Introducing the 3M™ Secure Click™ Half Facepiece Reusable Respirator

Designed with intuitive features, the 3M Secure Click Half Facepiece Reusable Respirator HF-800 Series helps protect workers from particulates and/or a wide variety of gases and vapors when used with approved 3M Secure Click filters and cartridges.

Half Facepiece Reusable Respirator with Speaking Diaphragm

HF-801SD -
Small

HF-802SD - Medium

HF-803SD - Large

Feel it:

Experience the greater breathability and comfort provided by the world's first quad-flow cartridge system.

Hear it:

Secure Click connection helps provide confidence that filters/cartridges are installed properly. Simply align the connections and push into place.

Check it:

Easy, one-touch seal check helps increase worker confidence that the respirator is being worn properly.

Say it:

Speaking diaphragm is designed to help provide easier communication while working.

Swept Back Filter & Cartridge Design

For compatibility with certain welding and grinding shields.

⚠WARNING

Respirators help protect against certain airborne contaminants. Before use, the wearer must read and understand the User Instructions provided as a part of the product packaging. Follow all local regulations. In the U.S., a written respiratory protection program must be implemented meeting all the requirements of OSHA 29 CFR 1910.134 including training, fit testing and medical evaluation. In Canada, CSA standards Z94.4 requirements must be met and/or requirements of the applicable jurisdiction, as appropriate. Misuse may result in sickness or death. For correct use, consult supervisor and User Instructions, or call 3M Personal Safety Division (PSD) Technical Service in the U.S.A. at 1-800-243-4630. In Canada, call 1-800-267-4414.
