UNITED RECORD PRESSING

WE’LL ALWAYS BELIEVE IN A JOB DONE RIGHT.
AND, IN THE PEOPLE WHO DO THE WORK.

Since 1923, we’ve made uniforms for the doers. The hands-on folks who use elbow grease and heart in equal measure. Who push to get better at the work they love – so they can earn a good living doing it – and live a better life because of it.

These are the men and women who solve problems – whether they’re working alongside a coworker, or listening to a friend.

The ones who live to learn. Who see every day as an opportunity to be a better crew member, partner, brother, mentor or parent. Who know that building up their community is not an option, but a responsibility - and a gift. They do it because they understand what we give is what we get, both on and off the job .

Because they inspire each of us, we work for all of them. We see to it that those working to make a good living – and a good life – can keep at it.

AT RED KAP WE WORK FOR THOSE WHO
BELIEVE IN A JOB, AND A LIFE, **DONE RIGHT.**

ICON GUIDE

Use the icon legend below as a guide to help quickly identify unique features and benefits for Red Kap® garments shown above most product names.

W

WOMEN'S COMPANION PIECE

Garments featuring this icon have a female companion piece located in the Women's Workwear section on pages 80-93.

TT

TOUCHTEX™ TECHNOLOGY

Superior color retention, soil release and wickability.

TT PRO

TOUCHTEX PRO™

Same features as Touchtex™ but with an even softer hand. Available on bottoms only.

DP

DURABLE PRESS

Minimum pressing or ironing required. Fabric contains a wrinkle-resistant finish.

YDS

YARN DYED STRIPES

Yarns are dyed then woven into a striped configuration.

NB

NO BUTTONS

This garment has no buttons that will fall off or catch.

UVB

UV BUTTONS

Non-yellowing buttons for long-lasting whiteness through industrial laundry processing.

HM

HYDROPHILIC MOISTURE MANAGEMENT SYSTEM

Technical term meaning moisture wicking. Wicks perspiration away from the skin and spreads it over the fabric face. It then quickly evaporates, allowing the wearer to stay cool, dry and comfortable.

SC

STRETCH CANVAS

The industry's first Industrial Stretch Canvas is extra tough but wears comfortably all day long.

TRU BK

TRUBLACK

Our 65% Polyester / 35% Cotton black fabric resists fading wash after wash.

RIP

RIPSTOP FABRIC

Lightweight yet extra durable ripstop fabric keeps rips and repairs to a minimum.

ZS

ZEROSKRATCH™ APPAREL

Paint jobs and surfaces stay scratch free thanks to strategically-designed garment features that keep buttons and snaps under wraps.

MX

MIMIX™

Thanks to a patented, science-based MIMIX™ design, Red Kap® products with MIMIX™ offer increased mobility and breathability for all-day comfort.

OB

OILBLOK TECHNOLOGY

Repels oil and oil-based fluids keeping garments looking new, longer – and it's only available from Red Kap®.

DWR

DURABLE WATER REPELLENT (DWR) FINISH

Repels water and water-based liquids while decreasing dry time nearly 30% compared to other non-treated twill workwear fabric.

C

CLASSIC FIT

This fit features a traditional rise that sits at the natural waist. Slim through the seat and thigh with a slimmer leg opening that will fit over work boots.

L

LOOSE FIT

This fit features an updated rise that sits slightly below the waist. It is cut through the seat and thigh to offer maximum comfort and ease of movement. The straight leg fits over work boots.

M

MODERN FIT

Modern fit with updated rise sits slightly below the natural waist. It is slim through the seat and thigh with a slightly tapered leg opening that fits over work boots.

R

RELAXED FIT

Our relaxed fit jeans feature a traditional rise that sits at the natural waist. Relaxed seat and thigh offer more room for mobility, and the slightly tapered leg fits over work boots.

S

STRAIGHT FIT

Our straight fit features an updated rise that sits slightly below the waist. It is slim through the seat and thigh with a leg opening that fits over work boots.

HI-VISIBILITY SPECIFIC:

HV 0 1

HI-VISIBILITY - TYPE O, CLASS 1

Intended for use in environments where there are struck-by hazards from moving vehicles, equipment and machinery not operating on public access rights of way or temporary traffic control zones.

HV R 2

HI-VISIBILITY TYPE R CLASS 2

Intended for use by personnel exposed to vehicular traffic from public access rights of way or roadway temporary traffic control zones. Class 2 garments require the use of greater amounts of high-visibility materials which help distinguish between a human and an inanimate object.

HV R 3

HI-VISIBILITY TYPE R CLASS 3

Intended for use by personnel exposed to vehicular traffic from public access rights of way or roadway temporary traffic control zones. Class 3 garments mandate an even higher standard of visibility for workers in moving, complex backgrounds.

HV S E

HI-VISIBILITY SUPPLEMENTAL CLASS E

Pants, bib overalls, shorts and gaiters meeting minimum area requirements for background material and retroreflective trim. Class E apparel, however, cannot be worn alone to provide adequate visibility of workers. When Class E items are worn with Performance Class 2 or 3 apparel, the overall classification of the ensemble is Performance Class 3.

UPF 40

UPF 40 RATING

Ultraviolet Protection Factor - A rating designed for fabric and clothing that specifically measures the level of sun protection. UPF measures both UVA and UVB rays.

DECORATE IT. MODIFY IT.

CUSTOMIZE IT.

Our Imagine It® program offers countless ways to customize stock apparel. Direct embroidery, emblems, trim and more can transform an ordinary uniform program into an extraordinary one.

WHAT'S NEW IN CUSTOMIZATION?

Hi-Vis Reflective Segmented Trim and 1-Color Cut Transfers are two new ways to create unique uniforms that cater to your specific needs or desired look.

1-COLOR CUT TRANSFERS

For situations that call for a bold graphic or lettering, a cut transfer is the ideal solution.

CHOOSE FROM 4 VINYL COLORS

For more information, contact a Customer Service Representative at 1-800-733-5271, or visit: wpg.vfimagewear.com/Information/ImagineIt

HI-VIS REFLECTIVE SEGMENTED TRIM

Take automotive apparel or industrial workwear and give it a whole new look and feel. This trim is a great way to incorporate both color and reflectivity with just one customization selection.

Hi-Visibility Ripstop Work Shirt – Type R, Class 3
on pages 106-107

ANSI

CLASSIFICATIONS

ANSI/ISEA 107-2015
Compliant Safety Garments
are classified as follows:

HV 0 1

TYPE 0, CLASS 1

Intended for use in environments where there are struck-by hazards from moving vehicles, equipment & machinery not operating on public access rights of way or temporary traffic control zones.

- Parking/Service location workers
- Warehousing
- Oil & Gas extraction workers
- Refinery workers
- Mining

HV R 2

TYPE R, CLASS 2

Intended for use by personnel exposed to vehicular traffic from public access rights of way or roadway temporary traffic control zones. Class 2 garments require the use of greater amounts of high-visibility materials which help distinguish between a human and an inanimate object.

- Forestry operations
- Ship cargo loading operations
- Roadway construction
- Utility & railway workers
- School crossing guards
- Delivery vehicle drivers
- High volume parking and toll gate personnel
- Airport baggage & handlers/ground crew
- Trash collection & recycling operations

HV R 3

TYPE R, CLASS 3

Intended for use by personnel exposed to vehicular traffic from public access rights of way or roadway temporary traffic control zones. Class 3 garments mandate an even higher standard of visibility for workers in moving, complex backgrounds.

- Roadway construction personnel & flaggers
- Utility workers
- Survey crews

HV S E

SUPPLEMENTAL, CLASS E

Pants, bibs, overalls, shorts and gaiters meeting minimum area requirements for background material and retroreflective trim. Class E apparel, however, cannot be worn alone to provide adequate visibility of workers. When Class E items are worn with Performance Class 2 or 3 apparel, the overall classification of the ensemble is Performance Class 3.

HV P 2

TYPE P, CLASS 2

HV P 3

TYPE P, CLASS 3

Intended for emergency responders and law enforcement personnel in environments with struck-by hazards from traffic operating on public access rights of way or temporary traffic control zones.

- Police officers - Sheriff
- Fire responders - EMS

BRANDED AUTOMOTIVE

LOOKS GOOD FROM EVERY ANGLE – EVEN
UNDER THE HOOD

30 YEARS. COUNTLESS AUTOMAKERS. ONE MISSION.

PRODUCTIVITY. PROFESSIONALISM. PERCEPTION.

Today's automakers remain at the forefront of efficiency, both in manufacturing and service. They also understand the massive power of strong brand image. So it's no wonder nearly all of them trust Red Kap to help them work smarter while looking great.

MEN'S MEASUREMENT ZONES

HEIGHT

1 Stand straight against a wall without your shoes. Make a mark level with the top of your head. Measure from this point down to the floor.

NECK

2 Measure around the base of the neck where a collared shirt would fit, or measure a collar band on a shirt that fits you well.

CHEST / BUST

3 Measure the fullest part of your chest/bust. Hold the tape firmly, but not tightly. Be sure the tape is level and straight across your back. Stand naturally.

WAIST / MID-SECTION

4a First, remove your belt. Then, measure over shirt (not over pants) at 1/2" to 1" below the navel. Hold the tape firmly but not tightly. If pants are worn under a protruding abdomen, measure where pants are typically worn. Note: For women, please refer to the hip measurement as the key point of measure for fitting pants.

WAIST / MID-SECTION

4b For shirts and covering garments such as coveralls - measure midsection over clothing around the fullest part of the abdomen.
Note: Include both "A" and "B" measurements if ordering multiple garments.

HIPS

5 Stand with your heels together. Measure around the fullest part of the hips. Hold the tape measure straight and level.

INSEAM

6 Standing straight, measure the distance from the crotch to just below the ankle bone. OR - using similar style pants that fit you well: lay garment flat with front and back creases and smooth. Measure along the inside seam of one leg from the bottom of the hem to the crotch.

SLEEVE

7 Bend the elbow slightly. Start at the center back of the neck and measure across the shoulder to the elbow and down to the wrist bone.

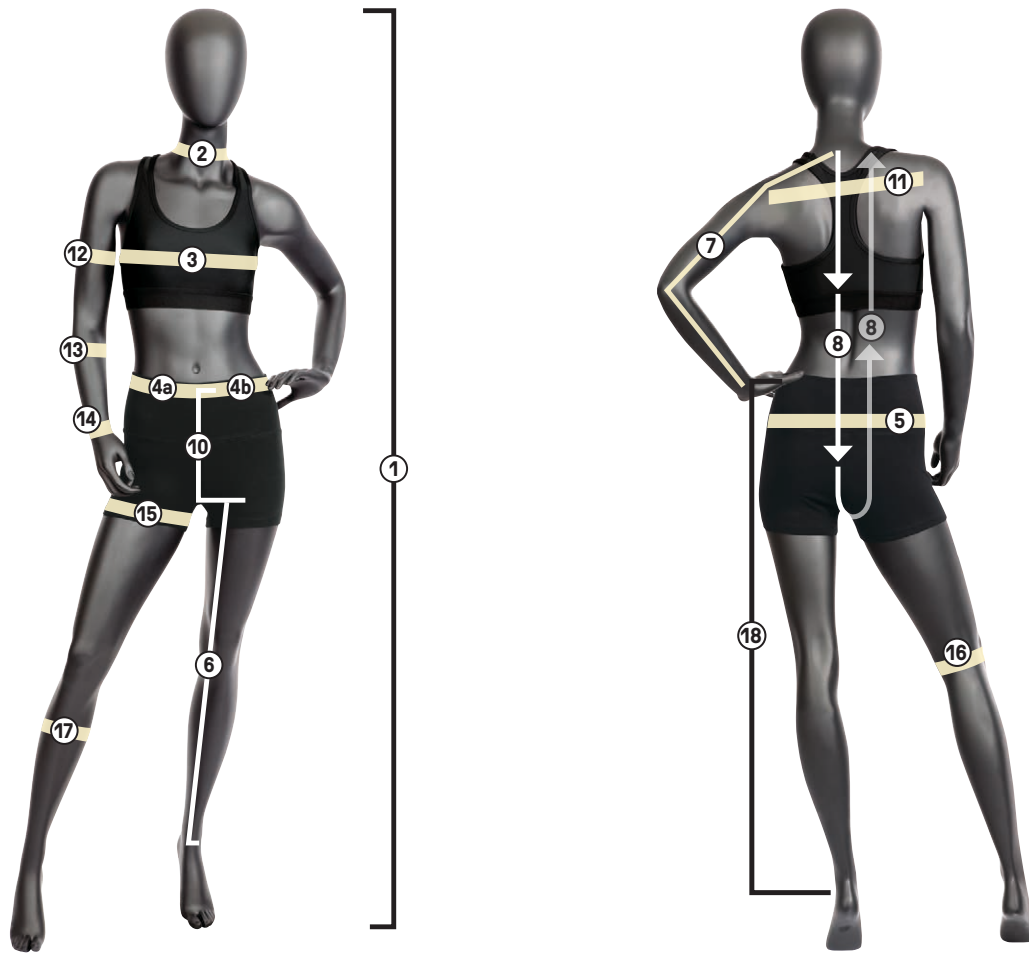

TRUNK

8 Measure from base of neck (front) down around crotch and back up to the bottom of the collar. (For coveralls only)

CAP / HAT SIZE

9 Measure the circumference of the head at it's widest diameter, approximately 1/8" above the ears.

WOMEN'S MEASUREMENT ZONES

FRONT & BACK RISES

- 10 FRONT** - This is the distance from the center front at the top of the waistband to the intersection of the crotch seams.
BACK - This is the distance from the center back at the top of the waistband to the intersection of the crotch seams.

ACROSS SHOULDER

- 11** While standing with arms down, measure across the back from one shoulder joint to the other.

UPPER ARM / BICEP

- 12** Measure the maximum circumference of the upper arm just below the under arm.

FOREARM

- 13** Measure the maximum circumference of the forearm at approximately 6" above the wrist.

WRIST

- 14** Measure the wrist circumference over the wrist bone.

THIGH

- 15** Measure around thigh (parallel to floor), below crotch.

KNEE

- 16** With the leg straight, measure the knee circumference over the knee cap and parallel to the floor.

CALF

- 17** Measure the circumference of the largest part of the lower leg approximately half way between the knee and ankle and parallel to the floor.

OUTSEAM

- 18** Measure along the outside of the leg from the top of the waistband to the bottom of the hem of just below the ankle bone. OR - lay garment flat, measure along outseam from top of band to bottom of hem.

OVERARM

- 19** With arms at the sides, measure around the broadest part of the shoulders and upper arms, keeping the tape level at all times. If overarm measurement is more than 7" larger than chest measurement, go up one size.

CAUTION: Garments contained in this catalog meet government flammability Class 1 requirements but do not provide protection from ignition sources, molten substances or chemical exposure. Special flame-resistant garments are available if required.

Product images and fabric swatches shown here are photomechanically reproduced. As a result, colors may vary from actual fabric samples.
