# Memphis Series

## Memphis Series

MCR Safety's Memphis Series safety glasses are not only designed for your safety, but also for exceptional comfort. The bayonet style temples are made of a soft and flexible TPR material that provides a great fit for most individuals, regardless of their facial profile. This series features polycarbonate lenses that block 99.9% of UVA, UVB, and UVC rays and a wrap-around lens design for an

unobstructed view and outstanding coverage. The flexible TPR nose pad and temples not only make this one of our most comfortable options, but also helps grip or hold these safety glasses in place. The MP1120 features green 2.0 filter lenses that can be used for some light brazing, torching, or welding applications. Looking for the best safety glasses? Look no further, choose MCR Safety!

- Sporty, lightweight sunglass design frame that all industrial workers love to wear
- Polycarbonate lenses provide 99.9% UVA/UVB/UVC protection
- Soft, flexible TPR temples and nose pad for added comfort
- Single lens, wrap-around design for unobstructed view
- Passes ANSI Z87+ standards

- Cord included
