

MAKE THE MOST OF YOUR SPACE

When it comes to configurability, productivity, security, and optimization of every square inch, **Lista®** and **Vidmar®** are the industry leaders in storage and workplace solutions.

OUT OF SIGHT, PEACE OF MIND

2.5x more
space than open shelving

30%+
improvement
in retrieval times

Saving both time and space, **storage cabinets** also improve safety and security of items while eliminating exposure to dust and small particles.

ADD SQUARE FEET WITHOUT A BIGGER FOOTPRINT

7x the storage
in the same floor space

Vertical lifts and motorized carousels are the ultimate high-density solutions, fitting up to 560 ft² of shelving into 80 ft².

GROW UP, NOT OUT

100%
space savings

A two-level **mezzanine system** can double your facility's workspace and be built for your existing traffic patterns.

RAISE YOUR STORAGE STANDARDS

50%
space savings vs.
standard pallet racking

The **Stak System** stores pallets at adjustable heights and allows one person to retrieve items weighing up to 2 tons.

SOLUTIONS FOR EVERY INDUSTRY

From preconfigured setups to custom-built systems, **Lista®** and **Vidmar®** storage and workplace solutions can help make facilities in every industry more efficient, productive and cost-effective.
