Advancing the **Art of Welding**

Introducing JACKSON SAFETY* ADF Welding Helmets with **BALDER*** Technology

Welding is much more than a job. It's an art that requires attention to detail, strong engineering skills and craftsmanship that shows both pride and skill. Of course, taking the art of welding to its highest level requires the most advanced equipment.

Toward that end, KIMBERLY-CLARK PROFESSIONAL* has teamed up with Balder, the welding optics innovator. The result: a new line of JACKSON SAFETY* Brand Welding Helmets that deliver enhanced visibility, advanced color recognition and a whole new vision of what's possible.

Peak
Performance
From Any
Angle

JACKSON*
SAFETY Brand

Most manufacturers' helmets provide optimal clarity when the welder is looking at the weld at a 90 degree angle. At other angles, the view is distorted and hard to see.

The **WH70 BH3* Helmet with BALDER* Technology** has achieved the highest rating for optical quality and the best classification for "angular dependence." That means it gives the welder the flexibility to see clearly at many different angles.

Clearly Better

View with JACKSON SAFETY* ADF Helmet with BALDER* Technology

View with competitive ADF

With new JACKSON SAFETY* ADF Welding Helmets with BALDER* Technology you get:

- A clear view from various angles which can reduce eye fatigue and the need to move, adjust and refocus
- Superior optical quality that allows you to do your best work

WH70 BH3* Helmet with BALDER* Technology

Setting a new standard in performance, this advanced ADF has earned the best Optical Classification, only achieved with BALDER* Technology. So good it comes with a 5-year warranty.

- Superior angle of view
- Enhanced visibility and color recognition
- Variable shade (9-13), adjustable sensitivity and opening time delays
- Curved front cover plate offers reduced heat build-up, reflections and fogging than the HSL-100
- Aerodynamic shell designed for better fume deflection than the HSL-100
- Smooth, rounded perimeter for increased comfort
- Quick and easy replacement of safety plates
- Lightweight
- Auto-On ADF is always ready to weld
- Meets revised ANSI Z87.1 High Impact 2010 standard
- CE Certified

Code 37191 — 2/case

WH40 SmartTiger* Helmet with BALDER* Technology

With improved visibility and color recognition, the SmartTiger* Helmet meets the revised ANSI Z87.1 2010 standard and has a 5-year warranty.

- Internal adjustable shade 9-13
- Internal adjustable sensitivity
- Aerodynamic shell designed for better fume deflection than the HSL-100
- Lightweight
- Auto-On ADF is always ready to weld
- Meets revised ANSI Z87.1 High Impact 2010 Standard
- CE Certified
- Available in solid black or with Torch Dancer graphics

Code 37188 — Black, 2/case

Code 37187 — Torch Dancer, 2/case

Our Guarantee

Your total satisfaction means everything to us. If, for any reason, our products do not meet your expectations, Kimberly-Clark will reimburse you† for your initial purchase, via FREE product, for up to \$1,000.

Call MSC today to learn about the latest KIMBERLY-CLARK PROFESSIONAL* solutions.
