center size: 20 in. x 14 in. x 4.5 in.

Catalog #	Description
BH2010	Bloodborne Pathogen Center
BH2023	Exposure Control Binder only

Lockout Procedure Station

- Durable polystyrene board includes pre-drilled holes and mounting hardware
- Backboard dimensions: 20 in. x 14 in. x 4.5 in.

Catalog #	Description
LOSP22	Station With Binder and 25 Forms
99289	Lockout Procedure Station With Binder Only
LOSB1	Lockout Procedure Binder Only

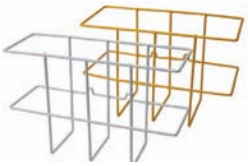

Standard RTK Center

- Acrylic board can hold up to 100 booklets and an MSDS binder
- Includes our 1.5 in. binder and 10 training booklets
- Center size: 30 in. x 24 in. x 4.5 in.

Catalog #	Description
2001	Standard Right to Know Center
2012	Board Only
2002	Bilingual version*

**Includes 5 English booklets, 5 Spanish booklets and a bilingual binder*

Binder Holders

- PVC coated steel racks designed for holding binders up to 3 in. ring dia.
- Single: 9 in. x 14 in. x 4.5 in. Double: 9 in. x 14 in. x 6.5 in.

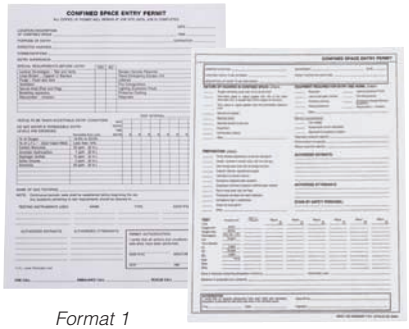

Catalog #	Description	Color	Qty.
2014	Single Binder Holder	Yellow	1
2014W	Single Binder Holder	White	1
104791	Double Binder Holder	Yellow	1
104792	Double Binder Holder	White	1

Suggestion Box

- Wall or table mount black acrylic box w/ a lockable top and side pocket
- Box: 12 in. x 11.75 in. x 4.75 in. Side pocket: 5 in. x 4 in. x 1.625 in. Top drop slot: 9 in.

Catalog #	Description
MC111E	Suggestion Box

Format 1

Format 2

Confined Space Entry Permits

- 8.5 in. x 11 in. forms include all information required by OSHA's Confined Space Regulation
- Available in several materials to best meet your facility's environment

Catalog #	Description	Qty
EP1	Format 1 Permits	25/pk
65937	Format 2 Permits (2-ply Carbonless)	25/pk

Confined Space Permit Center

- Wall-mounted Permit Center provides ready access to entry permits while making employees aware of special safety requirements
- Holds 8.5 in. x 11 in. forms
  Holder dimensions: 15.75 in. x 23.5 in.
- Permit forms sold separately

Catalog #	Description	Qty
PC1	Permit Center (Permit forms sold separately)	25/pk

Confined Space Entry Permit Holder

- Provides a confined space warning and easy access to permits
- Made of durable polycarbonate material
- Holds 8.5 in. x 11 in. forms
  Holder dimensions: 12 in. x 19 in.
- Permit forms sold separately

Catalog #	Description	Qty
65903	Permit Holder (Permit forms sold separately)	1

Safe-T-Grip® Fuse Pullers

- Provides maximum convenience when removing or replacing cartridge fuses
- Notched handles for no-slip grip
- Clearly marked amperage ranges
- Exceeds MIL specifications
- For 0-100A, 250V and 600V fuses

Catalog #	Description
65280	Safe-T-Grip Fuse Pullers

E-Z Check® Plus GFI Circuit Tester

- Checks for the following conditions: correct wiring, open ground, reverse polarity, open hot, open neutral, hot on neutral, hot and ground reversed with open hot and ground fault interruption

Catalog #	Description
65273	E-Z Check Plus GFI Circuit Tester

Battery Cleaning and Charging Safety Kit

- Help minimize the risk of acid burns or shocks while charging batteries
- Fully equipped portable kit includes:
  - (1) pair of large unsupported neoprene over natural rubber gloves
  - (1) pair of clear chemical goggles
  - (1) 45 in. x 35 in. black rubber apron
  - (1) 8 in. synthetic brush
  - (2) 9.25 in. x 14.5 in. chemical sorbent pads
  - (1) quart neutralizing and cleaning agent
  - (1) laminated instruction card

Catalog #	Description
BCK	Battery cleaning and charging kit

Arc Flash Safety

What is arc flash and what causes it?

An arc flash is a short circuit through air that flashes from one exposed live conductor to another conductor or ground. This electrical fault can create a dangerous release of energy, including thermal energy, acoustical energy, pressure wave or debris.

There are many ways an arc flash can occur, including:

- Close proximity of a high-amp source to a conductive object
- Dropping a tool or creating a spark
- Breaks or gaps in insulation
- Failing equipment due to use of substandard parts, improper installation or even normal wear and tear
- Dust, corrosion or other impurities on the surface of the conductor

What impacts the size of an arc flash event?

Common variables that impact the size and energy of an arc flash include:

- Amperage
- Voltage
- Arc gap
- Closure time
- Distance from arc
- Three phase vs. single phase
- Confined space

Did You Know?

Anything above 50V that could be worked on while energized ,resulting in exposure to electrical hazards, requires an arc flash label.

Examples include, but are not limited to:

- Switchboards
- Panel boards
- Motor control centers
- Industrial control panels
- Meter socket enclosures

NFPA 70E Standard for Electrical Safety in the Workplace

OSHA cites and fines employers for failure to protect employees from the dangers of arc flash under regulation 29 CFR 1910.333(a). The National Fire Protection Association (NFPA) details how to comply with this regulation through the NFPA 70E standard.

According to the NFPA 70E standard, there are six primary responsibilities that facilities must meet, including:

1. Training for employees
2. Written safety program in place that is actionable
3. Personal protective equipment (PPE) available for employees
4. Insulated tools
5. Arc flash hazard degree calculations
6. Properly labeled equipment

Most recent updates (2018)
The NFPA 70E gets updated every three years. Some of the most recent updates include:

- Updated training and retraining requirements
- Revision to arc flash warning label content
- Elimination of the PPE hazard category 0
- Elimination of prohibited approach boundary
- Additional boundary requirements
- Revisions to selecting appropriate PPE
- Minor terminology changes (such as work shoes now referred to as footwear)

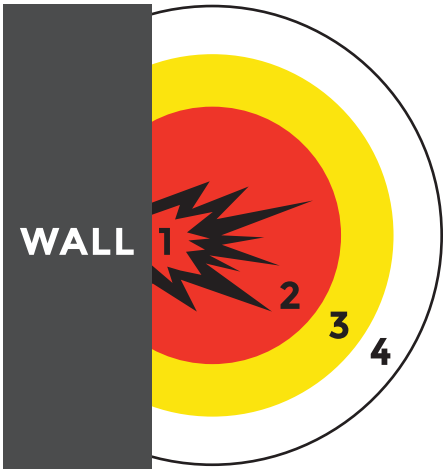

What is an arc flash boundary?

An arc flash boundary is the distance at which an electrical arc can flash outward and endanger employees working on electrical equipment.

Additional boundary requirements include:

- Conductive articles of jewelry and clothing: Watchbands, bracelets, rings, key chains, necklaces, metal frame glasses, etc. shall not be worn within the restricted approach boundary
- Working space: Space shall be kept clear and not used for storage to permit safe operation and maintenance
- Barricades: When the arc flash boundary is greater than the limited approach boundary, barricades shall not be placed closer than the arc flash boundary
- Insulated tools: Employees shall use insulated tools when working inside the restricted approach boundary of exposed energized electrical conductors.

1. **Exposed / energized conductor or circuit part**
2. **Restricted approach boundary**
   Distance where there is an increased likelihood of electric shock
3. **Limited approach boundary**
   Distance where a shock hazard exists
4. **Arc flash boundary**
   Distance from an arc source where the thermal energy exposure could cause 2nd degree burns on unprotected skin

Arc Flash Risk Assessment

The NFPA 70E 2015 edition requires employers to conduct an arc flash risk assessment to determine the amount of thermal energy that could be generated from an arc flash incident. The information is then used to define a flash protection boundary around the potential source, and to determine the level of arc-rated apparel and other personal protection equipment required when employees cross the boundary while they work on or near explosive live parts.

At minimum, the safety program needs to be audited at intervals not to exceed three years and arc flash risk assessments shall be periodically reviewed at intervals not to exceed five years.

Who should perform arc flash risk assessments?

Completing a best-in-class arc flash risk assessment in-house requires time, resources and analysis software to accurately calculate arc flash risk. In addition, simple miscalculations can lead to incorrect incident energy levels resulting in the improper use of PPE.

Brady's **Arc Flash Risk Assessment Service,** performed by a licensed electrical engineer using power system analysis software, enables you to not only reach compliance, but maintain compliance. Additional services also include Arc Flash Audits and Arc Flash Safety Training.

Arc Flash Labeling

Who's responsible for labeling?

Arc flash labeling is the responsibility of the employer, not the manufacturer or installer of the equipment.

What needs to be labeled?

Labeling is required for any piece of electrical equipment that is likely to require examination, adjustment, service or maintenance while energized, creating the potential for an arc flash incident to occur.

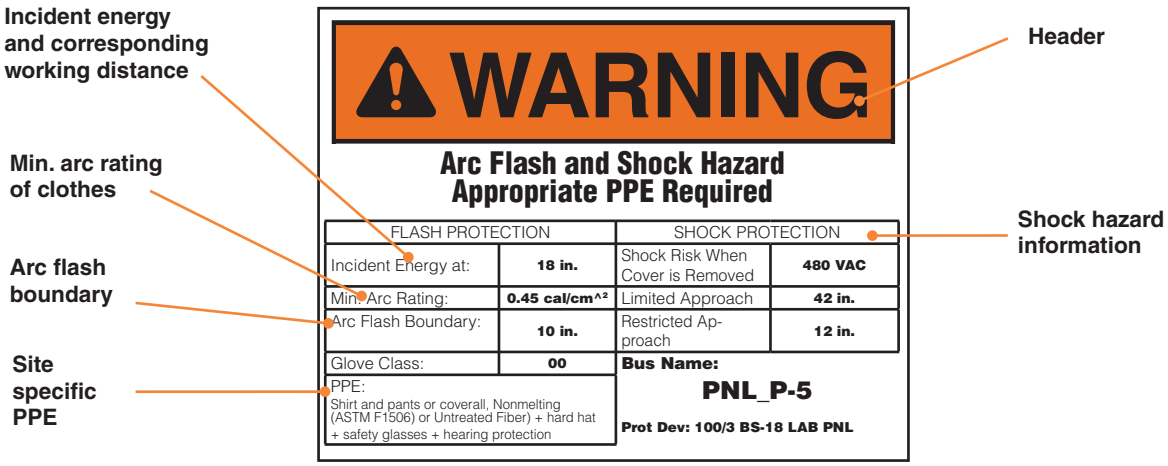

Any modifications or renovations to electrical equipment that changes data on the label requires an updated arc flash risk assessment and label.

Where should the label be placed?

Markings must be in a location that is clearly visible to workers before they may be exposed to any potentially dangerous live parts. Typically, the label is placed outside the panel or enclosure door.

What needs to appear on the label?

Once an arc flash risk assessment has been conducted, in which the arc flash boundary, the incident energy at the working distance and the personal protective equipment required has been determined, Article 130.5 (C) in the 2015 edition of NFPA 70E further dictates that the label must contain these important elements.

Brady Arc Flash Solutions

Arc flash services

Brady understands the importance of electrical safety as a whole and has licensed engineers who understand not only arc flash safety, but also the firsthand impact of arc flash risk. We work with your team to best protect your employees based on your custom facility and program requirements.

- **Arc Flash Risk Assessment**
  A Brady safety electrical engineer completes your assessment, provides you with a detailed assessment report, including your single-line diagram, and installs the correct arc flash labels.
- **Arc Flash Audit**
  Let our electrical engineer perform your arc flash audit and ensure your assessment is up to date and compliant.
- **Arc Flash Safety Training**
  This custom approach to training incorporates both the NFPA regulation and your company-specific arc flash requirements to ensure participating employees can apply their knowledge.

Print your own labels

Create and print customized arc flash labels when and where you need them with an on-demand label printer. When you're working on a project, you can stop handwriting your labels, and print all the labels you need in batches. You also avoid the hassle of having to select, order and wait for pre-printed labels to arrive.

Pre-printed die-cut labels

Pre-printed arc flash labels with the arc flash PPE category and a list of the required PPE relieve the employer from having to hand-write this information. As with the check box labels, a version for both arc flash and shock hazards is available.

Arc Flash Labels

BradyID.com/s36

Pre-Printed Arc Flash Labels

- Labels come with the hazard category and PPE requirements preprinted
- Write in specifics such as minimum arc rating, protection boundary, etc.
- B-7569 vinyl can be written on with pen or marker

Catalog #	Header	Hazard	Size	Qty
121085	Warning	1	5 in. x 7 in.	5/pk.
121087	Warning	2	5 in. x 7 in.	5/pk.
121091	Warning	3	5 in. x 7 in.	5/pk.
121093	Warning	4	5 in. x 7 in.	5/pk.

145975	Danger	5 in. x 7 in.	5/pk.
145974	Danger	4 in. x 6 in.	5/pk.
145973	Warning	5 in. x 7 in.	5/pk.
145972	Warning	4 in. x 6 in.	5/pk.

Arc flash hazard categories and PPE requirements

	Required Flash Protection Equipment*
Hazard Category 1 Incident energy 4 cal/cm²	Arc-rated longsleeve shirt and long pants (or arc-rated coverall)
	Arc-rated face shield or arc flash hood
	Arc-rated jacket, parka, rainwear or hard hat liner (as needed)
	Hard hat
	Safety glasses or safety goggles
	Hearing protection (ear canal inserts)
	Leather gloves
	Leather footwear (as needed)
Hazard Category 2 Incident energy 8 cal/cm²	Arc-rated longsleeve shirt and long pants (or arc-rated coverall)
	Arc-rated face shield or arc flash hood
	Arc-rated jacket, parka, rainwear or hard hat liner (as needed)
	Hard hat
	Safety glasses or safety goggles
	Hearing protection (ear canal inserts)
	Leather gloves
	Leather footwear
Hazard Category 3 Incident energy 25 cal/cm²	Arc-rated longsleeve shirt and long pants (or arc-rated coverall)
	Arc-rated arc flash suit jacket and pants
	Arc-rated arc flash hood
	Arc-rated jacket, parka or rainwear (as needed)
	Hard hat and arc-rated hard hat liner
	Safety glasses or safety goggles
	Hearing protection (ear canal inserts)
	Leather footwear
	Arc-rated gloves
Hazard Category 4 Incident energy 40 cal/cm²	Arc-rated longsleeve shirt and long pants (or arc-rated coverall)
	Arc-rated arc flash suit jacket and pants
	Arc-rated arc flash hood
	Arc-rated jacket, parka or rainwear (as needed)
	Hard hat and arc-rated hard hat liner
	Safety glasses or safety goggles
	Hearing protection (ear canal inserts)
	Leather footwear
	Arc-rated gloves

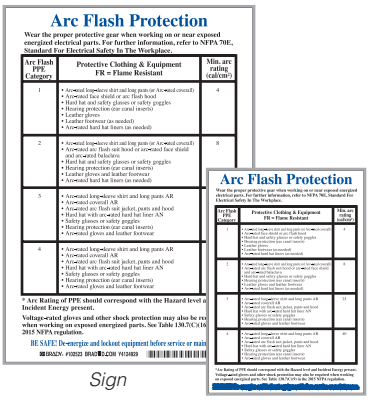

** Arc rating of PPE should correspond with the Hazard Category and Incident Energy present. Voltage-rated gloves and other shock protection may also be required when working on exposed energized electrical parts.*

Poster

- Highlights the common causes of arc flash and provides safe work practices and personal protection equipment requirements
- Laminated on both sides to stand up to industrial environments
- Full-color printing and eye-catching graphics for optimum visual impact
- Poster reflects all changes from NFPA 70E-2015 regulation

Catalog #	Description	Quantity
104571	18 in. x 24 in. poster	1 each

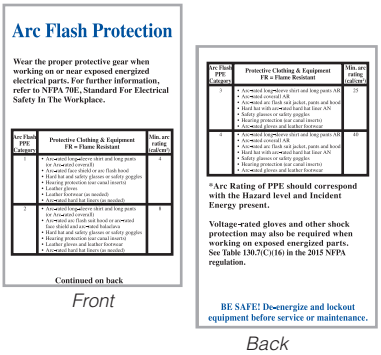

Sign

Label

Sign and Label

- Post signs and labels in the work area and near electrical equipment to boost awareness and compliance
- Signs and labels specify the personal protection equipment required for each arc flash hazard category
- Sign and label reflects all changes from NFPA 70E-2015 regulation
- Sign: B-401 rigid plastic with laminated graphics
  Label: B-302 self-sticking polyester with overlaminate

Catalog #	Description	Quantity
102523	7 in. x 10 in. sign	1 each
102524	3.5 in. x 5 in. label	5/pack

Front

Back

Wallet Card

- Ensure compliance and safety by providing each employee with their own arc flash wallet card
- Card specifies the personal protection equipment required for each arc flash hazard category
- Made of laminated cardstock
- Reflects all changes from NFPA 70E-2015 regulation

Catalog #	Description	Quantity
102525	2.1 in. x 3.4 in. card	25/pack

On-Site Arc Flash Training Service

Under the NFPA 70E standard, arc flash training must be completed every three years.

Brady's Arc Flash Safety Training is a custom approach to training that includes:

- Custom training materials with NFPA regulations and your company-specific arc flash information
- On-site interactive training session
- Attendees receive a workbook and a certificate of completion

Training topics include:

- What is an arc flash and related information, such as boundaries, labeling, work permits and PPE requirements
- OSHA regulations, responsibilities, training and PPE
- NFPA updates, compliance and PPE tables
- The difference between qualified and unqualified employees
- And more

For more info, visit BradyID.com/Services

BradyID.com/s36

Conduit and Voltage Labels

- Orange markers meet ASME (ANSI) Standard ZG3.22 and alert employees to potentially dangerous machinery or energized equipment
- Cards sold individually

3-Series Glow-in-the-Dark Ultra Reflective Numbers and Letters

- 7 times more reflective than other reflective materials
- Black characters w/ glow-in-the-dark border on a highly-reflective silver background
- Designed for permanent application in indoor or outdoor environments

Catalog #	Marker Size	Character Size	Qty
3000-*	2.875 in. x 1.5 in.	2 in.	10
3010-*	3.5 in. x 2.5 in.	3 in.	10
3020-*	6 in. x 3 in.	5 in.	10

To order: replace the asterisk (*) with the desired number (0-9), capital letter (A-Z), dash (DSH), blank (BLANK), ampersand (&) or period (PRD).

BradyGlo™ Gothic Quik-Align Numbers and Letters

- Photoluminescent material charges in 5 minutes at 1000 Lux for 10+ hours of glow time
- Consistent glow life and unlimited rechargability
- Complies with ASTM 2030-99

Catalog #	Character Size	Qty
6001-*	1 in.	25
6002-*	2 in.	25
6003-*	3 in.	25
6004-*	4 in.	25

To order: replace the asterisk (*) with the desired number (0-9) or capital letter (A-Z).

Die-cut Magnetic Numbers

- Magnetic numbers are perfect for safety scoreboards

Catalog #	Size	Qty.
57624	1.5 in.	15 each of 0-3; 8 each of 4-9

Aluminum Utility Panels

- 20 mil. aluminum panels are designed to be rugged, yet conform to pole
- Recommended use with B-946 vinyl or B-997 reflective markers
- 7.25 in. panel holds eight markers
- 12 in. panel holds eleven reflective markers or twelve vinyl markers

Catalog #	Panel Size	Qty.
97198	1.75 in. x 7.25 in.	25
97199	1.75 in. x 12 in.	25

Outdoor Numbers and Letters (B-946)

- B-946 tough vinyl film provides high visibility and lasting performance
- UV resistant protects against fading and shrugs off oil and water
- Meets APWA color code: black on orange for communications yellow on black for electric, oil and gas
- Standard package: 1 card

Catalog #	Char. Height	Marker Size	Color	Markers Per Card
6560-*	1 in.	1.5 x 0.875 in.	Blk / Org	10
6570-*	2 in.	2.25 x 0.875 in.	Blk / Org	10
7890-*	1 in.	1.5 x 0.875 in.	Ylw / Blk	10
7897-*	2 in.	2.25 x 0.875 in.	Ylw / Blk	10

To order: replace the asterisk (*) with the desired number (0-9), capital letter (A-Z) or dash (DSH).

Bradylite® Reflective Numbers and Letters (B-997)

- Reflects light 100 times brighter than a plain white surface
- Will perform in tough environmental conditions
- Can be applied in temps as low as 10° F
- Standard package: 25 cards

Catalog #	Char. Height	Marker Size	Color	Markers Per Card
5900-*	1 in.	1.5 x 1 in.	Blk / Slvr	1
5905-*	1 in.	1.5 x 1 in.	Ylw / Blk	1
5920-*	1 in.	1.5 x 1 in.	Blk / Ylw	1
5890-*	1.5 in.	1.875 x 1.375 in.	Ylw / Blk	1
5000-*	2.5 in.	2.875 x 1.75 in.	Ylw / Blk	1
Only available in numbers (0-9) and blank (BLANK)				
5910-*	1 in.	1.5 x 1 in.	Blk / Org	1

To order: replace the asterisk (*) with the desired number (0-9), capital letter (A-Z), dash (DSH) or blank (BLANK)

Pre-printed KVA Markers

- Help determine the KVA classification of pole-mounted transformers
- Yellow numbers printed on B-997 BradyLite Reflective Sheeting
- Come with slit liner for easy application
- Standard Package: 25 cards

Catalog #	Legend	Marker Size	Markers Per Card
50010	7 ½	2.875 in. x 3.25 in.	1
50011	10	2.875 in. x 3.25 in.	1
50012	15	2.875 in. x 3.25 in.	1
50013	25	2.875 in. x 3.25 in.	1
50015	50	2.875 in. x 3.25 in.	1
50016	75	2.875 in. x 3.25 in.	1
50014	37 ½	2.875 in. x 3.25 in.	1

34253	001-999	0.625 in.	0.75 x 1.5 in.	12

Aluminum Embossed Numbers and Letters

- Roman style numbers and letters contain pre-punched holes for easy installation; 1 in. nails included
- Standard Package: 10

Catalog #	Character Height	Qty.
1600-*	3 in.	10

To order: replace the asterisk (*) with the desired number (0-9), capital letter (A-Z).

Safety and Facility Signs

Safety signs are a necessary and required component for warning and communicating messages or notices to your employees, customers and the general public.

In order to provide a clear and concise message, the sign must meet a variety of requirements and standards. Selecting and placing a safety sign in your facility is more than a workplace requirement, but an opportunity to prevent costly accidents or dangerous hazards within your facility.

Top 5 things to consider when choosing safety signs

1. **Comply with applicable regulations**
   Several regulating bodies come into play when posting signs throughout your facility. Familiarize yourself with these regulations to increase safety and avoid costly fines.
2. **Display a clear and visible message**
   The header you select is directly tied to the severity of the hazard. Make sure you are communicating the correct message with the right sign headers.
3. **Use visually intuitive pictograms**
   75% of knowledge is gained through visuals. Use pictogram visuals to convey your message quickly and more accurately in multi-language environments.
4. **Location, location, location**
   Location is extremely important when it comes to sign placement. Make sure your signs are posted at eye level and in highly visible locations.
5. **Use the right material for your application**
   Brady offers a wide variety of sign materials for unique applications throughout your facility. But make sure you are choosing the right material to avoid having to replace the sign more frequently than needed.

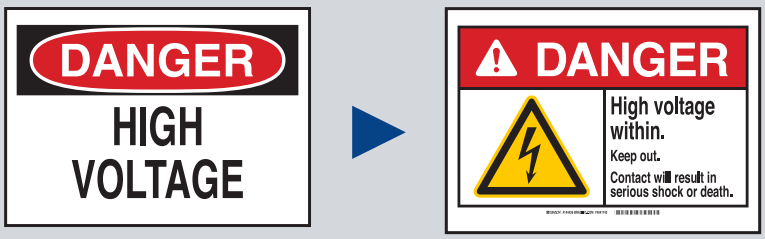

1. Comply with applicable regulations

Check the specific sign requirements of the regulation you're complying with. Exit and fire extinguisher signs are covered by NFPA and IBC, general and chemical hazards by OSHA, traffic and parking signs by the Dept. of Transportation. Layout, text and signal words are covered by OSHA and ANSI. Below are several of the common regulations affecting signs:

Organization	Regulations
OSHA – Occupational Safety and Health Administration	OSHA 1910.37 Means of Egress, General (Exit Signs and Routes) OSHA 1910.144 Safety Color Code for Marking Physical Hazards OSHA 1910.145 Specifications for Accident Prevention Signs and Tags OSHA 1910.146 Permit-Required Confined Spaces OSHA 1910.147 Control of Hazardous Energy (Lockout/Tagout) OSHA 1910.1200 Hazard Communication (includes updated GHS standard) OSHA 1910.303 Electrical Subpart S; ((g)(2)(iii) and (h)(5)(iii)[B] – Warning Signs) OSHA 1926.200 Signs, Signals and Barricades for Construction
DOT – Department of Transportation	Hazardous Materials Warning Placards and Labels - Title 49, Code of Federal Regulations, Part 172 Subpart D–Marking, Subpart E – Labeling, Subpart F-Placarding - Title 49, Code of Federal Regulations, Parts 100-199
NFPA – National Fire Protection Association	NFPA 70: National Electrical Code NFPA 101: Life Safety Code NFPA 101B: Code for Means of Egress for Buildings and Structures NFPA 704: Standard System for the Identification of the Hazards of Materials for Emergency Response
ICC – International Code Council	IBC 2015 International Building Code IFC 2015 International Fire Code
IMO – International Maritime Organization	Resolution A.752(18) Egress and Low Level Lighting
ANSI – American National Standards Institute	ANSI Z535.1-2006 (R2011), Safety Color Code ANSI Z535.2-2011, Environmental and Facility Safety Signs ANSI Z535.3-2011, Criteria for Safety Symbols ANSI Z535.4-2011, Product Safety Signs and Labels
ISO – International Standards Organization	ISO 7010:2011 Prescribes Safety Signs for the Purposes of Accident Prevention, Fire Protection, Health Hazard Information and Emergency Evacuation. ISO 7001:2007 Graphical Symbols, Public Information Symbols
ADA – Americans with Disabilities Act	2010 ADA Standards for Accessible Design; 703 Signs Meet Occupational Health Administration (OSHA 1910.145) and ANSI (ANSI Z535) regulations and guidelines.

ANSI sign standard increases comprehension and safety

Under OSHA's Hazard Communication Standard update, organizations can now use either the American National Standard Institute (ANSI) standards from 1967-1968 (ANSI Z53.1, Z35.1 and Z35.2) or from 2011 (ANSI Z535.1, Z535.2 and Z535.5) for safety signage.

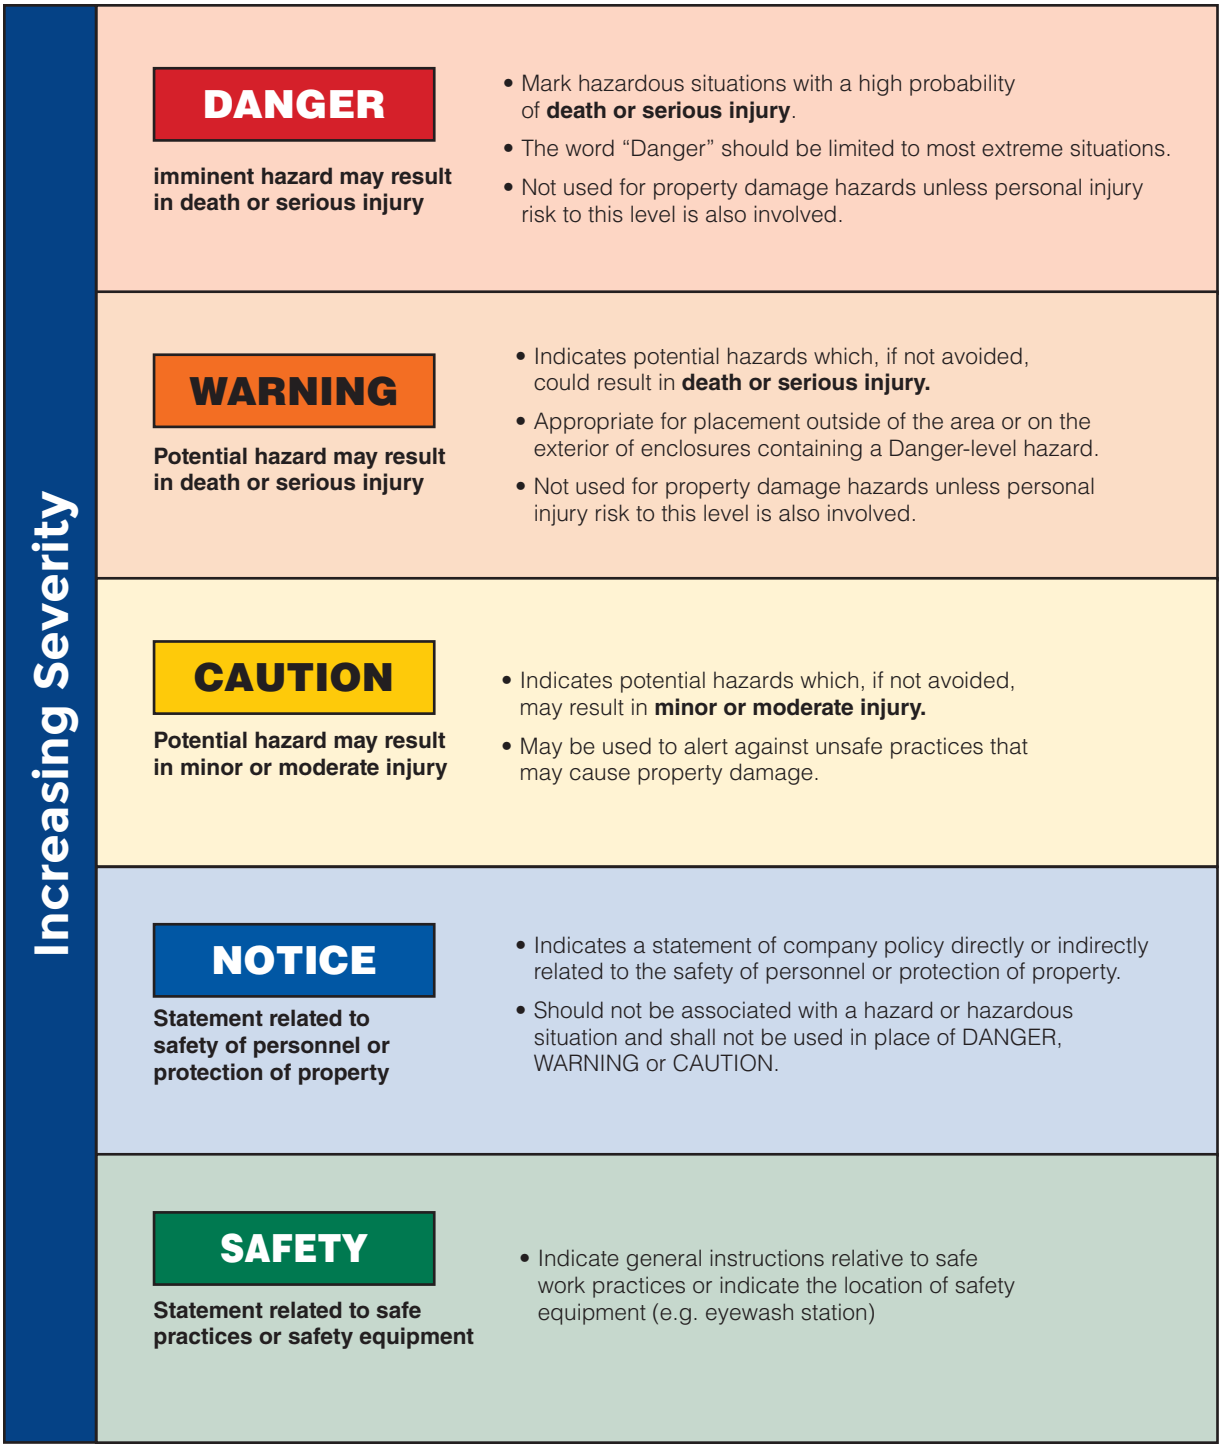

Previous standard **New standard**

Redesign includes:

1. A safety alert symbol in the header
2. Three part text statement with:
   - the hazard
   - the possible consequences
   - how to avoid the hazard
3. More visual pictograms

2. Display a clear and visible message

Sign headers may seem interchangeable, but actually deliver very different messages. ANSI and OSHA specify that safety signs must indicate and define specific hazards that, without identification, may lead to accidental injury to workers, customers or the general public.

3. Use visually intuitive pictograms for increased comprehension

As immigration rates increase and demographics evolve, it is essential to communicate messages across many different cultural backgrounds. Everyone within the facility should be able to understand the message being communicated.

Pictograms provide a universal way to communicate warnings to all employees and visitors, regardless of language or demographic, and can provide a better understanding of hazards. Pictograms provide an easy to understand alternative to multi-lingual signs, which can often be difficult to read.

Examples of standard ISO pictograms are below:

Safety sign letter height (ANSI Z535.2-2011)

The size and letter height used on your sign makes a difference in the readability and clarity of your message.

9.2.2 Overall size of the lettering

The overall size of the lettering shall be determined by the distance from which the sign can be safely and easily read. The message should be concise and practical. Letters shall be adequately spaced and not crowded.

9.2.3 Minimum letter height

Minimum letter height shall be one unit in height for every 150 units of safe viewing distance from the hazard alerting device for signal words and one unit in height for every 300 units viewing distance for the majority of other words contained on the word message panel. The safe viewing distance must be determined for each specific case where a safety sign is needed. The message panel text shall meet the legibility criteria at the determined safe viewing distance.

Viewing Distance	< 4 ft.	5 ft.	8 ft.	10 ft.	15 ft.	20 ft.	30 ft.	40 ft.	60 ft.	80 ft.	100 ft.	125 ft.	150 ft.	200 ft.
In favorable reading conditions minimum letter height is:	0.16 in. *	0.24 in.	0.32 in.	0.40 in.	0.60 in.	0.80 in.	1.20 in.	1.60 in.	2.40 in.	3.20 in.	4.00 in.	5.00 in.	6.00 in.	8.00 in.
In unfavorable reading conditions recommended letter height is:	0.33 in.	0.50 in.	0.66 in.	0.83 in.	1.27 in.	1.68 in.	2.51 in.	3.36 in.	5.04 in.	6.72 in.	8.40 in.	10.49 in.	12.58 in.	16.79 in.

**0.16 inch (4.1 mm) is the suggested minimum type size for use on environmental / facility safety signs.*

4. Sign locations

It is important that your sign will communicate the safety message to all of your employees, customers and the general public. The sign should be clear, concise and placed in a highly visible location. Placement of the sign is a key aspect in transmitting your message.

Keep the following in mind when choosing sign locations.

- ✔ Signs must be clear, visible and unobstructed.
- ✔ Signs must be placed to alert and inform employees of hazards. They should have sufficient time to avoid the hazard and take appropriate action.
- ✔ Lighting, maintenance and storage should be considered during the placement process to make sure the sign can be clearly illuminated.
- ✔ Inspect, maintain and keep signs clean to ensure they are in good condition.
- ✖ Signs should not be placed in moveable areas or near areas that could obstruct sign visibility.
- ✖ If the message is no longer relevant or the hazard ceases to exist, the sign should be removed as soon as possible.

Brady signs help keep your employees and visitors safe – both inside and outside your facility.

Examples of indoor locations

- Areas with restricted access
- Areas with PPE requirements
- Established emergency egress routes
- Locations with hazardous materials, electrical and confined spaces
- Around machine and equipment
- Areas prone to slips, trips and falls
- Areas with fire, emergency and first aid equipment

Examples of outdoor applications

- Control the flow of vehicle traffic
- Indicate vistor, employee and handicap parking
- Outside shipping and receiving areas
- Around storage and equipment area
- Post security policies including no smoking or prohibited weapons
- Areas of restricted access or admission including employee and visitor entrances

5. The right material for your application

Choosing a sign material may not seem significant, but it's important to remember that different materials are equipped for different environments and applications. If you don't select the proper material, you could end up having to replace the sign more frequently than needed.

Sign Material Comparison

Material Type	Description		Protected Graphics	For Outdoor Use	Average Outdoor Durability	Chemical Resistance	Abrasion Resistance	Max. Temp	Thickness (inch)

Most popular sign materials

Rigid

B-120 Premium fiberglass

B-120 Premium fiberglass (FB)

- Most durable material – will not chip, fade, rust, shatter or peel
- Graphics protected under fiberglass layer
- Excellent chemical and abrasion resistance and ideal for outdoor and harsh environments
- Up to 25 year outdoor life

B-555 Aluminum

B-555 Aluminum (AL)

- Durable for outdoor usage – withstands wind, rain, sunlight and high temperatures
- Uses UV inks and UV clear coat protection for fade resistance
- Used for parking, building and informational signs
- 5-8 year outdoor life

B-401 Plastic

B-401 Plastic (PL)

- Cost-effective durable polystyrene
- Ideal for directional, informational, department and safety applications
- Conforms to well-curved surfaces
- Up to 5 year outdoor life

Flexible

B-302 Self-sticking polyester

B-302 Self-sticking polyester (SS)

- Withstands wide temperature variations (up to 230° F)
- Protected graphics holds up to repeated spills and cleanings
- Permanent adhesive ideal for machine / equipment signs and labeling
- Up to 8 year outdoor life

B-946 Self-sticking vinyl

B-946 Self-sticking durable vinyl (SSV)

- High gloss vinyl printed with UV resistant inks
- Permanent cold temp acrylic adhesive
- Good for outdoor applications on curved sufaces
- Fair chemical and abrasion resistance
- Durable, provides up to 10 years outdoor life

Design Online

Custom Safety Signs

With Brady's online design tool, creating custom safety signs is simple, affordable and fast.

- Custom message
- Variety of materials
- No minimum order
- Sizes range from 3.5 in. to 36 in.
- Ships quickly

Admittance Signs

Brady admittance signs indicate and identify areas of access and are required in virtually every workplace. They alert employees to potential hazards, safety warning and cautionary notices. They also restrict access to property and are available in a variety of sizes and materials.

Sign Selection Guide

FB - Premium fiberglass (B-120)
SS - Self-sticking polyester (B-302)
PL - Plastic (B-401)
AL - Aluminum (B-555)
BGSS - BradyGlo™ self-stick polyester (B-324)
BGPL - BradyGlo™ plastic (B-347)

ANSI Z535 Signs

Brady offers a variety of ANSI safety signs to help you prevent accidents and enhance productivity and safety within your facility. ANSI signs are highly visible and provide recognizable safety alert messages for workplace caution, warning, notice, danger and more. Brady's ANSI signs adhere to ANSI Z535.1, Z535.2 and Z535.5 safety standards for colors and symbols and can be understood by employees and visitors of all cultural backgrounds.

Sign Selection Guide

FB - Premium fiberglass (B-120)

ANSI sign standard increases comprehension and safety

Previous standard

Redesigned to:

New standard

Design includes:

1. A safety alert symbol in the header
2. Text statements that communicate:
   - the hazard
   - the possible consequences
   - how to avoid the hazard
3. More visual pictograms

Bilingual and Spanish-Only Signs

Brady has a full line of Bilingual and Spanish signs that communicate safety and facility information to your Spanish-speaking employees and visitors. Brady Spanish signs provide your facility with the appropriate Spanish safety message such as “precaucion,” “peligro,” “securidad primero,” “aviso” and “advertencia.”

Sign Selection Guide

FB - Premium fiberglass (B-120)

Biohazard Signs

Brady biohazard signs are used to identify equipment, rooms and materials which contain or are contaminated with hazardous agents. Biohazard marking is required by safety code 1910.1030(g)(1), which states that warning labels must be affixed to containers of regulated waste, refrigerators and freezers containing blood or other potentially infectious material.

Regulations

OSHA 29 CFR 1910.1030 Bloodborne Pathogens:
Labels required for containers and shipments. Employers to post biohazard signs at the entrance to work areas.

DOT 49 CFR 172.400(b) Labeling Requirements:
Labeling is required for infectious substances which meets one or more hazard classifications.

UN2814 Infectious Substances:
Ebola virus defined as Category A infectious substance.

BRADY

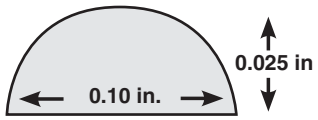

Braille (ADA) Signs

Brady Braille signs meet ADA requirements and ICC / ANSI 117.1 specifications for identifying permanent rooms within a building. Braille signs are required by law under the Americans with Disabilities Act. These Braille signs are available in more than 15 stock legends to identify restrooms, elevators, exits, safety equipment and more.

Brady Braille signs are made of non-glare rigid plastic (B-81) material. Double-sided tape included.

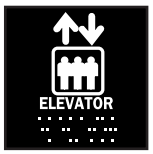

Regulations

All Braille signs feature a true dome-shaped Braille dot to meet ICC / ANSI 117.1 specifications.

Regulations

Appendix A to 1910.1450
Prominent signs of the following types should be posted:

(a) Emergency telephone numbers of emergency personnel/facilities, supervisors, and laboratory workers;

(b) Location signs for safety showers, eyewash stations, other safety and first aid equipment, and exits.

(c) Warnings at areas or equipment where special or unusual hazards exist.

Hazardous Material Signs

- Most signs include the NFPA Code Number 704M for Hazardous Information
- Clear identification of hazardous chemicals
- Resistant to vapors or spills
- Red legend on white background

Regulations

Permit Required Confined Space, Do Not Enter 1910.146(c)(2)
Exposed employees must be informed of the existence and location of and the danger posed by permit-required confined spaces through the posting of danger signs or by any other equally effective means. A sign reading "DANGER – PERMIT – REQUIRED CONFINED SPACE, DO NOT ENTER" or using other similar language satisfies the requirement.

Accident Prevention 1910.145(c)(2)
Caution signs shall be used only to warn against potential hazards or to caution against unsafe practices. All employees shall be instructed that caution signs indicate a possible hazard against which proper precaution should be taken.

Construction Site Signs

Brady construction signs are a highly visible, effective way to warn employees, pedestrians and visitors of the potential dangers of construction areas. These signs indicate a wide range of warnings including employee locations, temporary road closings and more. Brady also offers additional traffic control signs to identify traffic lane closings, shoulder closings, and other construction areas.

Electrical Hazard Signs

Brady electrical hazard signs can be used throughout your facility to identify electrical hazards and high voltage areas. These electrical signs use bright colors, pictograms and legends to warn against entry, machine operation and buried cables.

Sign Selection Guide

FB - Premium fiberglass (B-120)
SS - Self-sticking polyester (B-302)
PL - Plastic (B-401)
AL - Aluminum (B-555)
BGSS - BradyGlo™ self-stick polyester (B-324)
BGPL - BradyGlo™ plastic (B-347)

Material Comparison ..... page 408
Sign Legend Index..... page 588

Regulations

High Voltage 1910.305(b)(iii)
Covers for boxes shall be permanently marked "High Voltage." The marking shall be on the outside of the box cover and shall be readily visible and legible.

Access Area Marking 1910.303(g)(1)
Sufficient access and working space must be provided and maintained about all electrical equipment to permit ready and safe operation and maintenance of the equipment.

BRADY

Exit and Directional Signs

Brady exit signs lead employees to safety in an emergency or guide traffic in your facility. Brady's exit signs are available in standard and photoluminescent materials, with combination lighting and emergency floodlights, as well as exit markings with safety and egress instructions.

Regulations

Not an Exit 1910.37(b)(5)
Any door, passage, or stairway that is not an exit or a way to get to an exit, but looks as though it could be an exit must be marked with a sign reading "NOT AN EXIT," or must be identified by a sign telling what it is, such as "basement," "storeroom," "linen closet," or whatever it may be.

Evacuation Route 1910.38(a)(2), 1910.120(1)(2)(vi) (Informational marking)
Elements of an emergency response plan. The employer shall develop an emergency response plan for emergencies which shall address, as minimum, the following:...(vi) Evacuation routes and procedures.

Exit 1910.37(b)(4)
If the direction of travel to the exit or exit discharge is not immediately apparent, signs must be posted along the exit access indicating the direction of travel to the nearest exit or exit discharge. Additionally, the line-of-sight to an exit sign must clearly be visible at all times.

EXIT 29 CFR 1910.37 (b)(7)
Each exit sign must have the word "Exit" in plainly legible letters not less than 6 inches high, with the principal strokes of the letters in the word "Exit" less than 0.75 inch wide.

41020	10" x 14"	AL

Perimeter L.E.D. Exit Signs

- An economical alternative to traditional, incandescent or fluorescent exit signs.
- Listed to UL 924 and in compliance with OSHA, NEC and NFP standard
- Includes a 90-minute nickel cadmium battery back-up assembly for power failure
- Standard input voltages are 120 or 277AC

Catalog #	Description	Color	Size
56905	Perimeter LED Exit Sign	Black / Red	7.5" x 12.25" x 2.5"
56907	Perimeter LED Exit Sign	White / Red	7.5" x 12.25" x 2.5"
56908	Perimeter LED Exit Sign	White / Green	7.5" x 12.25" x 2.5"

Exit and Directional Signs

BradyID.com/s36

BradyGlo™ Exit Signs

- Energy efficient and require no power source. Certified by UL for LED lighting as an acceptable charging source
- Compliant to NFPA Life Safety Code 101 and UL 924 Listed
- Non-electric, non-toxic, non-radioactive
- May qualify for LEED credits

Regulations

UL1994 - Luminous Egress Path Marking Systems
This standard regulates specific materials and testing for photoluminescent egress products for doors, door hardware, door frames, stairs, obstacles, egress symbols and more.

UL 924: Exit Signs are to automatically supply illumination to critical areas in the event of failure of the normal power supply. UL 924 lists photoluminescent exit signs as acceptable to use in place of UL Listed electrical exit signs.

Visibility Options

50 ft. visibility

- Meets minimum UL924 standards
- Economical choice
- Full framed or ultra light (unframed) options

75 ft. visibility

- Exceeds minimum visibility
- Good for extended distances between exits
- Full framed or ultra light (unframed) options

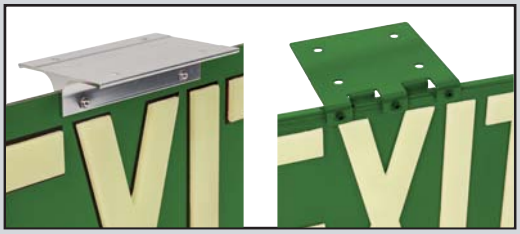

100 ft. visibility

- 2X the minimum visibility
- Good for warehouses or facilities with large distances between exits
- Full framed with lightweight high impact ABS plastic material

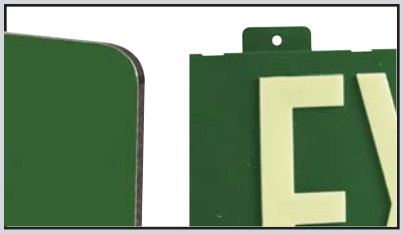

Installation Options

T-Bar mount
T-bar clips allow you to easily mount the sign from drop ceilings.

Ultra-light bracket **Full framed bracket**
Brackets can be attached to either the top or the side of the sign.

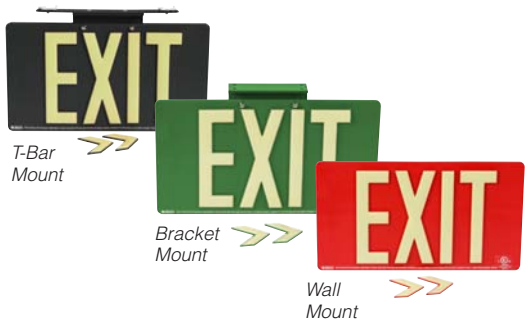

Ultra-light **Full framed**
The smooth surface of ultra-light signs accepts various mounting techniques. The full framed signs have two permanent top mounts.

100 ft. Visibilty Plastic

- Ideal for warehouses and other facilities with large spans between exits
- Constructed of highly durable, injection molded plastic and UL 924 listed
- Includes two adhesive directional arrows

Visibily	Material	Style	Size	Red	Green	Black
100 ft.	Plastic	Double Sided, Bracket	9.5" x 17.25"	145480	145479	145478
100 ft.	Plastic	Double Sided, T-Bar	9.5" x 17.25"	145483	145482	145481
100 ft.	Plastic	Single Sided, Bracket	9.5" x 17.25"	145474	145473	145472
100 ft.	Plastic	Single Sided, T-Bar	9.5" x 17.25"	145477	145476	145475
100 ft.	Plastic	Wall Mounted	9.5" x 17.25"	145471	145470	145469

75 ft. Visibilty Full Framed

- Ideal for warehouses and other facilities with large spans between exits
- Steel face plate with aluminum photoluminescent letters, UL 924 listed
- Includes two adhesive directional arrows

Visibily	Material	Style	Size	Red	Green	Black
75 ft	Steel Frame	Double Sided, Bracket	8.75" x 15.75"	145495	145494	145493
75 ft	Steel Frame	Double Sided, T-Bar	8.75" x 15.75"	145498	145497	145496
75 ft	Steel Frame	Single Sided, Bracket	8.75" x 15.75"	145489	145488	145487
75 ft	Steel Frame	Single Sided, T-Bar	8.75" x 15.75"	145492	145491	145490
75 ft	Steel Frame	Wall Mounted	8.75" x 15.75"	145486	145485	145484

75 ft. Visibilty Ultra-Light Aluminum

- Economical solution for facilities with large spans between exits
- Light weight composite aluminum panel sign, UL 924 listed
- Includes two adhesive directional arrows

Visibily	Material	Style	Size	Red	Green	Black
75 ft	Aluminum	Double Sided, Bracket	9" x 15.75"	145533	145532	145531
75 ft	Aluminum	Double Sided, T-Bar	9" x 15.75"	145536	145535	145534
75 ft	Aluminum	Single Sided, Bracket	9" x 15.75"	145527	145526	145525
75 ft	Aluminum	Single Sided, T-Bar	9" x 15.75"	145530	145529	145528
75 ft	Aluminum	Wall Mounted	9" x 15.75"	145524	145523	145522

50 ft. Visibilty Ultra-Light Aluminum

- Economical solution for minimum compliance
- Light weight composite aluminum panel sign, UL 924 listed
- Includes two adhesive directional arrows

Visibily	Material	Style	Size	Red	Green	Black
50 ft	Aluminum	Double Sided, Bracket	8.5" x 15.5"	145518	145517	145516
50 ft	Aluminum	Double Sided, T-Bar	8.5" x 15.5"	145521	145520	145519
50 ft	Aluminum	Single Sided, Bracket	8.5" x 15.5"	145510	145509	145502
50 ft	Aluminum	Single Sided, T-Bar	8.5" x 15.5"	145515	145514	145513
50 ft	Aluminum	Wall Mounted	8.5" x 15.5"	145501	145500	145499

BradyID.com/s36

BradyGlo™ Directional Exit Signs

- Doors opening to corridors where such corridors act as required exit passageways connecting two vertical exits
- Doors serving as horizontal exits or stairwell exits
- Transfer levels and wherever egress direction is not clear

Sign Selection Guide

BGSS - BradyGlo self-sticking polyester (B-523)
BGAL - BradyGlo aluminum (B-552)

Evacuation Assembly / Muster Point Signs

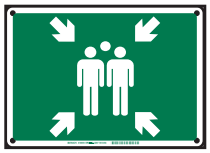

During an emergency, it is imperative for employees and visitors to know where to congregate safely. Make sure these designated areas are clearly marked in order to communicate to everyone in your facility.

Brady's Muster Point, Assembly Point, and Evacuation Point signs are designed with ISO approved pictogram for assembly points and help keep your facility up to code.

International Maritime Organization (IMO) Evacuation Signs

Brady IMO signs are designed to meet the needs of the marine and shipping industry. In the event of an emergency, these signs help warn, instruct and advise passengers of proper evacuation procedures on the vessel. These IMO signs are highly visible to help facilitate a safe and efficient onboard ship evacuation and comply with the IMO resolution A.752 (18).

Fire Safety Signs

Brady fire signs help you quickly identify fire exits, fire extinguishers and other fire suppression equipment in your facility. With exit standard red / white and glow-in-the-dark fire signs, you can clearly indicate flammable materials and mark your entire facility for emergency safety.

Sign Selection Guide

FB - Premium fiberglass (B-120)

Regulations

Flammable: Keep Fire Away 1910.106(d)(3)(ii)
Storage cabinets in which you keep flammable liquids, such as gasoline, must be labeled in conspicuous lettering, “Flammable – Keep Fire Away.”

Fire Extinguisher Marking 1910.157(c)(1)
If you are using portable fire extinguishers, you must mount, locate and identify them so that they are readily accessible to employees.

Fire Hose 1910.158(c)(1)
Where reels or cabinets are provided to contain fire hose, the employer must be sure that they are conspicuously identified and used only for fire equipment.

First Aid Signs

Brady first aid signs identify safety equipment and first aid stations. Designed with pictograms, bold text and bright colors, Brady's first aid signs clearly indicate the locations of first aid kits, safety showers, eyewash stations and other safety equipment. First aid signs reinforce safe work practices and ensure that your employees are prepared for accidents and emergencies.

Regulations

First Aid 1910.252(f)(13), 1910.151(b) (Informational Marking):
First aid supplies...shall be readily available.

Emergency Eyewash and Shower 1910.151(c) (Informational Marking):
Suitable facilities for quick drenching or flushing of the eyes and body must be provided in the work area for emergency use if workers are exposed to injurious corrosive materials.

Appendix A (non-mandatory appendix) to 1910.1450:
The National Research Council Recommendations Concerning Chemical Hygiene in Laboratories, recommends that location signs for safety showers, eyewash stations and other safety and first aid equipment be posted.

Respirators 1910.134(f)(5)(i):
Respirators placed at stations and work areas for emergency use should be quickly accessible at all times and should be stored in compartments built for this purpose. The compartments should be clearly marked.

Floor Signs

Brady floor safety signs are a durable, highly visible way to communicate important safety and warning messages in your facility. Safety floor decals can be used to provide direction, point to exits, and provide warnings for enhanced workplace safety. Brady floor signs feature a strong adhesive backing that sticks to almost any dry, clean surface, as well as a clear anti-slip surface that helps prevent accidental falls.

Hospital Signs

Brady hospital signs feature universal wayfinding symbols to clearly direct visitors of all languages to their destination. Hospital wayfinding signs are a great alternative to multi-lingual signs which are often difficult to read. Brady wayfinding signs can be customized by size, color and text and are available in aluminum, plastic and self-sticking materials.

Lockout Tagout Signs

Brady lockout tagout signs are high quality, industrial-strength safety signs for identifying machinery and equipment that require lockout. These lockout tagout signs can identify energy sources, provide lockout instructions and serve as a reminder for safe lockout tagout procedures. In addition, lockout tagout signs create a safer and a more efficient workplace for employees.

Sign Selection Guide

FB - Premium fiberglass (B-120)
SS - Self-sticking polyester (B-302)
PL - Plastic (B-401)
AL - Aluminum (B-555)
BGSS - BradyGlo™ self-stick polyester (B-324)
BGPL - BradyGlo™ plastic (B-347)
SSV - Self-sticking vinyl (B-946)
MAG- Magnetic vinyl (B-811)

Machine and Operational Signs

Brady machine safety signs communicate warning messages about the potential dangers of operating machinery and equipment in your facility. These signs remind employees about safety, risks, proper operating instructions and other restrictions.

Regulations

Do Not Enter Lunchroom
29 CFR 1926.62(i)(4)
The employer shall assure that employees do not enter lunchroom facilities or eating areas with protective work clothing or equipment unless surface lead dust has been removed by vacuuming, downdraft booth, other cleaning method that limits dispersion of lead dust.

Housekeeping, Keeping the Aisles Clean 29 CFR 1910.22(a)(1)-(2)
Every workplace, including aisles, storerooms and service rooms must be kept clean and orderly, and in a sanitary condition. Work room floors should be kept dry, with adequate drainage provided.

No Food or Drink Beyond This Point 1910.141(g)
No employee shall be allowed to consume food or beverages in an area exposed to toxic material or in a toilet room.

Load Rating Plate 1910.22(d)
Every building or structure used for mercantile, business, industrial or storage purposes, the loads approved by the building official shall be marked on plates of approved design and shall be affixed by the owner of the building, or his authorized agent, in a conspicuous place in each space to which they relate.

No Firearms / Concealed Carry Signs

Concealed Carry signs help indicate weapon policies within private businesses and public facilities. Establishments such as restaurants, bars, certain government buildings and more can post signs to prohibit guns in their buildings.

Regulations

No Smoking
1910.106(e)(6)(i)
Adequate precautions shall be taken to prevent the ignition of flammable vapors. Sources of ignition include but are not limited to open flames; lightning; smoking…

Battery Charging Area
1910.178(g)(1)
Battery charging installations shall be located in areas designated for that purpose.

Hydrogen Marking
1910.103(b)(1)(v)
Hydrogen storage location shall be permanently placarded as follows: "HYDROGEN - FLAMMABLE GAS - NO SMOKING - NO OPEN FLAMES," or equivalent.

No Smoking, No Open Flames
1910.106(d)(7)(iii)
Open flames and smoking shall not be permitted in flammable liquid storage areas.

No Smoking Signs (continued)

Personal Protection Signs

Brady's full line of personal protection signs remind employees and floor workers about areas that require a hardhat, ear protection, face shield, eye protection or other garment. Brady personal protection signs are a strong and noticeable reminder for your employees to maintain a safe work atmosphere.

Regulations

Safety Instruction Signs
1910.145(c)(3)
Safety instruction signs shall be used where there is a need for general instructions and suggestions relative to safety measures.

Danger Signs
1910.145(c)(1)(ii)
All employees shall be instructed that danger signs indicate immediate danger and that special precautions are necessary.

Caution Signs
1910.145(c)(2)(i)

Caution signs shall be used only to warn against potential hazards or to caution against unsafe practices.

1910.145(c)(2)(ii)
All employees shall be instructed that caution signs indicate a possible hazard against which proper precaution should be taken.

Radiation and Laser Signs

Brady radiation signs can help you comply with OSHA's regulations for radiation safety and laser warnings. These radiation signs offer messages for radiation danger, microwave warning signs and other radioactive warning safety signs. Radiation signs can be placed around your facility where radiation and x-ray safety are concerns.

Regulations

Radioactive Area 1910.1096(e)(2)
Each radiation area shall be conspicuously posted with a sign or signs bearing the radiation caution symbol described in subparagraph (1) of this paragraph and the words: CAUTION RADIATION AREA.

High Radiation Area 1910.1096(e)(3)(i)
Each high radiation area shall be conspicuously posted with a sign or signs bearing the radiation caution symbol and the words: CAUTION HIGH RADIATION AREA

Nuclear Insert Signs

- Insert signs capable of holding multiple messages
- Durable subsurface printed on polycarbonate material
- Sharply contrasting magenta on yellow CAUTION header with radiation symbol
- Thumb notch at pocket opening allows for easy removal of the insert
- Snap-in design holds inserts lightly
- Available with nylon clamps for hanging or brass grommets for wall mounting

Catalog #	Size	Description	Qty
(See below)	1.68" x 8"	Polycarbonate Sign Inserts	5
93600	12" x 8"	3-Pocket Caution Insert Holder	1
93602	16" x 8"	5-Pocket Caution Insert Holder	1

Signs provide precise hazard warning by enabling you to include up to 5 messages per sign.

Braille (ADA) Restroom Signs

Brady also offers restroom signs that comply with requirements set under the Americans with Disabilites Act (ADA).

View **page 447** for all Braille Signs.

Safety Sign Sliders

Brady Safety Sign Sliders help you keep employees and visitors safe with the most current and important messages. The highly visual display ensures that anyone entering the facility or work area is aware of the necessary safety precautions. Custom or stock sliding inserts can easily be added, removed or reordered to update safety and awareness messages quickly and cost-effectively.

Safety Banners

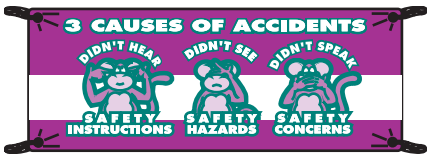

Brady safety banners promote and motivate employees on the importance of workplace safety and preparedness. These banners are large, highly visible and can be hung throughout your facility. Made of a heavy-duty polyethlene, Brady safety banners can withstand industrial work environments.

Banner Material

Banners are constructed of heavy-duty vinyl and are for indoor use only.

OSHA Safety Poster

- Poster provides all the postings, notices and information that the government requires general industry employers to have in their facility
- All-on-one format saves wall space
- Poster comes with a first aid at-a-glance sheet and a good faith safety compliance certificate

Catalog #	Description	Size	Qty.
106434	OSHA Safety Poster	25.5" x 39.5"	1 set

GHS Reference Center Poster

- This all-inclusive, large format poster gets worker attention and combines many of the most important changes into one easy-to-read format
- Includes detailed information on:
  - Safety Data Sheet (SDS) format
  - GHS-formatted label elements
  - GHS Hazard Pictograms

Catalog #	Description	Size	Qty.
133209	GHS Reference Center Poster	25.5" x 39.5"	1 each

GHS Intro Poster Pack

- Set of 3 informational posters puts critical GHS information in different parts of your facility and promotes employee understanding
- Posters outline:
  - An overview of the Globally Harmonized System of Classification and Labeling of Chemicals
  - Information on SDS format and outline
  - Information on GHS-formatted label elements

Catalog #	Description	Size	Qty.
133207	GHS Intro Posters	17" x 22"	1 set of 3

Sign Holders

Clear poster holder allows you to store different posters and to rotate the display according to your safety program.

Temporary Signs

Brady temporary signs are constructed to communicate short-term messages and are ideal for work area safety during short-term construction projects. These signs are also helpful for posting parking restrictions during special events or during parking lot repaving.

Sign Selection Guide

TMP- A lightweight corrugated plastic sign material for indoor use or secured outdoor use. (B-836)

ToughWash Harsh Washdown Signs

Brady ToughWash Metal-Detectable Polypropylene (B-869) signs feature in-molded and protected graphics for use in harsh environments in the food and beverage processing industry.

- Sign material is detectable by commercially available metal detectors in order to protect food safety
- Durable plastic-encapsulated material withstands harsh washdown environments with temperatures up to 175° F (80° C) and pressure up to 1,500 PSI

Sign Selection Guide

ToughWash Metal-Detectable Polypropylene. (B-869)

Railroad Traffic Signs

Railroad specific signs are highly durable and visible in day or night conditions. Made in both blue and red, these new signs help you comply with the Federal Railroad Administration and OSHA regulations. In the railroad industry, blue is the traditional color for “STOP”, and has been used in the rail industry to indicate protection of parked rail cars and the crews working on them. Red is also acceptable for OSHA compliance, as some states and local railroad regulations require red signs on industrial sidings (a low-speed track section).

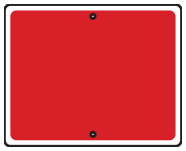

Sign Selection Guide

Reflective aluminum rail signs are made of .080 inch thick engineer grade reflective aluminum (B-959) unless otherwise noted.

Road Construction Traffic Signs

Brady construction signs warn employees, pedestrians and visitors of the potential dangers of road or parking lot construction areas. These roll-up bright orange construction signs indicate temporary road closings, detours, shoulder work and more. Included flexible fiberglass frames fit into plastic or sewn corner pockets to achieve maximum performance, even in the windiest conditions.

Sign Selection Guide

Mesh - Non-reflective mesh
RF Vinyl - Reflective vinyl
Signs include flexible fiberglass frame.

Regulations

Federal MUTCD Standard:
No person shall install or maintain in any area of private property used by the public any sign, signal, marking or other device intended to regulate, warn or guide traffic unless it conforms to the MUTCD.

Traffic Signs and Reflectivity Section 2A.0702 of MUTCDs
Stipulates that regulatory, warning, and guide signs and object markers shall be retroreflective or illuminated to show the same shape and similar color by both day and night. Most of Brady's retroreflective signs are "engineer grade". Higher intensity "Diamond Grade" signs are available as custom options.

All posts used for mounting must be breakaway style and mounted at new minimum mounting heights
All supports require breakaway sockets or posts
Minimum mounting height is 5' from the bottom of the sign to the top of the ground in rural or low-volume areas. Minimum mounting height is 7' from the bottom of the sign in urban or heavily traveled areas.

Notice: Chock Rear Wheels 1910.178(k) and (m)
When trucks are loaded and unloaded, OSHA requires the brakes to be set and wheel chocks to be placed under the rear wheels to prevent the trucks from rolling while they are boarded with a forklift or other powered industrial truck.

U-Channel Sign Posts

- Powder-coated high-tensile steel
- Weight: two pounds per linear foot
- 3/8 in. holes, 1 in. on center
- Hardware sold separately below

Catalog #	Description	Size
95047	U-Channel Sign Post	6 ft.
97204	U-Channel Sign Post	8 ft.
97205	U-Channel Sign Post	10 ft.
97206	U-Channel Sign Post	12 ft.

Vandal-Proof Tufnut™ for U-Channel Post

- Plated steel nut secures tightly to prevent sign theft
- 5/16 in. nut for use with U-Channel Sign Posts (sold separately)

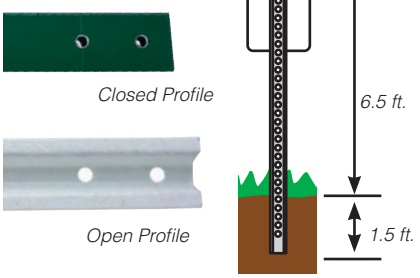

Catalog #	Description
97211	2 Bolts, 2 Washers, 3 Tufnuts

Sign Base

- Mounts with three expansion bolts
- 15 in. diameter cast aluminum base includes post mount stub and hardware

Catalog #	Description	Qty.
86339	15 in. Diameter Base	1

Tuff-N-Light™ U-Channel Post

- Ideal for traffic and industrial signage
- Closed profile posts are 6 times torsionally stronger than steel posts
- Open profile style can accommodate signs up to 12 in. x18 in.

Catalog #	Description	Size	Color
97208	Closed profile	8 ft.	White
97210	Closed profile	8 ft.	Green
97207	Open profile	8 ft.	White
97209	Open profile	8 ft.	Green

NuLock II™ Fastener for Tuff-N-Light Posts

- Nylon fastener with adjustable tightening
- Reusable or cut off slip wings for permanent applications
- Use with Tuff-N-Light Sign Posts

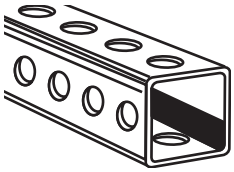

Catalog #	Description
90913	NuLock II - 2 stems and 2 clips

Sign Base Stub Hardware

- Aluminum hardware is ideal for indoor or outdoor use
- Base: 4.25 in. H x 3.25 in. W x 2.5 in. D

Catalog #	Description	Qty
145962	Sign Base Hardware	1

Galvanized Posts

- Galvanized steel posts are manufactured of a high tensile steel and resist corrosion
- Square posts have 7/6 in. dia. holes on 1 in. centers along length of all sides

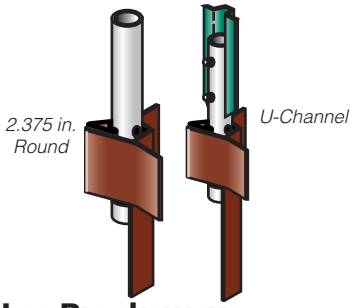

Catalog #	Shape	Size	Length
78998	Square	2 in. x 2 in.	8 ft.

Sign Mounting Brackets

- Aluminum mounting brackets ideal for indoor or outdoor use
- Fastens sign securely to round 2.35 in. outer diameter posts

Catalog #	Description	Qty
103559	Sign Brackets	2

V-Loc Breakaways

- Steel fins hold the socket securely in concrete, asphalt or dirt
- Allows post to break off cleanly at ground level if struck
- Easily replaceable posts

Catalog #	Shape	Qty.
78991	Round w/ Wedge	1
78993	U-Channel w/ Wedge and Adaptor	1

Flexible Sign Post

- Polypropylene post is equipped with reactive springs to endure collisions
- Can be mounted to asphalt or concrete
- Includes hardware and installation kit

Catalog #	Color	Height	Base	Qty.
103569	White	5 ft.	8 in. x 8 in.	1
103570	Yellow	5 ft.	8 in. x 8 in.	1

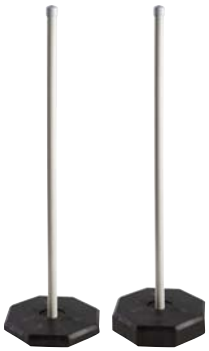

Moveable Sign Posts

- Black baked enamel finish
- Small - 14 in. dia., 16 lb cast iron base Post: 48 in. tall, 1 in. dia., pre-drilled for 18 in. x 12 in. signs
- Large - 17 in. dia., 35 lb cast iron base Post: 48 in. tall, 1.5 in. dia., pre-drilled for 18 in. x 18 in., 24 in. x 18 in. or 24 in. x 24 in. signs

Catalog #	Description	Color	Qty.
86336	Small: 16 lb base	Black	1
86345	Large: 35 lb base	Black	1

Rubber Sign Post

- Moveable post for indoors or outdoors
- 100% recycled rubber base won't chip, crack or rust
- Fits signs 18 in. x 12 in. or 24 in. x 24 in.

Catalog #	Color	Base	Qty.
103566	White	20 lb	1
103567	White	30 lb	1
103568	White	60 lb	1

Mounting Tape

- Indoor / outdoor, double-faced foam tape
- Bonds well to rough, irregular surfaces
- Service temp. range: 50° F to 180° F

Catalog #	Description	Size	Qty.
78272	Roll Mounted	0.5 in. x 108 ft.	1 roll
78273	Roll Mounted	0.75 in. x 108 ft.	1 roll
19811	Roll Mounted	1 in. x 108 ft.	1 roll
97200	Card Mounted	0.75 in. x 4.5 in.	1 card of 4

Tape Strips

- Use for mounting signs or bin panels to rough surfaces
- Double-coated foam strips have adhesive on both sides

Catalog #	Description	Size	Qty.
58300	Tape Strips	1 in. x 4 in.	10

Magnetic Strips

- Magnetic mounting strips with pressure sensitive adhesive on one side

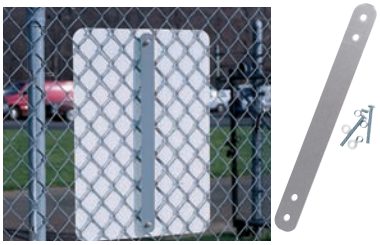

Catalog #	Description	Size	Qty.
58301	Magnetic Strips	1 in. x 4 in.	10

Sign Holders

- Clear acrylic holder protects your sign
- May be hung vertically or horizontally

Catalog #	Size	Color	Qty.
SH710	7 in. x 10 in.	Clear	1
SH912	9 in. x 12 in.	Clear	1
SH1014	10 in. x 14 in.	Clear	1
SH1219	11.375 in. x 19.06 in.	Clear	1
SH1420	14 in. x 20 in.	Clear	1
SH1824	18 in. x 24 in.	Clear	1

Fence Sign Brackets

- Easily attaches signs to fences
- Brackets are constructed of 14 gauge steel with a green baked enamel finish
- Mounting hardware included

Catalog #	Description
86337	17 in. bracket for 18 in. x1 2 in. or 18 in. x 18 in.
86338	22 in. bracket for 12 in. x 18 in. or 24 in. x 24 in.

BriteSide™ Reflective Panels

- Create a reflective u-channel post
- Highly-reflective diamond-grade material
- Mounting hardware included

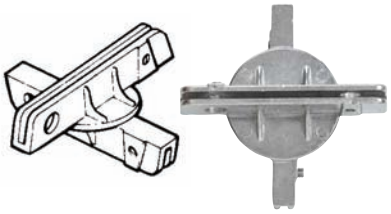

Catalog #	Description	Color	Size	Qty.
95036	Reflective Panel	Blue	3 in. x 6 ft.	1
95037	Reflective Panel	Red	3 in. x 6 ft.	1
95038	Reflective Panel	Yellow	3 in. x 6 ft.	1

Stainless Steel Coil

- Strapping coil in dispensing box for attaching street sign accessories to sign posts

Catalog #	Description	Qty.
56694	Stainless Steel Coil	1

Street Sign 4-Way Cross Piece

- Mount on top of another street sign for additional sign

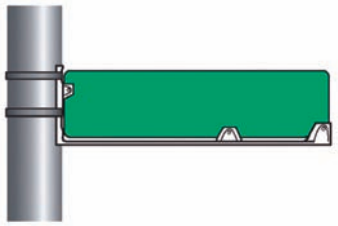

Catalog #	Description	Qty.
56681	4-Way Cross Piece	1

Street Sign Tubular Post Top

- Attach to top of post to mount a street sign

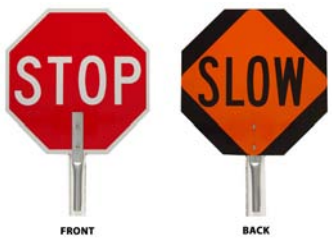

Catalog #	Description	Qty.
56687	Tubular Post Top	1

Street Sign Jumbo Wing Bracket

- 21 in. bracket can mount 9 in. high street name blades

Catalog #	Description	Qty.
56688	Wing Bracket	1

Traffic Control Paddles

- Made of durable aluminum
- 18 in. octagons weight 2 lbs
- 5 ft. aluminum handle also available

Catalog #	Description	Qty.
57754	Stop / Slow	1
57755	Stop on both sides	1
55775	Stop / Go	1
55784	5 ft. Handle Extension	1

Emergency Triangles

- Reflector for day and night visibility
- Solid weighted base for stability
- 13 lbs each

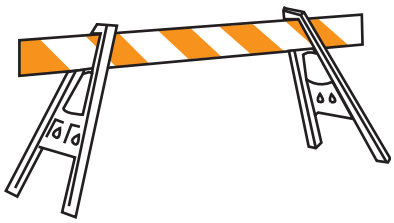

Catalog #	Description	Qty.
57892	Emergency Triangles	3

Slow Moving Vehicle Sign

- For vehicles traveling 25 mph or less
- Hardware not included

Catalog #	Size	Material	Qty.
57893	14 in. x 16 in.	Vinyl	1
57894	14 in. x 16 in.	Steel	1
57895	14 in. x 16 in.	Aluminum	1

A-Frame Barricades

- Made from impact-resistant polyethylene
- Legs are 42 in. high and base is 28 in. wide

Catalog #	Description	Length	Qty.
57073	Single Board	6 ft.	1
57445	Single Board	8 ft.	1
57446	Single Board	10 ft.	1
57502	Double Board	6 ft.	1
57593	Double Board	8 ft.	1
57594	Double Board	10 ft.	1

Metal Folding Barricades

- Made of high density polyethylene
- **Style One:** Reflective sheeting on upper
- **Style Two:** Reflective sheeting on upper and lower panels

Catalog #	Style	Size	Qty.
57596	Metal Style One	42 in. x 24 in.	1
57597	Metal Style Two	42 in. x 24 in.	1

Plastic Folding Barricades

- Made of rugged polyethylene
- **Style One:** Reflective sheeting on upper
- **Style Two:** Reflective sheeting on upper and lower panels

Catalog #	Style	Size	Qty.
57630	Plastic Style Narrow	36 in. x 16 in.	1
57599	Plastic Style One	45 in. x 25 in.	1
57627	Plastic Style Two	45 in. x 25 in.	1

Traffic Barrel

- Designed to break-away from base if struck
- Includes 25 lb rubber ring for stability and wind resistance

Catalog #	Description	Qty.
57771	40 in. tall and 4 in. high base	1

Traffic Cones

- Vinyl construction assures flexible, yet rugged durability

Catalog #	Description	Qty.
80111	18 in. Cone	1
80112	24 in. Cone	1

Pavement Tape

- Apply to clean, dry pavement
- Instantly conforms to the road surface
- High retro-directive reflectivity
- Exceeds federal specification requirements for permanent tape

Catalog #	Description	Color	Size
78263	Pavement Tape	White	4 in. x 150 ft.
78264	Pavement Tape	Yellow	4 in. x 150 ft.

Temporary Pavement Tape

- Foil-backed vinyl, coated with sand and reflective beads
- Bonds temporarily to clean, dry surfaces making it ideal for low traffic areas

Catalog #	Description	Color	Size
78261	Economy Tape	White	4 in. x 150 ft.
78262	Economy Tape	Yellow	4 in. x 150 ft.

Design Online

Custom Safety Signs

With Brady's online design tool, creating custom safety signs is simple, affordable and fast.

- Custom message
- Variety of materials
- No minimum order
- Sizes range from 3.5 in. to 36 in.
- Ships quickly

Design your signs at BradyID.com

Safety Sign Headers

ANSI and OSHA specify that safety signs must indicate and define specific hazards that, without identification, may lead to accidental injury to workers, customers or the general public. Standard headers and definitions are:

DANGER

- Indicates an imminently hazardous situation which if not avoided, will result in death or serious injury.
- Limited to most extreme situations.
- Not used for property damage hazards unless personal injury risk to this level is also involved.

WARNING

- Indicates a potentially hazardous situation which, if not avoided, could result in death or serious injury.
- Not used for property damage hazards unless personal injury risk is also involved.
- Appropriate for outside of the area or on the exterior of enclosures containing a danger-level hazard.

CAUTION

- Indicates a potentially hazardous situation which, if not avoided, may result in minor or moderate injury.
- May be used to alert against unsafe practices that may cause property damage.

NOTICE

- Indicates a statement of company policy directly or indirectly related to the safety of personnel or protection of property.
- Should not be associated with a hazard or hazardous situation, and shall not be used in place of DANGER, WARNING or CAUTION.

SAFETY

- Indicate general instructions relative to safe work practices or indicate the location of safety equipment (e.g. eye wash station)

Sign Material Guide

Brady offers a sign material for virtually every application. Whether the sign is used indoors or outdoors, in mild or harsh environments, we have the material to match your application.

Material Type	Description		Protected Graphics	For Outdoor Use	Average Outdoor Durability	Chemical Resistance	Abrasion Resistance	Max. Temp	Thickness (inch)
Flexible Sign Materials									
Adhesive	B-302	High performance polyester	✔	✔	8 years	Excellent	Excellent	230° F (100° C)	.006-.010

Custom Sign Pictograms

Pictograms provide a universal way to communicate warnings to all employees and visitors, regardless of language or demographic, and can provide a better understanding of hazards. Pictograms provide an easy-to-understand alternative to bilingual and trilingual signs, which can often be difficult to read. Use the following pictograms on your custom signs to communicate the right message for your application.

Custom Tank and Vessel Signs Order Form

Please have a Safety Data Sheet (SDS) in hand to fill in the form. The SDS, supplied from your chemical manufacturer, must be up-to-date with GHS elements. All required label elements needed to fill this form out are found in sections 1-3 in your chemical SDS. Once complete, return this form to BradyUSAQuotes@BradyCorp.com or fax to 1-800-292-2289. (A proof will be provided.)
