

WHY CHOOSE KLEENGUARD™ DISPOSABLE PROTECTIVE CLOTHING?

Perform with Distinction

KleenGuard™ Protective Clothing delivers comfort without compromise, enabling workers to move freely while staying protected. With a full range of disposable coveralls and accessories, the products are specifically engineered to withstand a variety of workplace stresses. Unlike competitive products, used KleenGuard™ products don't have to end up in a landfill. You can recycle them with The RightCycle™ Program by Kimberly-Clark Professional.

KleenGuard™ Protective Clothing is designed with human-centric engineering that enables rather than inhibits movement and comfort allowing for maximum productivity and safety.

Not All White Suits Are the Same.

KleenGuard™ Coverall with Reflex® Design
(Available in A20, A30, A40, A45, A60, A70 and A80 Coveralls)

The KleenGuard™ Formula for Productivity and Comfort

REFLEX® COVERALL DESIGN:

- Provides a fuller cut and generous fit for fewer rip-outs
- Helps save money because workers use fewer suits
- Fewer suit changeouts mean increased worker productivity
- Seamless front provides more protection in primary exposure areas
- Larger hood for improved comfort and accommodation of other PPE
- Flap over zipper for improved protection against penetration of liquids
- Elastic in the back for enhanced mobility and improved comfort
- Human-centric pattern incorporates more material than the ANSI design, providing uninhibited movement and maximum productivity

► Other White Suits

When garments don't fit, they can rip out when workers bend, reach and move.

When suits aren't comfortable, workers cut holes in them or don't zip them up the whole way.

Safety and protection is compromised.

WHICH APPAREL IS RIGHT FOR YOU?

A20

BREATHABLE DRY
PARTICLE PROTECTION

IDEAL FOR:

- Laboratories
- Remediation
- Heavy dust environments
- Agricultural applications

A40 REFLEX®

LIQUID & PARTICLE
PROTECTION

IDEAL FOR:

- Surface and paint prep
- Fiberglass manufacturing
- Tank cleaning
- Utilities
- Liquid handling

RightCycle

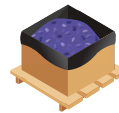

By Kimberly-Clark Professional®

The RightCycle™ Program is a groundbreaking service that enables you to collect previously hard-to-recycle items, such as Kimberly-Clark Professional nitrile gloves, safety glasses, and single-use apparel items, and have them turned into new consumer goods.

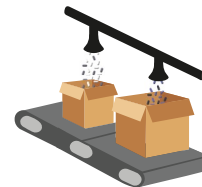

Learn more by visiting www.KCProfessional.com/RightCycle.

Apparel items, eyewear and nitrile gloves are worn in your facility.

Used products are collected and shipped to our recycling centers.

Used products are sorted and processed into plastic pellets.

Materials are molded into new plastic products and durable goods.

Call MSC today to learn about the latest KleenGuard solutions.
