Lockout/Tagout

What? Why? How?

What is LOTO?

“Lockout/Tagout” refers to specific practices and procedures to safeguard employees from the unexpected energization or startup of machinery and equipment, or the release of hazardous energy during service or maintenance activities.

This requires, in part, that a designated individual turns off and disconnects the machinery or equipment from its energy source(s) before performing service or maintenance and that the authorized employee(s) either lock or tag the energy-isolating device(s) to prevent the release of hazardous energy and take steps to verify that the energy has been isolated effectively.

Why do I need to be concerned about LOTO?

Employees can be seriously or fatally injured if machinery they service or maintain unexpectedly energizes, starts up, or releases stored energy.

OSHA’s standard on the Control of Hazardous Energy (Lockout/Tagout), found in Title 29 of the Code of Federal Regulations (CFR) Part 1910.147, spells out the steps employers must take to prevent accidents associated with hazardous energy.

Practicing LOTO not only provides workers with protection from industrial machinery, but also protects your company from extensive OSHA fines that be detrimental to company reputation and finances.

How does LOTO work?

Lockout devices hold energy-isolation devices in a safe or “off” position. They provide protection by preventing machines or equipment from becoming energized because they are positive restraints that no one can remove without a key or other unlocking mechanism.

Tagout devices, by contrast, are prominent warning devices that an authorized employee fastens to energy-isolating devices to warn employees not to reenergize the machine while he or she services or maintains it.

Tagout devices are easier to remove and, by themselves, provide employees with less protection than do lockout devices.

**LET US BE YOUR 1 STOP FOR
EVERYTHING LOCKOUT/TAGOUT.**

Visit us at mscdirect.com, or call us at
800-645-7270 for details.

Lockout tags save lives.

Be Compliant!

29 CFR 1910.147(c)(5)(ii)(D)

Identify the employee applying the device(s). Each standard NMC lockout tag provides blank space to identify the employee who applied the tag. For further identification and instant recognition of the employee working on the equipment, add a photo to each lockout tag. **Details on page 6.**

29 CFR 1910.147(c)(5)(ii)(A)(2)

Be constructed and printed so that exposure to weather conditions or wet and damp locations will not cause the tag to deteriorate or the message on the tag to become illegible.

Our Unrippable Vinyl and Polytag™ tag materials are intended for industrial applications because of their pliability and strength. We also offer laminated and self-laminated options for added durability. For more details on our lamination options, **turn to page 8.**

29 CFR 1910.147(c)(5)(iii)

Warn against hazardous conditions if the machine or equipment is energized and shall include a legend such as the following: Do Not Start. Do Not Open. Do Not Close. Do Not Energize. Do Not Operate.

The legend of every standard NMC lockout tag warns against the dangers of accidental machine start up or release of energy. If a different legend is needed, our Customer Solution Specialists are here to help and ensure compliance regulations are met.

29 CFR 1910.147(d)(4)(iii)

Where tagout devices are used with energy isolating devices designed with the capability of being locked, the tag attachment shall be fastened at the same point at which the lock would have been attached.

The durability of our tags is unmatched by competitors. Though a grommet is included in most lockout tags for added reinforcement, tags withstand strength requirements even without it.

29 CFR 1910.147(b)

Tagout device: A prominent warning device, such as a tag and a means of attachment, which can be securely fastened to an energy isolating device in accordance with an established procedure, to indicate that the energy isolating device and the equipment being controlled may not be operated until the tagout device is removed.

Personalize Your Lockout Tags!

Give your 63376107 program a personal touch with Photo ID Tags

4 Easy steps to create LOTO Photo Tags:

- 1 Provide us your tag specs:
 - a. Size
 - b. Material
 - c. Wording
 - d. Quantity
- 2 Create a spreadsheet with information for each Photo Tag, like:
 - a. Name
 - b. Department
 - c. Phone Number
- 3 Send photos (individually or via ZIP folder) with the person's name attached to each photo
 - a. i.e., if the photo is a picture of Joe Smith, the name of the image could be JoeSmith.jpg
- 4 Send information to quotes@nationalmarker.com

Our custom solution specialists are on standby to help you.

NEW! ENERGY ISOLATION

Energy Isolation tags and labels help employees identify every point that needs to be locked out in a lockout procedure. Utilize them as a marker to clearly mark the points that require a lockout device to shut them down. Identify all different types of hazardous energy sources such kinetic, chemical, or mechanical that may be part of a machine or utility system.

- » Unrippable vinyl tags
- » Pressure sensitive vinyl labels
- » Tags/labels are numbered 1-10 to add clarity to procedures with multiple lockout points
- » 10/pack

NEW! SHADOWBOARDS

Keep all 63376107 items at hand with customized Shadow Boards. Shadows of each product keep your workplace organized and quickly signal when an item is in use or needs to be returned to the storage location.

STANDARD LOTO SHADOWBOARD

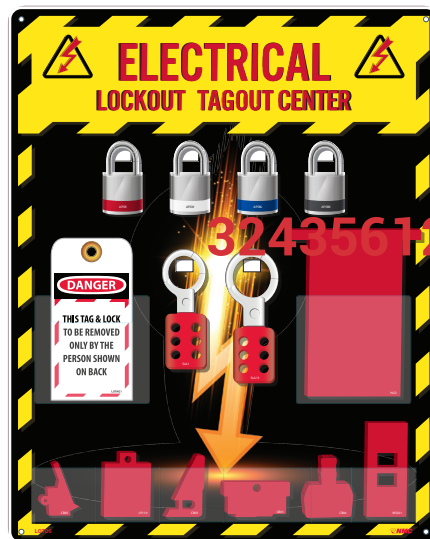

MSC Order No. 32435133

- » 20" x 16"
- » .125" thick acrylic backboard

Kit Contains

- » (1) 10/pack 63376131 tags
- » Controlling the Beast Handbook
- » (4) Padlocks
- » (1) 1.5" Hasp
- » (1) 1" Hasp

ELECTRICAL SHADOWBOARD

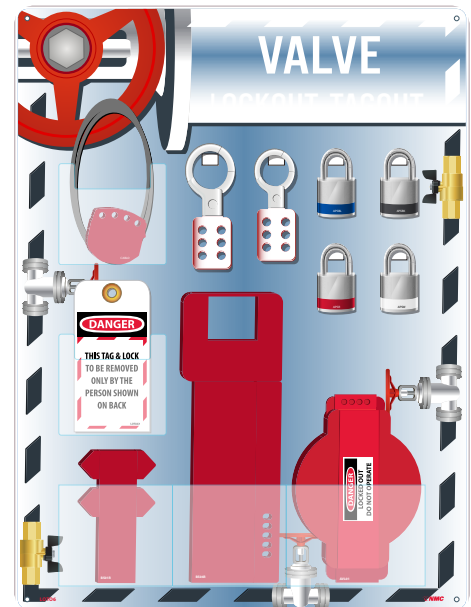

MSC Order No. 32435612

- » 20" x 16"
- » .125" thick acrylic backboard

Kit Contains

- » (1) 10/pack 63376131 tags
- » (4) Padlocks
- » (1) 1.5" Hasp
- » (1) 1" Hasp
- » (1) 74726092 plug lockout
- » (1) Small plug lockout
- » (1) 46171633 Wall switch lockout
- » (1) 46090569 Circuit breaker lockout
- » (1) 74506015 Circuit breaker lockout
- » (1) 74506023 Circuit breaker lockout
- » (1) 74506031 Circuit breaker lockout

VALVE SHADOWBOARD

MSC Order No. 32435620

- » 24" x 18"
- » .125" thick acrylic backboard

Kit Contains

- » (1) 10/pack 63376131 tags
- » (4) Padlocks
- » (1) 1.5" Hasp
- » (1) 1" Hasp
- » (1) BS01R Ball valve
- » (1) 74505736 Butterfly valve
- » (1) 46170833 Adjustable gate valve
- » (1) 61227906 Adjustable cable lockout

CUSTOMIZE YOUR SHADOWBOARD!

63376107 Shadow Boards can be customized for a particular work area or machine to support your unique LOTO policy.

Hardware included.

LOCKOUT CENTERS

Communicate the importance of lockout safety while storing lockout/tagout supplies—all in the same place. These centers will keep employees organized and in control of important and life-saving equipment. Mount to the wall for easy access.

LOCKOUT SAFETY CENTER

- » 15 1/2" x 14"
- » Made from .125 plexiglass
- » Features eight replaceable plastic hooks and a clear plastic pocket
- » Available with or without lockout supplies

Kit Contains

- » (1) Center
- » (6) 3/4 Steel laminated body shackle color-coded padlocks (one of each red, white, yellow, blue, black, green)
- » (1) 1" Safety hasp
- » (1) 1 1/2" Safety hasp
- » (1) 10/pack of 63376131 Tags

MSC Order No.	
06332092	Backboard only
63376099	Center

MSC Order No. 63376099

LOCKOUT SAFETY CENTER

- » 30" x 24"
- » Made from high impact polystyrene with three 4" deep pockets
- » Available with or without contents

Kit Contains

- » (1) Center
- » (6) 3/4 Steel laminated body shackle color coded padlocks (one of each red, white, yellow, blue, black, green)
- » (5) 1 1/2" Safety hasps
- » (1) 10/pack of 63376131 Tags with fasteners

MEDIUM POUCH

MSC Order No. 01904572

Pouch Contains:

- » (1) Red nylon pouch
- » (1) 1 1/2" Lockout hasp
- » (1) 3/4" Shackle lock
- » (1) 10/pack of 74757824 Tags with fasteners
- » (1) Electrical switch lockout
- » (1) Single pole circuit breaker lockout
- » (1) Double pole circuit breaker lockout
- » (1) Single pole circuit breaker lockout (no hole)
- » (1) Plug lockout

SMALL POUCH

MSC Order No. 01904556

Pouch Contains:

- » Red nylon pouch
- » (1) 1 1/2" Lockout hasp
- » (1) 3/4" Shackle lock
- » (5) 74757824 Tags with fasteners
- » (1) Single pole circuit breaker lockout
- » (1) Double pole circuit breaker lockout
- » (2) Single pole circuit breaker lockout (no hole)

LARGE POUCH

MSC Order No. 01904564

Pouch Contains:

- » (1) Red nylon pouch
- » (1) 1 1/2" Lockout hasp
- » (1) 3/4" Shackle lock
- » (1) 10/pack of 74757824 Tags with fasteners
- » (2) Single pole circuit breaker lockout
- » (2) Double pole circuit breaker lockout
- » (2) Single pole circuit breaker lockout (no hole)
- » (1) Oversized breaker lockout

Master Lock LOCKOUT STARTER KIT

MSC Order No. 74727579

Everything needed to set up a basic lockout safety system.

Kit Contains:

- » (2) 1" safety lockout hasps
- » (6) 3/4" padlocks
- » (6) brass ID tags, collars and rivets

MSC Order No.	Quantity
74727579	1-12
74727579	12+

ELECTRICAL LOCKOUT

Electrical lockout products will help you avoid electrical accidents for industrial, high voltage or low voltage applications.

SINGLE ENTRY PLUG LOCKOUT

MSC Order No. 74726217

- » Accommodates plugs up to 1 3/4" in dia., 3 1/4" long, and with a maximum cord dia. of 1/2"
- » Accepts 110 volt and certain models of 220 volt plugs

MSC Order No.

74726217

MULTIPLE ENTRY PLUG LOCKOUT

- » Accommodates plugs up to 3" dia., 6 3/4" long and with a maximum cord diameter of 1"
- » Accepts 220 volt and 550 volt plugs

MSC Order No.

74726225

MSC Order No. 74726225

POWER CORD SAFETY LOCKOUT

- » Connects to 2 or 3-prong power cords
- » Suitable for industrial, office and home use

MSC Order No.	Description
75355529	Sold Individually
75355537	2/pack, keyed alike

MSC Order No. 75355529

PLUG LOCKOUTS

- » Accommodates plugs up to 3" in dia. 5 1/2" long, and with a maximum cord diameter of 1 1/4"

MSC Order No. 74726092

MSC Order No.

74726092

MSC Order No. 31603392

- » The device slides over the alignment tab on plugs and snaps closed. The device can then be locked out.

MSC Order No.

31603392

NEW! FORKLIFT/VALVE/PLUG LOCKOUT

- » Universal Plug/Forklift/Cylinder lockout device performs several critical lockout functions, including plug, forklift, and gas cylinder lockout.
- » The device measures 7.25"L x 4.25"W x 3"H and accommodates 6 padlocks with up to 5/16" shackle diameter.

MSC Order No. 46170817

MSC Order No.

46170817

NEW! FORKLIFT/VALVE LOCKOUT – PROPANE

- » Forklift Propane Tank Lockout effectively locks out LP gas cylinder hand wheels up to 2-3/16" diameter.
- » Device measures 2-1/2" Dia. x 3-1/2"W x 3-3/8"H and accommodates 3 padlocks with up to 5/16" shackle diameter

MSC Order No. 46170791

MSC Order No.

46170791

ROTATING ELECTRICAL PLUG LOCKOUTS

Surrounds the electrical plug protecting against accidental reconnection.

- » Outward/inward rotation allows for easy installation in tight spaces
- » Rotates into itself to compact storage

SOCKET LOCKOUT

- » The Socket Lockout is designed to lock out pin and sleeve sockets

MSC Order No.	Description
31603384	110 - 130 Volt
31603426	220 - 240 Volt
31603368	380 - 415 Volt
31603400	500 Volt

MSC Order No. 31603400

UNIVERSAL WALL SWITCH LOCKOUT

Master Lock

Designed to lockout both toggle and rocker switches.

- » Easy to install, uses existing screws
- » Use on most mounted switches
- » Lock switch in either the "On" or "Off" position
- » Bilingual

MSC Order No. 73070443

MSC Order No.
73070443

OVERSIZED PLUG & HOIST CONTROL COVER

MSC Order No. 08516296

Master Lock

For all your odd size and large electrical connectors and hoist controls.

- » Flexible & durable rip-stop nylon bags fits easily in safety tool boxes
- » Lockout with up to 6 padlocks or hasps

» Bilingual

MSC Order No.
08516296

NEW! PUSH BUTTON LOCKOUT

- » Device encloses the large push button start switch, preventing engagement
- » Quickly installed without tools

MSC Order No. 46171617

MSC Order No. 46171666

Standard

- » Device encloses the push button start switch preventing engagement
- » Accommodates one padlock with up to 1/4" diameter shackle
- » Inner Diameter 1-1/3" x 2-3/4", Hole Diameter 1-1/8"

Oversized

- » Easily Encloses Large Push Button Start Switches Up To 3" High
- » Accommodates one padlock with up to .25" diameter shackle
- » Inner Diameter 3-1/2" H x 5"L x 3-1/4"W, Hole Diameter 1-3/4"

MSC Order No.	Description
46171617	Standard
46171666	Oversized

WALL SWITCH LOCKOUT

- » Wall-mounted switch locks the switch in either the "on" or "off"
- » Uses existing screws for mounting
- » Accommodates one padlock with shackle diameters up to 1/4"

MSC Order No.
46171633

MSC Order No. 46171633

UNIVERSAL WALL SWITCH LOCKOUT

MSC Order No. 04604864

- » Easy to install, uses existing screws
- » Use on most mounted switches
- » Lock switch in either the "On" or "Off" position

MSC Order No.
04604864

NEW! FUSE LOCKOUT DEVICE

- » The 4-way fuse blocker device is designed to be place where fuses have been removed, thereby preventing accidental insertion of fuses.

MSC Order No.	Description
31603418	4 Fuse Device
31603350	2 Fuse Device

ELECTRICAL PANEL HANDLE LOCKOUT

- » Locks levers and handles in a fixed position.
- » Accepts up to 20 padlocks

MSC Order No.
31603343

MSC Order No. 31603343

CIRCUIT BREAKER LOCKOUT

GRIP TIGHT CIRCUIT BREAKER LOCKOUT

Grip tight with simple thumb turn and clamping handle.

- » Accommodates virtually all styles of breaker toggles
- » Designed to permit side-by-side breaker lockout
- » Suitable for harsh environments
- » Powder coated steel and reinforced polymer allows for operation in harsh environments

MSC Order No. 84069723

MSC Order No.

84069723

84069731

MasterLock

CIRCUIT BREAKER SWITCH PADLOCK

MSC Order No. MLC

Provides the flexibility to effectively lockout breaker switches.

- » Flexible steel cable allows padlock to lock all types of circuit breaker lockout devices
- » Flexi-cable allows the lock body to be moved out of the way and panel door to be closed properly

MSC Order No.

92687409

MINI CIRCUIT BREAKER LOCKOUT SET

Kit Contains:

- » Designed for use with ISO/DIN miniature breakers
- » Set includes 3 breaker lockouts for Pin-In, Pin-Out and Pin-Out wide breakers
- » Slide switch engages the device
- » Accommodates 1 padlock with up to 1/4" diameter shackle
- » No tools required

MSC Order No.

46171641

Kit Contains:

- » Set of 5 micro circuit breaker lockout
- » Can be used on single or multi-pole breakers

MSC Order No.

31603376

CIRCUIT/PNEUMATIC

CLAMP-ON CIRCUIT BREAKER LOCKOUT

MSC Order No. 46090569

Small

- » Fits circuit breakers 9/16" W x 3/8" L.
- » The lockout measures 1-3/8"H, 2"L, 7/8"W and accommodates 1 padlock, with shackles up to 9/32".
- » The lockout includes a detachable cleat.

MSC Order No.	Size
46090569	Small

MSC Order No. 46171658

Medium

- » Fits circuit breakers 1-1/16 W x 3/8 L.
- » The lockout measures 1-3/4"H, 2-3/4"L, 1-13/16"W and accommodates 1 padlock, with shackles up to 9/32".
- » The lockout includes a detachable cleat

MSC Order No.	Size
46171658	Medium

MSC Order No. 74505694

Large

- » Locks out breakers with single toggles up to 7/8" thick and 2-1/4" wide

MSC Order No.	Size
74505694	Large

SINGLE POLE CIRCUIT BREAKER LOCKOUT

- » Accommodates breakers up to 9/16" in width
- » Easily snaps in place

MSC Order No.	Description
74506015	Recessed Hole
74506023	No Recessed Hole

MSC Order No. 74506015

For breakers requiring a lockout with a recessed hole.

MSC Order No. 74506023

For breakers NOT requiring a lockout with a recessed hole.

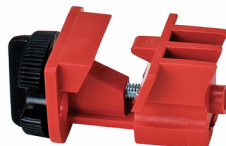

DOUBLE POLE CIRCUIT BREAKER LOCKOUT

- » Requires that two or more toggles be connected together with a cross bar
- » Accommodates double or triple breakers and will fit most major brands of electrical breakers

MSC Order No.
74506031
31603434

MSC Order No. 74506031

MSC Order No. 31603434

PNEUMATIC LOCKOUT

- » The three-sided pneumatic lockout device effectively locks out pneumatic fittings. Each side accepts up to 2 padlocks.

MSC Order No. 31446081

MSC Order No.
31446081

VALVE LOCKOUT

Prevent gate valve handles from being turned without authority with these valve lockout tools.

BALL VALVE LOCKOUTS

- » Lock ball valves safely, efficiently and inexpensively
- » Fits range of valves listed below

MSC Order No.	Description
04604575	Fits valves 3/8" to 1 1/4" dia.
04604583	Fits valves 1 1/2" to 2 1/2" dia.
04604591	Fits valves 2" to 8" dia.

MSC Order No. 04604591

PULL HANDLE BUTTERFLY VALVE LOCKOUT

- » Pull Handle Butterfly Valve Lockout provides an easy-to-use lockout solution for butterfly valves.
- » This device installs in 4 simple steps

MSC Order No. 31603244

NEW! ADJUSTABLE GATE VALVE LOCKOUT

MSC Order No. 46170833

- » Compact design for easy carrying and storage
- » Adjusts to fit gate valve hand wheels from 1" - 6-1/2"
- » Features durable polypropylene construction and can withstand temperatures from -13 to 194 F.
- » Accommodates up to 4 padlocks with shackle diameters up to 5/16"

MSC Order No.
46170833

BUTTERFLY VALVE LOCKOUT

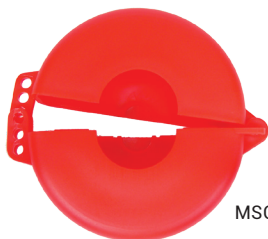

MSC Order No. 74505736

A universal lockout for butterfly valves.

- » .375" lock hole

MSC Order No.
74505736

VALVE WHEEL LOCKOUTS

MSC Order No. 04604799

- » Consist of two flattened half-moons that cover valve wheels from 1" to 14" in diameter
- » Resistant to extreme temperature changes -50F (-46C) to 360F (183C)

MSC Order No.	Description
04604799	Fits 1" to 2 1/2" dia. lock hole .312"
04604807	Fits 2 1/2" to 5" dia. lock hole .375"
04604815	Fits 5" to 6 1/2" dia. lock hole .375"
04604823	Fits 6 1/2" to 10" dia. lock hole .375"
04604831	Fits 10" to 14" dia. lock hole .375"

ADJUSTABLE CABLE LOCKOUT

Infinitely adjustable for a secure fit every time.

- » Tough, multi-strand 1/4" dia. 6' steel cable
- » Up to 4 workers can apply their locks
- » Includes a 6' cable

MSC Order No. 61227906

Master Lock

MSC Order No.	Description
61227906	6' cable lockout device

HASPS

Kits provide everything you need to begin or maintain your lockout tagout program. Store all lockout supplies in one location to ensure workers have what they need, when they need it.

SLIDING SAFETY HASPS

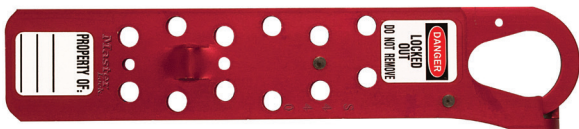

Master Lock

- » 32522906—12 hole hasp, 9" x 1 3/4"
- » 32522914—24 hole hasp, 13 1/2" x 1 3/4"
- » Lockout by multiple workers at each point
- » Eliminates chaining hasps together
- » Anodized aluminum finish
- » Offset 9/32" lockout holes prevent locking open

LOCKOUT/TAGOUT EQUIPMENT CHECKLIST

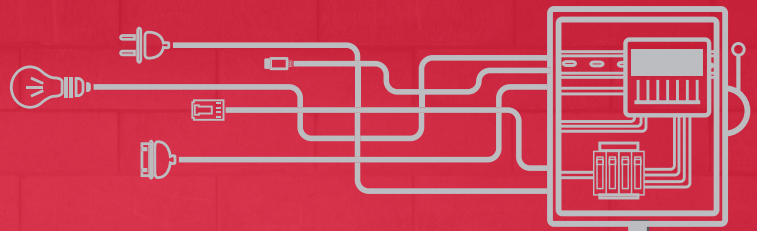

| 29 |

5 STEPS

to create an effective

LOCKOUT/TAGOUT

PROGRAM

1 KNOW

the standards and familiarize yourself with OSHA regulation 29 CFR 1910.147

2 IDENTIFY

machinery and mark points of lockout

3 RECOGNIZE

machine-specific procedures and equip employees with necessary lockout devices

4 DEVELOP

a written policy for employees to abide by that will protect them from industrial equipment energization hazards

5 PROVIDE

recurring employee training that includes: a yearly audit and active updates of procedures

NMC™

DID YOU KNOW?

10
people die
every month
in the US from
unexpected release
of energy.

7%
occupational
fatalities
are lockout or
tagout related.

82%
of lockout
violations
were from companies
in the manufacturing
industry.

24
work days
are lost
for workers
recuperating from on
the job injury from
exposure to
hazardous energy

95%
of all lockout
tagout citations
involve the failure to
have a formal Energy
Control Program in place

We have the resources to help you with your LOTO Program

Visit mscdirect.com/betterMRO to download any of these resources.

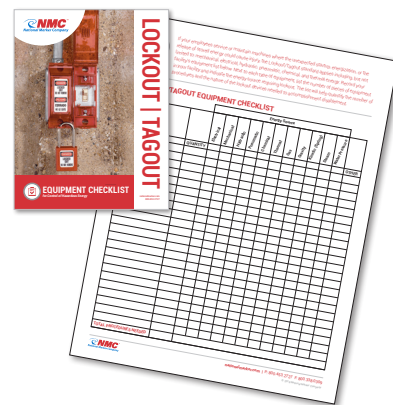

Audit Checklist

Use this checklist to ensure compliance with Lockout/Tagout standard (CFR) 1910.147; any unchecked activities indicate a gap in compliance, and can result in serious fines or injury to your workers.

Equipment Checklist

Each piece of machinery may require a unique lockout device to ensure control of hazardous energy. Mark every different lockout device you need to ensure control of all hazardous energies in your facility.

Sample Written Process

Not sure how to begin your Lockout program? Establishing a written procedure is the first step. Use this sample written program as a template to get started.

Frequently Asked Questions

Lockout/Tagout can be a difficult concept to grasp for new folks in the industry. Get all your questions answered with our Quick Reference FAQs.

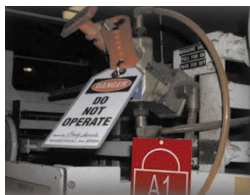

Need help getting your procedures written? WE CAN HELP!

We can conduct plant wide assessment to establish a plan to implement a 63376107 procedure for your processes and equipment.

A lockout placard will be produced for each piece of equipment with tags for the lock out and controlled access points (see images).

Requirements: Facilities must have a minimum of 60 pieces of equipment to be locked out, and have 50,000 Sq Ft facility.

Call us and we can get you started. 1-800-645-7270

THE FACTS ARE STAGGERING

An estimated

120

fatalities

& 50,000 injuries

could be prevented each year with compliance to the lockout/tagout standard

Over

3,200

63376107 citations issued amounts to over

\$16 million

in fines

Keep your employees and company protected.
