

## JET and Edwards Machinery Qualifies for Section 179 Tax Deduction Savings for Your 2019 Purchase

Most people think the Section 179 deduction is some mysterious or complicated tax code. It really isn't. Section 179 of the IRS tax code allows businesses to deduct the full purchase price of qualifying equipment purchased or financed during the tax year. That means that if you buy a piece of qualifying equipment, you can deduct the **FULL PURCHASE PRICE** from your gross income. It's an incentive created by the U.S. government to encourage businesses to buy equipment and invest in themselves.

- Section 179 allows your business to write off the entire purchase price of qualifying equipment for the current tax year.
- More good news ~ All JET and Edwards Metalworking products qualify for Section 179 deduction.
- For most small businesses, the entire cost of qualifying equipment can be written-off on the 2019 tax return up to \$1,000,000.
- See a sample calculation and read the full details at [Section179.org](http://Section179.org)
