DRAIN CLEANING EQUIPMENT

For over 75 years, the RIDGID® family of drain cleaning products has been the world leader in drain maintenance technology. Armed with speed, cutting ability, and torque, RIDGID has the right machine for every job.

SINK MACHINES

Lightweight and easy to use, RIDGID sink machines are designed to clear blockages in small lines and hard-to-reach places like sinks, tubs and showers.

- Cuts through soap, hair, grease, and other buildup
- For ¾" to 2½" drain lines

K-40AF SINK CLEANING MACHINE
MSC #60922457 RTC #71722

K-45AF SINK CLEANING MACHINE
MSC # 77636777
RTC #35743

SECTIONAL MACHINES

Sectional machines from RIDGID offer a unique combination of power, versatility and speed to drill through obstructions quickly, yet are portable and easy to take to the job site.

- Cuts through soap, hair, grease
- For sink lines to main lines ¾" to 10"

K-50-8 SECTIONAL MACHINE KIT
MSC #74799941
RTC #59000

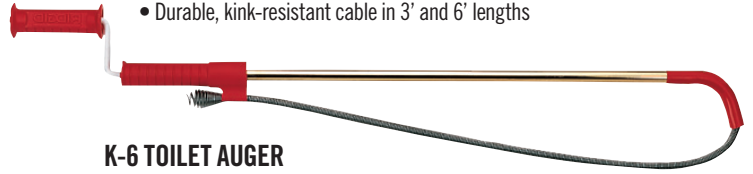

K-1500 SECTIONAL MACHINE
MSC # 74779109
RTC #23697

HAND MACHINES

RIDGID toilet augers are made of rugged cable that easily clears obstructions in toilets and drain lines, and feature a vinyl guard to protect porcelain.

- Durable, kink-resistant cable in 3' and 6' lengths

K-6 TOILET AUGER
MSC #74800509 RTC #59797

DRUM MACHINES

RIDGID drum machines deliver high torque through cables and cutters to muscle through blockages and clear virtually any obstruction.

- Cuts through roots and other hard obstructions, as well as soft blockages like grease, food buildup, soap and sediment
- For sink lines to main lines ¾" to 10"

WRENCHES

The flagship product that helped build our name, RIDGID® wrenches have been trusted by tradesmen for decades. Simple, time-tested designs offer exactly what you need to get the job done quickly and effectively. Available in various configurations for gripping and turning a wide range of pipe and fitting types.

STRAIGHT PIPE 12"

MSC #06609523 RTC #31015

Made of heavy duty cast iron with a pipe capacity up to 2".

STRAIGHT ALUMINUM 12"

MSC #98719818 RTC #47057

Made of durable, easy to use professional strength aluminum with a pipe capacity up to 2".

ONE STOP

MSC #82289786 RTC #27023

Two wrenches in one to install angle stops and compression couplings.

INTERNAL WRENCH

MSC #74780289 RTC #31405

Holds closet spuds and bath, basin and sink strainers through 2". Use to install or extract 1" through 2" nipples.

STRAP WRENCH

MSC #74780198 RTC #31360

Best for polished pipe. Strong, woven nylon strap gives tight grip.

PIPE VISES & SUPPORTS

Made of strong, dependable iron, RIDGID vises and supports are versatile and rugged enough to withstand your jobsite needs year after year. Available in various sizes for handling a variety of pipe sizes and types.

VJ-99 PIPE STAND

MSC #74799289 RTC #56662

Folding design makes it easy to transport, supports up to 2,500 lbs.

425 PORTABLE TRISTAND® CHAIN VISE

MSC #48753339 RTC #16703

Supports pipe ½" to 2½" diameter.

PIPE/TUBE CUTTING & PREPARATION TOOLS

Choose from a huge selection of pipe cutting tools that offer exclusive features designed to make cutting more efficient and your job easier. All cutters are made from heavy-duty materials to withstand any job and be dependable for years to come.

2-IN-1 CLOSE QUARTERS CUTTER

MSC #84750033 RTC #32573

Features a removable ratchet handle, designed for use in restricted spaces on small diameter hard and soft copper, aluminum, brass and plastic tubing.

- Easy control of cutting pressure for clean cuts

QUICK-ACTING TUBING CUTTER

MSC #06361307 RTC #31632

Quick-acting design, hardened wear surfaces and thrust-bearing slide assemblies for smooth operation.

- Professional strength aluminum with a pipe capacity up to 1½"

PRESS TOOLS

A fast and reliable way to join copper, stainless steel and PEX, RIDGID press tools feature a swiveling barrel and a powerful 18V Lithium-Ion battery.

RP 210-B

MSC #55139877 RTC #31028

- Capacity: ½" to 1¼" (copper & stainless), ¾" to 1½" (PEX)
- Hydraulic Ram Output: 5,400 lbs. (24kN)
- Weight: 6.4 lbs. w/battery

RP 330-B

MSC #79402426 RTC #27923

- Capacity: ½" to 4"
- Hydraulic Ram Output: 7,200 lbs. (32kN)
- Weight: 10.0 lbs. w/battery

INSPECTION & DIAGNOSTIC TOOLS

The hardest problems to solve are the hardest ones to see. RIDGID® diagnostic inspection tools help you locate, diagnose, and solve problems quickly and accurately.

SEESNAKE® NANOREEL INSPECTION CAMERA

MSC #54171855 RTC #40008

Designed for long run small diameter inspection jobs including boiler tubes, supply lines, sprinkler systems and more. Quickly inspect lines up to 85' long from ¾" to 2" in diameter.

- Tight turn radius
- Lightweight and compact
- Compatible with multiple monitors

SEESNAKE® MICRODRAIN™ INSPECTION SYSTEM

MSC #77596955 RTC #40788

Quickly inspect lines up to 100' from 1¼" to 4" in diameter.

- Lightweight and compact
- Compatible with multiple monitors
- Durable construction
- Includes CA-300 Inspection Camera

SEESNAKE® CS10 DIGITAL RECORDING MONITOR

MSC #40800807 RTC #39338

Now it's easier than ever to record, capture and report jobsite findings. Transfer snapshots and video to a thumb drive with the push of a button.

- 12.1" LCD display
- USB thumb drive recording
- Includes 2 batteries and 1 charger

INSPECTION CAMERAS

RIDGID inspection cameras allow you to get the perfect view behind walls, in pumps, near leaks and around other hard-to-reach spaces. All feature a comfortable pistol grip, four bright LED camera heads and waterproof design.

MICRO CD-100 COMBUSTIBLE GAS DETECTOR

MSC #79593620 RTC #36163

Simple, quick readings to identify the presence of combustible gases. Ensure proper gas line installations, check for maintenance and repair needs or quickly pinpoint gas leaks.

MICRO LM-100 LASER DISTANCE METER

MSC # 59764266 RTC # 36158

Measure distances for project bidding, identify trouble spots down the line, and quickly determine spacing for code compliance with the push of a button.

MICRO IR-100 NON-CONTACT INFRARED THERMOMETER

MSC # 77630630 RTC #36153

Get simple, quick and accurate surface temperatures at the push of a button. Diagnose heating and ventilation problems, quickly check fuses or circuit breakers without contact.
