MADGRIP
INJECTION TECHNOLOGY

DRI-MAX® THERMAL

IDEAL FOR:

- Mechanic's Work
- Liquid Based Applications
- Mechanical Services
- Maintenance/Repair
- Metalworking
- Construction
- Oil & Gas
- Mining
- Demolition
- HVAC

While these are the most commonly noted tasks, gloves are not limited to them.

SETTING TOMORROW'S STANDARDS... TODAY.

Delivering superior dexterity to a traditional work glove, MadGrip's Dri-Max® technology offers the added benefits of breathable liquid protection at a fraction of the price. Our patented technology combines great dexterity, liquid resistance and maximum breathability into a single glove.

HIGH DEXTERITY, BREATHABLE LIQUID PROTECTION

At last, the combination of a high dexterity mechanic's glove and Dri-Max® breathable water protection make for comfortable, liquid resistant gloves that protect from the elements and keep your hands warm.

FEATURES / BENEFITS

Water Resistant Breathability

- Water resistant, durable, lightweight shell allows hands to breathe

Fully Seamless

- No stitching, anywhere

Dexterity

- Thin, washable, cut-resistant liner

Grip
