

How much can you save by switching from rags to WypAll* Wipers?

Let's find out.

Take virtual rag user, Joe Taylor...

Here is what Joe's rag usage looks like by the numbers:

- Number of boxes of rags purchased in a month: 40 boxes
- Pounds of rags in each box: 25 lbs.
- Purchase price for a box of rags: \$20.00
- Unusable rags for Joe's application in a typical rag box: 5%
- Disposable fee associated with 1 pound of contaminated rags: \$0.25

What would Joe's cost and usage look like if stacked up against WypAll* Wipers?

	Consumption lb. / Year	Storage Cu. Ft. / Month	Absorbency Gal. / 25 lb.	Lifecycle Cost \$ / Year
Rags	12,000 lb.	91.62 cu. ft.	6.9 gal.	\$12,792
WypAll* X60 Wipers in the Pop-Up* Box	1,507 lb.	16.13 cu. ft.	15 gal.	\$6,462
WypAll* X60 Wipers in the Jumbo Roll	1,649 lb.	12.52 cu. ft.	15 gal.	\$6,337

Conclusion:

When it comes to consumption, storage, absorbency and cost it's clear to see that Joe has opportunities to greatly improve his efficiency and productivity by simply switching to Wypall* Wipers – **a small change with a big impact.**

What about you?
