

Tactile, yet durable, this 11mil Solvex glove provides a great comfort across a diverse range of applications

- Combining ruggedness and chemical resistance, protects workers' hands exposed to a greater variety of chemical hazards
- These tactile Solvex gloves offer a high-performance nitrile compound that provides an outstanding combination of chemical resistance and strength for optimal results in wet or dry work environments
- These nitrile gloves offer superior snag, puncture and abrasion protection over rubber or neoprene gloves
- Will not swell, weaken or degrade, and does not promote contact dermatitis

Industries

- Automotive
- Machinery and Equipment
- Chemical
- Food Processing
- Utilities

Applications

- Equipment repair & maintenance
- Painting or cleaning tools or robots
- Changing tools and dies
- Handling incoming goods
- Filling, blending and charging of raw materials

- Handling outgoing goods: cans, vessels, bulkpack and cartons
- Opening furnaces draining pumps valves or lines and crackers BTX process

Previously known as: Solvex[®] 37-145

Key Features

- No inner cotton flocking, reducing risk of lint contamination and making it ideal for production areas sensitive to the introduction of external impurities
- Sandpatch finish giving the glove a smooth surface that decreases indirect costs thanks to fewer rejects of fragile parts
- Fully reusable, with an unequalled abrasion resistance
- Provides superb comfort for the wearer
- Complies with FDA food handling requirements (21 CFR 177.2600)
- Also available in vend pack
