Protection

NEED CHEMICAL FLAME RETARDANT SUITS?

Multi-Hazard Protection With AlphaTec® 4000 CFR

The AlphaTec® 4000 CFR is engineered to provide exceptional protection against a wide range of chemical and flammable hazards.

Industries Used: Oil Refinery, Gas, Chemical, Fire and Rescue

Chemical Protection

Proven 8 hour barrier against flammable and non-flammable chemicals including hydrocarbons and aggressive solvents

Superior Protection

Visibility & Comfort

Highly visible orange fabric combined with an optimized body fit, improving wearer comfort and safety

Performance

Stitched and taped seams for increased strength. Double zip and flap design to limit ingress of chemical liquids

Protection – Improved Durability

Complies with ASTM D6413 Flame Resistance in the event of a flash fire

Exceptional Chemical Protection

AlphaTec®

4000 CFR

- No compromise, multi-hazard chemical+ protection
- Permeation protection from a wide range of chemicals
- Limited flame spread performance reduces burn injury when worn over primary FR clothing
- FR protective undergarment is required underneath*

Performance Standards

- ASTM D6413 • AATCC 76 • Limited Flame Spread
- 16 CFR1610 • ASTM F1671 • EN ISO 14116 Index 1

Materials & Construction

- Material** : Unique multi-layer flame retardant chemical barrier fabric
- Basis Weight** : 215 gms
- Features** : FR and Anti-Static
- Design** : Model 111 - Coverall, Double Zip, Single Cuff
- Seams** : Stitched & Taped

Applications

- Chemical handling
- Chemical processing and preparation
- Petroleum distribution and processing
- Repair and maintenance
- Hazmat response

Cross Reference

- Lakeland Industries® Pyrolon® CBFR Coverall
- DuPont™ Tychem® Thermo Pro

Industries

- Chemical
- Oil & Gas
- Petrochemical

Color

- Bright orange ●
