Jackson Safety Hard Hat Styles

Jackson Safety carries several cap style hard hat models including:

JACKSON "SELECT" UNIVERSAL FIT HARD HAT ADAPTORS

- Jackson Safety carries a wide range of slotted and adjustable mount face shield adaptors to fit all popular cap style hard hats
- These pages feature our most popular for food processing
- All models feature universal pin pattern face shield window mount system
- Jackson Safety carries over 40 universal pin mount safety windows
- For food processing our primary recommendation is 29107 with anti-fog coating

It's as Easy as 1, 2, 3!

- 1** Pick the right hard hat adaptor for your application — slotted or universal fit

For slotted hard hats

53257085

OR

Universal Fit

57572497

OR

Universal Fit

62569025

- 2** Choose the right window for your application — PETG, PETG AF or PC

8" x 15.5" x .035"
PETG Shape E
Anti-fog

- 3** Mount the adaptor and window to your preferred hard hat and away you go!

Model 437 Slotted Cap Adaptor — Dielectric

- A popular style dielectric face shield adaptor bracket for slotted hard hats
- Curved injection molded channel fits over the hard hat bill
- Dielectric — made entirely of non-conductive materials
- Features five easy-to-swivel and lock mounting pins for universal windows
- Heavy-duty elastic adjustment band ensures a tight fit and long life
- Attaches to SC-6, Sentry III, Charger and many other cap style hard hat brands
- Also fits many bump caps and climbing inspired hard hats

Jackson	MSC	Fits Hard Hat Type	Fits Windows	Case Qty.
14947	53257085	Cap Style (regular brim)	Universal Windows	12

Model 337 Non-Slotted Cap Adaptor — Dielectric

- A popular style dielectric face shield hard hat adaptor bracket
- Curved injection molded channel fits over the hard hat bill
- Features adjustable rubber strap headband that stretches around the cap crown for a secure fit
- Features five easy-to-swivel and lock mounting pins for universal windows
- Attaches to SC-6, Sentry III, Charger, and almost all other cap style hard hat brands

Jackson	MSC	Fits Hard Hat Type	Fits Windows	Case Qty.
14946	57572497	Cap Style (regular brim)	Universal Windows	12

Model P Non-Slotted Cap Adaptor

- Vertical lock-in eliminates face shield creep
- Curved metal channels fit over the hard hat brim
- Adaptor features durable expandable spring tensioner — self adjusts
- Features three easy-to-swivel and lock mounting pins for universal windows
- Attaches to SC-6, Sentry III, Charger and almost all other cap style slotted hard hat brands

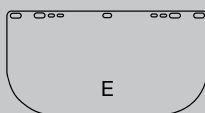

Jackson	MSC	Fits Hard Hat Type	Fits Windows	Case Qty.
14391	62569025	Cap Style (regular brim)	Universal Windows	24

JACKSON "SELECT" UNIVERSAL PIN MOUNT FACE SHIELD WINDOWS

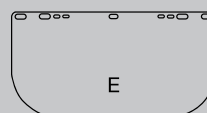

- Jackson Safety carries over 30 universal pin pattern safety windows — one for every application!
- For food processing our primary recommendation is 29107 PETG with anti-fog coating
- Secondary recommendations: 2KFW9 PETG and 33VA24 Polycarbonate
- Universal pin pattern windows fit the three hard hat adaptors listed on this page.

Alternatives to Recommended 29107 Window

JACKSON® SG

PREMIUM PROTECTIVE EYEWEAR

JACKSON® SG Series — Safety Glasses

- Introducing the all new JACKSON® SG series, a premium eye protection product offering outstanding fit, comfort, protection, style and durability.
- Specially designed to offer maximum eye coverage and protection, incorporating a variety of lens shades and coatings.
- Made with premium virgin polycarbonate high impact, optically correct wrap style lenses, providing 99.9% UV protection.
- Soft temples are curved inwards from front to back to ensure a super comfortable, slip-resistant fit.
- The temple tips are extremely flexible, further ensuring a snug fit while relieving any undue pressure to the user — these glasses are extremely comfortable and stay on during use!
- Frames have been developed using a specially formulated ultra-flexible, ultra-strong base material that provides incredible durability, significantly reducing breakage — check and compare!
- The lightweight frame includes a unique soft non-allergic nose pad for maximum comfort and fit
- Each safety glass comes complete with a convenient neck strap — no more misplaced or lost glasses!
- Anti-fog models are ideal for food processing applications
- The JACKSON SG series meet or exceed ANSI Z87.1-2020+ high impact standards, CSA Z94.3-2015 and CE 166.

JACKSON R10 N95 DISPOSABLE RESPIRATORS

THE NEW N95 STANDARD FOR ALL-DAY COMFORT, FIT, AND SAFETY!

Jackson Safety is pleased to introduce an all new N95 NIOSH approved foldable disposable respirator designed for maximum all-day comfort. When your job requires the wearing of a protective mask, our Jackson 64235 introduces a new ultra-soft, ultra-comfortable respirator that significantly reduces facial irritation and discomfort. The pouch style breathing chamber offers exceptional breathability while at the same time ensuring a minimum 95% filtration efficiency.

Exclusive ultra-soft, ultra-comfortable base materials — ideal for all-day wear!
90378951

Look at these outstanding features:

- Ultra-soft non-irritating lining offers superior comfort over traditional N95 respirators
- Pouch style breathing chamber provides exceptional breathability — check and compare!
- Two 1/2" extra-wide head straps and an adjustable nose clip further improve comfort and help to ensure a tight facial seal, preventing leakage around the mask edges
- Unlike traditional N95 masks, these respirators fold flat, reducing storage space requirements and shipping costs, as well as reducing the chance of product damage
- N95 NIOSH rating provides a minimum 95% filtration efficiency of 0.3 micron particles
- Features two layers of electro-statically treated melt-blown filter media,
- A single use respirator designed for use by skilled professionals in critical environments who are mandated to wear specific PPE to protect against the transfer of aerosolized solid and non-oil based liquid/particulate matter
- Compatible with a variety of SureWerx protective eyewear and hearing protection.
- Packed 50 per bag, 6 bags (300 pieces) per case
- Disclaimer: Not intended for medical use

What Level of Protection Do You Need?

All hearing protectors sold by Jackson Safety and Sellstrom are tested to the American National Standards Institute (ANSI) S3.19-1974 Standard to receive a Noise Reduction Rating (NRR), which is labeled on all such products as required by the U.S. Environmental Protection Agency (EPA).

This number gives the consumer a method to judge performance among different models of hearing protectors — a high NRR indicates more effective protection against sound. Some models of hearing protectors have multiple NRR numbers. This reflects the fact that these hearing protectors may be worn with their headbands in different positions.

Hearing Loss is Forever — Take Prevention Seriously!

Hearing protection should be taken very seriously and protectors, either muffs or plugs, should be comfortable to wear and offer sufficient attenuation to prevent hearing loss based on individual protection needed.

F4XP PREMIUM FACE SHIELD CROWN AND HEADGEAR

94922333 Kit

Jackson[®] Safety offers one of the most extensive universal mount face shield programs in the world! The F4XP premium face shield crown and headgear is designed for maximum comfort, productivity, and ease of use.
